# St. Johns River to Sea Loop Trail PD&E Study

From Kennedy Parkway to Dale Avenue in Volusia County

## OVERVIEW

The Florida Department of Transportation (FDOT) invites you to an open house about the St. Johns River to Sea (SJR2C) Loop Trail Project Development and Environment (PD&E) Study. This study is evaluating a shared-use path from Kennedy Parkway in unincorporated Volusia County to Dale Avenue in the City of Edgewater, a distance of approximately 13 miles.

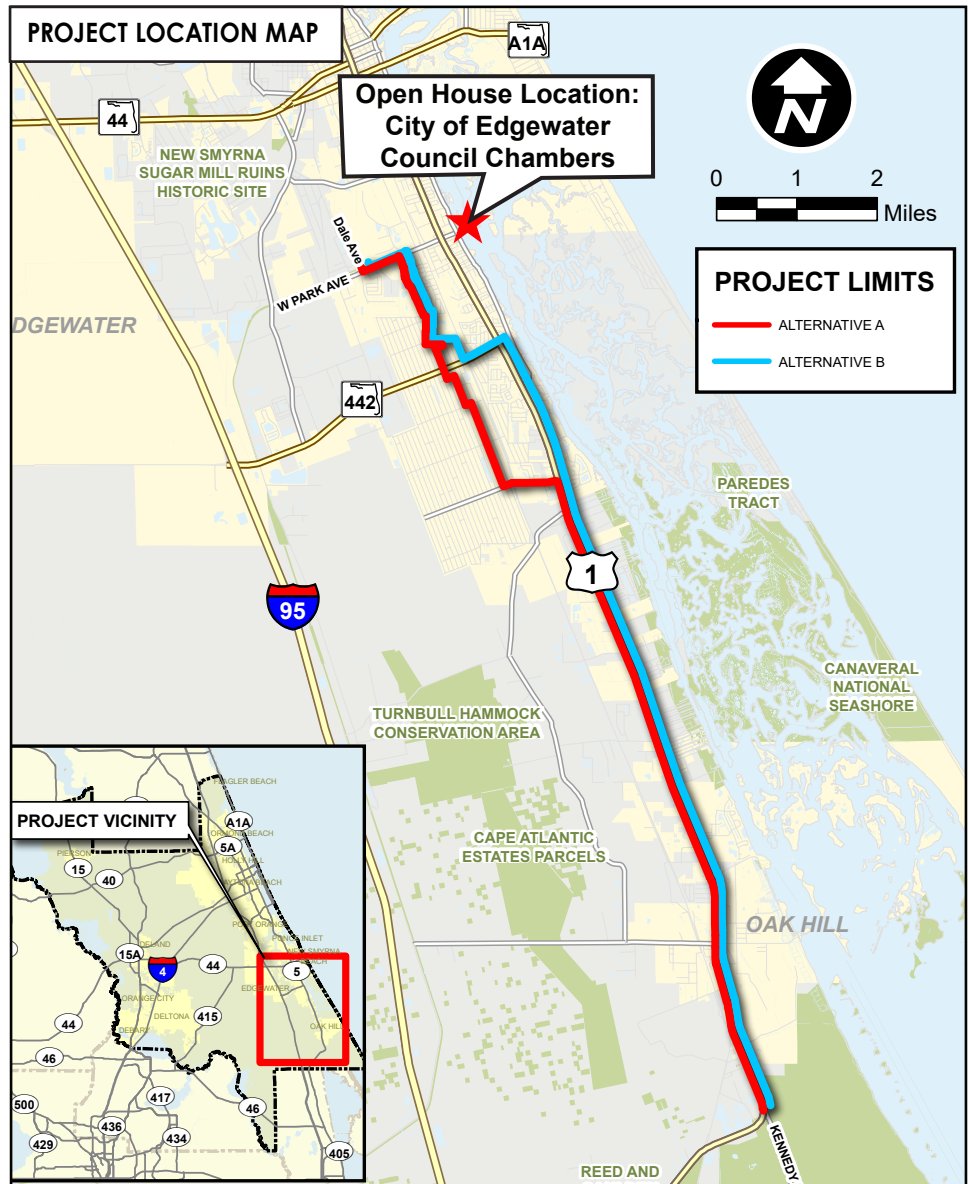

The PD&E Study is a process that involves engineering and environmental evaluations, and public and agency outreach to assess options to complete a nearly 13-mile section of SJR2C Loop, a trail system, which when complete, will traverse nearly 260 miles through Brevard, Volusia, Flagler, St. Johns, and Putnam counties.

The project location map, shown to the right, illustrates the two alternative routes being evaluated and considered as part of this study. **Alternative A** runs along the east side of U.S. 1; continues west on Roberts Road and north on Juniper Drive, then north along Kumquat Drive and Mango Tree Drive, then west on W. Park Avenue, ending at Dale Avenue. **Alternative B** runs along the east side of U.S. 1; continues west on State Road (S.R.) 442 (Indian River Boulevard), north on Juniper Drive, west on 16th Street, then north on Mango Tree Drive and W. Park Avenue, ending at Dale Avenue.

The PD&E Study will be completed in the spring of 2019. The next phase of project development, the final design phase, is funded in the FDOT's Fiscal Year 2021, which starts in July 2020. Future phases, such as right of way and construction, are not yet funded. Projects such as these can take more than a decade to complete.
