

# ROADWAY IMPROVEMENTS

U.S. 192 (S.R. 500) at Hollywood Boulevard/Evans Road

**Brevard County**

**Financial Project Identification (FPID)**

**No.:** 433655-1

## PROJECT DESCRIPTION

The Florida Department of Transportation (FDOT) is improving traffic operations on U.S. 192 (State Road (S.R.) 500) at Hollywood Boulevard/Evans Road. The project consists of pavement widening to accommodate additional turn lanes along U.S. 192 and Hollywood Boulevard/Evans Road.

Other improvements include milling and resurfacing, replacing existing mast arms, upgrading signing and pavement markings, upgrading pedestrian features to meet Americans with Disabilities Act (ADA) requirements, and drainage and Intelligent Transportation System (ITS) improvements.

## WHAT TO EXPECT

Motorists should expect lane closures throughout construction. Electronic message boards and other signage will be used to alert motorists of traffic changes. Uneven pavement is a common, unavoidable roadway condition with projects that require resurfacing, as the contractor must place different layers of asphalt during various phases of construction. Road conditions during construction will become less apparent as the project progresses. Pedestrian detours will be placed in areas where the sidewalk is inaccessible during construction. Motorists and pedestrians are asked to exercise caution and reduce their speed while driving through the work zone.

The construction schedule may change due to weather or other unexpected conditions. For the most current project details and lane closure information, make sure to visit the project page on FDOT's Central Florida Roads website, [www.cflroads.com](http://www.cflroads.com).

### CONTRACTOR

Masci General Contractors, Inc.

### PROJECT COST

\$5.4 Million

### PROJECT START

January 2024

### ESTIMATED COMPLETION

Spring 2025
