

Transportation Systems Management and Operations Agenda

FPID: 451282-2 and 450775-1

Federal Aide Number:

Date: 12/19/2024 2:00 pm

Purpose: Project Manager Schedules a meeting with their consultant and District Traffic Operations, as identified in the agenda. The Consultant reviews the agenda and prepares accordingly for the meeting. If there are items the Consultant is not prepared for the meeting should be rescheduled after they have collected and organized the needed information from coordination and field review.
