1.0 Introduction

The Florida Department of Transportation (FDOT) conducted the Truck and Freight Alternative Site Analysis PD&E Study to identify, evaluate, and recommend truck and freight parking sites along or near the Interstate 4 (I-4) corridor within Osceola, Orange, Seminole, and Volusia Counties that are viable for private and public operator use for rest stops. In 2018, FDOT conducted a statewide truck parking study to assess existing truck parking and future demand. The study found the I-4 corridor is the most critical corridor for truck parking needs in the state, specifically between the Osceola/Polk County Line and I-95. Based on the 2018 study, the existing average demand for the I-4 corridor within FDOT District 5 was 481 designated truck parking spaces (combined public and private) for rest stops. However, there are currently 36 truck-only parking spaces (combined public and private) for rest stops along the I-4 corridor within the study area.

The study limits extend from Osceola County north to Volusia County encompassing a 75-mile-long project study area and spanning approximately one mile from I-4 within the four counties. In heavily industrialized areas, the initial study area was expanded to approximately three to five miles from the I-4 corridor. An initial screening of the study area was conducted to identify alternatives that met the purpose and need for the project. The initial alternatives were further screened to identify viable alternatives that minimize environmental and community impacts.

As a result of the initial alternatives analysis conducted during the PD&E Study, seven viable truck parking sites within the four-county area were identified. The goal of the study was to identify at least one truck parking facility within each county to serve regional freight demand in Central Florida and balance the parking available throughout the I-4 corridor. The seven viable sites provide a total of approximately 1,094 truck parking spaces to accommodate existing and future needs. One viable site was identified in Osceola County (234 spaces) and Seminole County (132 spaces), two viable sites within Volusia County (total of 528 spaces), and three viable sites within Orange County (total of 200 spaces). All the sites are located within unincorporated areas except for the Volusia County sites with one located within the City of Port Orange and one located within the City of Daytona Beach.

As a result of the engineering and environmental analyses completed during this study and the comprehensive public engagement plan, five of the seven sites are being advanced for project development and are programmed for the final Design phase. These five recommended sites provide a total of approximately 987 truck parking

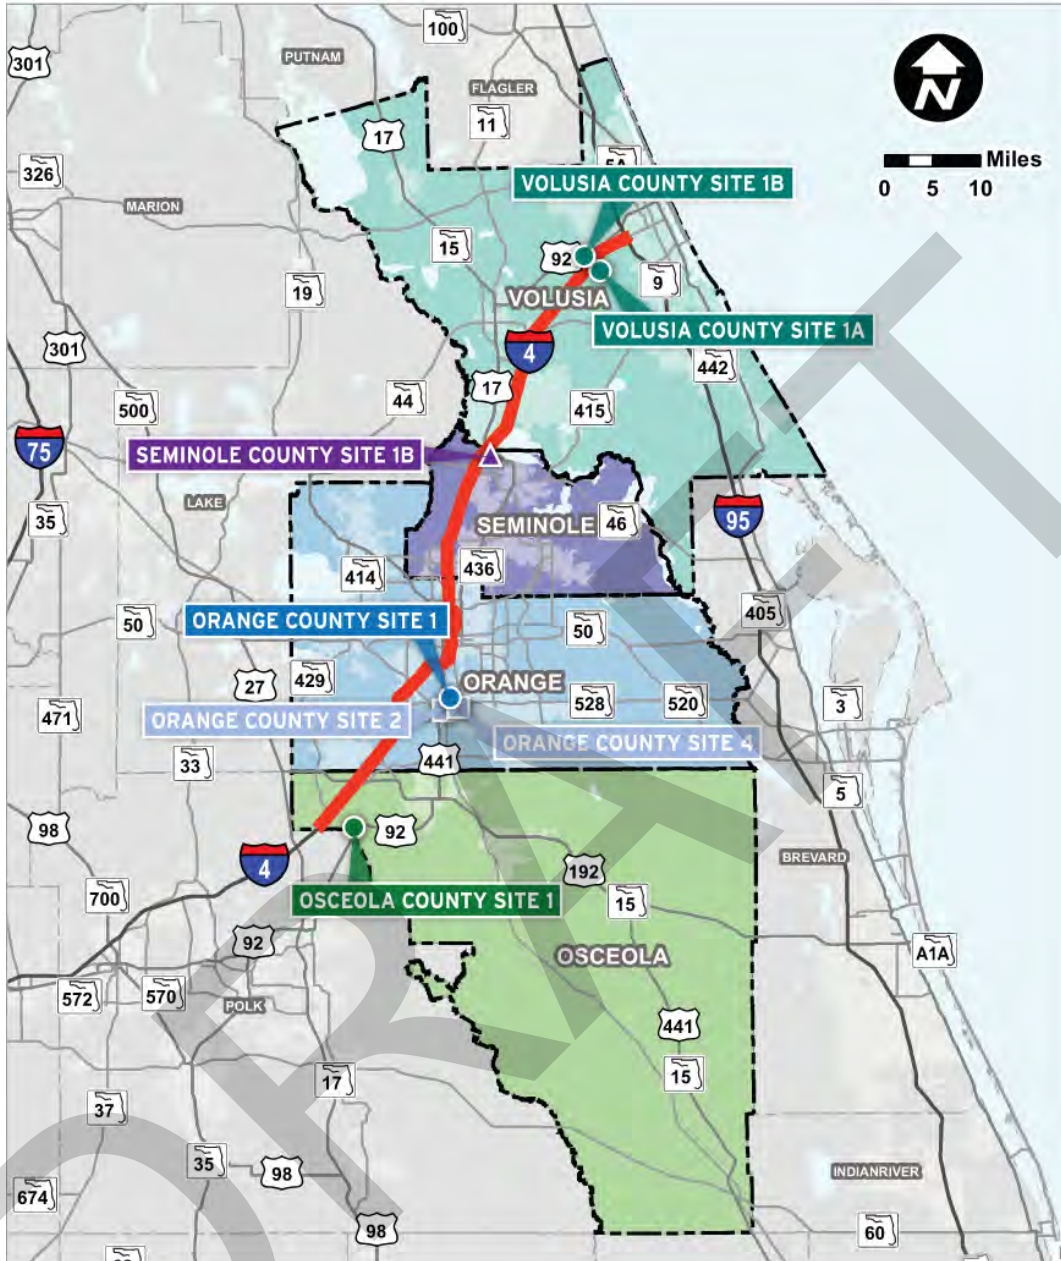

spaces to accommodate existing and future needs. The Recommended Alternative for the Truck and Freight Alternative Site Analysis PD&E Study includes the following five sites: Osceola County Site 1, Orange County Site 1, Seminole County Site 1B, Volusia County Site 1A (Eastbound), and Volusia County Site 1B (Westbound). A map of the study limits and the recommended sites is provided in **Figure 1-1**.

Preliminary concepts for each of the seven viable truck parking sites and the five recommended sites were developed to establish site boundaries and are provided in the Preliminary Engineering Report (PER). The study area for each site included the proposed Right-of-Way (ROW), adjacent land uses and the access roadways surrounding the site. All five recommended sites are located adjacent to existing roadways. The preliminary site concepts include parking layouts, site access, proposed sidewalks, stormwater management, restroom facilities, and landscaping/greenspace areas.

This report documents the public involvement activities accomplished during the Truck and Freight Alternative Site Analysis PD&E Study according to a Public Involvement Program that was developed and followed throughout the study process. The report includes various correspondence received from coordination efforts with the public-at-large, local, state and federal agencies and other project stakeholders. This document also includes copies of notification materials, presentation handouts, sign-in sheets, comment forms, as well as additional supplementary materials developed as part of the public outreach process

1.1 Project Description

This PD&E Study was conducted to evaluate the impacts of future truck and freight parking sites along the I-4 corridor within District 5, spanning Osceola, Orange, Seminole and Volusia Counties. **Figure 1-1** Shows the project study area.

-  Project Limits
-  County Boundary
-  Seminole site (Recommended as part of the I-4 BtU)
-  Recommended Sites
-  Viable Sites

Recommended Freight Parking
Sites Location Map

1.2 Purpose and Need

The purpose of this PD&E Study is to identify, evaluate, and recommend viable candidate truck parking sites along or near the I-4 corridor in Osceola, Orange, Seminole, and Volusia Counties for public and/or private development. The purpose of this project is to provide needed truck parking facilities to serve regional freight parking demand within or near the I-4 corridor.

The need for the project is to address existing truck parking deficiencies and accommodate future truck parking demand to better serve freight mobility and improve safety. The primary goal of the PD&E Study is to develop and evaluate viable truck parking sites to meet the future 2040 (average) parking demand of 883 designed parking spaces. Additional truck parking capacity is being proposed to allow design flexibility for site design and to accommodate rapid freight growth in Central Florida.

The parking demand is a function of both freight mobility and federal regulations governing hours of service for commercial vehicle operators. These regulations involve mandated maximum hours of service, maximum consecutive hours and days, and required regular minimum 30-minute breaks after eight cumulative hours. Without the appropriate freight parking facilities, drivers may be forced to spend unnecessary time searching for available parking, or they may be required to park in unsafe and/or improper locations.

The trucking industry is indispensable to the American economy and the quality of life for our communities and consumers that depend on delivered goods. Apart from many other roles and responsibilities, truck drivers are responsible for delivering raw materials to manufacturing facilities and finished products to retail and commercial sites. Businesses both big and small depend on truck drivers to safely transport their items across the nation, while maintaining efficient delivery times. According to Trucker Path survey (2018), 48% of truck drivers spend over an hour searching for a place to park. This equates to a \$5.1B loss in revenue annually, including wasted fuel, wages lost, maintenance, and associated crashes.

1.3 Project Background

The study began by defining primary site selection criteria to identify potential parcels to be further analyzed. Primary evaluation criteria included land use, to ensure truck parking is in accordance with permitted future land use designation; zoning, to ensure truck parking is in accordance with permitted zoning designations; Site area, to ensure

the parcel or potentially combined parcels provide the desired 8-20 acres needed to provide truck parking; Proximity to I-4, within ½ mile to one mile of I-4 to provide parking with a reasonable distance to major truck routes and access to provide trucks direct and easy access to the parking site. Additional consideration was given to public-owned properties, industrial clusters, and access to connected major highways.

1.4 Study Results

Based on the engineering and environmental factors and public and agency input, the goal of the study was to identify at least 1 viable site in each county to serve existing and future I-4 truck parking needs in the vicinity of the high freight demand areas. As a result of the comparative analysis, 6 preferred sites are recommended for further study. These preferred truck parking sites are Osceola County Site 1; Orange County Sites 1, 2, and 4; Seminole County Site 1B; and Volusia County Site 1. These sites meet the purpose and need as well as the study criteria as defined in Section 1.4. Osceola County Site 1 offers the ability to provide 257 potential parking spots and may be suitable for a public-private partnership. Orange County Site 1 is owned by the Florida's Turnpike Enterprise, eliminating the need for right-of-way acquisition. Site 1 is also within a heavily industrialized area, with many land uses relying on freight traffic. Site 2 is an ideal site for public-private partnerships and is also within a heavily industrialized area. Site 4, while further from the I-4 corridor, is a viable site with high truck parking demand, having the opportunity to support overflow from Sites 1 and 2 in Orange County. Seminole County Site 1B has significantly lower construction and ROW costs than the alternative site 1A. Volusia County Site 1 is publicly owned available land and would provide the opportunity for a large parking facility to provide 528 truck parking spaces in total, with the site split in two, providing sites for both eastbound and westbound directions of travel on I-4. The direct access to the truck parking site from I-4 limits the truck traffic on local roadway networks. If these recommended sites advance to a future Design phase, the site plans will be further refined and evaluated to minimize wetland involvement, avoid wildlife habitat, reduce costs, and avoid and minimize overall environmental effects.

2.0 Public Involvement Plan

A Public Involvement Program (PIP) was developed for the I-4 Truck and Freight Parking PD&E Study and was approved on June 30, 2022. This program was developed in compliance with the Project Development and Environmental Guidelines; Florida Statute 339.155; Executive Orders 11990 and 11988; CEQ Regulations for Implementing the Procedural provisions of the Natural Environmental Policy Act; and FHWA Order 5610.1C.

The purpose of the PIP was to document the tools and techniques used to establish and maintain communication with interested citizens, business owners, local agencies and local government officials, and other project stakeholders. As a result of extensive public involvement, the project team has been able to effectively build consensus among interested stakeholders. A copy of the PIP is provided in **Appendix A**.

2.1 Mailing List

A comprehensive community inventory was conducted to develop a stakeholder mailing list/database. The mailing list was initially generated via information from each of the four County's Property Appraiser's offices and local stakeholder coordination. The mailing list was updated throughout the study based on meeting attendance and/or interested citizens requesting to be added to the mailing list. Copies of the mailing lists are provided in **Appendix B**.

2.2 Agency Coordination Meetings

Coordination meetings were held with various agencies throughout the study. The table below summarizes the meetings and dates that were held with Osceola, Orange, Seminole and Volusia Counties, and the Cities of Sanford, Port Orange, Orlando and Daytona Beach throughout the project in order to build consensus, coordinate with local agencies, and present the proposed sites and proposed alternatives. Meeting minutes and letters of support received from agencies are provided in **Appendix C**.

In addition to the agency meetings listed below, project staff conducted surveys at the Florida Truck Driving Championship events on June 9-11, 2022, and June 15-17, 2023. A table of the survey results from each year is provided in **Appendix D**.

Organization	Date
Volusia County	December 10, 2021
City of Daytona Beach	December 10, 2021
Seminole County	December 16, 2021
City of Sanford	December 16, 2021
City of Port Orange	January 5, 2022
Osceola County	January 14, 2022
City of Orlando	February 1, 2022
Orange County	February 4, 2022
Florida's Turnpike Enterprise	March 17, 2022
Central Florida Expressway Authority	March 18, 2022
Volusia County, Cities of Daytona Beach & Port Orange	March 25, 2022
City of Sanford	May 3, 2022
City of Orlando	May 5, 2022
Orange County	May 5, 2022
Seminole County	May 6, 2022
Osceola County	May 10, 2022
Florida's Turnpike Enterprise	May 17, 2022
Florida's Turnpike Enterprise	May 18, 2022
River to Sea TPO and CAC	June 21, 2022
River to Sea TPO Board	June 22, 2022
Metroplan CAC	June 22, 2022
Metroplan TAC/TSM&O	June 24, 2022

Meeting with Developer*	July 24, 2023
Meeting with Developer*	July 28, 2023

*Notes not included

2.3 Media Coverage

There were several articles related to the project published throughout the PD&E study. Copies of the project-related newspaper articles are included in **Appendix E**.

3.0 Public Outreach

The following sections summarize the public kickoff meeting, and the first and second rounds of public meetings conducted during the Truck and Freight Alternative Site Analysis PD&E Study. Copies of the detailed summaries are included in **Appendices F, G, and H**, respectively.

3.1 Kick-Off Notifications

Kick-off Notification letters were sent to elected and appointed officials prior to scheduling Agency coordination meetings to inform the recipients of the project and PD&E process, as well as provide a timeline of the project meetings. Project information links and project manager contact information were also provided. Copies of the letters are included in **Appendix F**.

3.2 First Round of Public Meetings

The first round of public meetings for the PD&E Study were held to show the potential site locations in all four counties in the study area. Four meetings were held as follows, one in each county, and included the same information and presentation across all counties. The meetings were conducted in a hybrid open house format with an in-person meeting and a virtual attendance option. The in-person meetings featured a looping presentation provided for public viewing. The public was invited to attend at any time between 5:30 p.m. and 7 p.m. A handout with project information and details was prepared and distributed to attendees. The virtual portion of this meeting held via GoToWebinar also featured the same presentation with an introduction by the Project Manager, and the same handout available in the Handouts section of GoToWebinar.

Osceola

Tuesday, April 12, 2022, from 5:30 p.m. to 7 p.m. at the Osceola County Welcome Center and History Museum, 4155 W. Vine St., Kissimmee, FL 34741.

The meeting was advertised through several methods, including:

- The meeting was advertised in the Florida Administrative Register, Volume 48/65 on Monday, April 4, 2022.
- Direct mail notification to approximately 55 property owners/tenants.
- Notification letters and emails to approximately 150 state and local elected and appointed officials and other agencies.

- Display advertisement in the Thursday, March 31, 2022 edition of the Osceola News-Gazette
- Press release to local media outlets
- Announcement on the project website
- Coordination with local communities

Eight (8) attendees (including City and County representatives) and ten (10) project team members signed in at the public meeting and virtually. Project team attendees included FDOT Project Manager and the project consultants.

Orange

Tuesday, April 5, 2022 from 5:30 p.m. to 7 p.m. at the Ramada Plaza by Wyndham Orlando Resort & Suites International Drive, 6500 International Dr, Orlando, FL 32819

The meeting was advertised through several methods, including:

- The meeting was advertised in the Florida Administrative Register, Volume 48/60 on Monday, March 28, 2022.
- Direct mail notification to approximately 91 property owners/tenants.
- Notification letters and emails to approximately 240 state and local elected and appointed officials and other agencies.
- Display advertisement in the Sunday, January 30, 2022 edition of the Orlando Sentinel
- Press release to local media outlets
- Announcement on the project website
- Coordination with local communities

Sixteen (16) attendees (including City and County representatives) and sixteen (16) project team members signed in at the public meeting and virtually. Project team attendees included FDOT Project Manager, Communications, Engineering, and Planning and Environmental representatives, and the project consultants.

Seminole

Thursday, March 3, 2022 from 5:30 p.m. to 7 p.m. at the Central Florida Zoo and Botanical Gardens, 3755 W Seminole Blvd, Sanford, FL 32771.

The meeting was advertised through several methods, including:

- The meeting was advertised in the Florida Administrative Register, Volume 48/35 on Monday, February 21, 2022.
- Direct mail notification to approximately 81 property owners/tenants.
- Notification letters and emails to approximately 125 state and local elected and appointed officials and other agencies.

- Display advertisement in the Sunday, January 30, 2022 edition of the Orlando Sentinel
- Press release to local media outlets
- Announcement on the project website
- Coordination with local communities

Thirty-seven (37) attendees (including City and County representatives) and twenty-four (24) project team members signed in at the public meeting and virtually. Project team attendees included FDOT Project Manager, PIO, Communications, Planning and Environmental, Traffic Operations, Engineering, and the project consultants.

Volusia

Thursday, April 28, 2022 from 5:30 p.m. to 7 p.m. at the Volusia County Fairgrounds, Talton Hall, 3150 E New York Ave, DeLand, FL 32724.

The meeting was advertised through several methods, including:

- The meeting was advertised in the Florida Administrative Register, Volume 48/75 on Monday, April 18, 2022
- Direct mail notification to approximately 36 property owners/tenants.
- Notification letters and emails to approximately 197 state and local elected and appointed officials and other agencies.
- Display advertisement in the Sunday, April 17, 2022 edition of the News Journal
- Press release to local media outlets
- Announcement on the project website
- Coordination with local communities

Thirty-seven (37) attendees (including City and County representatives) and eighteen (18) project team members signed in at the public meeting and virtually. Project team attendees included FDOT Project Manager, PIO, Design, Planning and Environmental, Maintenance, Engineering, and the project consultants.

Twelve (12) comments from this round of public meetings were received during and after the public meetings. These comments included the following:

- Osceola Site 2, Orange Sites 3, 4, & 6 and the suitability of the truckers they would potentially serve
- Questions on site criteria
- Anticipated impacts to adjacent roadways in Orange County (Tradeport Rd)
- Potential requirements for truckers using future sites

- Orange County Staff recommendations based on existing criteria

A copy of the alternatives public meeting summaries which includes all notices and ads, mailing lists and meeting materials is included in **Appendix G**.

3.3 Second Round Public Meetings

The second round of public meetings for the PD&E Study were held to display the analysis for reducing the number of sites and determining the recommended sites as well as displaying the site layouts. Four meetings were held as follows, one in each county, and included the same information and presentation across all counties. The meetings were conducted in a hybrid open house format with an in-person meeting and a virtual attendance option. The in-person meetings featured a looping presentation provided for public viewing. The public was invited to attend at any time between 5:30 p.m. and 7 p.m. A handout with project information and details was prepared and distributed to attendees. The virtual portion of this meeting held via GoToWebinar also featured the same presentation with an introduction by the Project Manager, and the same handout available in the Handouts section of GoToWebinar.

Osceola

Thursday, June 23, 2022 from 5:30 p.m. to 7 p.m. at the Osceola County Welcome Center and History Museum, 4155 W. Vine St., Kissimmee, FL 34741.

The meeting was advertised through several methods, including:

- The meeting was advertised in the Florida Administrative Register, Volume 48/116 on Wednesday, June 15, 2022.
- Direct mail notification to approximately 55 property owners/tenants.
- Notification letters and emails to approximately 150 state and local elected and appointed officials and other agencies.
- Display advertisement in the Thursday, June 9, 2022 edition of the Orlando Sentinel
- Press release to local media outlets
- Announcement on the project website
- Coordination with local communities

Two (2) attendees (including City and County representatives) and seven (7) project team members signed in at the public meeting and virtually. Project team attendees included FDOT Project Manager, Department staff, and the project consultants.

Orange

Tuesday, June 14, 2022 from 5:30 p.m. to 7 p.m. at the Ramada Plaza by Wyndham Orlando Resort & Suites International Drive, 6500 Interational Dr, Orlando, FL 32819

The meeting was advertised through several methods, including:

- The meeting was advertised in the Florida Administrative Register, Volume 48/109 on Wednesday, June 6, 2022.
- Direct mail notification to approximately 135 property owners/tenants.
- Notification letters and emails to approximately 163 state and local elected and appointed officials and other agencies.
- Display advertisement in the Thursday, June 2, 2022 edition of the Orlando Sentinel
- Press release to local media outlets
- Announcement on the project website
- Coordination with local communities

Three (3) attendees (including City and County representatives) and eight (8) project team members signed in at the public meeting and virtually. Project team attendees included FDOT Project Manager and the project consultants.

Seminole

Thursday, May 19, 2022 from 5:30 p.m. to 7 p.m. at the Central Florida Zoo and Botanical Gardens, 3755 W Seminole Blvd, Sanford, FL 32771.

The meeting was advertised through several methods, including:

- The meeting was advertised in the Florida Administrative Register, Volume 48/91 on Tuesday, May 10, 2022.
- Direct mail notification to approximately 114 property owners/tenants.
- Notification letters and emails to approximately 129 state and local elected and appointed officials and other agencies.
- Display advertisement in the Sunday, May 8, 2022 edition of the Orlando Sentinel
- Press release to local media outlets
- Announcement on the project website
- Coordination with local communities

Ten (10) attendees (including City and County representatives) and nineteen (19) project team members signed in at the public meeting. Project team attendees included FDOT Project Manager, Traffic Operations, Planning and Environmental, PIO, Construction, Right-of-Way, and the project consultants.

Volusia

Thursday, June 30, 2022 from 5:30 p.m. to 7 p.m. at the Volusia County Fairgrounds, Talton Hall, 3150 E New York Ave, DeLand, FL 32724.

The meeting was advertised through several methods, including:

- The meeting was advertised in the Florida Administrative Register, Volume 48/121 on Wednesday, June 22, 2022.
- Direct mail notification to approximately 36 property owners/tenants.
- Notification letters and emails to approximately 196 state and local elected and appointed officials and other agencies.
- Display advertisement in the Sunday, June 19, 2022 edition of the News-Journal
- Press release to local media outlets
- Announcement on the project website
- Coordination with local communities

Eighteen (18) attendees (including City and County representatives) and eleven (11) project team members signed in at the public meeting. Project team attendees included FDOT Project Manager, Planning & Environmental, Modal Development, and the project consultants.

Two (2) comments from this round of public meetings were received during and after the public meetings. These comments included the following:

- Volusia site – status of securing parcels and funding, and timeline to bring the site into operation.
- Seminole site – has the site that has been funded to advance been identified, and if not when will the determination be made?

A copy of the second round of public meeting summaries, which includes all notices and ads, mailing lists, and meeting materials, is included in **Appendix H**.

3.4 Opportunity for Public Hearing

An opportunity for a public hearing was posted in the Daytona Beach News-Journal on April X, 2024. No requests were received following the posting. TO BE UPDATED. A copy of the Notice of Opportunity for a Public Hearing is provided in **Appendix I**.

3.5 Additional Comments

Additional comments received outside of the public meeting comment periods are included in **Appendix J**.

3.6 Project Website

Project details including contact information and study documents were made available on the project website set up at the start of this PD&E Study: <https://www.cflroads.com/project/447724-1>. Screenshots of the project website are provided in **Appendix K**.

4.0 Concluding Statement

The Public Involvement Program developed at the outset of the Truck and Freight Parking PD&E Study was followed throughout the study process. Due to coordination with local governments, businesses, neighborhoods, and the public throughout the study, there is no appreciable opposition to the project.

APPENDIX A
PUBLIC INVOLVEMENT PLAN

DRAFT

PUBLIC INVOLVEMENT PLAN

Project Name: Truck and Freight Alternative Site Analysis PD&E Study
Project Limits: Interstate 4 (I-4) from the I-95 Interchange in Volusia County to the
Osceola Polk Line Road in Osceola County
County/State: Osceola, Orange, Seminole, and Volusia Counties, Florida
Financial Project Number: 447724-1-22-01
Federal Aid Project Number: N/A
Efficient Transportation Decision Making (ETDM) Number: N/A

In accordance with Part 1, Chapter 11 of the **Project Development and Environment (PD&E) Manual**, this Public Involvement Plan is submitted to the manager of the District 5 office in charge of PD&E studies as appropriate based on District 5 organizational structure for his/her review and approval.

Submitted by: Demond Hazley 
Contractor Project Manager Signature
VHB 6-30-22
Date

The environmental review, consultation, and other actions required by applicable federal environmental laws for this project are being, or have been, carried-out by FDOT pursuant to 23 U.S.C. § 327 and a Memorandum of Understanding dated December 14, 2016, and executed by FHWA and FDOT.

Approved by: Mark Trebitz, P.E. 
FDOT-District 5 Project Manager Signature

Date

PUBLIC INVOLVEMENT PLAN
Truck and Freight Alternative Site Analysis
PD&E Study
Osceola, Orange, Seminole, and Volusia Counties, Florida

The purpose of this Public Involvement Plan (PIP) is to assist in providing information to, and obtaining input from, concerned citizens, agencies, private groups (residential/business), and governmental entities. The overall goal of this plan is to help ensure that the study reflects the values and needs of the communities it is designed to benefit. A schedule of events and a list of documentation exhibiting compliance with these procedures are included.

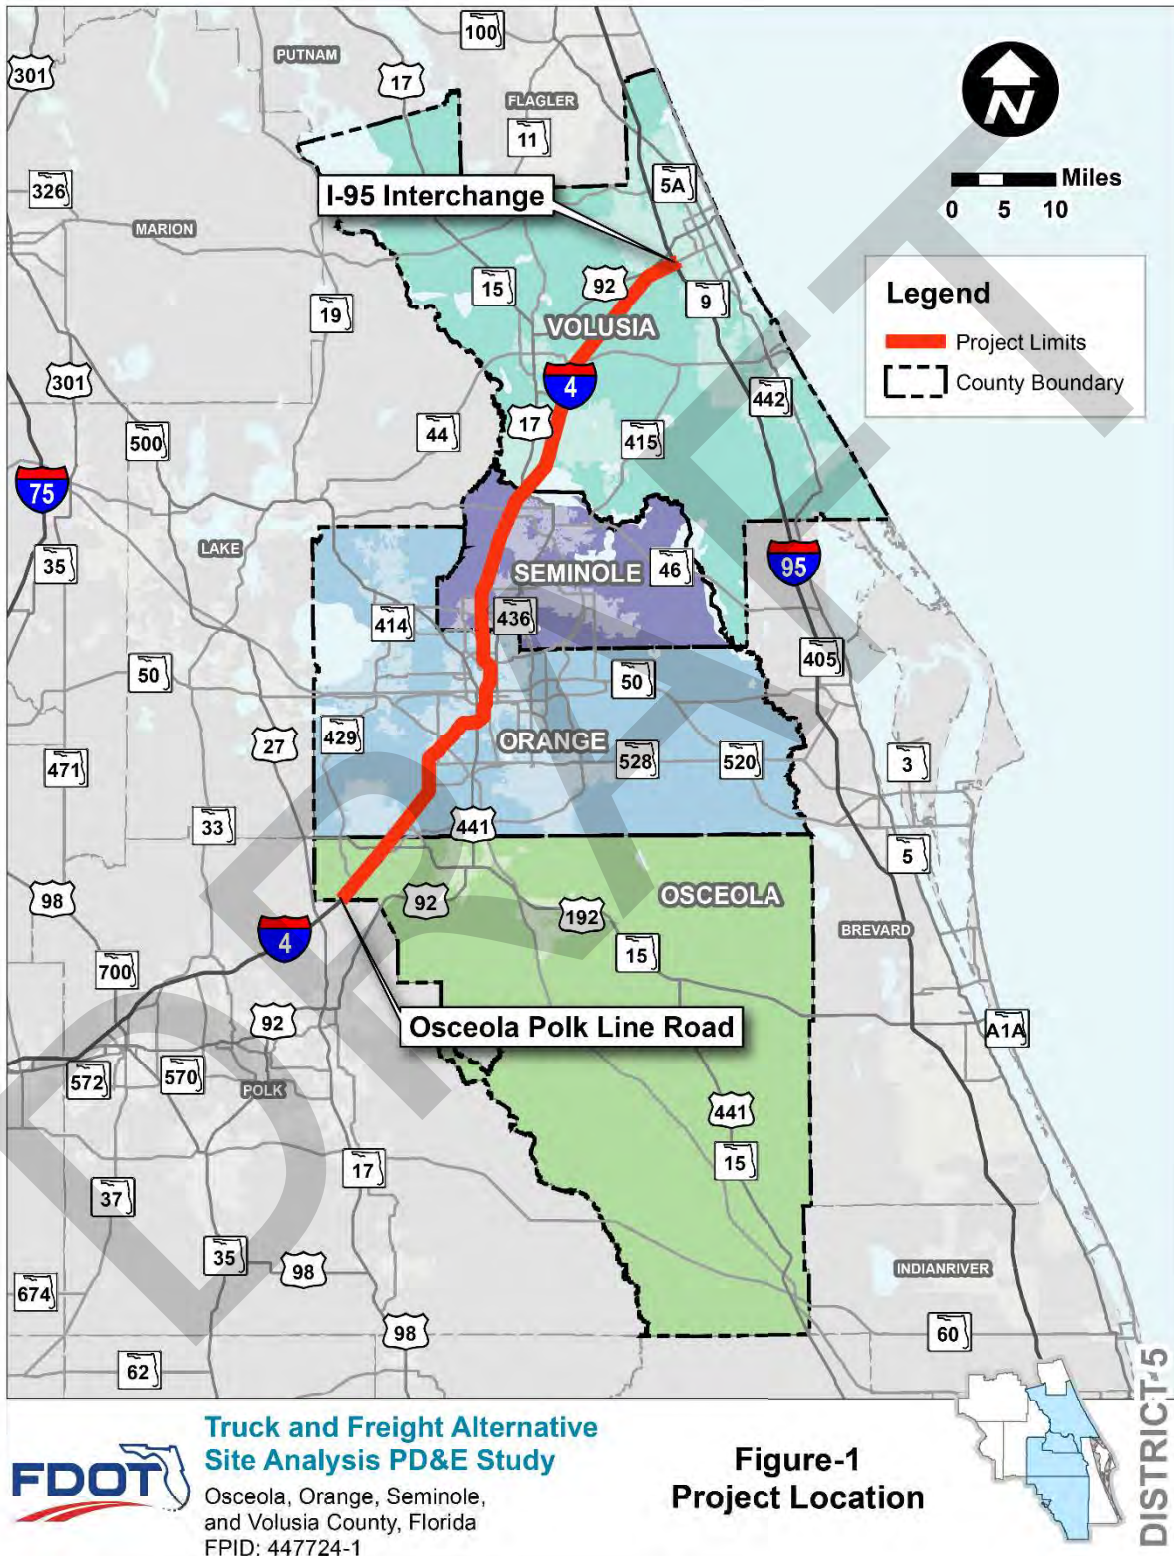

This plan is in compliance with the Florida Department of Transportation's *Project Development and Environment (PD&E) Manual, Part 1, Chapter 11*.

This PIP is a living document and will be updated throughout the life of this PD&E Study.

I. DESCRIPTION OF PROPOSED IMPROVEMENT

Financial Management Number:	<u>447724-1-22-01</u>
Federal Aid Project Number:	<u>N/A</u>
Project Limits:	<u>Interstate 4 (I-4) from the I-95 Interchange in Volusia County to the Osceola Polk Line Road in Osceola County</u>
Proposed Activity:	<u>Project Development and Environment (PD&E) Study</u>
Class of Action:	<u>Type 1 Categorical Exclusion Anticipated</u>

II. PROJECT BACKGROUND

The Truck and Freight Alternative Site Analysis PD&E Study will evaluate potential truck and freight parking sites along the I-4 corridor through Osceola, Orange, Seminole and Volusia Counties that are viable for private and public operator use. The study will include social, economic, engineering, and environmental assessments of the potential parking sites. Preliminary concept designs will be prepared for each viable parking site. Public engagement will be conducted during the study and public meetings will be held in each county. The project location map is provided in **Figure 1**.

III. PROJECT GOALS

The following goals and objectives have been defined for this study:

- Identify sites that are potentially viable for public and private operator use along the I-4 corridor in District 5
- Ensure a complete and objective consideration of alternatives consistent with National Environmental Policy Act (NEPA) process requirements.
- Obtain input from industry stakeholders and community stakeholders, interest groups and the general public during the PD&E phase.
- Identify and advance one or more viable sites to the design phase.

IV. IDENTIFICATION OF ELECTED OFFICIALS AND AGENCIES

The following local, regional, state, or federal agencies having a concern in this project due to jurisdictional review or expressed interest will be contacted directly by the Florida Department of Transportation (FDOT) throughout the life of the project. As other concerned public agencies are identified throughout the study, they also will be listed and contacted. The Public Involvement contacts list is provided in **Appendix A**.

State:

Florida Department of Transportation
District 5 MPO Liaison Supervisor, Anna Taylor
District 5 Rail Coordinator, Jim Ganey
Office of Environmental Management, District 5 Environmental Manager, William Walsh
District 5 Modal Development Administrator, Brian Stanger
District 5 Freight and Logistics Manager, Allison McCuddy
District 5 Freight, Seaport and Spaceport Coordinator, Sarah VanGundy

District 5 Project Development Administrator, Steven Buck
District 5 Project Development Manager, Karen Snyder
Central Office Freight and Multimodal Operations Office Manager, Rickey Fitzgerald
Central Office Freight and Rail Planning Administrator, Holly Cohen
Freight Logistics and Passenger Operations Chief of Modal Development, Kenyatta Lee
District 1 Freight Coordinator, Keith Robbins
Office of Environmental Management, Project Delivery Coordinator, Brittany Bianco
Office of Environmental Management, Director, Native American Coordinator, Jennifer Marshall
Office of Environmental Management, State Environmental Process Administrator, Katasha Cornwell
Office of Environmental Management, State Environmental Quality and Performance Administrator, Peter McGilvray
Office of Environmental Management, Project Development Engineer, Michael Pennington
Office of Environmental Management, Environmental Permit Specialist, Karina Kronis Clough
Office of Environmental Management, State Environmental Program Administrator, Thu-Huong Clark
Office of Environmental Management, Project Delivery Coordinator, Denise Rach

Fire Chief

V. IDENTIFICATION OF AFFECTED COMMUNITIES AND STAKEHOLDERS

The project limits fall within Orange, Osceola, Seminole, and Volusia Counties. A map of the project limits is provided on Figure 1 of this PIP. The demographics of the study area were obtained through the FDOT Efficient Transportation Decision Making (ETDM) Environmental Screening Tool (EST) Sociocultural Data Report (SDR), using American Community Survey (ACS) 2015-2019 Census Data. A copy of the SDR is attached to this PIP in **Appendix B**.

A quarter-mile buffer was applied to the study area in order to analyze the SDR data. The study team will collect additional SDR data that is more specific to the potential truck and freight parking sites when the alternatives are developed. Key demographics in the project area such as; transit dependent, elderly, and limited English proficiency will be taken into consideration during the selection of public meeting locations and development of notification materials. The team will also ensure that team members are available at meetings for the translation of study information if it is deemed necessary.

Demographics within the quarter-mile buffer of the study area are as follows:

- Total population: 43,481
- Total households: 17,681
- Minority population: 50.97%
- Population age 65 and over: 13.72%
- Population below Poverty Level: 14.41%
- Households with public assistance income: 1.89%
- Population age 20 to 64 with a disability: 7.84%
- Education level less than 9th grade: 3.58%
- Occupied housing units with no vehicle: 7.07%
- Households with no internet access: 1,975
- Limited English-Speaking households:
 - Spanish: 835
 - Indo-European: 210
 - Asian and Pacific Island: 116
 - Other languages: 24

The following local, state, and national public interest groups or organizations having a direct or expressed interest in the project study have been identified and will be contacted by the Florida Department of Transportation. Additional stakeholders will be identified and added as the potential truck and freight parking sites are developed.

Chambers of Commerce:

Orange County

Apopka Chamber of Commerce
Dr. Philips Chamber of Commerce

In addition to working with the media, a number of different notification techniques will be used throughout the project development process. A brief description of these techniques is provided below.

Letters/Newsletters: Invitational and informational letters and newsletters will be distributed to elected and appointed officials, property owners/tenants, business owners/operators, and interested parties as feasible. It is anticipated that three (3) newsletters will be distributed for this study: one kickoff newsletter to inform the public at the start of the project in lieu of a public kickoff meeting, and one newsletter before each public meeting.

News/Press Releases: News/press releases will be submitted to the FDOT seven (7) days prior to the hybrid public information meetings and hybrid alternatives meetings.

Public Notices/Ads: Public advertisement will be published in the area newspaper with the largest circulation once prior to the hybrid public information meetings, once prior to the hybrid alternatives meetings, and once to announce Location and Design Concept Acceptance (LDCA) at the end of the study.

Public Announcements: In order to distribute PD&E study information, fliers will be made available to organizations such as neighborhood/civic groups, the FDOT, and Orange,

Osceola, Seminole, and Volusia Counties, to publish in existing newspapers and websites. Any such correspondence will be coordinated through the District's Public Information Office (PIO).

Direct Mail List for Public Information Meetings:

The following will be contacted by direct mail via an informational postcard in order to obtain input throughout the project development process and/or in order to provide project information:

- Those whose property lies, in whole or part, within at least 300 feet on either side of the centerline of each project alternative (Section 339.155, F.S.), as well as other local citizens who may be impacted by the construction of this project. This portion of the mailing list will be based on the Orange, Osceola, Seminole, and Volusia Counties Property Appraiser's tax rolls.
- Local elected and appointed public officials or individuals who request to be placed on the mailing list for this project.
- Public and private groups, organizations, agencies, or businesses that request to be placed on the mailing list for this project.

Techniques:

Local Advisory Group:

A local advisory group (or public advisory committee) may be selected, for advisory purposes, with the assistance of local governments; composed of local citizens having an active role in the community, such as representatives from impacted/interested cities, counties, regional agencies, MPOs and committees, and neighborhood associations or other groups within the project area.

Presentations to Local Officials:

Twelve (12) formal presentations will be given to local officials and agencies such as the TPO's and MPO's prior to the Public Information Meeting to apprise local officials of the project status, specific location, and design concepts, and to receive their comments.

Public Information Meetings:

There will be eight (8) total public meetings, all of which will be hybrid (GoToWebinar and in-person). More specifically, four (4) hybrid public information meetings (one in each county) and four (4) hybrid alternatives meetings (one in each county) will be conducted, as required by the FDOT, to present the project and the conceptual project alternatives being considered, and to obtain comments from the general public.

Informal Meetings:

In addition to the scheduled public information meetings, there will be approximately eighteen (18) additional meetings with the public, elected and appointed officials, public agencies, or civic groups. The purpose of these

meetings will be to apprise the attendees of the project status, specific location, and design concepts, and to receive input.

Public Outreach Activity Schedule:

Public Outreach Activities	2021												2022					
	A	M	J	J	A	S	O	N	D	J	F	M	A	M	J	J	A	S
Newsletter #1						★												
Agency/Stakeholder Coordination																		
Newsletter #2							★											
Alternatives Development & Evaluation																		
Newsletter #3																		
Hybrid Public Meeting #1																		
Hybrid Public Meeting #2																		
Type I CE Approval																		

VII. COORDINATION WITH ORANGE, OSCEOLA, SEMINOLE, AND VOLUSIA COUNTIES

Copies of aerial maps depicting all potential truck and freight parking sites and design concepts under consideration, along with draft copies of engineering and environmental study documentation, will be furnished to the county(s) and impacted municipalities, with their review and written comments solicited. Updated information will also be forwarded to the county(s) and impacted municipalities of potentially viable sites for review and comment prior to the scheduled public meeting.

VIII. PUBLIC INVOLVEMENT DURING DESIGN

It is anticipated that the Design Project Manager will maintain the appropriate level of public involvement activities throughout the final design process. These public involvement activities may include additional coordination meetings with local government, stakeholders and environmental permitting agencies, work sessions, and small group meetings as directed by the FDOT.

PIP APPENDIX A

Public Involvement Contact Lists

DRAFT

ELECTED OFFICIALS

Title	First Name	Last Name	Title	Organization	Address	City	State	Email

PIP APPENDIX B

Sociocultural Data Report

DRAFT

Sociocultural Data Report

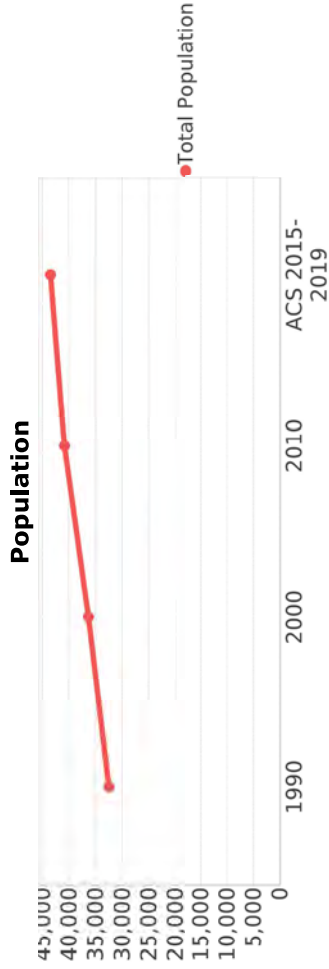

truck study - Feature 1

37.351 square miles

Area:

Cities: Debarry, Eatonville, Deland, Orange City, Winter Park, Longwood, Deltona, Lake Mary, Sanford, Maitland, Altamonte Springs, Orlando, Lake Buena Vista, Lake Helen, Daytona Beach

Counties: Volusia, Orange, Seminole, Osceola, Polk

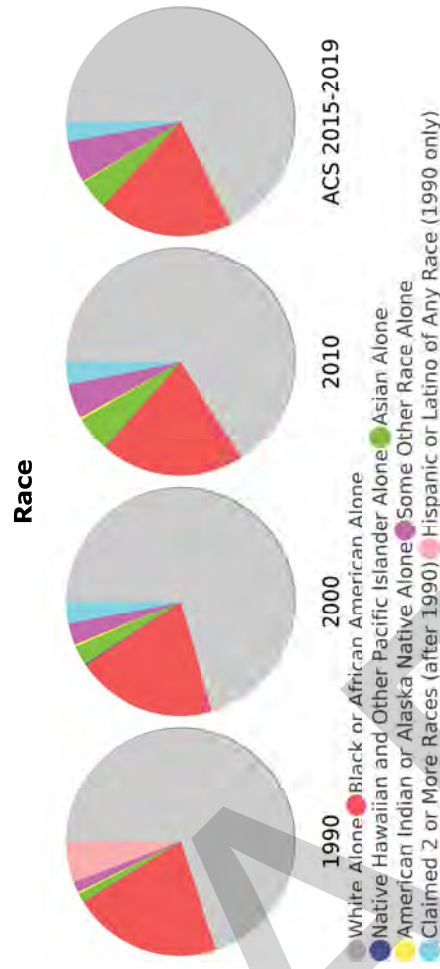

General Population Trends

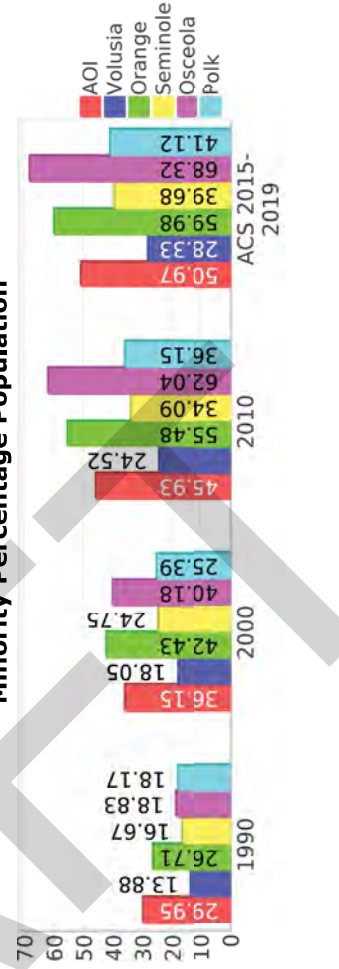

Description	1990	2000	2010	2010 ⁶⁷	ACS 2015-2019
Total Population	32,475	36,337	40,842	40,842	43,481
Total Households	12,739	14,669	16,622	16,622	17,681
Average Persons per Acre	4.61	5.84	6.80	6.80	7.17
Average Persons per Household	2.66	2.39	2.20	2.20	2.47
Average Persons per Family	2.99	3.08	2.77	2.77	3.19
Males	16,055	18,040	19,691	19,691	21,565
Females	16,420	18,296	21,150	21,150	21,916

Race and Ethnicity Trends

Description	1990	2000	2010	2010 ⁶⁷	ACS 2015-2019
White Alone	24,081 (74.15%)	25,611 (70.48%)	26,921 (65.91%)	26,921 (65.91%)	29,370 (67.55%)
Black or African American Alone	7,335 (22.59%)	7,277 (20.03%)	8,404 (20.58%)	8,404 (20.58%)	8,412 (19.35%)
Native Hawaiian and Other Pacific Islander Alone	14 (0.04%)	71 (0.20%)	26 (0.06%)	26 (0.06%)	1 (0.00%)
Asian Alone	445 (1.37%)	1,003 (2.76%)	2,071 (5.07%)	2,071 (5.07%)	1,818 (4.18%)
American Indian or Alaska Native Alone	97 (0.30%)	122 (0.34%)	150 (0.37%)	150 (0.37%)	92 (0.21%)
Some Other Race Alone	501 (1.54%)	1,094 (3.01%)	1,972 (4.83%)	1,972 (4.83%)	2,575 (5.92%)
Claimed 2 or More Races	NA (NA)	1,155 (3.18%)	1,295 (3.17%)	1,295 (3.17%)	1,210 (2.78%)
Hispanic or Latino of Any Race	2,011 (6.19%)	4,004 (11.02%)	7,598 (18.60%)	7,598 (18.60%)	11,178 (25.71%)
Not Hispanic or Latino	30,464 (93.81%)	32,333 (88.98%)	33,244 (81.40%)	33,244 (81.40%)	32,303 (74.29%)
Minority	9,725 (29.95%)	13,137 (36.15%)	18,759 (45.93%)	18,759 (45.93%)	22,161 (50.97%)

Minority Percentage Population

Age Trends

Description	1990	2000	2010 ⁶⁷	ACS 2015-2019
Under Age 5	6.63%	5.79%	5.90%	5.31%
Ages 5-17	15.95%	16.25%	14.22%	14.47%
Ages 18-21	5.64%	5.13%	7.45%	4.45%
Ages 22-29	14.66%	12.77%	15.35%	14.51%
Ages 30-39	17.88%	17.61%	14.47%	16.51%
Ages 40-49	12.63%	15.84%	13.70%	13.16%
Ages 50-64	12.17%	14.12%	17.34%	17.87%
Age 65 and Over	14.44%	12.47%	11.55%	13.72%
-Ages 65-74	7.71%	5.92%	6.01%	8.19%
-Ages 75-84	4.91%	4.78%	3.82%	3.85%
-Age 85 and Over	1.81%	1.77%	1.72%	1.68%
Median Age	NA	38	39	38

Percentage Population by Age Group

Income Trends

Description	1990	2000	2010 ⁶⁷	ACS 2015-2019
Median Household Income	\$27,169	\$40,837	\$49,607	\$56,870
Median Family Income	\$30,856	\$45,750	\$57,505	\$62,041
Population below Poverty Level	14.09%	12.91%	13.00%	14.41%
Households below Poverty Level	13.09%	11.77%	12.85%	14.29%
Households with Public Assistance Income	6.33%	2.69%	1.49%	1.89%

Median Age Comparison

Disability Trends

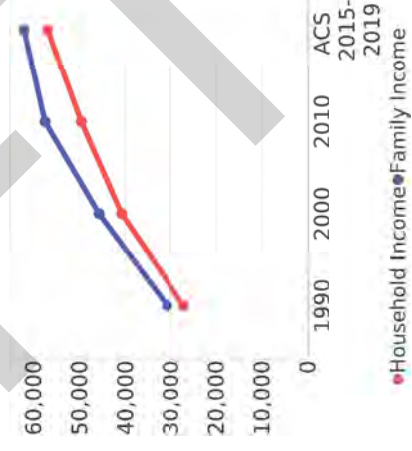

See the Data Sources section below for an explanation about the differences in disability data among the various years.

Description	1990	2000	2010 ⁶⁷	ACS 2015-2019
Population 16 To 64 Years with a disability	1836 (7.48%)	5123 (15.65%)	(NA)	(NA)
Population 20 To 64 Years with a disability	(NA)	(NA)	(NA)	2144 (7.84%)

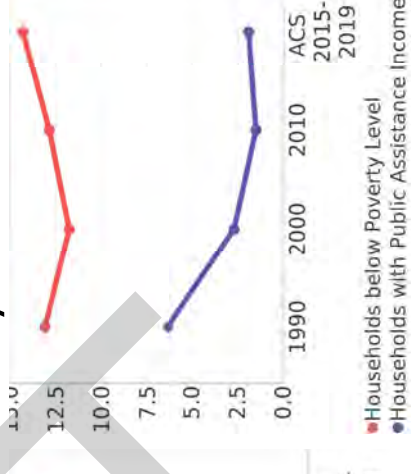

Educational Attainment Trends

Description	1990	2000	2010 ⁶⁷	ACS 2015-2019
Less than 9th Grade	1,648 (7.55%)	1,275 (5.12%)	1,028 (4.00%)	1,118 (3.58%)
9th to 12th Grade, No Diploma	3,419 (15.67%)	3,049 (12.25%)	2,156 (8.38%)	1,712 (5.48%)
High School Graduate or Higher	16,756 (76.78%)	20,560 (82.62%)	22,536 (87.62%)	28,414 (90.94%)
Bachelor's Degree or Higher	4,401 (20.17%)	6,558 (26.35%)	7,963 (30.96%)	11,638 (37.25%)

Income Trends

Poverty and Public Assistance

Language Trends

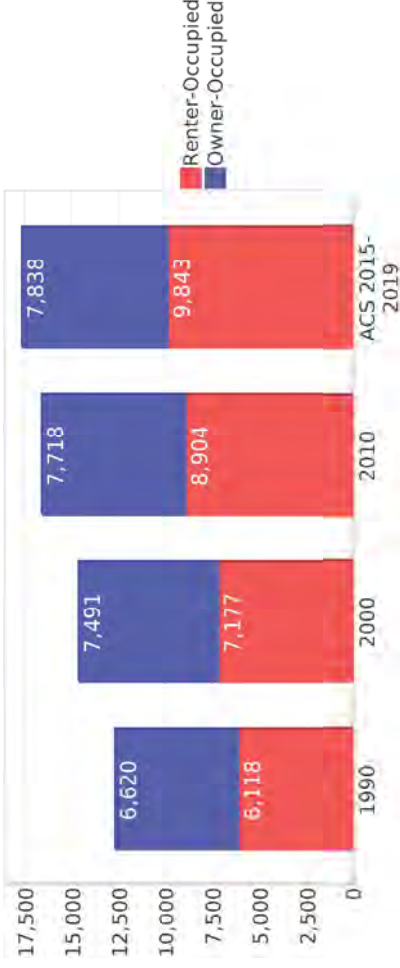

Age 5 and Over

Description	1990	2000	2010 ⁶⁷	ACS 2015-2019
Speaks English Well	757 (2.50%)	1,472 (4.30%)	1,935 (5.45%)	2,494 (6.06%)
Speaks English Not Well	NA (NA)	956 (2.79%)	1,234 (3.48%)	1,579 (3.84%)
Speaks English Not at All	NA (NA)	247 (0.72%)	358 (1.01%)	480 (1.17%)
Speaks English Not Well or Not at All	456 (1.51%)	1,203 (3.51%)	1,592 (4.49%)	2,059 (5.00%)
Speaks English Less than Very Well	NA (NA)	2,676 (7.82%)	3,529 (9.94%)	4,554 (11.06%)

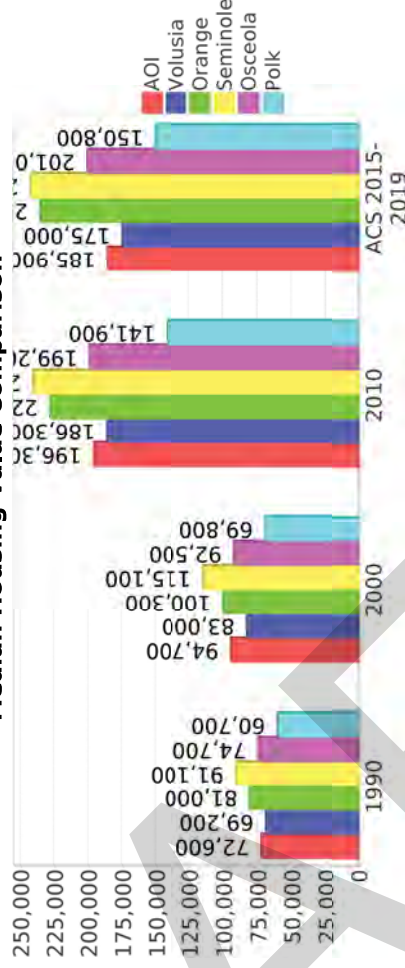

Housing Trends

Description	1990	2000	2010 ⁶⁷	ACS 2015-2019
Total	14,455	15,970	22,262	23,588
Units per Acre	1.00	1.21	1.94	2.06
Single-Family Units	7,511	8,814	9,798	10,106
Multi-Family Units	4,684	6,741	9,885	13,139
Mobile Home Units	375	339	467	313
Owner-Occupied Units	6,620	7,491	7,718	7,838
Renter-Occupied Units	6,118	7,177	8,904	9,843
Vacant Units	1,715	1,301	5,639	5,906
Median Housing Value	\$72,600	\$94,700	\$196,300	\$185,900

Community Facilities

The community facilities information below is useful in a variety of ways for environmental evaluations. These community resources should be evaluated for potential sociocultural effects, such as accessibility and relocation potential. The facility types may indicate the types of population groups present in the project study area. Facility staff and leaders can be sources of community information such as who uses the facility and how it is used. Additionally, community facilities are potential public meeting venues.

Data Sources

Area

(1)

The geographic area of the community based on a user-defined community boundary or area of interest (AOI) boundary.

Jurisdiction

(2)

Jurisdiction(s) includes local government boundaries that intersect the user-defined community or AOI boundary.

Goals, Values and History

(3)

Information under the headings Goals and Values and History is entered manually by the user before the Sociocultural Data Report (SDR) is generated. This information is usually not available for communities with boundaries that are based on Census-defined places (i.e., not user-specified).

Demographic Data

(4)

Demographic data reported under the headings General Population Trends, Race and Ethnicity Trends, Age Trends, Income Trends, Educational Attainment Trends, Language Trends, and Housing Trends is from the U.S. Decennial Census for 1990 and 2000 and the American Community Survey (ACS) 5-year estimates for 2006-2010 and ACS 2015-2019. The data was gathered at the block group level for user-defined communities, Census places, and AOIs, and at the county level for counties. Depending on the dataset, the data represents 100% counts (Census Summary File 1) or sample-based information (Census Summary File 3 or ACS).

About the Census Data

(5)

The block group analysis for user-defined communities, Census places, and AOIs do not always correspond precisely to block group boundaries. In these instances, adjustment of the geographic area and data for affected block groups is required to estimate the actual population. To improve the accuracy of such estimates in the SDR report, the census block group data was adjusted to exclude all census blocks with a population of two or fewer. These areas were eliminated from the corresponding years' block groups. Next, the portion of the block group that lies outside of the user-defined community, Census place, or AOI boundary was removed. The demographics within each block group were then recalculated assuming an equal area distribution of the population. Note that there may be areas where there is no population.

(6)

Use caution when comparing the 100% count data (Decennial Census) to the sample-based data (ACS). In any given year, about one in 40 U.S. households will receive the ACS questionnaire. Over any five-year period, about one in eight households will receive the questionnaire, as compared to about one in six that received the long form questionnaire for the Decennial Census 2000. (Source: https://www.census.gov/content/dam/Census/programs-surveys/acs/news/10ACS_keyfacts.pdf) The U.S. Census Bureau provides help with this process: <https://www.census.gov/programs-surveys/acs/guidance/comparing-acs-data.html>

(7)

Use caution when interpreting changes in race and ethnicity over time. Starting with the 2000 Decennial Census, respondents were given a new option of selecting one or more race categories. Also in 2000, the placement of the question about Hispanic origin changed, helping to increase responsiveness to the Hispanic-origin question. Because of these and other changes, the 1990 data on race and ethnicity are not directly comparable with data from later censuses. (Source: <http://www.census.gov/prod/2001pubs/c2kbr01-1.pdf>; <http://www.census.gov/pred/www/rpts/Race%20and%20Ethnicity%20FINAL%20report.pdf>)

(8)

The "Minority" calculations are derived from Census and ACS data using both the race and ethnicity responses. On this report, "Minority" refers to individuals who list a race other than White and/or list their ethnicity as Hispanic/Latino. In other words, people who are multi-racial, any single race other than White, or Hispanic/Latino of any race are considered minorities.

(9)

Disability data is not included in the 2010 Decennial Census or the 2006-2010 ACS. This data is available in the ACS 2015-2019 ACS.

Because of changes made to the Census and ACS questions between 1990 and ACS, disability variables should not be compared from year to year. For example: 1) with the 1990 data, the disabilities are listed as a "work disability" while this distinction is not made with 2000 or ACS data; 2) the ACS data includes the institutionalized population (e.g. persons in prisons and group homes) while this population is not included in 1990 or 2000; and 3) the age groupings changed over the years.

(11)

The category Bachelor's Degree or Higher under the heading Educational Attainment Trends is a subset of the category High School Graduate or Higher.

(12)
Income of households. This includes the income of the householder and all other individuals 15 years old and over in the household, whether they are related to the householder or not. Because many households consist of only one person, average household income is usually less than average family income.

(13)
Income of families. In compiling statistics on family income, the incomes of all members 15 years old and over related to the householder are summed and treated as a single amount.

(14)
Age trends. The median age for 1990 is not available.

Land Use Data

(15)
The Land Use information Indicates acreages and percentages for the generalized land use types used to group parcel-specific, existing land use assigned by the county property appraiser office according to the Florida Department of Revenue land use codes.

Community Facilities Data

- Assisted Rental Housing Units - Identifies multifamily rental developments that receive funding assistance under federal, state, and local government programs to offer affordable housing as reported by the Shimberg Center for Housing Studies, University of Florida.
- Mobile Home Parks - Identifies approved or acknowledged mobile home parks reported by the Florida Department of Business and Professional Regulation and Florida Department of Health.
- Migrant Camps - Identifies migrant labor camp facilities inspected by the Florida Department of Health.
- Group Care Facilities - Identifies group care facilities inspected by the Florida Department of Health.
- Community Center and Fraternal Association Facilities - Identifies facilities reported by multiple sources.
- Law Enforcement Correctional Facilities - Identifies facilities reported by multiple sources.
- Cultural Centers - Identifies cultural centers including organizations, buildings, or complexes that promote culture and arts (e.g., aquariums and zoological facilities; arboreta and botanical gardens; dinner theaters; drive-ins; historical places and services; libraries; motion picture theaters; museums and art galleries; performing arts centers; performing arts theaters; planetariums; studios and art galleries; and theater producers stage facilities) reported by multiple sources.
- Fire Department and Rescue Station Facilities - Identifies facilities reported by multiple sources.
- Government Buildings - Identifies local, state, and federal government buildings reported by multiple sources.
- Health Care Facilities - Identifies health care facilities including abortion clinics, dialysis clinics, medical doctors, nursing homes, osteopaths, state laboratories/clinics, and surgicenters/walk-in clinics reported by the Florida Department of Health.
- Hospital Facilities - Identifies hospital facilities reported by multiple sources.
- Law Enforcement Facilities - Identifies law enforcement facilities reported by multiple sources.
- Parks and Recreational Facilities - Identifies parks and recreational facilities reported by multiple sources.
- Religious Center Facilities - Identifies religious centers including churches, temples, synagogues, mosques, chapels, centers, and other types of religious facilities reported by multiple sources.
- Private and Public Schools - Identifies private and public schools reported by multiple sources.
- Social Service Centers - Identifies social service centers reported by multiple sources.
- Veteran Organizations and Facilities

ACS vs Census Data

(67)

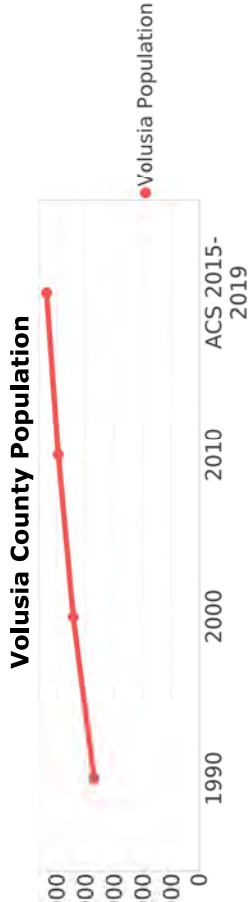

The 2010 Census data is represented by a combination of decennial and ACS (2006-2010) data. The General Population Trends, Race and Ethnicity Trends, Age Trends are entirely from decennial. The Income Trends, Language Trends are entirely from the ACS. The Housing Trends section is derived from both: Decennial (Total # Housing Units, Housing Units per Acre, Owner-Occupied Units, Renter-Occupied Units, Vacant Units); ACS (Single Family Units, Multi-family Units, Mobile Homes, Median Housing Value, Occupied Housing Units w/No Vehicle).

County Data Sources

About the Census Data

(33)

Use caution when comparing the 100% count data (Decennial Census) to the sample-based data (ACS). In any given year, about one in 40 U.S. households will receive the ACS questionnaire. Over any five-year period, about one in eight households will receive the questionnaire, as compared to about one in six that received the long form questionnaire for the Decennial Census 2000. (Source: https://www.census.gov/content/dam/Census/programs-surveys/acs/news/10ACS_keyfacts.pdf) The U.S. Census Bureau provides help with this process: <https://www.census.gov/programs-surveys/acs/guidance/comparing-acs-data.html>

(34)

Use caution when interpreting changes in race and ethnicity over time. Starting with the 2000 Decennial Census, respondents were given a new option of selecting one or more race categories. Also in 2000, the placement of the question about Hispanic origin changed, helping to increase responsiveness to the Hispanic-origin question. Because of these and other changes, the 1990 data on race and ethnicity are not directly comparable with data from later censuses. (Source: <http://www.census.gov/prod/2001pubs/c2kbr01-1.pdf>; <http://www.census.gov/pred/www/rpts/Race%20and%20Ethnicity%20FINAL%20report.pdf>)

(35)

The "Minority" calculations are derived from Census and ACS data using both the race and ethnicity responses. On this report, "Minority" refers to individuals who list a race other than White and/or list their ethnicity as Hispanic/Latino. In other words, people who are multi-racial, any single race other than White, or Hispanic/Latino of any race are considered minorities.

(36)

Disability data is not included in the 2010 Decennial Census or the 2006-2010 ACS. This data is available in the ACS 2015-2019 ACS.

Because of changes made to the Census and ACS questions between 1990 and ACS, disability variables should not be compared from year to year. For example: 1) with the 1990 data, the disabilities are listed as a "work disability" while this distinction is not made with 2000 or ACS data; 2) the ACS data includes the institutionalized population (e.g. persons in prisons and group homes) while this population is not included in 1990 or 2000; and 3) the age groupings changed over the years.

(38)

The category Bachelor's Degree or Higher under the heading Educational Attainment Trends is a subset of the category High School Graduate or Higher.

ACS vs Census Data

(68)

The 2010 Census data is represented by a combination of decennial and ACS (2006-2010) data. The General Population Trends, Race and Ethnicity Trends, Age Trends are entirely from decennial. The Income Trends, Language Trends are entirely from the ACS. The Housing Trends section is derived from both: Decennial (Total # Housing Units, Housing Units per Acre, Owner-Occupied Units, Renter-Occupied Units, Vacant Units); ACS (Single Family Units, Multi-family Units, Mobile Homes, Median Housing Value, Occupied Housing Units w/No Vehicle).

APPENDIX C

**AGENCY COORDINATION MEETINGS/LETTERS
OF SUPPORT**

DRAFT

Introductions: (see attached for meeting sign-in sheet)

Amy Sirmans and Steven Buck of FDOT provided a background for the study and gave an overview of work completed so far.

Following the presentation (see attached for slides), a general discussion took place.

Q&A:

Q: Do you have any conditional agreement with the property owner? What happens if they sell before the study concludes?

A: Not at this time, we are still in the early stages of the study.

Q: Can we speed this up?

Q: Will trucks be able to access the site and easily access I-4 without having to turn around?

Q: Is this the best site? What economic impact will occur? This is prime real estate.

C: the County manager asked that the study also evaluate the economic value of adding truck parking at this site.

Q: if a commissioner accepts this, is there some sort of trade-off for the Seminole County rest stop?

C: Public/private funding might be of interest to the County.

Q: During design can we look at ways to limit noise from the idling trucks and carbon emissions?

Tasks:

1. County to provide Orange Blvd plans

I-4 Truck and Freight Parking PD&E Study

Agency Stakeholder Meeting

FPID: 447724-1

Seminole County

Osceola County Coordination Meeting 1/14/2022, virtual, 10AM

Steven explained the need for approximately 900 parking sites

Looking to identify at least 5 sites, one in each county

Private industry methodology

- We are currently widening 532 from old lake Wilson to 17-92
- Planning was looking at the area near poinciana parkway extension
- Sable trail potential industry area may be developed
- Tawny – I can get with long range planning to see where the zone designations are
- Osceola Polk line road funded for construction – to be widened from 17-92 to I-4
- Polk county is letting the construction for 4 laning old lake Wilson to Osceola Polk Line Road
- The county is currently working on a PD&E to widen the Osceola side of old lake Wilson road
- Potential truck parking area near Duke Energy plant
- Does the county have any objections to any sites near the polk county area of I-4?
 - o Probably want to stay away from Champions Gate
 - o I don't think there would be an issue with evaluating that area
- Steven explained to the County the possibility of a private-public partnership and how the site may look if it was exclusively private.
- Tawny to put together internal meeting with county to discuss possible sites, and ideas

2/1/2022 Truck and Freight Parking Site Analysis PD&E Study

Orlando Coordination Meeting

- Introductions
- Presentation
- Sites
 - S Kirkman Road site - East of Kirkman Road, North of Sand Lake Road – Industrial, but allows office. Not compatible with office land use that is there. Carrier Drive intersection is going to be redeveloped at Grand National Drive to align.
 - LB Mcleod Rd Transfer station site, Obama Parkway connection to I-4. Feasible. More compatible land use than Kirkman Road site.
 - John Young Parkway/Sand Lake – this is a good site for industry. Is there a way to serve north bound traffic as well? Steven said that the interchange is funded and FDOT is working with the Turnpike to see if a truck parking site can be incorporated.
 - Landstreet Road sites – close to SR 528, ideal for the county. Potential to use an FDOT facility.
 - Boggy Creek Rd site, access may be difficult. A lot of development occurring – including large Amazon facility.

AIPO – Airport Industrial Park Orlando

City suggested including Laura Kinsler, Growth Spotter with Orlando Sentinel, to be included as a stakeholder. 407-269-4448.

FDOT TRUCK AND FREIGHT PARKING SITE ANALYSIS PD&E STUDY

2-4-2022 ORANGE COUNTY STAKEHOLDER MEETING

Attendees went through introductions

Mark explained the background and need/ purpose of the study

Presentation –

Demond explains the primary site selection criteria in order to explain how the proposed sites were selected –

Kevin – first site identified is along Sand Lake Road and John Young Parkway – 35 acre site currently owned by DOT. Coordination with turnpike is occurring – there is a funded project to provide an interchange with the turnpike. Access off of SLR would be considered since JYP is already built up.

Feedback/viability- Brain Sanders : the proposed interchange is a bit of a challenge along with access to JYP. The JYP side is elevated and has a ramp on the west side of the property. On the south side the interchange is proposed across from the industrial area. It may work for the purpose of truck parking.

Second site – Landstreet Rd at 441 and Beachline – recently demolished with potential plan for multi-family.

Current status of site? – John Weiss: old condominiums that were demolished. Purchased by investment company. County in process of releasing liens – in terms of redevelopment application on the property – there has been an application for multi-family on the property. Currently zoned as industrial in the county comp plans. County has not determined the approval of the application. I would like it to continue to be reviewed for truck parking. The location could be very appropriate and beneficial for the area.

Brain Sanders- when you spoke with the Turnpike did you see any areas of infield that could be attractive near the proposed interchange?

Steven – there is not any room in the infield. The turnpike is performing a separate truck parking study and we will coordinate with them.

Third site(s)- Landstreet Road (FDOT office) at Wingard Road. Sites to the north and south of Landstreet Road. Both would be a bit smaller than the 8-24 acre evaluation criteria.

Fourth site(s) – 4 sites identified along Tradeport Drive. We have reached out to the developer to see if they would be interested in having truck parking in this area.

Feedback – technically all within city of Orlando – not along county roads – no feedback from county.

Brian Sanders – there is a county property next to Aquatica that is about 29 acres. Backs up to residential, on the southside of the Beachline expy. (John Weiss) – I wouldn't suggest spending any time with this, the county is looking at potentially adding in Affordable housing in this area.

Brian Sanders – what about the old crossroads site? FDOT is condemning it all for a pond, is there opportunity there?

Steven – we have evaluated that site, it is being used as ponds for the I-4 Ultimate

VHB presented the other county sites –

Osceola County sites presented – Osceola Polk Line road near the Ponciana Parkway connector close to the I-4 corridor.

Seminole site – School Road site presented –

FDOT is still working with Volusia county to identify sites.

Demand – explains upcoming public meeting schedule

Steven Buck and Mark Trebitz closed out the meeting.

DRAFT

Introductions: (see attached for meeting sign-in sheet)

Mark Trebitz and Steven Buck of FDOT provided a background for the study and gave an overview of work completed so far.

Following the presentation (see attached for slides), a general discussion took place.

Q&A:

Q: Will the Longwood rest area continue to be maintained currently or after the parking need is met with the new sites?

A: As we get closer to meeting the truck parking need, we can then begin to evaluate removing the Longwood rest area.

Q: Where is the Department at with ownership of the Seminole site?

A: We do not currently own the proposed site; however, funding has been identified for one site through construction in 2026.

C: This is not a site that the city would prefer to see move forward in the study.

C: Based on the parking need heat map shown, Seminole County is within the low demand area.

A: The map represents a macro area. Micro area data can be provided.

Q: If the site criteria has an 8-20 acre range, could the Seminole site be smaller?

A: The site size was considered in order to meet the demand. This is a medium sized site in comparison to all sites being proposed.

Q: Was the South Volusia area evaluated for sites?

A: Yes, the project team evaluated sites all over Volusia County.

Q: Did you look into the Portland Industrial area in Deltona?

A: Yes, it was determined that area was too far away from the I-4 corridor.

Q: What is the distance between the Seminole and Volusia proposed sites?

A: The sites are about 20 miles apart.

Q: Would the Department consider a "green" approach to site development?

A: The Department is looking into solar and electrification options.

Q: Any consideration to options other than asphalt?

A: That is something that we can look into. However, it will likely be asphalt due to cost and impacts from heavy trucks.

Q: Why does the Orange County site #1 show so much green space in the preliminary design?

A: There is a floodplain compensation site for Florida's Turnpike there.

Q: How do you get back onto the Turnpike from Orange County site #1?

A: A right in/right out driveway with signage to direct trucks back to the Turnpike.

Q: Would sites be considered secure?

A: Yes, there will be security at each of the sites.

Q: How will the Seminole site impact the future I-4 Beyond the Ultimate (BTU) interchange?

A: the BTU would not be directly impacted. After BTU west bound trucks will be able to exit from the left or right into the site. The intersection near School Street would need to be redone.

Q: So in the interim (prior to BTU) the trucks will have to take Monroe Road to 1st Street to get to I-4 from the Seminole site?

A:

A: Trucks will not want to drive and sit in traffic during peak hours and will avoid driving during those times.

Q: Was the empty car lot on the west side looked at?

A: Yes, it was determined that it is located too close to residential.

Q: What is the timeline?

A: Currently the Department has identified funding for one site through construction in 2026. An additional site is funded for design in 2024.

Q: Can we request that the Department wait on the Seminole site until the BTU interchange is constructed in order to avoid adding additional truck traffic to the local roads?

A: Noted.

C: There is a local truck driving school that is wrecking our local roads near the mall already.

Q: Is there any way to advance the interchange construction?

A: The Department is currently looking for opportunities to advance the construction of the BTU interchange.

C: We do not want the truck traffic moving from the site to Monroe Road to SR 46.

C: The hospital has concerns regarding existing and additional traffic affecting access to the hospital.

C: FedEx will likely use the site as their own parking for trucks since they already have a need for that at their site.

Q: What about the trail that goes around the lake? Would cyclists be impacted?

A: No.

C: The east bound I-4 ramp backs up at the railroad crossing already. There is a need for improvements in that area currently.

C: The city would like to formally go on record stating that this is not a preferred site for the city based on traffic impacts and that the site is valuable industrial land for the city.

Q: How will trucks make a left out of the site?

A: Left turns will not be allowed.

C: The zoo is a noise sensitive site and already have issues with the animals being impacted by noise. Is this something the noise study would evaluate?

Q: Has the team looked into the historically platted neighborhood in Deltona where there are no homes?

A:

C: When you have sites and facilities like this, public safety services are called frequently. Coordination with Sanford PD, Seminole Fire, etc. will need to occur.

C: the proposed 24 hour lighting at the site will also be an issue for the zoo and the animals.

Q: When would construction begin?

A: Currently one site is fully funded through construction in 2026 and another site has funding for design in 2024.

Q: If private industry is able to meet the demand for parking on its own, would you still need to build the Seminole site?

A: There are currently no plans for private development that would meet the demand.

C: We would like to see improvements to the roadway system near the mall area in order to help support additional traffic from the site.

Next Steps:

1. VHB to send City east/west demand

I-4 Truck and Freight Parking PD&E Study

Agency Stakeholder Meeting

Attendees:

Steven Buck

Susan Ussach

Mark Trebitz

Gustavo Castro

Sunserea Gates

Amanda Ashby

Evan Magley

Introductions:

Mark Trebitz and Steven Buck of FDOT provided a background for the study and gave an overview of work completed so far.

Following the presentation (see attached for slides), a general discussion took place.

Q&A:

Q: Is there a proposed turn lane into the Sand Lake Road/John Young Parkway site?

A: Yes –

A: Truck drivers typically do not deliver during peak travel times so the Department does not expect a significant increase in traffic.

C: Site 2 – right now the hotel site is being cleared.

Q: Have you evaluated the possibility of solar chargers floating in the ponds instead of structures?

A: We have not but that is a good idea.

Q: Would you add a space near the bathrooms for a regular car for security or cleaning?

A: There will be 3-5 traditional parking spaces near the bathrooms for cleaning staff and security vehicles.

Attendees:

Mark Trebitz

Alissa Tores

Humberto Castellero

Jose Hernandez

Jon Weiss

Renzo Nastasi

Kevin Freeman

Alex Trauger

Raymond Williams

Introductions:

Mark Trebitz and Steven Buck of FDOT provided a background for the study and gave an overview of work completed so far.

Following the presentation (see attached for slides), a general discussion took place.

Q&A:

Q: When we talk about truck parking, is this more parking and not storage? Is there a maximum stay allowed?

A: When we talked with truck industry experts, there are two needs. Shorter-term to rest and also local drivers who may need to park their truck at the lot in between routes.

C: That is an issue we are having in our local neighborhoods with people parking their trucks at their houses.

Q: What are your thoughts regarding amenities and additional facilities?

A: We are looking at all of our opportunities. The orange sites would be good options for private/public partnerships.

Q: Security?

A: Yes, they will have advanced lighting and 24-hour security.

Q: Have you all talked to the turnpike about their interchange project?

A: Yes, we are coordinating with them. They asked to see our traffic model and we will be getting their feedback.

C: Getting onto Sand Lake Road or John Young Parkway will be a challenge.

A: Yes, we are looking at right in and right out with a detour to get to the turnpike.

C: The county would be interested in seeing the traffic analysis for Orange site 1 and the other sites within Orange county.

Q: Has there been any engagement with law enforcement beyond security? The Landstreet area isn't the best area in regard to illegal activity. I would reach out to the local police/sheriff's office.

A: Yes, in the early phases we reached out to FHP. Now that we know more about the sites and the layout we will be reaching back out to FHP for further coordination.

Q: In terms of notifying the truckers that there are open spaces, have you thought about the type of technology that could be used?

A: Yes, that is something we are looking into. we are going to include the availability sensors that link to apps that truck drivers use to find parking. Sites close to I-4 would have signs that let you know how many sites are available.

Q: Did you select your facilities based on accessibility for autonomous vehicles?

A: The site selection criteria did not consider that, but it is something that we are looking into as we move forward. If you have any insights on how to take that into account, we would be interested in hearing them. We are also looking at connecting to autonomous vehicles where they can see available sites.

C: Looking to the future, we should consider what needs will come as autonomous trucks are developed.

C: Identify that the intersections remain ped and bike safe with any possible turning movements.

Q: Will you make this presentation available?

A: We can send it over to you in a PDF following the meeting. We are also posting the second-round presentation with more detail in about a week.

Introductions: (see attached for meeting sign-in sheet)

Mark Trebitz and Steven Buck of FDOT provided a background for the study and gave an overview of work completed so far.

Following the presentation (see attached for slides), a general discussion took place.

Q&A:

Q: Is there an option for you to leave your personal vehicle at the proposed Seminole site?

A: Not at this time, anyone looking to leave their truck would have to get a ride

Q: Where are all of these trucks parking currently?

A: On streets and in neighborhoods

Q: Is the Kangaroo Gas Station being taken as part of the I-4 Beyond the Ultimate (BTU) design?

A: yes, it will be taken for a pond

Q: Donnie Myers Luxury Coach will be a take with the proposed Seminole site?

A: Yes

Q: Previously, there was interest in this site by private industry. Has that been considered here?

A: Due to the scale of facilities private industry includes, this would drastically cut the number of available parking spaces at this site (Seminole).

Q: Will this affect the pre-BTU intersection improvements at Monroe Road?

A: No, the intersection improvements proposed are minor and would not be impacted.

Q: What is the timing of the Seminole site to move forward?

A: The Department currently has funds identified for one site through construction in 2026 and an additional site funded for design.

C: If the Seminole site is built prior to the BTU interchange, there will be an increase in impacts to the local area during the interim.

C: I thought previously that the Seminole site would be constructed with the BTU interchange in order to direct trucks onto I-4 and not onto SR 46 or Monroe Road.

C: If the site is constructed prior to the BTU interchange, how long will the interim condition last?

A: We will be able to provide a range of how many more trucks per hour are estimated to impact local traffic conditions in the interim.

C: SR 46 is already very congested in the peak hour.

A: The truck drivers do not want to be in traffic during peak times and would travel outside of those times.

C: If the Seminole site is built prior to the BTU interchange, School Street should be improved all the way to Elder Road and Elder Road should also be improved since there would be a possibility of trucks taking Elder Road from SR 46.

A: School Street and Elder Road would have signage directing truck traffic away from them and forcing a **left turn** out of the site.

C: Even with signage the trucks may still use the west end of School Street to access Monroe Road.

Q: How will drivers know if spots are available at any of the sites?

A: The proposed sites will include sensors and cameras that operate with existing truck parking applications.

Q: What is happening with the existing Longwood rest area?

A: As we get closer to meeting the truck parking need, we can then begin to evaluate removing the Longwood rest area.

Attendees:

Danielle Slaterpryce (Osceola)

Amanda Ashby

David Rodriguez (Osceola)

Steven Buck

Joshua DeVries (Osceola)

Sunserea Gates

Steven Kane (Osceola)

Mark Trebitz

Demond Hazley

Kelli Smith

Kevin Freeman

Introductions:

Mark Trebitz and Steven Buck of FDOT provided a background for the study and gave an overview of work completed so far.

Following the presentation (see attached for slides), a general discussion took place.

Q&A:

Osceola County Site #1 Osceola Polk Line Road - Southside

C: I think you have addressed the fact that you are still working through the access. Once we know what the access will look like we will need to determine if it will need to be signalized.

C: Poinciana Parkway Extension - As it is expanded to the north, there is not anticipated to be exiting/entering traffic from the south.

Q: What is the timing on this?

A: One site is fully funded through construction, another is funded for design. FDOT is still prioritizing the construction of these sites.

C: Land in this area is hot and is being purchased rapidly.

Q: didn't we have a conversation last time about coordinating with the expressway authority? They are purchasing all of the land and then giving it back to the County. We are open to a joint use pond but will need to confirm with the expressway authority.

Q: What kind of feedback have we gotten to date on the usage of 532 in Osceola Co? especially as an interim facility?

A: I havent heard any concern from the route of I-4 to the parking site. The only public comment we have received is that the area is zoned as residential.

Q: Just have a question on the site identified in Osceola. Is that multiple owners? Any feedback from the owners?

A: Multiple sites, one of the sites was purchased recently with the intent to build a residence.

C: I would look at it through the lens of interim and ultimate for Poinciana Parkway Extension.

Q: Will there be a scenario where FDOT moves forward with not all of them but maybe only one or two?

A: It is definitely the goal to get as many as we can to meet the need.

Q: Have you received any interest for public/private for this site? What makes this site more appealing for public/private?

A: A lot of it has to do with the size. We have room to provide facilities and ample truck parking.

DRAFT

FDOT District 5 Trucking Parking –FTE Sand Lake Rd at SR 91 Interchange (FPID 433663-1-52-01)

Coordination Meeting

Thursday, March 17, 2022 – 9:30 – 10:00 am

Meeting Purpose:

The purpose of this meeting is to discuss potential options for truck parking located at the corner of Sand Lake Road and John Young Parkway, northwest quadrant of the Turnpike's new interchange at Sand Lake Road and SR 91 (FPID 433663-1-52-01)

Attendees:

- FDOT: Mark Trebitz
- Turnpike: Pam Nagot (FTE, HNTB PM), Ramon Breton (KHA PM)
- VHB: Demond Hazley, Kevin Freeman

Meeting Notes:

- District Five (DOT) is considering options to utilize this site
- Turnpike has agreed to consider modifications to 433663-1 project (FTE SLR) if the timing of the truck parking study fits within the Turnpike project schedule without delay
- DOT is considering several other sites identified in Orange County and vetting process is underway.
- DOT requested better understanding of FTE SLR project schedule, and the timing of needing to know if the site is selected for truck parking
 - FTE SLR requested as soon as possible and no later than June 2022.
 - May be opportunity to integrate it with some other design changes in progress
 - FTE SLR is holding at phase III right now due to the FGT pipeline design relocation. The FTE SLR design is anticipated to restart in summer 2022.
 - DOT will be holding a 2nd round of public meetings in May/June 22'.
 - FTE SLR Production Date is December 1st, 2023
- Discussion on concept:
 - To date, only one concept has been developed at the site along Sand Lake Road, which includes both the truck parking and the interchange.
 - Current layout would have large impact to floodplains and would require mitigation for replacing ponds
- Discussion on truck parking site access points and if two were required:
 - DOT stated that it's probably best to have two access points (both Sand Lake Road and John Young Parkway)
 - FTE SLR project is showing a proposed new signal, east of proposed right in, right out for the DOT truck parking on Sand Lake Road
 - The proposed access to John Young Parkway (JYP) may be difficult, since the access would be on the SPUI ramp to NB JYP
 - FTE SLR project suggested that DOT consider moving truck parking access to the existing shopping plaza entrance on Sand Lake Road. The location where the FTE SLR Ramp A terminates on Sand Lake Road. FTE SLR design team requested that DOT coordinate access locations with Turnpike Traffic Planning to receive concurrence first. FTE SLR project will consider the design changes to the project if the project schedule is not impacted.

- Closing and next steps:
 - DOT will hold next meeting with FTE SLR within month and a half
 - FTE SLR project is willing to make modifications if DOT design changes do not impact the FTE SLR schedule. More coordination between DOT and FTE SLR team is necessary to confirm that the design modifications to the FTE SLR project do not impact the project schedule.
 - DOT to coordinate all truck parking conceptual designs with FTE Traffic Planning and FTE SLR design team.
 - Meeting Follow-up: FTE SLR, (FTE, HNTB PM) on 3/24/22 requested DOT to coordinate the truck parking with FTE Traffic Planning and FTE SLR design team (KHA) to ensure the operations of the FTE SLR interchange are not impacted by the track parking. DOT to coordinate this through FTE SLR Project Manager Pam Nagot.
 - Kevin to send email request for CADD files and previous traffic studies
 - Meeting Follow-up:
 - 3/17/22 - FTE SLR, Pam Nagot (FTE, HNTB PM) provided DOT with the 433663-1-52-01 signed Turnpike and Sand Lake Road Final IJR.
 - 3/17/22 – FTE SLR, Ramon Breton (KHA PM) provided DOT with 433663-1 CADD files.

FDOT District 5 Trucking Parking –FTE Sand Lake Rd at SR 91 Interchange (FPID 433663-1-52-01)

Coordination Meeting

Wednesday, May 18, 2022 – 11:00 am – 12:00 pm

Meeting Purpose:

The purpose of this meeting is to discuss the updated conceptual layout and the trip generation/traffic operations assessment for the potential Truck Parking Site in the northwest quadrant of the Turnpike's (FTE) new interchange at Sand Lake Road (SLR) and SR 91 (JYP) - (FPID 433663-1-52-01)

Attendees:

- FDOT: Mark Trebitz, Steven Buck, Victor Muchuruza (HDR)
- Turnpike: Pam Nagot (FTE, HNTB PM), Ramon Breton (KHA PM), Carol Scott, Andrew Velasquez, Ryan Brown
- VHB: Demond Hazley, Kevin Freeman, Babuji Ambikapathy, Raja Pemmanaboina, Sunserea (Dalton) Gates

Meeting Notes: Discussion notes are provided below for each topic covered within the meeting.

1. Introduction, Roles, Responsibilities

- Mark Trebitz provide an overview of the project and meeting purpose, and each participated gave an introduction. The PD&E Study engineering and environmental analysis and documentation is underway with the PD&E anticipated to conclude in September 2022.

2. Updated Site Concept (attached)

- Site concept has been modified since our last meeting on 3/17/22.
 - The previous layout had a large impact to floodplains and would require mitigation for replacing ponds
 - The updated site concept fits within the current FTE configuration of the proposed SB exit ramp, and will not require floodplain comp. The proposed pond under for FPID 433663-1 will require modifications to accommodate the truck parking area and to serve for joint use between the two projects.
 - The floodplain compensation area proposed by FTE was avoided by reducing the footprint of the proposed site and number of parking spots (proposing approximately 109 parking spots)
 - The proposed entrance on both SLR and JYP is right in / right out
- Joint use pond discussion: How will this correlate with the timing of the FTE project?
- Funding is available for one full site and design is funded for a second site
- Earliest the truck parking project would go to Construction would be FY 26
- FTE letting for 433663-1 is tentative for March of 24'
- FDOT Truck Parking Availability System (TPAS) discussion: Has there been discussion around truck parking information management systems/signing?
 - Yes, the plan is to provide truck parking information management. Steven noted the initial plan is to provide it on Sand Lake Road and on Landstreet Road but not on Turnpike.
 - Steven discussed the goal of this site would be to serve the O&D of the freight industry

- Turnpike noted the need for overflow from the Turkey Lake Plaza, and the benefit of having some signage on the Turnpike, even if not TPAS, is beneficial if additional spaces will be available. Steven added additional signing is still an option and can be coordinated further in design.

3. Traffic Analysis Methodology Overview

- The consultant team utilized FHWA's methodology to determine demand and compared the results to average trip rates of rest areas within District 5.
 - Based on methodology, the site is anticipated to generate 110 trips in the peak hour (55 in and 55 out)
 - Distribution of the site trips was calculated based on the existing truck percentages on JYP and SLR.
 - The site trips were added to the 2040 volumes identified in the 2017 Florida's Turnpike and Sand Lake Rd IJR to conduct and intersection analysis. The IJR traffic was reviewed for the trip distribution.

4. Summary of Traffic Analysis at Site

- The traffic analysis summary can be found attached. Discussion points are as follows:
 - The truck parking build scenario was compared to a 2040 no-build scenario (recreated from FTE's IJR). The results show a minimal impact created by the trips generated by the proposed site and no degradation of LOS
 - FTE noted that overall, the analysis is okay, but would be interested in seeing what the SimTraffic results would be. However, due to the minimal traffic impact and the existing FDOT scope, FDOT would prefer to utilize the Synchro analysis. Andrew noted the traffic is minimal and if FDOT is comfortable, FTE agrees SimTraffic is not required. Andrew added that there appears to be no issue with driveway spacing since it meets Rule 14-97 and no impact to ramp operations.
 - FTE requested to review Synchro files, in lieu of additional SimTraffic analysis
 - The group agreed that the traffic impact would not impact the Turnpike's design

5. Open Discussion / Next Steps

- If the site is constructed, FDOT would monitor the operations of the right in/right out on SLR, and if necessary, remove the right in, or utilize JYP as the only access.
- Right turn lane storage on SLR was discussed and it was noted that the details of the turn lane length will be finalized as the study progresses.
- The proposed pond areas were discussed, and it was noted that the full drainage analysis has not been complete.
 - VHB will provide the preliminary calculations developed in the PD&E (underway) but full detailed engineering calculations will come in Design. Moving forward, FTE would like to review information on interconnected ponds and sizes to support joint use development.
 - FTE will meet internally (Pam to discuss with Erin Yao) and pass on any notes they have regarding drainage and considerations for pond size to meet the needs of both projects

- FDOT has presented plans to leadership. FTE will discuss the project further internally, then advise FDOT on next steps for R/W Discussion.
 - FDOT noted that it would prefer to own the site, but those conversations have not taken place
 - FTE has agreed to consider modifications to 433663-1 project (FTE SLR) if the timing of the truck parking study fits within the Turnpike project schedule without delay
- Is there any reason or possibility that the project wouldn't move forward?
 - It is in FDOT preferred list and has not received any negative input that would impact it
 - There are not many risks involved in this site, FDOT just needs to make sure the concept will work with FTE's interchange

6. Action Items

- VHB to provide Synchro Files to FTE
- VHB to provide CADD files of conceptual design
- VHB to provide full traffic report to FTE when completed in Mid-June
- VHB to provide drainage calculations developed through the PD&E
- FTE to provide additional thoughts/consideration on drainage after meeting internally
- FTE to provide next steps on R/W acquisition after meeting internally

FDOT District 5 Trucking Parking – Meeting Notes

Thursday, July 21, 2022 – 9:00am to 10:00am

Attendees:

- FDOT: Mark Trebitz
- FHP: Sergeant John Britt
- VHB: Demond Hazley, Kevin Freeman

Mark Trebitz and Demond Hazley provided a presentation and overview of the project and proposed truck parking sites in each County.

Discussion Topics and Notes are provided below:

- Recommendations for Proposed site access / operations
 - Heavy signage to prohibit unlawful parking
 - Make sure buffer goes to property line to eliminate chance of parking along the local road
- Recommendations for site safety / security (24-hour FDOT security, lighting, fencing)
 - It may be a possibility to use the hire back program for security
 - Officers work the sites in their off-time
 - They are responsible for the facility and parking lot during that time
- Discussion on FHP's current relationship with FDOT Truck Parking Sites (Longwood Site) or Rest Areas (i-95) in terms of patrolling sites
 - At longwood - those security officers do a good job of keeping it secure but do call FHP (any disturbances or illegal parking)
- Any issues or recommendations from the FHP side/viewpoint.
 - Nail down a good security plan

D5 TRUCK PARKING COORDINATION MEETING WITH FDOT D5 NOTES

Florida's Turnpike– New Interchange at Sand Lake Road

**FPID 433663-1
(Contract No. C9K72)
Orange County**

Date: 11/1/2022

Time: 3:00 PM

Venue: [Click here to join the meeting](#)

1. Introductions

Pamela Nagot (Turnpike PM)
Erin Yao (Turnpike Drainage)
Adriana Kirwan (Turnpike Drainage)
Mark Bacal (Kimley-Horn Roadway)
Victor Gallo (Kimley-Horn Drainage)
Ramon Breton (Kimley-Horn PM)
Mark Trevitz (FDOT D5 PLEMO)
Cameron DeWitt (Inwood Drainage)
Renato Chuw (Inwood Drainage)
Kevin Freeman (VHB PDE)

2. Background

- D5 - Truck and Freight Alternative Site Analysis Project Development and Environment (PD&E) Study
- Coordination with Mark Trevitz PE PM D5 PLEMO on 09/7/22, meeting included the Consultants (VHB & Inwood)
- FDOT D5 share their Conceptual Drainage Report for the truck parking facility
- Kimley-Horn evaluated the data included with the Conceptual Drainage Report
- Kimley-Horn proceed with identifying the stormwater management needs for the Turnpike (Sand Lake Road Interchange and Orlando South Ultimate Interchange)

3. Discussion

Victor Gallo shared that Ponds 1A and 1B have been revised to provide for drainage needs of the SLR Interchange and OSUI Interchange projects. It was discussed that no additional water quality and quantity credits are available in Pond 1B. Exhibit was shared.

Based on the Truck Parking schedule the Sand Lake Road design team considers that the best approach is to use the remnant area available and re-configure the truck parking footprint and address their needs using the other pond sites shown in their conceptual report [during the design phase](#). FDOT D5 and their consultants agreed with the approach.

Kevin Freeman (VHB) mentioned that the new Turnpike Pond size shared during the meeting will impact a few parking spots but not enough to affect the potential viability of the truck parking site for recommendation.

Kimley-Horn identified credits (0.4 ac-ft) available for floodplain compensation in the turnpike ponds and the existing floodplain compensation site. Any credits available are to be documented in the Turnpike SLR drainage report for future use including the truck parking facility design.

Ramon Breton mentioned that Pond 1B outfalls to an existing ditch that would be within the truck parking footprint. Renato Chuw (Inwood) agreed for D5 to include document the need of culvert design or ditch realignment to maintain the drainage flows. This is the main outfall for the Turnpike project.

4. Action Items

Kimley-Horn will document with the 90% drainage report the coordination with D5 on the design of the truck parking facility.

FDOT D5 will receive the 90% Sand Lake Road submittal package. Notes To Reviewer will describe in detail FDOT D5 review focus on area of concern for the truck parking.

August 4, 2023

The Honorable Pete Buttigieg, Secretary
U.S. Department of Transportation
1200 New Jersey Avenue, Southeast
Washington, District of Columbia 20590

RE: Central Florida I-4 Truck Parking Facilities

Dear Secretary Buttigieg:

On behalf of MetroPlan Orlando, the federally designated metropolitan planning organization for the Orlando and Kissimmee Urbanized areas in Central Florida, I am pleased to support the Florida Department of Transportation (FDOT) 2023 Infrastructure for Rebuilding America (INFRA) grant request. The Osceola and Seminole County portions of this project are included in the MetroPlan Orlando 2045 Long Range Transportation Plan and is the Number One Ranked project in the Board's Priority Project List. The I-4 Truck Parking project will address a critical need for parking as identified by the US Department of Transportation, the FDOT and the American Transportation Research Institute.

The Central Florida I-4 Truck Parking Facilities project addresses the serious need for additional parking along the I-4 corridor. Ultimately it will provide safe parking for truckers and enable them to meet their rest requirements. The I-4 corridor within FDOT District 5 has the highest unmet truck parking demand in the state with only 36 existing public truck parking spaces, while the existing demand is 481 spaces. This project will provide an additional 917 truck parking spaces at four separate locations in Volusia, Seminole, and Osceola Counties. Once completed, the proposed facilities will connect to the statewide Truck Parking Availability System that provides drivers with valuable, real-time parking information.

The new Central Florida I-4 Truck Parking Facilities will have the capacity to serve as emergency response staging areas during hurricane season and for other extreme weather events throughout the year. During weather-related emergencies, rescue vehicles and response teams could be staged, as needed, at each of the parking facilities. Following the emergency event, the facilities could also be used as relief supply staging areas for Central Florida communities.

I encourage and thank you for your favorable consideration of the Central Florida I-4 Truck Parking Facilities INFRA Grant application.

Sincerely,

Gary Huttman, AICP
Executive Director
MetroPlan Orlando

RE: Central Florida I-4 Truck Parking Facilities

Dear Secretary Buttigieg:

I am writing in support of the Florida Department of Transportation (FDOT) as it seeks funding from the 2023 Infrastructure for Rebuilding America (INFRA) grant program for the Central Florida I-4 Truck Parking Facilities. This project will address a critical need for truck parking as identified by the US Department of Transportation, the FDOT and the American Transportation Research Institute.

The Central Florida I-4 Truck Parking Facilities project addresses the serious need for addition parking along the I-4 corridor to provide safe parking for truckers to meet hours of service rest requirements. The I-4 corridor within District 5 has the highest unmet truck parking demand in the state with only 36 existing public truck parking spaces, while the existing demand is 481 spaces. This project will provide an additional 917 truck parking spaces within four different sites in Volusia, Seminole, and Osceola counties. Once completed, the proposed facility will connect to the statewide Truck Parking Availability System which provides truck drivers with valuable, real-time available parking information.

These Central Florida I-4 Truck Parking Facilities have the capacity to serve as emergency response staging areas for the state in the case of hurricanes or other extreme weather events. During weather-related emergencies, rescue vehicles and response teams could be staged at the parking facility. Following the emergency event, the facilities could also be used as a relief supply staging area for the Kissimmee and Daytona metropolitan areas.

Thank you for your favorable consideration of the Central Florida I-4 Truck Parking Facilities INFRA Grant application.

Sincerely,

Chairwoman Viviana Janer
Commissioner- District 2
Osceola County Board of County Commissioners

CC:

Commissioner Peggy Choudhry – District 1
Commissioner Brandon Arrington – District 3
Commissioner Cheryl Grieb – District 4
Commissioner Ricky Booth – District 5

August 14, 2023

The Honorable Pete Buttigieg, Secretary
U.S. Department of Transportation
1200 New Jersey Avenue, Southeast
Washington, DC 20590

Regarding: Central Florida Interstate 4 Truck Parking Facilities, FPIN: 447724-1

Dear Secretary Buttigieg:

On behalf of the Seminole County Board of County Commissioners, I am pleased to offer support for the Florida Department of Transportation (FDOT) application for funding from the 2023 Infrastructure for Rebuilding American (INFRA) Grant Program, benefitting the Central Florida Interstate Four (I-4) Truck Parking Facilities initiative. This project is of utmost importance as it addresses a critical need for truck parking along the I-4 Corridor in FDOT District 5.

The Central Florida I-4 Truck Parking Facilities project is essential to ensuring the safety and efficiency of our region's transportation network. The I-4 Corridor has the highest unmet truck parking demand in the State of Florida, a long-standing issue not only in Seminole County but also in Orange, Osceola, and Volusia Counties. There are only 36 spots for truck parking, while the demand is for more than 480 spaces.

Truck drivers are required to comply with 49 CFR Part 395, requiring adequate rest and off-duty time. However, due to the significant shortage of truck parking in Central Florida, drivers struggle to find safe and adequate locations to rest, leading to fatigue and a potential risk to public safety. Additionally, Interstates 75 and 95 draw commercial carries in and out of Florida. Interstate 4 is the east-west connector through Central Florida, and the significant shortage of truck stop parking impacts the timely distribution of goods, as drivers must stop earlier than anticipated in order to comply with 49 CFR Part 395, or they must violate the Code of Federal Regulations.

By securing funds through the INFRA Grant Program, FDOT will be able to address this pressing concern by establishing well-designed and strategically located truck parking facilities. Successful implementation of this program will result in an additional 769 parking spots for trucks within the four-county region along I-4.

Once completed, the proposed facilities will connect to the statewide Truck Parking Availability System, which provides truck drivers with valuable, real-time available parking information. These facilities will have the capacity to serve as emergency response staging areas in the event of hurricanes or other emergency events. Moreover, the Central Florida I-4 Truck Parking Facilities project aligns with the goals of the INFRA Grant Program, which seeks to support projects that enhance the reliability, safety, and efficiency of our nation's transportation infrastructure.

Thank you for your commitment to enhancing our transportation infrastructure. Our Board looks forward to witnessing the positive outcomes that this project will undoubtedly bring to our community.

Sincerely,

Amy Lockhart, Chairman
Seminole County Board of County Commissioners

Only 36 truck parking spaces are available on I-4 in Longwood, which is indicative of the lack of places for truckers to stop along I-4 that FDOT is working to change. (Spectrum News/Jerry Hume)

TRAFFIC

FDOT looks at 11 locations for new I-4 truck stops

BY JERRY HUME | SEMINOLE COUNTY

PUBLISHED 7:36 AM ET MAR. 02, 2022

New rest stops may be coming for truckers in dire need of a place to pull over on I-4.

The Florida Department of Transportation is holding a series of public meetings on 11 proposed locations in four counties for the truck stops.

11 potential locations in four counties

- A series of public meetings are being held in March and April to discuss the potential truck stops
- One of those meetings will be held Thursday in Sanford

An estimated 40% of truck drivers spend more than an hour searching for a place to park their semi-truck.

“From Orlando north, to get to Daytona, there’s nowhere to park, absolutely nowhere,” said Brian Lindsey, a truck driver from Longwood.

North of Polk County, there are just two truck stops in Longwood for truckers on I-4 to use.

FDOT officials know there is a problem.

Between the Osceola/Polk County line and I-95, I-4 only has 36 truck spots available.

That’s well below the 481 spaces data show are currently needed, and in three years the demand will be 750 spaces.

“I always have to cross my fingers when I plan on parking (at the Longwood rest stop) to go home, because I live 2 miles down the road,” said Lindsey. “Because I never know if I’m going to get a spot.”

Truck parking is not only a capacity issue but also a critical safety concern, FDOT indicated.

Potential locations for new I-4 truck stops:

Osceola County

- 35.10 acres south of Osceola Polk Line Road near Orange Blossom Trail (3.87 miles from I-4)
- 24.30 acres north of Osceola Polk Line Road near Orange Blossom Trail (4.06 miles from I-4)

Orange County

- 6.70 acres between John Young Parkway, Sand Lake Road and Florida’s Turnpike (2.90 miles from I-4)

- 25.30 acres south of Tradeport Drive and directly across from Ringhaver Drive (7.74 miles from I-4)
- 12.40 acres north of Tradeport Drive and east of Ringhaver Drive (8.04 miles from I-4)

Seminole County

- 26.2 acres along I-4 east, south of Orange Boulevard and west of Monroe Road (0.32 mile from I-4)

Volusia County

- 1,164 acres along I-4 east and west, south of U.S. Highway 92 (0 miles from I-4)

“In 2018, FDOT conducted a statewide truck parking study to assess existing truck parking and future demand for truck parking across the state,” FDOT Public Information Director Jessica Ottaviano said. “The study found the I-4 corridor is the most critical corridor in the state, specifically between the Osceola/Polk County Line and Interstate 95. This segment was identified as a key freight corridor servicing between 7,000 and 20,000 trucks every day.”

Jason’s Law was established to require each state to evaluate the adequacy of truck parking, Ottaviano said.

Longwood-area resident Dominic Salfi said he hopes new rest stops will mean the current rest stops will close.

He's been fighting FDOT for two decades.

“The biggest problem is the diesel fuel and the particulates that come out,” he said.

Salfi has lived off Markham Woods Road, just behind I-4, for 58 years.

FDOT has promised for years to close down the overcrowded Longwood rest stops, he said.

"I had a granddaughter here who had serious situations with regards to her health when she was younger," he said. "And we could hardly have her here at the time."

Unfortunately for Salfi, Ottaviano said the need for truck parking means they don't plan to close the current rest stops anytime soon, just add more elsewhere.

A second meeting will be held Tuesday, April 5 at the Ramada Plaza by Wyndham Orlando (6500 International Dr.) in a meeting room.

At each meeting, participants can arrive anytime between 5:30 p.m. and 7 p.m. to view a looped presentation and speak to project team members.

FDOT is also planning for public meetings in Osceola and Volusia counties later in April.

The Newspaper for the Future of Miami

State revs up action to close freight truck parking gap

Written by Gabriela Henriquez Stoikow on August 3, 2021

Miami-Dade County and South Florida have faced a shortage of freight truck parking spaces for at least a decade. Port of Miami is one of the largest container ports in Florida and Miami International Airport was handling 81% of air cargo tonnage in the state by 2014. Playing such a role in the freight cargo industry comes with challenges.

The last study by the Miami-Dade Transportation Planning Organization in 2010 and 2012 revealed there were only 293 truck parking spots in the county but there was demand for 12,000, which would require development of 1,100 acres. Those numbers have evolved over the years but the problem remains the same and the solutions are limited.

Carlos Castro, District Six freight coordinator for the Florida Department of Transportation (FDOT), said the department is now

conducting a supply and demand analysis to get updated numbers and show existing conditions in the truck parking arena. Results are expected in December or January.

“The issue is really the cost of land, specifically in highly urbanized areas like Miami-Dade County,” he said. The shortage of truck parking facilities is a problem nationwide. “If you look at the entire nation, highly urbanized areas experienced the same kind of problem, that is, the high cost of the land that’s competing with these types of facilities.”

Mr. Castro explained that due to high land cost, the private sector is more likely to develop other commercial facilities.

“Traditionally, those types of facilities are delivered by the private sector. The private sector takes care of filling that gap,” he said. “Unfortunately, when the cost of land is so high, the finances do not work,” he continued.

“Therefore, the developers specialized in those types of facilities are unable to acquire the land to develop those types of facilities... the finances don’t work.”

As a result, FDOT is getting into the business of creating truck parking facilities, incentivizing the private sector by providing department-owned land and offering potential upfront capital investments to help the private sector make the finances work, Mr. Castro said.

Miami Today reported in June 2020 that the county and state transportation officials targeted a 17-acre parcel near the Golden Glades Interchange for a “Truck Travel Center.” It would include at least 135 truck spaces and amenities such as fueling, truck repair, truck washing, truck weighing and dining, shopping, laundry and showering space for drivers. Since then, the department has continued to work on that project.

Mr. Castro said the project will add 135 to 140 parking spaces and construction is expected to begin in fiscal 2023, between March and June. “We’re actually underway, beginning the process for a request for proposals, and in about a year from now, we probably are going to be advertising a design-build contract, and then hopefully begin construction in our fiscal year ’23.”

Efforts to overcome the truck parking shortage come from different agencies. The Miami-Dade Transportation Planning Organization (TPO), on its end, is organizing a regional workshop about free parking that includes Broward and Palm Beach counties and the Federal Highway Administration, to which they would look for opportunities to expand truck parking in the region.

Aileen Bouclé, TPO executive director, told Miami Today that the federal administration would provide specific resources and experts in the field. Additionally, the organization has been working with Tallahassee to submit freight priority projects for funding.

“We continue to advocate and request funding for the Golden Glades interchange parking truck parking facility,” Ms. Bouclé said. “We also have Northwest 36th Street as a priority for improving truck traffic flow... and we’re also very interested in the interchange of the Palmetto and Okeechobee Road.”

For this project, FDOT is looking to redesign the interchange, including ramp access and overpasses. “They’re looking at how the flow of traffic through this intersection can be improved,” she said.

Both agencies continue to work on projects to develop freight truck parking and improvements in mobility, but this is a challenge yet to be overcome.

“We are looking at other pieces of land that we own for potential development for parking facilities,” Mr. Castro said. “But again, there’s competing interests and there’s not that many parcels that have the appropriate characteristics such as the size, the proximity to limited access facilities or highways, proximity to load centers, and proximity to warehousing assets.”

APPENDIX F
KICK-OFF NOTIFICATIONS

DRAFT

Subject: FPID 447724-1: Truck and Freight Alternative Site Analysis Project Development and Environment (PD&E) Study

Dear Elected Official:

The purpose of this email is to inform you that the Florida Department of Transportation (FDOT), is conducting a Project Development and Environment (PD&E) Study to recommend viable sites for truck and freight parking sites along the I-4 corridor within Volusia, Seminole, Orange, and Osceola Counties. A handout providing a project overview is attached for your reference.

The PD&E Study process involves a combination of engineering analysis, environmental evaluations, public involvement and agency coordination. It is conducted to determine the location and conceptual design along with the potential social, economic, and environmental impacts and benefits of the proposed improvements.

The study began in May 2021 and will take approximately 1 year to complete. Eight total public meetings, four hybrid public information meetings, one in each county, and four hybrid alternatives meetings, one in each county, will take place during the study. You will be notified of these events at least 30 days in advance. Additionally, several small group and agency meetings will be held with key stakeholders. More information can be found on the project website at, <https://www.cflroads.com/project/447724-1>.

The environmental review, consultation, and other actions required by applicable federal environmental laws for this project are being, or have been, carried out by FDOT pursuant to 23 U.S.C. §327 and a Memorandum of Understanding dated December 14, 2016, and executed by the Federal Highway Administration and FDOT.

Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability, or family status. Persons wishing to express their concerns relative to compliance with Title VI may do so by contacting Jennifer Smith, District 5 Title VI Coordinator, by email at Jennifer.Smith2@dot.state.fl.us or by telephone at (386) 943-5367.

For additional information please feel free to contact me at (386) 943-5422 or by e-mail at Ennis.Davis@dot.state.fl.us.

Sincerely,

Ennis Davis, AICP

Public Meeting Summary Report

Truck and Freight Site Analysis PD&E Study

Along the I-4 Corridor in District 5

Orange, Osceola, Volusia, and Seminole Counties

March 2022

DRAFT

Submitted to:

Florida Department of Transportation
District Five
719 South Woodland Boulevard
DeLand, Florida 32720

1.0 INTRODUCTION

This document summarizes the public involvement activities associated with the Alternatives Public Meeting hosted in Seminole County for the subject project. The purpose of this project is to evaluate and recommend potential truck and freight parking site alternatives along the I-4 corridor that are viable for private and public operator use.

The purpose of the Alternatives Public Meeting was to present information and receive input from the public and other stakeholders regarding the proposed sites. Additional public meetings for prospective truck parking site alternatives along the I-4 corridor are scheduled in April 2022 for Orange, Osceola, and Volusia Counties. Each public meeting for this project will include the same information and presentation on potential sites across all counties.

Public Meeting Date and Location:

The public meeting was hosted by Florida Department of Transportation (FDOT), District Five on:

Thursday, March 3, 2022

5:30 p.m. Open House

Central Florida Zoo & Botanical Gardens – Safari Room and online via GoToWebinar

3755 W. Seminole Blvd.

Sanford, FL 32771

The meeting was conducted as a hybrid public meeting. This means attendees were given the option to attend in person or virtually using the GoToWebinar platform. This process followed and was consistent with the most current FDOT guidelines for Hybrid Public Meetings.

Project Team Attendees:

The project team representatives who attended the public meeting included:

Florida Department of Transportation

Steven Buck

Mark Trebitz

Tyler Burgett

Jeff Cicerello

Ashraf Elmaghraby

Kellie Smith

Jack Adkins

Peyton Maki

Catalina Chacon

Sarah McNamara

Carlos Castro (online)

Lorena Cucek (online)

Rakinya Hinson (online)

Mary McHehee (online)

Sarah Van Gundy (online)

VHB

Demond Hazley

Kevin Freeman

Kennedy Sumner-Snell

Courtney Reynolds
Michael Zoellner

Inwood Consulting Engineers

Anna Pindara
Maica Pham
Amanda Ashby (online)

HW Lochner

Jason Dahlvik

Notable Attendees

Commissioner Bob Dallari, Seminole County, District 1
Commissioner Lee Constantine, Seminole County, District 3
Commissioner Andria Herr, Seminole County, District 5
Jean Jreij, P.E., Seminole County Public Works Director/County Engineer
Bill Wharton, Seminole County Planning Division
Norton Bonaparte, Jr., City Manager, City of Sanford
Tom Tomerlin, Economic Development Director, City of Sanford
Gary Hartman, Metroplan Orlando
John Cheney, Volusia County Public Works

2.0 PUBLIC NOTIFICATION

Invitations:

There were 206 invitations sent to property owners, government officials, and other interested parties. This meeting was originally scheduled for January 26, 2022 and notices were mailed according to the original schedule. This meeting was rescheduled to give additional time for further coordination, which will allow for expanded public outreach efforts prior to the meetings as well as additional details to be provided at the scheduled meetings. Reschedule notices were sent according to the schedule in *Table 1*. The invitations described the project and provided information about the location, date, and time of the public meeting including options to attend in person or via the GoToWebinar. Public meeting notices were e-mailed to elected officials, appointed officials, and agency and industry staff in the project area. Additionally, Invitational letters were mailed to property owners and other interested stakeholders. Copies of the letters are included in *Appendix A*. A breakdown of the recipient list is provided in *Table 1*. Complete mailing lists and the parcel selection map are provided in *Appendix B*.

Table 1 - Invitation Summary

Recipient	Number of Recipients	Date Invitation Sent
Elected Officials	27	January 21, 2022 via email
Appointed Officials	20	January 21, 2022 via email
Agency and Industry Staff	78	January 21, 2022 via email

Property Owners/Tenants/Other Interested Parties	81	January 21, 2022 via mail
Total	206	

Advertisements:

An advertisement was placed in the Orlando Sentinel. The advertisement was published on Sunday, January 30, 2022. In addition to the newspaper advertisement, the public meeting was also noticed in the *Florida Administrative Register* on Monday, February 21, 2022 in Volume 48/35. Copies of the advertisements are provided in *Appendix C*.

Press Release:

A press release was sent to the local media outlets for immediate release on Wednesday, January 19, 2022. The press release can be found in *Appendix D*.

3.0 AT THE PUBLIC MEETING

Parking and Signage:

Parking was available to accommodate all public meeting attendees, including the disabled. Directional signs were placed in areas surrounding the venue which guided attendees to the meeting site.

Hybrid Meeting Format:

The public meeting was held as a hybrid meeting and began in an open house format at 5:30 p.m. In-person attendees were greeted upon arrival and asked to sign in. Comment forms, pens, and a copy of the project fact sheet were available at the welcome table and throughout the meeting space. Those attending virtually using GoToWebinar were able to log-in to the meeting starting at 5:30 p.m.

A total of 19 guests attended the public meeting in person. The sign-in sheets can be found in *Appendix E*. A total of 18 guests attended the public meeting virtually using GoToWebinar.

The public meeting began at 5:30 p.m. Introductory remarks were given by Mark Trebitz, P.E., the FDOT Project Manager, online followed by a narrated, PowerPoint presentation.

The public meeting concluded at 7 p.m. A copy of the recorded presentation and project displays are available on the project website: www.cflroads.com/project/447724-1. The presentation is included in *Appendix F*.

Displays:

Aerial display boards, schedule board, and study location board were provided for viewing at the in-person location and on the project website. In addition, a welcome board, Title VI board, and interpretive services poster were on display at the in-person location. Copies of the public meeting displays can be found in *Appendix G*.

4.0 SUMMARY OF COMMENTS RECEIVED

One comment was submitted online during the meeting. No in-person comments were received during the public meeting or within the 10-day comment period.

5.0 CONCLUSION

For more information about the public meeting for the Truck and Freight Parking Site Analysis PD&E Study, please contact:

NOTICE – MEETING RESCHEDULED FOR SEMINOLE COUNTY TRUCK AND FREIGHT SITE ANALYSIS PD&E STUDY

Dear Elected Official:

The Florida Department of Transportation (FDOT) has **rescheduled** a public meeting regarding project plans for the Truck and Freight Alternative Site Analysis Project Development and Environment (PD&E) Study in Seminole County.

The meeting will now take place on Thursday, March 3, 2022, at 5:30 p.m. at the original location -Central Florida Zoo & Botanical Gardens – Safari Room, 3755 W. Seminole Blvd., Sanford, FL 32771. **The public meeting was originally scheduled for Wednesday, January 26, 2022.**

Meetings for this project are being rescheduled to give additional time for further coordination, which will allow for expanded public outreach efforts prior to the meetings as well as additional details to be provided at the scheduled meetings.

The purpose of this project is to evaluate and recommend potential truck and freight parking site alternatives along the I-4 corridor that are viable for private and public operator use. Additional information is available in the attached project information handout. The public meeting is being held to present information and receive community feedback.

Additional public meetings for prospective truck parking site alternatives along the I-4 corridor have been rescheduled to be held in Orange, Osceola, and Volusia counties in April 2022. Each public meeting for this project will include the same information and presentation on potential sites across all counties.

The Department is offering multiple ways for the community to participate in the meeting. All participants, regardless of which platform they choose, will participate in the same live meeting.

- **Virtual Option:** Interested persons may join the Virtual Public Meeting (VPM) from a computer, tablet or mobile device. A VPM is a free live presentation or webinar over the internet. For this option, advance registration is required by visiting <https://attendee.gotowebinar.com/register/2401317321618411787>. Once registered, participants will receive a confirmation email containing information about joining the meeting online. Please note, Internet Explorer cannot be used to register or attend this webinar. If joining online, please allow adequate time to log in to view the presentation in its entirety.
- **Phone Option (Listen Only):** Participants may join the meeting in listen-only mode by dialing 415-655-0052 and entering the passcode 970-201-133 when prompted.
- **In-Person Open House Option:** Participants may attend in person by going to Central Florida Zoo & Botanical Gardens – Safari Room, 3755 W. Seminole Blvd., Sanford, FL 32771 anytime between 5:30 p.m. and 7 p.m. to view a looping presentation and project displays, speak with project team members, and submit comments or questions. If attending in person, please remember to follow all safety and sanitation guidelines. If you are feeling unwell, please consider attending the meeting virtually or by phone.

All meeting materials, including the presentation, will be available on the project website at <https://www.cflroads.com/project/447724-1> prior to the meeting.

FDOT is sending notices to nearby property owners, business owners, interested persons, and organizations to provide the opportunity to offer comments and express their views regarding this project and the proposed improvements.

Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability, or family status. Persons wishing to express their concerns relative to FDOT compliance with Title VI may do so by contacting Jennifer Smith, FDOT District Five Title VI Coordinator, at Jennifer.Smith2@dot.state.fl.us.

The environmental review, consultation, and other actions required by applicable federal environmental laws for this project are being, or have been, carried on by FDOT pursuant to 23 U.S.C. §327 and a Memorandum of Understanding dated December 14, 2016, and executed by the Federal Highway Administration and FDOT.

Persons who require accommodations under the Americans with Disabilities Act (ADA) or persons who require translation services (free of charge) should contact Mark Trebitz, P.E. at 386-943-5157 or Mark.Trebitz@dot.state.fl.us at least seven (7) days prior to the meeting. If you are hearing or speech impaired, please contact us by using the Florida Relay Service, 1-800-955-8771 (TDD) or 1-800-955-8770 (Voice).

If you have any questions or comments about the project, please contact: FDOT Project Mark Trebitz, P.E. by phone at 386-943-5157, by email at Mark.Trebitz@dot.state.fl.us, or U.S. mail at Florida Department of Transportation, 719 S. Woodland Boulevard, DeLand, FL 32720.

Sincerely,

Jared W. Perdue, P.E.
District Five Secretary

Truck & Freight Alternative Site Analysis Project Development & Environment (PD&E) Study

Osceola, Orange, Seminole, and Volusia Counties

Financial Project Identification (FPID) No.: 447724-1

Project Description

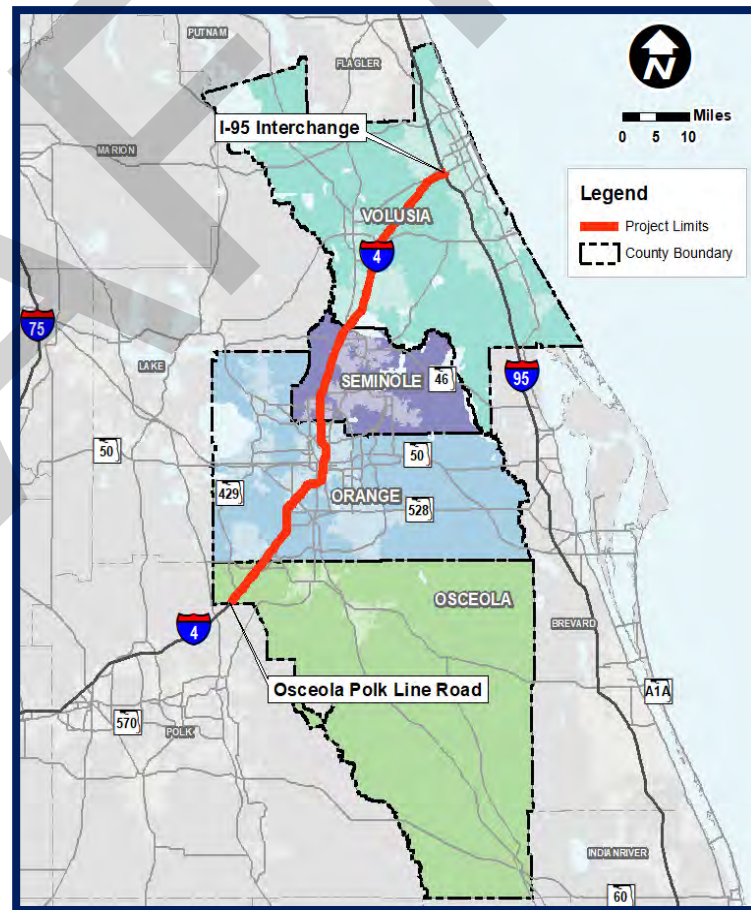

The Florida Department of Transportation is conducting a truck and freight parking Project Development and Environment Study along the I-4 corridor in Osceola, Orange, Seminole, and Volusia counties.

The purpose of the PD&E study is to review, refine, and recommend viable alternative sites for truck and freight parking.

Each potential site will be evaluated for operational and safety needs for existing and future transportation demand, and a preliminary concept design will be performed.

Public meetings will be held in each county over the coming months to present all viable sites. Each public meeting for this project will include the same information and presentation on potential sites across all counties.

Various sites are being evaluated throughout the four-county corridor. While multiple sites are planned to be built, currently, funding for one site has been programmed, which includes Design, Right of Way, and Construction. The site to receive the funding has yet to be determined. The Department continues to seek funding for additional sites.

Project Status and Estimated Costs*

PD&E Study:	FPID 447724-1 - FY21	\$2 million
Design:	FPID 446445-1 - FY22	\$2 million
Right of Way:	FPID 446445-1 - FY24-25	\$10.62 million
Construction:	FPID 446445-1 - FY26	\$13.364 million

Meeting Summaries
Appendix C: Advertisements

DRAFT

GENERAL SUBJECT MATTER TO BE CONSIDERED: A public meeting will be held regarding project plans on S.R. A1A between north of Crescent Beach Drive to south of Minutemen Causeway (FPID No.: 445867-1) and a drainage improvement project along S.R. A1A (FPID No.: 448636-1).

The purpose of these projects is to enhance pedestrian safety along S.R. A1A between north of Crescent Beach Drive to south of Minutemen Causeway by adding new pedestrian mid-block crossings and to address drainage concerns. The public meeting is being held to present information and receive community feedback.

The Department is offering multiple ways for the community to participate in the meeting. All participants, regardless of platform they choose, will receive the same information on the proposed project.

Virtual Option: Interested persons may join the Virtual Public Meeting (VPM) from a computer, tablet, or mobile device. A VPM is a free live presentation or webinar over the internet. For this option, advance registration is required by visiting <https://attendee.gotowebinar.com/register/244580184259768846>. Once registered, participants will receive a confirmation email containing information about joining the meeting online. Please note, Internet Explorer cannot be used to register or attend this webinar. If joining online, please provide adequate log-in time to view the presentation in its entirety.

Phone Option (Listen Only): Participants may join the meeting in listen-only mode by dialing (415)930-5321 and entering the passcode 687-174-183 when prompted.

In-Person Open House Option: Participants may attend in person by going to Cocoa Beach Public Library – Community Room, 550 N. Brevard Ave, Cocoa Beach, FL 32931 anytime between 5:30 p.m. – 7:00 p.m. to view a looping presentation and project displays, speak with project team members, and submit comments or questions. If attending in person, please remember to follow all safety and sanitation guidelines. If you are feeling unwell, please consider attending the meeting virtually or by phone.

Attendees will be asked to follow all safety and sanitation guidelines as well as adhere to any local ordinances. Persons who are not feeling well should not attend the in-person meeting.

The virtual and in-person meeting location will open at 5:30 p.m. on Tuesday, March 1. If joining online, please allow adequate log-in time to view the presentation in its entirety.

All meeting materials, including the presentation, will be available on the project websites at www.cflroads.com/project/445867-1 or www.cflroads.com/project/448636-1 prior to the meeting.

FDOT is sending notices to all property owners, business owners, interested persons and organizations to provide the

opportunity to offer comments and express their views regarding this project and the proposed improvements.

Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability, or family status. Persons wishing to express their concerns relative to FDOT compliance with Title VI may do so by contacting Jennifer Smith, FDOT District Five Title VI Coordinator, at Jennifer.Smith2@dot.state.fl.us.

A copy of the agenda may be obtained by contacting: Not applicable.

Pursuant to the provisions of the Americans with Disabilities Act, any person requiring special accommodations to participate in this workshop/meeting is asked to advise the agency at least seven (7) days before the workshop/meeting by contacting: FDOT Project Manager Sam Jumber, P.E., at (386)943-5244, or by email at Sam.Jumber@dot.state.fl.us. If you are hearing or speech impaired, please contact the agency using the Florida Relay Service, 1(800)955-8771 (TDD) or 1(800)955-8770 (Voice).

For more information, you may contact: For more information, you may contact: FDOT Project Manager Sam Jumber, P.E., by phone at (386)943-5244, by email at Samuel.Jumber@dot.state.fl.us, or U.S. mail at Florida Department of Transportation, 719 South Woodland Boulevard, DeLand, FL 32720. Information about this project is also available online at www.cflroads.com. Simply type 445867-1 in the search box, click “go” and then select the project. We encourage you to participate in the S.R. A1A Safety Project public meeting.

INWOOD CONSULTING ENGINEERS, INC.

The Florida Department of Transportation (FDOT) announces a public meeting to which all persons are invited.

DATE AND TIME: New Date: Thursday, March 3, 2022, 5:30 p.m.

PLACE: Virtually on GoTo Webinar; By phone at (415)655-0052 with passcode 970-201-133; In-Person at Central Florida Zoo & Botanical Gardens

GENERAL SUBJECT MATTER TO BE CONSIDERED: NOTICE – MEETING RESCHEDULED FOR SEMINOLE COUNTY TRUCK AND FREIGHT SITE ANALYSIS PD&E STUDY

A public meeting has been rescheduled regarding project plans for the Truck and Freight Alternative Site Analysis Project Development and Environment (PD&E) Study in Seminole County. (FPID no. 447724-1-22-01)

The meeting will now take place on Thursday, March 3, 2022, 5:30 p.m. at the original location -Central Florida Zoo & Botanical Gardens – Safari Room, 3755 W. Seminole Blvd., Sanford, FL 32771. The public meeting was originally scheduled for Wednesday, January 26, 2022.

Meetings for this project are being rescheduled to give additional time for further coordination, which will allow for expanded public outreach efforts prior to the meetings as well as additional details to be provided at the scheduled meetings.

The purpose of this project is to evaluate and recommend potential truck and freight parking site alternatives along the I-4 corridor that are viable for private and public operator use. The public meeting is being held to present information and receive community feedback.

Additional public meetings for prospective truck parking site alternatives along the I-4 corridor have been rescheduled to be held in Orange, Osceola, and Volusia counties in April 2022. Each public meeting for this project will include the same information and presentation on potential sites across all counties.

The Department is offering multiple ways for the community to participate in the meeting. All participants, regardless of platform they choose, will receive the same information on the proposed project.

Virtual Option: Interested persons may join the Virtual Public Meeting (VPM) from a computer, tablet, or mobile device. A VPM is a free live presentation or webinar over the internet. For this option, advance registration is required by visiting <https://attendee.gotowebinar.com/register/2401317321618411787>. Once registered, participants will receive a confirmation email containing information about joining the meeting online. Please note, Internet Explorer cannot be used to register or attend this webinar. If joining online, please provide adequate log-in time to view the presentation in its entirety.

Phone Option (Listen Only): Participants may join the meeting in listen-only mode by dialing (415)655-0052 and entering the passcode 970-201-133 when prompted.

In-Person Open House Option: Participants may attend in person by going to Central Florida Zoo & Botanical Gardens – Safari Room, 3755 W. Seminole Blvd., Sanford, FL 32771 anytime between 5:30 p.m. – 7:00 p.m. to view a looping presentation and project displays, speak with project team members, and submit comments or questions. If attending in person, please remember to follow all safety and sanitation guidelines. If you are feeling unwell, please consider attending the meeting virtually or by phone.

Attendees will be asked to follow all safety and sanitation guidelines as well as adhere to any local ordinances. Persons who are not feeling well should not attend the in-person meeting.

All meeting materials, including the presentation, will be available on the project website at <https://www.cflroads.com/project/447724-1> prior to the meeting.

FDOT is sending notices to all property owners, business owners, interested persons and organizations to provide the

opportunity to offer comments and express their views regarding this project and the proposed improvements.

Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability, or family status. Persons wishing to express their concerns relative to FDOT compliance with Title VI may do so by contacting Jennifer Smith, FDOT District Five Title VI Coordinator, at Jennifer.Smith2@dot.state.fl.us.

The environmental review, consultation, and other actions required by applicable federal environmental laws for this project are being, or have been, carried on by FDOT pursuant to 23 U.S.C. §327 and a Memorandum of Understanding dated December 14, 2016, and executed by the Federal Highway Administration and FDOT.

A copy of the agenda may be obtained by contacting: Not applicable.

Pursuant to the provisions of the Americans with Disabilities Act, any person requiring special accommodations to participate in this workshop/meeting is asked to advise the agency at least seven (7) days before the workshop/meeting by contacting: FDOT Project Manager Mark Trebitz, P.E. at (386)943-5157, or by email at Mark.Trebitz@dot.state.fl.us. If you are hearing or speech impaired, please contact the agency using the Florida Relay Service, 1(800)955-8771 (TDD) or 1(800)955-8770 (Voice).

For more information, you may contact: For more information, you may contact: FDOT Project Manager Mark Trebitz, P.E. by phone at (386)943-5157, by email at Mark.Trebitz@dot.state.fl.us, or U.S. mail at Florida Department of Transportation, 719 South Woodland Boulevard, DeLand, FL 32720. Information about this project is also available online at www.cflroads.com. Simply type 447724-1 in the search box, click “go” and then select the project. We encourage you to participate in the Truck and Freight Alternative Site Analysis PD&E Study public meeting.

Upcoming Public Meeting for the Truck and Freight Site Analysis PD&E Study

Meeting will be offered in multiple platforms

Seminole County, Fla. — The Florida Department of Transportation (FDOT) **has rescheduled** a public meeting regarding project plans for the Truck and Freight Alternative Site Analysis Project Development and Environment (PD&E) Study. **The meeting will now take place on Thursday, March 3, 2022**, at 5:30 p.m., at the original location – Central Florida Zoo & Botanical Gardens, 3755 W. Seminole Blvd, Sanford, FL 32771.

The public meeting was originally scheduled for Wednesday, January 26, 2022. Meetings for this project are being rescheduled to give additional time for further coordination, which will allow for expanded public outreach efforts prior to the meetings as well as additional details to be provided at the scheduled meetings.

The purpose of this project is to evaluate and recommend potential truck and freight parking site alternatives along the I-4 corridor that are viable for private and public operator use.

Additional public meetings for prospective truck parking site alternatives along the I-4 corridor **have been rescheduled** to be held in Orange, Osceola, and Volusia counties in **April 2022**. **Each public meeting for this project will include the same information and presentation on potential sites across all counties.**

The Department is offering multiple ways for the community to participate in the meeting. All participants, regardless of platform they choose, will participate in the same live meeting.

Virtual Option: Interested persons may join the Virtual Public Meeting (VPH) from a computer, tablet, or mobile device. A VPH is a free live presentation or webinar over the internet. For this option, advance registration is required by visiting <https://attendee.gotowebinar.com/register/2401317321618411787>. Once registered, participants will receive a confirmation email containing information about joining the meeting online. Please note, Internet Explorer cannot be used to register or attend this webinar. If joining online, please provide adequate log-in time to view the presentation in its entirety.

Improve Safety, Enhance Mobility, Inspire Innovation

www.fdot.gov | Twitter: @MyFDOT_CFL | Facebook: @MyFDOTCFL

The Florida Department of Transportation's mission is to provide a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity, and preserves the quality of the state's environment and communities. The department is committed to building a transportation system that not only fits the current needs of Florida's residents and visitors, but also enhances mobility throughout the state to accommodate its consistent and rapid growth. The unique nature of the Sunshine State and its year-round warm climate provides numerous opportunities to achieve the department's mission through multiple transportation modes including highways/streets, air, rail, sea, spaceports, transit, and the ever-expanding deployment of bicycle & pedestrian facilities.

Phone Option (Listen Only): Participants may join the meeting in listen-only mode by dialing 415-655-0052 and entering the passcode 970-201-133 when prompted.

In-Person Open House Option: Participants may attend in person by going to Central Florida Zoo & Botanical Gardens – Safari Room, 3755 W. Seminole Blvd., Sanford, FL 32771 anytime between 5:30 p.m. and 7 p.m. to view a looping presentation and project displays, speak with project team members, and submit comments or questions.

If attending in person, please remember to follow all safety and sanitation guidelines as well as adhere to any local ordinances. If you are feeling unwell, please consider attending the meeting virtually or by phone.

All meeting materials, including the presentation, will be available on the project website at <https://www.cflroads.com/project/447724-1> prior to the meeting.

Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability, or family status. Persons wishing to express their concerns relative to FDOT compliance with Title VI may do so by contacting Jennifer Smith, FDOT District Five Title VI Coordinator, at Jennifer.Smith2@dot.state.fl.us.

The environmental review, consultation, and other actions required by applicable federal environmental laws for this project are being, or have been, carried on by FDOT pursuant to 23 U.S.C. §327 and a Memorandum of Understanding dated December 14, 2016, and executed by the Federal Highway Administration and FDOT.

Persons who require accommodations under the Americans with Disabilities Act (ADA) or persons who require translation services (free of charge) should contact **Mark Trebitz, P.E.** at **386-943-5157** or Mark.Trebitz@dot.state.fl.us at least seven (7) days prior to the meeting. If you are hearing or speech impaired, please contact us by using the Florida Relay Service, 1-800-955-8771 (TDD) or 1-800-955-8770 (Voice).

Media inquiries should be directed to the FDOT District Five Communications Office at FDOT-D5Comm@dot.state.fl.us or by phone at 386-943-5593.

Public Meeting Summary Report

Truck and Freight Site Analysis PD&E Study

Along the I-4 Corridor in District 5

Orange, Osceola, Volusia, and Seminole Counties

April 2022

DRAFT

Submitted to:

Florida Department of Transportation
District Five
719 South Woodland Boulevard
DeLand, Florida 32720

1.0 INTRODUCTION

This document summarizes the public involvement activities associated with the Alternatives Public Meeting hosted in Orange County for the subject project. The purpose of this project is to evaluate and recommend potential truck and freight parking site alternatives along the I-4 corridor that are viable for private and public operator use.

The purpose of the Alternatives Public Meeting was to present information and receive input from the public and other stakeholders regarding the proposed sites. Additional public meetings for prospective truck parking site alternatives along the I-4 corridor are scheduled in April 2022 for Osceola and Volusia Counties and a meeting was held in March 2022 for Seminole County. Each public meeting for this project will include the same information and presentation on potential sites across all counties.

Public Meeting Date and Location:

The public meeting was hosted by Florida Department of Transportation (FDOT), District Five on:

Tuesday, April 5, 2022
5:30 p.m. Open House
Ramada Plaza by Wyndham – Meeting Room and online via GoToWebinar
6500 International Drive
Orlando, FL 32819

The meeting was conducted as a hybrid public meeting. This means attendees were given the option to attend in person or virtually using the GoToWebinar platform. This process followed and was consistent with the most current FDOT guidelines for Hybrid Public Meetings.

Project Team Attendees:

The project team representatives who attended the public meeting included:

Florida Department of Transportation

Steven Buck
Mark Trebitz
Jeff Cicerello
Ashraf Elmaghraby
Ron Meade
Seta Koroitamuda
Kellie Smith
Mary McGehee (online)

VHB

Demond Hazley
Kevin Freeman
Courtney Reynolds
Michael Zoellner

Inwood Consulting Engineers

Anna Pindara
Maica Pham
Amanda Ashby (online)

HW Lochner
Jason Dahlvik

Notable Attendees (online)

Alyssa McManus, Florida Department of State, Division of Historical Resources
Jon Cheney, Volusia County Traffic Engineer
Kevin Thompson, Greater Orlando Aviation Authority, Manager of Aviation Planning
Brad Freil, Greater Orlando Aviation Authority, Director of Planning
Alex Sorondo, Greater Orlando Aviation Authority, Senior Aviation Project Manager
Alissa Torres, Orange County, Transportation Division, Chief Planner
Deryck Harmer, Yardco

2.0 PUBLIC NOTIFICATION

Invitations:

There were 331 invitations sent to property owners, government officials, and other interested parties. This meeting was originally scheduled for February 2, 2022, and notices were mailed according to the original schedule. This meeting was rescheduled to give additional time for further coordination to allow for expanded public outreach efforts. Reschedule notices were sent according to the schedule in *Table 1*. The invitations described the project and provided information about the location, date, and time of the public meeting including options to attend in person or via the GoToWebinar. Public meeting notices were e-mailed to elected officials, appointed officials, and agency and industry staff in the project area. Additionally, Invitational letters were mailed to property owners and other interested stakeholders. Copies of the letters are included in *Appendix A*. A breakdown of the recipient list is provided in *Table 1*. Complete mailing lists are provided in *Appendix B*.

Table 1 - Invitation Summary

Recipient	Number of Recipients	Date Invitation Sent
Elected Officials	44	February 1, 2022, via email
Appointed Officials	42	February 1, 2022, via email
Agency and Industry Staff	154	January 21, 2022, via email
Property Owners/Tenants/Other Interested Parties	91	January 27, 2022, via mail
Total	331	

Advertisements:

An advertisement was placed in the Orlando Sentinel. The advertisement was published on Sunday, January 30, 2022. In addition to the newspaper advertisement, the public meeting was also noticed in the *Florida Administrative Register* on Monday, March 28, 2022, in Volume 48/60. Copies of the advertisements are provided in *Appendix C*.

Press Release:

A press release was sent to the local media outlets for immediate release on Monday, March 28, 2022. The press release can be found in *Appendix D*.

3.0 AT THE PUBLIC MEETING

Parking and Signage:

Parking was available to accommodate all public meeting attendees, including the disabled. Directional signs were placed in areas surrounding the venue which guided attendees to the meeting site.

Hybrid Meeting Format:

The public meeting was held as a hybrid meeting and began in an open house format at 5:30 p.m. In-person attendees were greeted upon arrival and asked to sign in. Comment forms, pens, and a copy of the project fact sheet were available at the welcome table and throughout the meeting space. Those attending virtually using GoToWebinar were able to log-in to the meeting starting at 5:30 p.m.

A total of 3 guests attended the public meeting in person. The sign-in sheets can be found in *Appendix E*. A total of 13 guests attended the public meeting virtually using GoToWebinar.

The public meeting began at 5:30 p.m. Introductory remarks were given by Mark Trebitz, P.E., the FDOT Project Manager, online followed by a narrated, PowerPoint presentation.

The public meeting concluded at 7 p.m. A copy of the recorded presentation and project displays are available on the project website: www.cflroads.com/project/447724-1. The presentation is included in *Appendix F*.

Displays:

Aerial display boards, schedule board, and study location board were provided for viewing at the in-person location and on the project website. In addition, a welcome board, Title VI board, and interpretive services poster were on display at the in-person location. Copies of the public meeting displays can be found in *Appendix G*.

4.0 SUMMARY OF COMMENTS RECEIVED

Three comments were submitted online during the meeting. Two in-person comments were received during the public meeting or within the 10-day comment period.

5.0 CONCLUSION

Florida Department of Transportation

January 7, 2022

**Subject: Public Information Meeting
Truck and Freight Site Analysis PD&E Study
Orange County
Financial Project Identification (FPID) No.: 447724-1**

Dear Elected Official:

The Florida Department of Transportation (FDOT) invites you to a public meeting regarding project plans for the Truck and Freight Alternative Site Analysis Project Development and Environment (PD&E) Study in Orange County on Wednesday, February 2, 2022, at 5:30 p.m.

The purpose of this project is to evaluate and recommend potential truck and freight parking site alternatives along the I-4 corridor that are viable for private and public operator use. Additional information is available in the attached project information handout. The public meeting is being held to present information and receive community feedback.

Additional public meetings for prospective truck parking site alternatives along the I-4 corridor will be held in Osceola, and Volusia counties in February 2022. A public meeting is scheduled in January for sites identified in Seminole County.

The Department is offering multiple ways for the community to participate in the meeting. All participants, regardless of which platform they choose, will participate in the same live meeting.

- **Virtual Option:** Interested persons may join the Virtual Public Meeting (VPM) from a computer, tablet or mobile device. A VPM is a free live presentation or webinar over the internet. For this option, advance registration is required by visiting <https://attendeegotowebinar.com/register/6274466877226808335>. Once registered, participants will receive a confirmation email containing information about joining the meeting online. Please note, Internet Explorer cannot be used to register or attend this webinar. If joining online, please allow adequate time to log in to view the presentation in its entirety.
- **Phone Option (Listen Only):** Participants may join the meeting in listen-only mode by dialing 562-247-8422 and entering the passcode 328-555-023 when prompted.
- **In-Person Open House Option:** Participants may attend in person by going to Ramada Plaza by Wyndham Orlando – Meeting Room, 6500 International Drive, Orlando, FL 32819 anytime between 5:30 p.m. and 7 p.m. to view a looping presentation and project displays, speak with project team members, and submit comments or questions. If attending in person, please remember to follow all safety and sanitation guidelines. If you are feeling unwell, please consider attending the meeting virtually or by phone.

All meeting materials, including the presentation, will be available on the project website at <https://www.cflroads.com/project/447724-1> prior to the meeting.

FDOT is sending notices to nearby property owners, business owners, interested persons, and organizations to provide the opportunity to offer comments and express their views regarding this project and the proposed improvements.

Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability, or family status. Persons wishing to express their concerns relative to FDOT compliance with Title VI may do so by contacting Jennifer Smith, FDOT District Five Title VI Coordinator, at Jennifer.Smith2@dot.state.fl.us.

The environmental review, consultation, and other actions required by applicable federal environmental laws for this project are being, or have been, carried on by FDOT pursuant to 23 U.S.C. §327 and a Memorandum of Understanding dated December 14, 2016, and executed by the Federal Highway Administration and FDOT

Persons who require accommodations under the Americans with Disabilities Act (ADA) or persons who require translation services (free of charge) should contact Amy Sirmans, P.E. at 407-641-0688 or ASirmans@VHB.com at least seven (7) days prior to the meeting. If you are hearing or speech impaired, please contact us by using the Florida Relay Service, 1-800-955-8771 (TDD) or 1-800-955-8770 (Voice).

If you have any questions or comments about the project, please contact: FDOT Project Manager Ennis Davis, AICP by phone at 386-943-5422, by email at Ennis.Davis@dot.state.fl.us, or U.S. mail at Florida Department of Transportation, 719 S. Woodland Boulevard, MS 510, DeLand, FL 32720.

Sincerely,

Jared W. Perdue, P.E.
District Five Secretary

Dear Government Official:

The Florida Department of Transportation (FDOT) invites you to a public meeting regarding project plans for the Truck and Freight Alternative Site Analysis Project Development and Environment (PD&E) Study in Orange County on Wednesday, February 2, 2022, at 5:30 p.m.

The purpose of this project is to evaluate and recommend potential truck and freight parking site alternatives along the I-4 corridor that are viable for private and public operator use. Additional information is available in the attached project information handout. The public meeting is being held to present information and receive community feedback.

Additional public meetings for prospective truck parking site alternatives along the I-4 corridor will be held in Osceola, and Volusia counties in February 2022. A public meeting is scheduled in January for sites identified in Seminole County.

The Department is offering multiple ways for the community to participate in the meeting. All participants, regardless of which platform they choose, will participate in the same live meeting.

- **Virtual Option:** Interested persons may join the Virtual Public Meeting (VPM) from a computer, tablet or mobile device. A VPM is a free live presentation or webinar over the internet. For this option, advance registration is required by visiting <https://attendee.gotowebinar.com/register/6274466877226808335>. Once registered, participants will receive a confirmation email containing information about joining the meeting online. Please note, Internet Explorer cannot be used to register or attend this webinar. If joining online, please allow adequate time to log in to view the presentation in its entirety.
- **Phone Option (Listen Only):** Participants may join the meeting in listen-only mode by dialing 562-247-8422 and entering the passcode 328-555-023 when prompted.
- **In-Person Open House Option:** Participants may attend in person by going to Ramada Plaza by Wyndham Orlando – Meeting Room, 6500 International Drive, Orlando, FL 32819 anytime between 5:30 p.m. and 7 p.m. to view a looping presentation and project displays, speak with project team members, and submit comments or questions. If attending in person, please remember to follow all safety and sanitation guidelines. If you are feeling unwell, please consider attending the meeting virtually or by phone.

All meeting materials, including the presentation, will be available on the project website at <https://www.cflroads.com/project/447724-1> prior to the meeting.

FDOT is sending notices to nearby property owners, business owners, interested persons, and organizations to provide the opportunity to offer comments and express their views regarding this project and the proposed improvements.

Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability, or family status. Persons wishing to express their concerns relative to FDOT compliance with Title VI may do so by contacting Jennifer Smith, FDOT District Five Title VI Coordinator, at Jennifer.Smith2@dot.state.fl.us.

The environmental review, consultation, and other actions required by applicable federal environmental laws for this project are being, or have been, carried on by FDOT pursuant to 23 U.S.C. §327 and a Memorandum of Understanding dated December 14, 2016, and executed by the Federal Highway Administration and FDOT

Persons who require accommodations under the Americans with Disabilities Act (ADA) or persons who require translation services (free of charge) should contact Amy Sirmans, P.E. at 407-641-0688 or ASirmans@VHB.com at least seven (7) days prior to the meeting. If you are hearing or speech impaired, please contact us by using the Florida Relay Service, 1-800-955-8771 (TDD) or 1-800-955-8770 (Voice).

If you have any questions or comments about the project, please contact: FDOT Project Manager Ennis Davis, AICP by phone at 386-943-5422, by email at Ennis.Davis@dot.state.fl.us, or U.S. mail at Florida Department of Transportation, 719 S. Woodland Boulevard, MS 510, DeLand, FL 32720.

Sincerely,

Ennis Davis, AICP

Subject: Public Information Meeting – **New Date**
Truck and Freight Site Analysis PD&E Study
Orange County
Financial Project Identification (FPID) No.: 447724-1

NOTICE – MEETING RESCHEDULED FOR TRUCK AND FREIGHT SITE ANALYSIS PD&E STUDY IN ORANGE COUNTY

Dear Property Owner:

The Florida Department of Transportation (FDOT) has **rescheduled** a public meeting regarding project plans for the Truck and Freight Alternative Site Analysis Project Development and Environment (PD&E) Study in Orange County.

The meeting will now take place on **Tuesday, April 5, 2022, at 5:30 p.m.** at the original location - Ramada Plaza by Wyndham Orlando – Meeting Room, 6500 International Drive, Orlando, FL 32819. **The public meeting was originally scheduled for Wednesday, February 2, 2022.**

Meetings for this project are being rescheduled to give additional time for further coordination, which will allow for expanded public outreach efforts prior to the meetings as well as additional details to be provided at the scheduled meetings.

The purpose of this project is to evaluate and recommend potential truck and freight parking site alternatives along the I-4 corridor that are viable for private and public operator use. Additional information is available in the attached project information handout. The public meeting is being held to present information and receive community feedback.

Additional public meetings for prospective truck parking site alternatives along the I-4 corridor have been **rescheduled** to be held in Seminole County in March, and Osceola, and Volusia Counties in **April 2022**. **Each public meeting for this project will include the same information and presentation on potential sites across all counties.**

The Department is offering multiple ways for the community to participate in the meeting. All participants, regardless of which platform they choose, will participate in the same live meeting.

- **Virtual Option:** Interested persons may join the Virtual Public Meeting (VPM) from a computer, tablet or mobile device. A VPM is a free live presentation or webinar over the internet. For this option, advance registration is required by visiting <https://attendee.gotowebinar.com/register/6274466877226808335>. Once registered, participants will receive a confirmation email containing information about joining the meeting online. Please note, Internet Explorer cannot be used to register or attend this webinar. If joining online, please allow adequate time to log in to view the presentation in its entirety.

- **Phone Option (Listen Only):** Participants may join the meeting in listen-only mode by dialing 562-247-8422 and entering the passcode 328-555-023 when prompted.
- **In-Person Open House Option:** Participants may attend in person by going to the Ramada Plaza by Wyndham Orlando – Meeting Room, 6500 International Drive, Orlando, FL 32819 anytime between 5:30 p.m. and 7 p.m. to view a looping presentation and project displays, speak with project team members, and submit comments or questions. If attending in person, please remember to follow all safety and sanitation guidelines. If you are feeling unwell, please consider attending the meeting virtually or by phone.

All meeting materials, including the presentation, will be available on the project website at <https://www.cflroads.com/project/447724-1> prior to the meeting.

FDOT is sending notices to nearby property owners, business owners, interested persons, and organizations to provide the opportunity to offer comments and express their views regarding this project and the proposed improvements.

Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability, or family status. Persons wishing to express their concerns relative to FDOT compliance with Title VI may do so by contacting Jennifer Smith, FDOT District Five Title VI Coordinator, at Jennifer.Smith2@dot.state.fl.us.

The environmental review, consultation, and other actions required by applicable federal environmental laws for this project are being, or have been, carried on by FDOT pursuant to 23 U.S.C. §327 and a Memorandum of Understanding dated December 14, 2016, and executed by the Federal Highway Administration and FDOT

Persons who require accommodations under the Americans with Disabilities Act (ADA) or persons who require translation services (free of charge) should contact Mark Trebitz, P.E. at 386-943-5157 or Mark.Trebitz@dot.state.fl.us at least seven (7) days prior to the meeting. If you are hearing or speech impaired, please contact us by using the Florida Relay Service, 1-800-955-8771 (TDD) or 1-800-955-8770 (Voice).

If you have any questions or comments about the project, please contact: FDOT Project Manager Mark Trebitz, P.E. by phone at 386-943-5157, by email at Mark.Trebitz@dot.state.fl.us, or U.S. mail at Florida Department of Transportation, 719 S. Woodland Boulevard, DeLand, FL 32720.

Sincerely,

Mark Trebitz, P.E.

We are publishing extra puzzles and crosswords inside today. Due to coronavirus concerns, events may be rescheduled or canceled. Please check before going.

Events

“Learn About How to Stay at Home Forever” senior program: Join a panel discussion about strategies and resources available for living safely and independently in your home as you get older. Presented by Paul and Lyn Henderson, Certified Senior Housing Professionals. Reservations required. 9:30-11 a.m. Feb. 3, Winter Park Chamber of Commerce, 151 W. Lyman Ave., Winter Park, free, 407-476-1808.

Orange County Retired Educators Association: Masks are required for this face-to-face meeting and no food or drinks are allowed. The program will be a musical presentation by an OCPS school as well as a celebration of members who are 90+ years of age. Anyone who has worked in education is invited. 10:30 a.m. Feb. 3, College Park United Methodist Church 644 W. Princeton St., Orlando, free, ocreaf.org or 407-843-6909.

Camellia walking tour: Join Leu Gardens' Director, Robert Bowden, first in the classroom and then on a walking tour of the signature collection of Leu Gardens. Selection, planting, fertilization, pruning and general culture will be discussed. Reservations required. 9:30-11:30 a.m. Feb. 5, Harry P. Leu Gardens, 1920 N. Forest Ave., Orlando, \$10 for garden members, \$16 for nonmembers, leugardens.org, 407-246-2620.

Stamp Collecting Show: Hosted by the Central Florida Stamp Club, there will be 13 dealers buying, selling or trading stamps. Free stamps will be provided to children. The wearing of masks is encouraged when entering the show. 10 a.m.-4 p.m. Feb. 5, Venue on the Lake-Maitland Civic Center, 641 S. Maitland Ave., Maitland, free admission and parking, 407-493-0956.

‘Out of the Darkness’ community walk: Hosted by the Central Florida chapter of the American Foundation for Suicide Prevention. Proceeds will benefit research and education programs to prevent suicide and save lives. The walk also will raise awareness about depression and suicide, and provide comfort and assistance to those who have lost someone to suicide. 7:30 a.m. registration, 9 a.m. walk Feb. 5, Baldwin Park, 2420 Lakemont Ave., Winter Park, pledges and donations, 407-646-2227.

Beekeeping 101: In this very beginner class presented via Zoom by Orange County Extension Agent JK Yarborough, learn about the agricultural role honey bees play, how much it costs to get started, and the legality of keeping bees in your area. After this class, participate in the Beekeeping 201 class. Advance registration required. 6-7:30 p.m. Feb. 3, free, 407-254-9200.

Beekeeping 201: In this class presented via Zoom by Orange County Extension Agent JK Yarborough, learn about a Langstroth hive, the colonies caste system, how to acquire bees and more. True first-time beekeepers are encouraged, but not required, to attend Beekeeping 101 before this class. Advance registration

required. 6-8 p.m. Feb. 4, \$10, 407-254-9200.

Beekeeping 201L (In-person): Orange County Extension Agent JK Yarborough will present a hands-on, follow up to Beekeeping 201 (Completion of Beekeeping 201 is required prior to taking this class). Learn how to light a smoker, choose the proper PPE, go through a routine hive inspection, do a varroa shake and more. Advance registration required. 9-10:30 a.m. Feb. 5, UF/IFAS Extension Seminole County, 250 W. County Home Road Sanford, \$15, 407-254-9200.

Orlando Area Historical Rose Society: Tom Burke, Master Rosarian, will give a program on complete rose care, including selecting, fertilizing, pruning, and organic rose products. Masks required. 2:30 p.m. Feb. 6, Harry P. Leu Gardens, 1920 N. Forest Ave., Orlando, free, 407-497-1639.

History Group: Presented by the University Club of Winter Park. Club member Mark Cooper will present “The Scottsboro Boys,” an account of nine Black teenagers that were falsely accused and convicted of raping two white women in Scottsboro, Ala., in 1931. 10 a.m. Feb. 7, University Club of Winter Park, 841 N. Park Ave., Winter Park. To attend, email your full name to info@uclubwp.org expressing interest. Free.

Magyar Duma: Presented by the University Club of Winter Park. Conversational Hungarian. Practice your Hungarian talking about all sorts of topics: Hungary, U.S., international, history, etc. 3:30 p.m. Feb. 7, University Club of Winter Park, 841 N. Park Ave., Winter Park. To attend, email your full name to info@uclubwp.org. Free.

Pine Castle Woman's Club: Lynne Marshall will present “Mosaic of Cultures, Celebrating Valentine's Day.” The Club members will be bringing monetary donations for Servant's Heart Ministry, one of their mission support organizations. Face masks required and social distancing will be observed. 10 a.m.-noon Feb. 9, Pine Castle Woman's Club, 5901 S. Orange Ave., Orlando, free, 407-494-9118 or email pcwc1940@gmail.com.

Paws in the Park: Sponsored by the Pet Alliance of Greater Orlando, the event will raise awareness and money to benefit homeless pets. There will be lure courses for big and small dogs, photo stations, costume contest, vendor marketplace, food trucks, Pet Alliance swag and pet adoption opportunities. 10 a.m.-4 p.m. Feb. 12, Lake Eola Park, 227 N. Eola Drive, Orlando, admission is free, event costs vary, pledges and donations encouraged, pawsinthepark.org, 407-351-7722.

Beekeeping for beginners: Learn about the lives of honey bee colonies and their inhabitants. Find out about equipment and sites needed to start your own adventure. Advance registration required. 1:30-3 p.m. Feb. 12, Harry P. Leu Gardens, 1920 N. Forest Ave., Orlando, \$10 for garden members, \$16 for nonmembers, leugardens.org, 407-246-2620.

Citizen Civics “The Foundations of Our Government” lecture: Join Valencia College History Professor Carl Creasman to investigate the philosophical underpinnings of the Revolution leading to the creation of The Constitution. He will examine the Enlightenment thinkers and concepts that emerged

from their writings such as the social contract between citizens within a civic structure. 11 a.m.-12:30 p.m. Feb. 12, Winter Park Public Library, 1052 W. Morse Blvd., Winter Park, free, 407-623-3300.

Estate Planning Live Webinar: Attorney Kathleen Flammia and Attorney Stacey Schwartz discuss asset protection, planning for long term care and essential Estate Planning documents. Viewing instructions will be provided upon RSVP. 6 p.m. Feb. 16, free, 407-478-8700.

Orange Audubon Society: Emma Rhodes, an avian biologist from Alabama, will present the program “All About Hummingbirds.” The focus will be both the breeding Ruby-throated Hummingbird and the rare Western hummingbirds that show up in winter. To see the program live and be able to ask questions, open YouTube and write Orange Audubon Society in the search field. 7 p.m. Feb. 17, 407-637-2525.

Camellia walking tour: Join Leu Gardens' Director, Robert Bowden, for an in-depth tour of the garden's camellia collection, one of the largest in the United States. Wear walking shoes and bring a camera. Reservations required. 10-11:30 a.m. Feb. 17, Harry P. Leu Gardens, 1920 N. Forest Ave., Orlando, \$10 garden members, \$16 nonmembers, leugardens.org, 407-246-2620.

Fight for Air Climb Orlando: Help raise funds to fight lung disease and climb 1,000 steps at Exploria Stadium, home of Orlando City Soccer Club and The Orlando Pride. Featuring one-of-a-kind views of the city skyline. Proceeds benefit the American Lung Association. 8 a.m. Feb. 19, Exploria Stadium,

655 W. Church St., Orlando, \$35 self-donation, 704-340-3273, jill.smith@lung.org.

Raised Bed Vegetable Gardening: Join Leu Gardens' Executive Director, Robert Bowden, as he helps you discover the joys of growing vegetables and herbs in raised beds. 9:30-11:30 a.m. Feb. 19, Harry P. Leu Gardens, 1920 N. Forest Ave., Orlando, \$10 garden members, \$16 nonmembers, leugardens.org, 407-246-2620.

Life Model Painting: Paint or draw Vicky VanWinkle in a costumed figurative pose. Bring your own supplies, including a chair or easel if you plan on standing. Admission to the Gardens included with price. Masks are mandatory. Advance registration required at leugardens.org. Noon-2 p.m. Feb. 27, Harry P. Leu Gardens, 1920 N. Forest Ave., Orlando, \$10 garden members, \$15 nonmembers.

Central Florida Koi and Goldfish Show: The annual judged koi show will feature entries from across the country, vendors of koi, goldfish, pond supplies, aquatic plants and garden art. There will also be a goldfish show with certified judging. Seminar presentations on koi, goldfish and ponds will be conducted all day March 12 (\$10 for the day). Sponsored by Orlando Area Koi & Pond Club, ZNA Southern Koi Association and the koi clubs of Florida East Coast, Rainbow River and Gainesville. 1-5 p.m. March 11, 9 a.m.-5 p.m. March 12, 9 a.m.-1 p.m. March 13, Avanti Palms Resort, 6515 International Drive, Orlando, admission is free, cfk.org, 407-419-8517.

Truck and Freight Site Analysis PD&E Study, Orange County

The Florida Department of Transportation (FDOT) has RESCHEDULED a public meeting regarding project plans on Truck and Freight Alternative Site Analysis Project Development and Environment (PD&E) Study in Orange County. The meeting will now take place on Tuesday, April 5, 2022, at 5:30 p.m. Meetings for this project are being rescheduled to give additional time for further coordination, which will allow for expanded public outreach efforts prior to the meetings as well as additional details to be provided at the scheduled meetings.

Virtual: Join from a computer, tablet, or mobile device for free and listen to the live presentation over the internet. Advance registration at <https://attendee.gotowebinar.com/register/6274466877226808335> is required. Participants will receive an email with information about joining the meeting online. Please note, Internet Explorer cannot be used to register or attend this webinar. If joining online, please provide adequate log-in time to view the presentation in its entirety.

Phone (Listen Only): Join the meeting in listen-only mode by dialing 562-247-8422 and entering the passcode 328-555-023 when prompted.

In-Person Open House: Attend in person at the Ramada Plaza by Wyndham Orlando – Meeting Room, 6500 International Drive, Orlando, FL 32819 anytime between 5:30 p.m. and 7 p.m. to view a looping presentation and project exhibits. If attending in person, please remember to follow all safety and sanitation guidelines. If you are feeling unwell, please consider attending the meeting virtually or by phone. All meeting materials and the presentation will be available on the project website at <https://www.cflroads.com/project/447724-1> before the meeting. Additional public meetings for prospective truck parking site alternatives along the I-4 corridor have been rescheduled to be held in Seminole County in March, and Osceola, and Volusia Counties in April 2022. Each public meeting for this project will include the same information and presentation on potential sites across all counties.

Persons with disabilities who require accommodations under the Americans with Disabilities Act (ADA), or persons who require translation services (free of charge), should contact Mark Trebitz, P.E. by phone at 386-943-5157, or via email at Mark.Trebitz@dot.state.fl.us at least seven (7) days prior to the meeting. If you are hearing or speech impaired, please contact us by using the Florida Relay Service, 1-800-955-8771 (TDD) or 1-800-955-8770 (Voice).

Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability, or family status. Persons wishing to express their concerns relative to FDOT compliance with Title VI may do so by contacting Jennifer Smith, FDOT District Five Title VI Coordinator at Jennifer.Smith2@dot.state.fl.us.

The environmental review, consultation, and other actions required by applicable federal environmental laws for this project are being, or have been, carried on by FDOT pursuant to 23 U.S.C. §327 and a Memorandum of Understanding dated December 14, 2016, and executed by the Federal Highway Administration and FDOT.

For more information, please contact FDOT Project Manager Mark Trebitz, P.E. at 386-943-5157, email at Mark.Trebitz@dot.state.fl.us, or U.S. mail at Florida Department of Transportation, 719 S. Woodland Boulevard, DeLand, FL 32720.

Higher Educational Facilities Financing Authority
The Florida Higher Educational Facilities Financing Authority announces a public meeting to which all persons are invited.

DATE AND TIME: Monday, April 4, 2022, 3:00 p.m. – 4:00 p.m.

PLACE: The Offices of: The Independent Colleges and Universities of Florida, 542 East Park Avenue, Tallahassee, Florida 32301, and by teleconference at 1(800)719-7514 Conference Code 596984

GENERAL SUBJECT MATTER TO BE CONSIDERED:

Consideration of a resolution authorizing:

The issuance of revenue bonds of the Authority in an aggregate principal amount of not exceeding \$55,000,000 of its Higher Educational Facilities Financing Authority Revenue and Revenue Refunding Bond (St. Thomas University Project), Series 2022, for the purpose of making a loan of funds to St. Thomas University, Inc. (the "Borrower") in order to finance, refinance and reimburse the cost of the acquisition, construction and equipping of higher educational facilities of the Borrower in the State of Florida and to pay the costs of issuance of such bonds;

Providing that such Bonds shall not constitute a debt, liability or obligation of the Authority or the State of Florida or any political subdivision or agency thereof, but shall be payable solely from the revenues provided for in the Resolution and bond documentation;

Approving the forms, and authorizing the execution and delivery of a Financing Agreement with the Borrower and the Bondholder; authorizing the execution and delivery of other necessary documents in connection therewith;

Awarding the sale of the Bonds to the Bondholder described therein, and

Approving the conditions and criteria of such sale; and providing certain other details in connection therewith.

Authorizing the appropriate officials and officers of the Authority to take all necessary further actions to authorize, sell and deliver the St. Thomas University Series 2022 Bonds and to refund the Authority's 2009 bonds previously issued by the Authority for the benefit of the Borrower.

Any other matters that may come before the Authority.

A copy of the agenda may be obtained by contacting: Danie Griffin-Turner, Independent Colleges and Universities of Florida, 542 East Park Avenue, Tallahassee, Florida 32301, (850)681-3188.

Pursuant to the provisions of the Americans with Disabilities Act, any person requiring special accommodations to participate in this meeting is asked to advise the agency at least 5 days before the meeting by contacting: Danie Griffin-Turner, Independent Colleges and Universities of Florida, 542 East Park Avenue, Tallahassee, Florida 32301, (850)681-3188. If you are hearing or speech impaired, please contact the agency using the Florida Relay Service, 1(800)955-8771 (TDD) or 1(800)955-8770 (Voice).

Inwood Consulting Engineers, Inc.

The Florida Department of Transportation (FDOT) announces a public meeting to which all persons are invited.

DATE AND TIME: Tuesday, April 5, 2022, 5:30 p.m., New Date

PLACE: Virtually on GoTo Webinar; By phone at (562)247-8422 with passcode 328-555-023; In-Person at Ramada Plaza by Wyndham Orlando – Meeting Room

GENERAL SUBJECT MATTER TO BE CONSIDERED:
NOTICE – MEETING RESCHEDULED FOR ORANGE COUNTY TRUCK AND FREIGHT SITE ANALYSIS PD&E STUDY

A public meeting has been rescheduled regarding project plans for the Truck and Freight Alternative Site Analysis Project Development and Environment (PD&E) Study in Orange County.

The meeting will now take place on Tuesday, April 5, 2022, 5:30 p.m. at the original location - Ramada Plaza by Wyndham Orlando – Meeting Room, 6500 International Drive, Orlando, FL 32819. The public meeting was originally scheduled for Wednesday, February 2, 2022.

Meetings for this project are being rescheduled to give additional time for further coordination, which will allow for expanded public outreach efforts prior to the meetings as well as additional details to be provided at the scheduled meetings.

The purpose of this project is to evaluate and recommend potential truck and freight parking site alternatives along the I-4 corridor that are viable for private and public operator use. The public meeting is being held to present information and receive community feedback.

Additional public meetings for prospective truck parking site alternatives along the I-4 corridor have been rescheduled to be held in Seminole County in March, and Osceola, and Volusia Counties in April 2022. Each public meeting for this project will include the same information and presentation on potential sites across all counties.

The Department is offering multiple ways for the community to participate in the meeting. All participants, regardless of platform they choose, will receive the same information on the proposed project.

Virtual Option: Interested persons may join the Virtual Public Meeting (VPM) from a computer, tablet, or mobile device. A VPM is a free live presentation or webinar over the internet. For this option, advance registration is required by visiting <https://attendee.gotowebinar.com/register/6274466877226808335>. Once registered, participants will receive a confirmation email containing information about joining the meeting online. Please note, Internet Explorer cannot be used to register or attend this webinar. If joining online, please provide adequate log-in time to view the presentation in its entirety.

Phone Option (Listen Only): Participants may join the meeting in listen-only mode by dialing (562)247-8422 and entering the passcode 328-555-023 when prompted.

In-Person Open House Option: Participants may attend in person by going to Ramada Plaza by Wyndham Orlando – Meeting Room, 6500 International Drive, Orlando, FL 32819 anytime between 5:30 p.m. – 7:00 p.m. to view a looping presentation and project displays, speak with project team members, and submit comments or questions. If attending in person, please remember to follow all safety and sanitation guidelines. If you are feeling unwell, please consider attending the meeting virtually or by phone.

Attendees will be asked to follow all safety and sanitation guidelines as well as adhere to any local ordinances. Persons who are not feeling well should not attend the in-person meeting.

The virtual and in-person meeting location will open at 5:30 p.m. on Tuesday, April 5, 2022. If joining online, please allow adequate log-in time to view the presentation in its entirety.

All meeting materials, including the presentation, will be available on the project website at <https://www.cflroads.com/project/447724-1> prior to the meeting.

FDOT is sending notices to all property owners, business owners, interested persons and organizations to provide the opportunity to offer comments and express their views regarding this project and the proposed improvements.

Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability, or family status. Persons wishing to express their concerns relative to FDOT compliance with Title VI may do so by contacting Jennifer Smith, FDOT District Five Title VI Coordinator, at Jennifer.Smith2@dot.state.fl.us.

The environmental review, consultation, and other actions required by applicable federal environmental laws for this project are being, or have been, carried on by FDOT pursuant to 23 U.S.C. §327 and a Memorandum of Understanding dated

December 14, 2016, and executed by the Federal Highway Administration and FDOT.

A copy of the agenda may be obtained by contacting: Not applicable.

Pursuant to the provisions of the Americans with Disabilities Act, any person requiring special accommodations to participate in this workshop/meeting is asked to advise the agency at least seven (7) days before the workshop/meeting by contacting: FDOT Project Manager Mark Trebitz, P.E. at (386)943-5157, or by email at Mark.Trebitz@dot.state.fl.us. If you are hearing or speech impaired, please contact the agency using the Florida Relay Service, 1(800)955-8771 (TDD) or 1(800)955-8770 (Voice).

For more information, you may contact: FDOT Project Manager Mark Trebitz, P.E. by phone at (386)943-5157, by email at Mark.Trebitz@dot.state.fl.us, or U.S. mail at Florida Department of Transportation, 719 South Woodland Boulevard, DeLand, FL 32720. Information about this project is also available online at www.cflroads.com. Simply type 447724-1 in the search box, click “go” and then select the project. We encourage you to participate in the Truck and Freight Alternative Site Analysis PD&E Study public meeting.

The Corradino Group, Inc.

The Florida Department of Transportation (FDOT) District Four announces a public meeting to which all persons are invited.

DATES AND TIMES: The Virtual Public Meeting will be held Thursday, April 7, 2022, 5:00 p.m. – 6:00 p.m. and the in-person Construction Open House will be held Thursday, April 7, 2022, 6:00 p.m. – 7:00 p.m.

PLACE: The in-person Construction Open House will be held at the City of Miramar Multi-Service Complex located at 6700 Miramar Parkway, Miramar, FL 33023.

Please use the following link to register: <https://tinyurl.com/SR-7-VPM> or (562)247-8321, Access Code: 983-016-128 to join the meeting (your line will be muted).

GENERAL SUBJECT MATTER TO BE CONSIDERED: Financial Management No.: 429576-2-52-01, 02, 03, 04 /441772-1-52-01

Project Description: SR 7/US 441 from the Broward Miami-Dade County Line to North of Sample Road and SR 858/Hallandale Beach Boulevard from Edmund Road to SW 58 Avenue, Broward County.

Project improvements include the following:

- Upgrading pedestrian signals with countdown timers and converting the existing lighting to LED along SR 7/US 441 at 23 intersections
- Adding a signalized, pedestrian mid-block crossing at the intersection of SR 7/US 441 and NW 3 Street

Upcoming Public Meeting for Truck and Freight Site Analysis PD&E Study

Meeting will be offered in multiple platforms

ORANGE COUNTY, Fla. — The Florida Department of Transportation (FDOT) has **rescheduled** a public meeting regarding project plans for the Truck and Freight Alternative Site Analysis Project Development and Environment (PD&E) Study in Orange County. **The meeting will now take place on Tuesday, April 5, 2022** at 5:30 p.m., at the original location – Ramada Plaza by Wyndham Orlando – Meeting Room, 6500 International Drive, Orlando, FL 32819. **The public meeting was originally scheduled for Wednesday, February 2, 2022.**

Meetings for this project are being rescheduled to give additional time for further coordination, which will allow for expanded public outreach efforts prior to the meetings as well as additional details to be provided at the scheduled meetings.

The purpose of this project is to evaluate and recommend potential truck and freight parking site alternatives along the I-4 corridor that are viable for private and public operator use.

Additional public meetings for prospective truck parking site alternatives along the I-4 corridor have been **rescheduled** to be held in Osceola, and Volusia Counties in **April 2022**. A public meeting for Seminole County took place in March 2022. **Each public meeting for this project will include the same information and presentation on potential sites across all counties.**

The Department is offering multiple ways for the community to participate in the meeting. All participants, regardless of platform they choose, will participate in the same live meeting.

Virtual Option: Interested persons may join the Virtual Public Meeting (VPM) from a computer, tablet or mobile device. A VPM is a free live presentation or webinar over the internet. For this option, advance registration is required by visiting attendee.gotowebinar.com/register/6274466877226808335. Once registered, participants will receive a confirmation email containing information about joining the meeting online. Please note, Internet Explorer cannot be used to register or attend this webinar. If joining online, please allow adequate time to log in to view the presentation in its entirety.

Phone Option (Listen Only): Participants may join the meeting in listen-only mode by dialing 562-247-8422 and entering the passcode 328-555-023 when prompted.

In-Person Open House Option: Participants may attend in person by going to the Ramada Plaza by Wyndham Orlando – Meeting Room, 6500 International Drive, Orlando, FL 32819 anytime between 5:30 p.m. and 7 p.m. to view a looping presentation and project displays, speak with project team members, and submit comments or questions. If attending in person, please remember to follow all safety and sanitation guidelines. If you are feeling unwell, please consider attending the meeting virtually or by phone.

If attending in person, please remember to follow all safety and sanitation guidelines as well as adhere to any local ordinances. If you are feeling unwell, please consider attending the meeting virtually or by phone.

All meeting materials, including the presentation, will be available on the project website at www.cflroads.com/project/447724-1 prior to the meeting.

Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability, or family status. Persons wishing to express their concerns relative to FDOT compliance with Title VI may do so by contacting Jennifer Smith, FDOT District Five Title VI Coordinator, at Jennifer.Smith2@dot.state.fl.us.

The environmental review, consultation, and other actions required by applicable federal environmental laws for this project are being, or have been, carried on by FDOT pursuant to 23 U.S.C. §327 and a Memorandum of Understanding dated December 14, 2016, and executed by the Federal Highway Administration and FDOT.

Persons who require accommodations under the Americans with Disabilities Act (ADA) or persons who require translation services (free of charge) should contact **Mark Trebitz, P.E. at 386-943-5157** or Mark.Trebitz@dot.state.fl.us at least seven (7) days prior to the meeting. If you are hearing or speech impaired, please contact us by using the Florida Relay Service, 1-800-955-8771 (TDD) or 1-800-955-8770 (Voice).

Media inquiries should be directed to the FDOT District Five Communications Office at FDOT-D5Comm@dot.state.fl.us or by phone at 386-943-5593.

###

Improve Safety, Enhance Mobility, Inspire Innovation
www.fdot.gov | Twitter: @MyFDOT_CFL | Facebook: @MyFDOTCFL

The Florida Department of Transportation's mission is to provide a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity, and preserves the quality of the state's environment and communities. The department is committed to building a transportation system that not only fits the current needs of Florida's residents and visitors, but also enhances mobility throughout the state to accommodate its consistent and rapid growth. The unique nature of the Sunshine State and its year-round warm climate provides numerous opportunities to achieve the department's mission through multiple transportation modes including highways/streets, air, rail, sea, spaceports, transit, and the ever-expanding deployment of bicycle & pedestrian facilities.

Public Meeting Summary Report

Truck and Freight Site Analysis PD&E Study

Along the I-4 Corridor in District 5

Orange, Osceola, Volusia, and Seminole Counties

April 2022

DRAFT

Submitted to:

Florida Department of Transportation
District Five
719 South Woodland Boulevard
DeLand, Florida 32720

1.0 INTRODUCTION

This document summarizes the public involvement activities associated with the Alternatives Public Meeting hosted in Osceola County for the subject project. The purpose of this project is to evaluate and recommend potential truck and freight parking site alternatives along the I-4 corridor that are viable for private and public operator use.

The purpose of the Alternatives Public Meeting was to present information and receive input from the public and other stakeholders regarding the proposed sites. Additional public meetings for prospective truck parking site alternatives along the I-4 corridor are scheduled in April 2022 for Orange and Volusia Counties and a meeting was held in Seminole County in March 2022. Each public meeting for this project will include the same information and presentation on potential sites across all counties.

Public Meeting Date and Location:

The public meeting was hosted by Florida Department of Transportation (FDOT), District Five on:

Tuesday, April 12, 2022

5:30 p.m. Open House

Osceola Welcome Center & History Museum – Buster Kenton Meeting Room and online via GoToWebinar

4155 Vine St.

Kissimmee, FL 34741

The meeting was conducted as a hybrid public meeting. This means attendees were given the option to attend in person or virtually using the GoToWebinar platform. This process followed and was consistent with the most current FDOT guidelines for Hybrid Public Meetings.

Project Team Attendees:

The project team representatives who attended the public meeting included:

Florida Department of Transportation

Steven Buck

Mark Trebitz

Tamii Chapman (online)

VHB

Demond Hazley

Kevin Freeman

Amanda Johnson

Inwood Consulting Engineers

Anna Pindara

Maica Pham

Amanda Ashby (online)

HW Lochner

Jason Dahlvik

Notable Attendees (online)

Joshua DeVries, Osceola County, Director of Transportation Planning

Tawny Olore, Osceola County, Executive Director, Transportation and Transit Department

Gary Huttman, Executive Director MetroPlan Orlando

2.0 PUBLIC NOTIFICATION

Invitations:

There were 205 invitations sent to property owners, government officials, and other interested parties. Notices were sent according to the schedule in *Table 1*. The invitations described the project and provided information about the location, date, and time of the public meeting including options to attend in person or via the GoToWebinar. Public meeting notices were e-mailed to elected officials, appointed officials, and agency and industry staff in the project area. Additionally, Invitational letters were mailed to property owners and other interested stakeholders. Copies of the letters are included in *Appendix A*. A breakdown of the recipient list is provided in *Table 1*. Complete mailing lists and the parcel selection map are provided in *Appendix B*.

Table 1 - Invitation Summary

Recipient	Number of Recipients	Date Invitation Sent
Elected Officials	22	March 16, 2022 via email
Appointed Officials	20	March 16, 2022 via email
Agency and Industry Staff	108	March 16, 2022 via email
Property Owners/Tenants/Other Interested Parties	55	March 18, 2022 via mail
Total	205	

Advertisements:

An advertisement was placed in the Osceola News-Gazette. The advertisement was published on Thursday, March 31, 2022. In addition to the newspaper advertisement, the public meeting was also noticed in the *Florida Administrative Register* on Monday, April 4, 2022, in Volume 48/65. Copies of the advertisements are provided in *Appendix C*.

Press Release:

A press release was sent to the local media outlets for immediate release on Monday, March 28, 2022. The press release can be found in *Appendix D*.

3.0 AT THE PUBLIC MEETING

Parking and Signage:

Parking was available to accommodate all public meeting attendees, including the disabled. Directional signs were placed in areas surrounding the venue which guided attendees to the meeting site.

Hybrid Meeting Format:

The public meeting was held as a hybrid meeting and began in an open house format at 5:30 p.m. In-person attendees were greeted upon arrival and asked to sign in. Comment forms, pens, and

a copy of the project fact sheet were available at the welcome table and throughout the meeting space. Those attending virtually using GoToWebinar were able to log-in to the meeting starting at 5:30 p.m.

A total of 6 guests attended the public meeting in person. The sign-in sheets can be found in *Appendix E*. A total of 2 guests attended the public meeting virtually using GoToWebinar.

The public meeting began at 5:30 p.m. Introductory remarks were given by Mark Trebitz, P.E., the FDOT Project Manager, online followed by a narrated, PowerPoint presentation.

The public meeting concluded at 7 p.m. A copy of the recorded presentation and project displays are available on the project website: www.cflroads.com/project/447724-1. The presentation is included in *Appendix F*.

Displays:

Aerial display boards, schedule board, and study location board were provided for viewing at the in-person location and on the project website. In addition, a welcome board, Title VI board, and interpretive services poster were on display at the in-person location. Copies of the public meeting displays can be found in *Appendix G*.

4.0 SUMMARY OF COMMENTS RECEIVED

One comment was submitted online during the meeting. No in-person comments were received during the public meeting or within the 10-day comment period.

5.0 CONCLUSION

For more information about the public meeting for the Truck and Freight Parking Site Analysis PD&E Study, please contact:

Subject: Public Information Meeting
Truck and Freight Site Analysis PD&E Study
Osceola County
Financial Project Identification (FPID) No.: 447724-1

Dear Elected Official:

The Florida Department of Transportation (FDOT) invites you to a public meeting regarding project plans for the Truck and Freight Alternative Site Analysis Project Development and Environment (PD&E) Study in Osceola County on Tuesday, April 12, 2022, at 5:30 p.m.

The purpose of this project is to evaluate and recommend potential truck and freight parking site alternatives along the I-4 corridor that are viable for private and public operator use. Additional information is available in the attached project information handout. The public meeting is being held to present information and receive community feedback.

Additional public meetings for prospective truck parking site alternatives along the I-4 corridor are scheduled in April 2022 for Orange and Volusia Counties. A meeting was held in Seminole County in March 2022. Each public meeting for this project will include the same information and presentation on potential sites across all

counties.

The Department is offering multiple ways for the community to participate in the meeting. All participants, regardless of which platform they choose, will participate in the same live meeting.

- **Virtual Option:** Interested persons may join the Virtual Public Meeting (VPM) from a computer, tablet or mobile device. A VPM is a free live presentation or webinar over the internet. For this option, advance registration is required by visiting <https://attendee.gotowebinar.com/register/5119374937503216396>. Once registered, participants will receive a confirmation email containing information about joining the meeting online. Please note, Internet Explorer cannot be used to register or attend this webinar. If joining online, please allow adequate time to log in to view the presentation in its entirety.
- **Phone Option (Listen Only):** Participants may join the meeting in listen-only mode by dialing 631-992-3221 and entering the passcode 546-164-261 when prompted.
- **In-Person Open House Option:** Participants may attend in person by going to Osceola Welcome Center & History Museum – Buster Kenton Room, 4155 W. Vine St., Kissimmee, FL 34741 anytime between 5:30 p.m. and 7 p.m. to view a looping presentation and project displays, speak with project team members, and submit comments or questions. If attending in person, please remember to follow all safety and sanitation guidelines. If you are feeling unwell, please consider attending the meeting virtually or by phone.

All meeting materials, including the presentation, will be available on the project website at <https://www.cflroads.com/project/447724-1> prior to the meeting.

FDOT is sending notices to nearby property owners, business owners, interested persons, and organizations to provide the opportunity to offer comments and express their views regarding this project and the proposed improvements.

Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability, or family status. Persons wishing to express their concerns relative to FDOT compliance with Title VI may do so by contacting Jennifer Smith, FDOT District Five Title VI Coordinator, at Jennifer.Smith2@dot.state.fl.us.

The environmental review, consultation, and other actions required by applicable federal environmental laws for this project are being, or have been, carried on by FDOT pursuant to 23 U.S.C. §327 and a Memorandum of Understanding dated December 14, 2016, and executed by the Federal Highway Administration and FDOT

Persons who require accommodations under the Americans with Disabilities Act (ADA) or persons who require translation services (free of charge) should contact Mark Trebitz, P.E. at 386-943-5157 or Mark.Trebitz@dot.state.fl.us at least seven (7) days prior to the meeting. If you are hearing or speech impaired, please contact us by using the Florida Relay Service, 1-800-955-8771 (TDD) or 1-800-955-8770 (Voice).

If you have any questions or comments about the project, please contact: FDOT Project Manager Mark Trebitz, P.E. by phone at 386-943-5157, by email at Mark.Trebitz@dot.state.fl.us, or U.S. mail at Florida Department of Transportation, 719 S. Woodland Boulevard, DeLand, FL 32720.

Sincerely,

Jared W. Perdue, P.E.
District Five Secretary

A copy of the agenda may be obtained by contacting: Michelle Griggs, (850)298-6640, mgriggs@enterpriseflorida.com or <https://www.enterpriseflorida.com/wp-content/uploads/FDSTF-Agendas-2022.pdf>.

Pursuant to the provisions of the Americans with Disabilities Act, any person requiring special accommodations to participate in this workshop/meeting is asked to advise the agency at least 1 days before the workshop/meeting by contacting: Michelle Griggs, (850)298-6640, mgriggs@enterpriseflorida.com. If you are hearing or speech impaired, please contact the agency using the Florida Relay Service, 1(800)955-8771 (TDD) or 1(800)955-8770 (Voice).

For more information, you may contact: Terry McCaffrey, (850)298-6652, tmccaffrey@enterpriseflorida.com.

INWOOD CONSULTING ENGINEERS, INC.

The Florida Department of Transportation (FDOT) announces a public meeting to which all persons are invited.

DATE AND TIME: Tuesday, April 12, 2022, 5:30 p.m.

PLACE: Virtually on GoToWebinar; By phone at (631)992-3221 with passcode 546-164-261; In-Person at Osceola Welcome Center & History Museum – Buster Kenton Room

GENERAL SUBJECT MATTER TO BE CONSIDERED: A public meeting will be held regarding project plans on Truck and Freight Alternative Site Analysis Project Development and Environment (PD&E) Study for Osceola County. (FPID no. 447724-1)

The purpose of this project is to evaluate and recommend potential truck and freight parking site alternatives along the I-4 corridor that are viable for private and public operator use. The public meeting is being held to present information and receive community feedback.

Additional public meetings for prospective truck parking site alternatives along the I-4 corridor are scheduled in April 2022 for Orange and Volusia Counties. A meeting was held in Seminole County in March 2022. Each public meeting for this

project will include the same information and presentation on potential sites across all counties.

The Department is offering multiple ways for the community to participate in the meeting. All participants, regardless of platform they choose, will receive the same information on the proposed project.

Virtual Option: Interested persons may join the Virtual Public Meeting (VPM) from a computer, tablet, or mobile device. A VPM is a free live presentation or webinar over the internet. For this option, advance registration is required by visiting <https://attendee.gotowebinar.com/register/5119374937503216396>. Once registered, participants will receive a confirmation email containing information about joining the meeting online. Please note, Internet Explorer cannot be used to register or attend this webinar. If joining online, please provide adequate log-in time to view the presentation in its entirety.

Phone Option (Listen Only): Participants may join the meeting in listen-only mode by dialing (631)992-3221 and entering the passcode 546-164-261 when prompted.

In-Person Open House Option: Participants may attend in person by going to Osceola Welcome Center & History Museum – Buster Kenton Room, 4155 W. Vine St., Kissimmee, FL 34741 anytime between 5:30 p.m. – 7:00 p.m. to view a looping presentation and project displays, speak with project team members, and submit comments or questions. If attending in person, please remember to follow all safety and sanitation guidelines. If you are feeling unwell, please consider attending the meeting virtually or by phone.

Attendees will be asked to follow all safety and sanitation guidelines as well as adhere to any local ordinances. Persons who are not feeling well should not attend the in-person meeting.

The virtual and in-person meeting location will open at 5:30 p.m. on Tuesday, April 12, 2022. If joining online, please allow adequate log-in time to view the presentation in its entirety.

All meeting materials, including the presentation, will be available on the project website at <https://www.cflroads.com/project/447724-1> prior to the meeting.

FDOT is sending notices to all property owners, business owners, interested persons and organizations to provide the opportunity to offer comments and express their views regarding this project and the proposed improvements.

Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability, or family status. Persons wishing to express their concerns relative to FDOT compliance with Title VI may do so by contacting Jennifer Smith, FDOT District Five Title VI Coordinator, at Jennifer.Smith2@dot.state.fl.us.

The environmental review, consultation, and other actions required by applicable federal environmental laws for this

project are being, or have been, carried on by FDOT pursuant to 23 U.S.C. §327 and a Memorandum of Understanding dated December 14, 2016, and executed by the Federal Highway Administration and FDOT.

A copy of the agenda may be obtained by contacting: Not applicable.

Pursuant to the provisions of the Americans with Disabilities Act, any person requiring special accommodations to participate in this workshop/meeting is asked to advise the agency at least seven (7) days before the workshop/meeting by contacting: Mark Trebitz, P.E. at (386)943-5157 or Mark.Trebitz@dot.state.fl.us. If you are hearing or speech impaired, please contact the agency using the Florida Relay Service, 1(800)955-8771 (TDD) or 1(800)955-8770 (Voice).

For more information, you may contact: FDOT Project Manager Mark Trebitz, P.E. by phone at (386)943-5157, by email at Mark.Trebitz@dot.state.fl.us, or U.S. mail at Florida Department of Transportation, 719 S. Woodland Boulevard, DeLand, FL 32720.

INFINITE SOURCE COMMUNICATIONS GROUP, LLC
The Florida Department of Transportation District Six announces a public meeting to which all persons are invited.

DATE AND TIME: Tuesday, April 19, 2022, 6:00 p.m.

PLACE: In-Person Public Meeting will be held at: Florida City City Hall, 404 W Palm Drive, Florida City, FL 33034. All current Centers for Disease Control and Prevention (CDC) guidelines will be observed. To RSVP click here.

To register the Virtual Public Meeting online:

Visit the link:
<https://register.gotowebinar.com/register/718967946646040504>

Participants can also call in by dialing +1 (914) 614-3221; Access code: 829-289-495

GENERAL SUBJECT MATTER TO BE CONSIDERED: The Florida Department of Transportation (FDOT) District Six will hold a meeting, both in-person and virtually, for two roadway projects along State Road (SR) 9336/SW 192 Avenue from SW 376 Street to SW 344 Street and along SR 9336/SW 344 Street/Palm Drive from SW 192 Avenue to SR 5/US 1, located in Miami-Dade County. The project identification numbers are 443989-1-52-01 and 445992-1-52-01. The meeting will consist of a formal presentation followed by an open discussion. Staff will be available to answer questions and provide assistance. Questions will be responded to as time permits, in the order received. If your question is not responded to during the event, a response will be provided in writing following the meeting.

For the in-person meeting, all current Centers for Disease Control and Prevention (CDC) guidelines will be observed.

Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability, or family status.

Poinciana

Poinciana Library a busy place this April

By Lisa Concepcion
Poinciana Correspondent

It's a busy time at the Poinciana Library, with plenty of events that happening this weekend!

On Saturday, children can explore the five senses with a Sensory Play date from 10 a.m. to noon. Activities will benefit all children but are of particular help to those on the Autism spectrum or those with sensory integration challenges.

You could be a poet and not even know it. Share your original poems, favorite quotes or lyrics on the Poinciana Library's Community Poet Tree. Adults can contribute to the Tree the entire month of April starting Friday.

Read Box for Teens will be available April 1-15. The Read Box is a personalized package for teens filled with activities, treats and fun prizes for teens. Fill out your personalized questionnaire at <https://bit.ly/3LnKBEX> by the 15th, submit it and you

will receive an email to go to the Library in early May to pick up your box. Books must be checked out to your own account and will need to be returned by the due date — all the extra goodies are yours to keep.

Spice up your life by exploring traditional and exotic flavors with the Spice of the Month Club. Pick up a sample at the beginning of each month while supplies last. You can share your recipe with us at <https://osceolalibrary.librariesshare.com/osceolacusine/>. This month's spice is curry powder.

The Poinciana Library is located at 101 N. Doverplum Ave. All Library events are free and open to the public.

And finally, here's a sure sign that summer is on the way: as of Friday, April 1, both the Victory Pool and the pool at the Mary Jane Aquatic Center will be open from 10:00 a.m. to 6:45 p.m. Get your passes and splash on!

If you have any Poinciana news or information that you would like to share, call Lisa Concepcion at 407-319-9700 or email lisaconcepcion810@yahoo.com.

MEALS ON WHEELS

Continued from Page 1

how it brightens the day of all involved. Both events were canceled or held with COVID health restrictions the last two years.

Wilda Belisle, the Council's Senior Vice President of Nutrition, keeps the Osceola MOW program rolling — and it hasn't been easy. The client has gone from 275 to 525, and it was higher at the height of the pandemic.

"We don't have enough volunteers for all those routes now," said Belisle, noting some very helpful ones are able to double-up. And there's a need for volunteers in all parts of the county.

"But it's the best hour of your day," she said. "You may be the only visitor they have all day, which makes it all that important."

Typically, each volunteer delivers one day a week, and most routes have eight to 10 clients. Routes generally take 60-90 minutes to complete. But delivery drivers can also serve as a lifeline — if a resident doesn't answer when they normally would, drivers and the Council have phone numbers and emergency contacts to check on the client.

Cristian Choong is Belisle's assistant the Council on Aging.

"This is a great program, these seniors aren't fortunate enough to have family to look in on them. We come out not to just bring meals but to give them the interaction they deserve," he said. "Their smiles back at you are the reward, they are grateful to see a smiling face and someone to talk to. They make your day."

St. Cloud Mayor Nathan Blackwell was one of the Community Champions

at last week's event. It was his first time out with Meals on Wheels, but is very aware of the program through his Cornerstone Church ministry.

"We have members who run those routes. It's about touching a life. Many of these folks don't have family in the area. It's not just a meal, but a smile and a kind word and a few minutes of conversation,

that can change a life."

The Council also needs volunteers to help package up meals from the Barney E. Veal Center off U.S. 192 just east of Kissimmee.

"You tell me what you can do, and I'll find you a role," Belisle said.

THE DETAILS: Reach out to Belisle at 407-729-9085, or email belislew@osceola-coa.com, to start brightening some days.

St. Cloud DAR chapter awarded Supporter of the Year

On Saturday, Joshua Stevens Chapter National Society Daughters of the American Revolution (NSDAR) of St. Cloud, FL received an award from Constitution For The People, Inc. (CFTP) for Top Supporter of the Year, having delivered 5,475 Constitution Booklets to Osceola County 5th graders. Chapter Regent Patti Whipple, Chapter Recording Secretary Linda Shumard, and Florida State Chair of Constitution Week, Tracy Suarez, accepted the award on behalf of their chapter at a fundraiser sponsored by Rotary Club of Naples Bay Foundation.

SUBMITTED PHOTO / ST. CLOUD DAR CHAPTER

The National Society Daughters of the American Revolution was founded in 1890 to promote historic preservation, education and patriotism. Its members are descended from the patriots who won American independence during the Revolutionary War.

Smith Street south of 192 closed through Monday

Toho Water Authority (Toho) has announced Smith Street south of Vine

Street in Kissimmee is temporary closed to thru traffic between Vine and Cherry Street through Monday (please see map), although the schedule could vary according to weather and other unforeseen circumstances. The closure is necessary to conduct a sewer rehabilitation project in the area.

Call the Toho Water Customer Service at 407-944-5000 or visit www.tohowater.com/projects for more project details and updates.

Freshwater license-free weekend April 2-3

The Florida Fish and Wildlife Conservation Commission (FWC) invites Florida residents and visitors to go freshwater fishing during the two license-free days this weekend, April 2-3 (Saturday and Sunday).

License-free freshwater fishing days provide an excellent opportunity for those new to fishing without needing to first purchase a license. On

PUBLIC MEETING

When: Tuesday, April 12, 2022, at 5:30 p.m.

Where:

- Virtually on GoToWebinar
- By phone at 631-992-3221 with passcode 546-164-261
- In person at Osceola Welcome Center & History Museum – Buster Kenton Room

Financial Project Identification (FPID) No. 447724-1

Truck and Freight Site Analysis PD&E Study, Osceola County

The Florida Department of Transportation (FDOT) will hold a public meeting regarding project plans for the Truck and Freight Alternative Site Analysis Project Development and Environment (PD&E) Study in Osceola County on Tuesday, April 12, 2022, at 5:30 p.m. The purpose of this project is to evaluate and recommend potential truck and freight parking site alternatives along the I-4 corridor that are viable for private and public operator use. FDOT is offering multiple ways to participate in the live meeting.

Virtual: Join from a computer, tablet, or mobile device for free and listen to the live presentation over the internet. Advance registration at <https://attendee.gotowebinar.com/register/5119374937503216396> is required. Participants will receive an email with information about joining the meeting online. Please note, Internet Explorer cannot be used to register or attend this webinar. If joining online, please provide adequate log-in time to view the presentation in its entirety.

Phone (Listen Only): Join the meeting in listen-only mode by dialing 631-992-3221 and entering the passcode 546-164-261 when prompted.

In-Person Open House: Attend in person at the Osceola Welcome Center & History Museum – Buster Kenton Meeting Room, 4155 W. Vine St., Kissimmee, FL 34741 anytime between 5:30 p.m. and 7:00 p.m. to view a looping presentation and project exhibits. If attending in person, please remember to follow all safety and sanitation guidelines. If you are feeling unwell, please consider attending the meeting virtually or by phone. All meeting materials and the presentation will be available on the project website at <https://www.flroads.com/project/447724-1> before the meeting. Additional public meetings for prospective truck parking site alternatives along the I-4 corridor are scheduled in April 2022 for Orange and Volusia Counties. A meeting was held in Seminole County in March 2022. Each public meeting for this project will include the same information and presentation on potential sites across all counties.

Persons with disabilities who require accommodations under the Americans with Disabilities Act (ADA), or persons who require translation services (free of charge), should contact Mark Trebitz, P.E. by phone at 386-943-5157, or via email at Mark.Trebitz@dot.state.fl.us at least seven (7) days prior to the meeting. If you are hearing or speech impaired, please contact us by using the Florida Relay Service, 1-800-955-8771 (TDD) or 1-800-955-8770 (Voice). Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability, or family status. Persons wishing to express their concerns relative to FDOT compliance with Title VI may do so by contacting Jennifer Smith, FDOT District Five Title VI Coordinator at Jennifer.Smith2@dot.state.fl.us. The environmental review, consultation, and other actions required by applicable federal environmental laws for this project are being, or have been, carried on by FDOT pursuant to 23 U.S.C. §327 and a Memorandum of Understanding dated December 14, 2016, and executed by the Federal Highway Administration and FDOT. For more information, please contact FDOT Project Manager Mark Trebitz, P.E. at 386-943-5157, by email at Mark.Trebitz@dot.state.fl.us or U.S. mail at Florida Department of Transportation, 719 S. Upcoming Public Meeting for the Truck and Freight Site Analysis PD&E Study

Meeting will be offered in multiple platforms

Osceola County, Fla. — The Florida Department of Transportation (FDOT) will hold a public meeting regarding project plans for the Truck and Freight Alternative Site Analysis Project Development and Environment (PD&E) Study on Tuesday, April 12, 2022, at 5:30 p.m. The purpose of this project is to evaluate and recommend potential truck and freight parking site alternatives along the I-4 corridor that are viable for private and public operator use.

Additional public meetings for prospective truck parking site alternatives along the I-4 corridor are scheduled in April 2022 for Orange and Volusia Counties. A meeting was held in Seminole County in March 2022. Each public meeting for this project will include the same information and presentation on potential sites across all counties.

The Department is offering multiple ways for the community to participate in the meeting. All participants, regardless of platform they choose, will participate in the same live meeting.

Virtual Option: Interested persons may join the Virtual Public Meeting (VPH) from a computer, tablet, or mobile device. A VPH is a free live presentation or webinar over the internet. For this option, advance registration is required by visiting <https://attendee.gotowebinar.com/register/5119374937503216396>. Once registered, participants will receive a confirmation email containing information about joining the meeting online. Please note, Internet Explorer cannot be used to register or attend this webinar. If joining online, please provide adequate log-in time to view the presentation in its entirety.

Phone Option (Listen Only): Participants may join the meeting in listen-only mode by dialing 631-992-3221 and entering the passcode 546-164-261 when prompted.

In-Person Open House Option: Participants may attend in person by going to Osceola Welcome Center & History Museum – Buster Kenton Room, 4155 W. Vine St., Kissimmee, FL 34741 anytime between 5:30 p.m. and 7 p.m. to view a looping presentation and project displays, speak with project team members, and submit comments or questions.

Improve Safety, Enhance Mobility, Inspire Innovation
www.fdot.gov | Twitter: @MyFDOT_CFL | Facebook: @MyFDOTCFL

The Florida Department of Transportation's mission is to provide a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity, and preserves the quality of the state's environment and communities. The department is committed to building a transportation system that not only fits the current needs of Florida's residents and visitors, but also enhances mobility throughout the state to accommodate its consistent and rapid growth. The unique nature of the Sunshine State and its year-round warm climate provides numerous opportunities to achieve the department's mission through multiple transportation modes including highways/streets, air, rail, sea, spaceports, transit, and the ever-expanding deployment of bicycle & pedestrian facilities.

If attending in person, please remember to follow all safety and sanitation guidelines as well as adhere to any local ordinances. If you are feeling unwell, please consider attending the meeting virtually or by phone.

All meeting materials, including the presentation, will be available on the project website at <https://www.cflroads.com/project/447724-1> prior to the meeting.

Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability, or family status. Persons wishing to express their concerns relative to FDOT compliance with Title VI may do so by contacting Jennifer Smith, FDOT District Five Title VI Coordinator, at Jennifer.Smith2@dot.state.fl.us.

The environmental review, consultation, and other actions required by applicable federal environmental laws for this project are being, or have been, carried on by FDOT pursuant to 23 U.S.C. §327 and a Memorandum of Understanding dated December 14, 2016, and executed by the Federal Highway Administration and FDOT.

Persons who require accommodations under the Americans with Disabilities Act (ADA) or persons who require translation services (free of charge) should contact Mark Trebitz, P.E. at 386-943-5157 or Mark.Trebitz@dot.state.fl.us at least seven (7) days prior to the meeting. If you are hearing or speech impaired, please contact us by using the Florida Relay Service, 1-800-955-8771 (TDD) or 1-800-955-8770 (Voice).

Media inquiries should be directed to the FDOT District Five Communications Office at FDOT-D5Comm@dot.state.fl.us or by phone at 386-943-5593.

Public Meeting Summary Report

Truck and Freight Site Analysis PD&E Study

Along the I-4 Corridor in District 5

Orange, Osceola, Volusia, and Seminole Counties

May 2022

DRAFT

Submitted to:

Florida Department of Transportation
District Five
719 South Woodland Boulevard
DeLand, Florida 32720

1.0 INTRODUCTION

This document summarizes the public involvement activities associated with the Alternatives Public Meeting hosted in Volusia County for the subject project. The purpose of this project is to evaluate and recommend potential truck and freight parking site alternatives along the I-4 corridor that are viable for private and public operator use.

The purpose of the Alternatives Public Meeting was to present information and receive input from the public and other stakeholders regarding the proposed sites. Additional public meetings for prospective truck parking site alternatives along the I-4 corridor were scheduled in March and April 2022 for Orange, Osceola, and Seminole Counties. Each public meeting for this project will include the same information and presentation on potential sites across all counties.

Public Meeting Date and Location:

The public meeting was hosted by Florida Department of Transportation (FDOT), District Five on:

Thursday, April 28, 2022
5:30 p.m. Open House
Volusia County Fairgrounds – Talton Exhibit Hall and online via GoToWebinar
3150 E New York Ave
Deland, FL 32724

The meeting was conducted as a hybrid public meeting. This means attendees were given the option to attend in person or virtually using the GoToWebinar platform. This process followed and was consistent with the most current FDOT guidelines for Hybrid Public Meetings.

Project Team Attendees:

The project team representatives who attended the public meeting included:

Florida Department of Transportation

Anna Taylor
Steven Buck
Mark Trebitz
Jessica Octaviano
Bill Walker
Chris Barone
Ed Kestory
Kelee Smith
John Tyler

VHB

Demond Hazley
Kevin Freeman
Courtney Reynolds
Michael Zoellner
Sunserea Gates

Inwood Consulting Engineers

Anna Pindara
Maica Pham

Amanda Ashby (online)

HW Lochner

Jason Dahlvik

Notable Guests

Mayor Gary Blair, Orange City
Councilman Bill O'Connor, Orange City
Councilman Jeff Allebach, Orange City
Valerie Duhl, Port Orange (online)
Jim Nelson, City of Daytona Beach (online)
Catherine Owen, FDOT (online)

2.0 PUBLIC NOTIFICATION

Invitations:

There were 233 invitations sent to property owners, government officials, and other interested parties. The invitations described the project and provided information about the location, date, and time of the public meeting including options to attend in person or via the GoToWebinar. Public meeting notices were e-mailed to elected officials, appointed officials, and agency and industry staff in the project area. Additionally, Invitational letters were mailed to property owners and other interested stakeholders. Copies of the letters are included in *Appendix A*. A breakdown of the recipient list is provided in *Table 1*. Complete mailing lists and the parcel selection map are provided in *Appendix B*.

Table 1 - Invitation Summary

Recipient	Number of Recipients	Date Invitation Sent
Elected Officials	38	April 12, 2022 via email
Appointed Officials	38	April 12, 2022 via email
Agency and Industry Staff	121	April 12, 2022 via email
Property Owners/Tenants/Other Interested Parties	36	April 12, 2022 via mail
Total	233	

Advertisements:

An advertisement was placed in the News Journal Online on Sunday, April 17, 2022. In addition to the newspaper advertisement, the public meeting was also noticed in the *Florida Administrative Register* on Monday, April 18, 2022, in Volume 48/75. Copies of the advertisements are provided in *Appendix C*.

Press Release:

A press release was sent to the local media outlets for immediate release on Thursday, April 21, 2022. The press release can be found in *Appendix D*.

3.0 AT THE PUBLIC MEETING

Parking and Signage:

Parking was available to accommodate all public meeting attendees, including the disabled. Directional signs were placed in areas surrounding the venue which guided attendees to the meeting site.

Hybrid Meeting Format:

The public meeting was held as a hybrid meeting and began in an open house format at 5:30 p.m. In-person attendees were greeted upon arrival and asked to sign in. Comment forms, pens, and a copy of the project fact sheet were available at the welcome table and throughout the meeting space. Those attending virtually using GoToWebinar were able to log-in to the meeting starting at 5:30 p.m.

A total of 19 guests attended the public meeting in person. The sign-in sheets can be found in *Appendix E*. A total of 18 guests attended the public meeting virtually using GoToWebinar.

The public meeting began at 5:30 p.m. Introductory remarks were given by Mark Trebitz, P.E., the FDOT Project Manager, online followed by a narrated, PowerPoint presentation.

The public meeting concluded at 7 p.m. A copy of the recorded presentation and project displays are available on the project website: www.cflroads.com/project/447724-1. The presentation is included in *Appendix F*.

Displays:

Aerial display boards, schedule board, and study location board were provided for viewing at the in-person location and on the project website. In addition, a welcome board, Title VI board, and interpretive services poster were on display at the in-person location. Copies of the public meeting displays can be found in *Appendix G*.

4.0 SUMMARY OF COMMENTS RECEIVED

No in-person or online comments were received during the public meeting or within the 10-day comment period.

5.0 CONCLUSION

For more information about the public meeting for the Truck and Freight Parking Site Analysis PD&E Study, please contact:

April 12, 2022

**Subject: Public Information Meeting
Truck and Freight Site Analysis PD&E Study
Volusia County
Financial Project Identification (FPID) No.: 447724-1**

Dear Elected Official:

The Florida Department of Transportation (FDOT) invites you to a public meeting regarding project plans for the Truck and Freight Alternative Site Analysis Project Development and Environment (PD&E) Study in Volusia County on Thursday, April 28, 2022, at 5:30 p.m.

The purpose of this project is to evaluate and recommend potential truck and freight parking site alternatives along the I-4 corridor that are viable for private and public operator use. Additional details are available in the attached project handout. The public meeting is being held to present information and receive community feedback.

Additional public meetings for prospective truck parking site alternatives along the I-4 corridor are scheduled in April 2022 for Orange, and Osceola Counties. A public meeting was held in Seminole County in March 2022. Each public meeting for this project will include the same information and presentation on potential sites across all counties.

The Department is offering multiple ways for the community to participate in the meeting. All participants, regardless of which platform they choose, will participate in the same live meeting.

- **Virtual Option:** Interested persons may join the Virtual Public Meeting (VPM) from a computer, tablet or mobile device. A VPM is a free live presentation or webinar over the internet. For this option, advance registration is required by visiting <https://attendee.gotowebinar.com/register/2683019897236010765>. Once registered, participants will

receive a confirmation email containing information about joining the meeting online. Please note, Internet Explorer cannot be used to register or attend this webinar. If joining online, please allow adequate time to log in to view the presentation in its entirety.

- **Phone Option (Listen Only):** Participants may join the meeting in listen-only mode by dialing 631-992-3221 and entering the passcode 218-033-636 when prompted.
- **In-Person Open House Option:** Participants may attend in person by going to Volusia County Fairgrounds, Talton Exhibit Hall, 3150 E New York Ave, DeLand, FL 32724 anytime between 5:30 p.m. and 7 p.m. to view a looping presentation and project displays, speak with project team members, and submit comments or questions. If attending in person, please remember to follow all safety and sanitation guidelines. If you are feeling unwell, please consider attending the meeting virtually or by phone.

All meeting materials, including the presentation, will be available on the project website at <https://www.cflroads.com/project/447724-1> prior to the meeting.

FDOT is sending notices to nearby property owners, business owners, interested persons, and organizations to provide the opportunity to offer comments and express their views regarding this project and the proposed improvements.

Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability, or family status. Persons wishing to express their concerns relative to FDOT compliance with Title VI may do so by contacting Jennifer Smith, FDOT District Five Title VI Coordinator, at Jennifer.Smith2@dot.state.fl.us.

The environmental review, consultation, and other actions required by applicable federal environmental laws for this project are being, or have been, carried on by FDOT pursuant to 23 U.S.C. §327 and a Memorandum of Understanding dated December 14, 2016, and executed by the Federal Highway Administration and FDOT.

Persons who require accommodations under the Americans with Disabilities Act (ADA) or persons who require translation services (free of charge) should contact Mark Trebitz, P.E. at 386-943-5157 or Mark.Trebitz@dot.state.fl.us at least seven (7) days prior to the meeting. If you are hearing or speech impaired, please contact us by using the Florida Relay Service, 1-800-955-8771 (TDD) or 1-800-955-8770 (Voice).

If you have any questions or comments about the project, please contact: FDOT Project Manager Mark Trebitz, P.E. by phone at 386-943-5157, by email at Mark.Trebitz@dot.state.fl.us, or U.S. mail at Florida Department of Transportation, 719 S. Woodland Boulevard, DeLand, FL 32720.

Sincerely,

C. Jack Adkins
District Five Director of Transportation Development

**Subject: Public Information Meeting
Truck and Freight Site Analysis PD&E Study**
Volusia County
Financial Project Identification (FPID) No.: 447724-1

Dear Government Official:

The Florida Department of Transportation (FDOT) invites you to a public meeting regarding project plans for the Truck and Freight Alternative Site Analysis Project Development and Environment (PD&E) Study in Volusia County on Thursday, April 28, 2022, at 5:30 p.m.

The purpose of this project is to evaluate and recommend potential truck and freight parking site alternatives along the I-4 corridor that are viable for private and public operator use. Additional details are available in the attached project handout. The public meeting is being held to present information and receive community feedback.

Additional public meetings for prospective truck parking site alternatives along the I-4 corridor are scheduled in April 2022 for Orange, and Osceola Counties. A public meeting was held in Seminole County in March 2022. Each public meeting for this project will include the same information and presentation on potential sites across all counties.

The Department is offering multiple ways for the community to participate in the meeting. All participants, regardless of which platform they choose, will participate in the same live meeting.

- **Virtual Option:** Interested persons may join the Virtual Public Meeting (VPM) from a computer, tablet or mobile device. A VPM is a free live presentation or webinar over the internet. For this option, advance registration is required by visiting <https://attendee.gotowebinar.com/register/2683019897236010765>. Once registered, participants will receive a confirmation email containing information about joining the meeting online. Please note, Internet Explorer cannot be used to register or attend this webinar. If joining online, please allow adequate time to log in to view the presentation in its entirety.
- **Phone Option (Listen Only):** Participants may join the meeting in listen-only mode by dialing 631-992-3221 and entering the passcode 218-033-636 when prompted.
- **In-Person Open House Option:** Participants may attend in person by going to Volusia County Fairgrounds, Talton Exhibit Hall, 3150 E New York Ave, DeLand, FL 32724 anytime between 5:30 p.m. and 7 p.m. to view a looping presentation and project displays, speak with project team

members, and submit comments or questions. If attending in person, please remember to follow all safety and sanitation guidelines. If you are feeling unwell, please consider attending the meeting virtually or by phone.

All meeting materials, including the presentation, will be available on the project website at <https://www.cflroads.com/project/447724-1> prior to the meeting.

FDOT is sending notices to nearby property owners, business owners, interested persons, and organizations to provide the opportunity to offer comments and express their views regarding this project and the proposed improvements.

Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability, or family status. Persons wishing to express their concerns relative to FDOT compliance with Title VI may do so by contacting Jennifer Smith, FDOT District Five Title VI Coordinator, at Jennifer.Smith2@dot.state.fl.us.

The environmental review, consultation, and other actions required by applicable federal environmental laws for this project are being, or have been, carried on by FDOT pursuant to 23 U.S.C. §327 and a Memorandum of Understanding dated December 14, 2016, and executed by the Federal Highway Administration and FDOT.

Persons who require accommodations under the Americans with Disabilities Act (ADA) or persons who require translation services (free of charge) should contact Mark Trebitz, P.E. at 386-943-5157 or Mark.Trebitz@dot.state.fl.us at least seven (7) days prior to the meeting. If you are hearing or speech impaired, please contact us by using the Florida Relay Service, 1-800-955-8771 (TDD) or 1-800-955-8770 (Voice).

If you have any questions or comments about the project, please contact me by phone at 386-943-5157, by email at Mark.Trebitz@dot.state.fl.us, or U.S. mail at Florida Department of Transportation, 719 S. Woodland Boulevard, DeLand, FL 32720.

Sincerely,

Mark Trebitz, P.E.
FDOT Project Manager

AMERICAN CONSULTING PROFESSIONALS - DEBORAH TURNER

The Florida Department of Transportation, District Seven announces a public meeting to which all persons are invited.

DATE AND TIME: Wednesday, April 27, 2022, 10:30 a.m. – 12:00 Noon

PLACE: Clearwater Hall Rentals: 1828 Main Street, Dunedin, FL 34698

GENERAL SUBJECT MATTER TO BE CONSIDERED: You are invited to attend and participate in the third Project Advisory Group (PAG) Meeting for the SR 580 Corridor Planning and Concept Development Study. The Florida Department of Transportation (FDOT), District Seven has scheduled a third PAG Meeting to provide an overview of the SR 580 Corridor Study from Alt. US 19/SR 595/Broadway to Tampa Road being conducted in Pinellas County, Florida. This project will be coordinated with Forward Pinellas Metropolitan Planning Organization (MPO) and the Cities of Dunedin, Clearwater, Safety Harbor, Oldsmar and unincorporated portions of Pinellas County to develop potential solutions that establish safer multimodal environment utilizing a context-sensitive approach. This study will involve a community-based evaluation to determine how best to meet the needs of current and future users, and to establish a long-term plan to guide evolution of the corridor that appropriately correlates the balance between land use and transportation planning. This PAG meeting is part of the alternatives evaluation phase and is the alternatives brainstorming portion of the corridor study. At the last meeting, on July 15, 2021, the PAG assisted in identifying deficiencies along the corridor and setting the purpose and need, goals and objectives of the study. This meeting will be used to share the alternatives that the team has developed to address existing deficiencies and meet the purpose and need of the study. The team will be looking for feedback from the PAG members regarding the alternative options presented. The format of the meeting will include a brief presentation to review the deficiencies previously presented and proposed alternative options being considered as part of this Corridor planning study. Additional SR 580 project information may be found at this website: www.fdotd7studies.com/projects/sr580-corridor/.

Written comments can be mailed to: Brian Shroyer, CPM, Project Manager, Florida Department of Transportation District Seven, Planning & Environmental Management Office (PLEMO) MS 7-500, 11201 N. McKinley Drive, MS 7-500, Tampa, FL 33612, emailed to: brian.shroyer@dot.state.fl.us or provided on

the “Send us your comments” page on the project website at www.fdotd7studies.com/projects/sr580-corridor.

Comuníquese con nosotros. Nos importa mucho la opinión del público sobre el proyecto. Si usted tiene preguntas o comentarios, o simplemente desea más información sobre este proyecto, por favor comuníquese con nuestro representante, Manuel Flores al teléfono 1(813)975-4248 o al correo electrónico manuel.flores@dot.state.fl.us. Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability or family status. The environmental review, consultation, and other actions required by applicable federal environmental laws for this project are being, or have been, carried out by the Florida Department of Transportation (FDOT) pursuant to 23 U.S.C. §327 and a Memorandum of Understanding dated December 14, 2016 and executed by the Federal Highway Administration and FDOT.

A copy of the agenda may be obtained by contacting: Brian Shroyer, CPM, FDOT Project Manager at 1(813)975-6449 or 1(800)226-7220.

Pursuant to the provisions of the Americans with Disabilities Act, any person requiring special accommodations to participate in this workshop/meeting is asked to advise the agency at least 6 days before the workshop/meeting by contacting: Mr. Roger Roscoe, Public Involvement Coordinator, Florida Department of Transportation, District Seven, MS 7-500, 11201 N. McKinley Drive, Tampa, FL 33612, 1(813)975-6411. If you are hearing or speech impaired, please contact the agency using the Florida Relay Service, 1(800)955-8771 (TDD) or 1(800)955-8770 (Voice).

For more information, you may contact: Brian Shroyer, CPM, FDOT Project Manager about the project or the scheduled hearing at 1(813)975-6449 or 1(800)226-7220 or visit our project website at www.fdotd7studies.com/projects/sr580-corridor.

INWOOD CONSULTING ENGINEERS, INC.

The Florida Department of Transportation (FDOT) announces a public meeting to which all persons are invited.

DATE AND TIME: Thursday, April 28, 2022, 5:30 p.m.

PLACE: Virtually on GoTo Webinar; By phone at (631)992-3221 with passcode 218-033-636; In-Person at Volusia County Fairgrounds, Talton Exhibit Hall

GENERAL SUBJECT MATTER TO BE CONSIDERED: A public meeting will be held regarding project plans on the Truck and Freight Alternative Site Analysis PD&E Study for Volusia County. (FPID no. 447724-1)

The purpose of this project is to evaluate and recommend potential truck and freight parking site alternatives along the I-4 corridor that are viable for private and public operator use. The public meeting is being held to present information and receive community feedback.

Additional public meetings for prospective truck parking site alternatives along the I-4 corridor are scheduled in April 2022 for Orange, and Osceola Counties. A public meeting was held in Seminole County in March 2022. Each public meeting for this project will include the same information and presentation on potential sites across all counties.

The Department is offering multiple ways for the community to participate in the meeting. All participants, regardless of platform they choose, will receive the same information on the proposed project.

Virtual Option: Interested persons may join the Virtual Public Meeting (VPM) from a computer, tablet, or mobile device. A VPM is a free live presentation or webinar over the internet. For this option, advance registration is required by visiting <https://attendee.gotowebinar.com/register/2683019897236010765>. Once registered, participants will receive a confirmation email containing information about joining the meeting online. Please note, Internet Explorer cannot be used to register or attend this webinar. If joining online, please provide adequate log-in time to view the presentation in its entirety.

Phone Option (Listen Only): Participants may join the meeting in listen-only mode by dialing (631)992-3221 and entering the passcode 218-033-636 when prompted.

In-Person Open House Option: Participants may attend in person by going to Volusia County Fairgrounds, Talton Exhibit Hall, 3150 E New York Ave, DeLand, FL 32724 anytime between 5:30 p.m. – 7:00 p.m. to view a looping presentation and project displays, speak with project team members, and submit comments or questions. If attending in person, please remember to follow all safety and sanitation guidelines. If you are feeling unwell, please consider attending the meeting virtually or by phone.

All meeting materials, including the presentation, will be available on the project website at <https://www.cflroads.com/project/447724-1> prior to the meeting.

FDOT is sending notices to all property owners, business owners, interested persons and organizations to provide the opportunity to offer comments and express their views regarding this project and the proposed improvements.

Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability, or family status. Persons wishing to express their concerns relative to FDOT compliance with Title VI may do so by contacting Jennifer Smith, FDOT District Five Title VI Coordinator, at Jennifer.Smith2@dot.state.fl.us.

The environmental review, consultation, and other actions required by applicable federal environmental laws for this project are being, or have been, carried on by FDOT pursuant to 23 U.S.C. §327 and a Memorandum of Understanding dated

December 14, 2016, and executed by the Federal Highway Administration and FDOT.

A copy of the agenda may be obtained by contacting: Not applicable.

Pursuant to the provisions of the Americans with Disabilities Act, any person requiring special accommodations to participate in this workshop/meeting is asked to advise the agency at least seven (7) days before the workshop/meeting by contacting: FDOT Project Manager Mark Trebitz, P.E. at (386)943-5157, or by email at Mark.Trebitz@dot.state.fl.us. If you are hearing or speech impaired, please contact the agency using the Florida Relay Service, 1(800)955-8771 (TDD) or 1(800)955-8770 (Voice).

For more information, you may contact: FDOT Project Manager Mark Trebitz, P.E. by phone at (386)943-5157, by email at Mark.Trebitz@dot.state.fl.us, or U.S. mail at Florida Department of Transportation, 719 South Woodland Boulevard, DeLand, FL 32720. Information about this project is also available online at www.cflroads.com. Simply type 447724-1 in the search box, click “go” and then select the project. We encourage you to participate in the Truck and Freight Alternative Site Analysis public meeting.

HML PUBLIC OUTREACH

The Florida Department of Transportation District Six announces a public meeting to which all persons are invited.

PUBLIC MEETING

When: Thursday, April 28, 2022,
at 5:30 p.m.

Where:

- Virtually on GoTo Webinar
- By phone at 631-992-3221 with passcode 218-033-636
- In person at Volusia County Fairgrounds, Talton Exhibit Hall

Financial Project Identification (FPID) No. 447724-1

Truck and Freight Site Analysis PD&E Study, Volusia County

The Florida Department of Transportation (FDOT) will hold a public meeting regarding project plans on Truck and Freight Alternative Site Analysis Project Development and Environment (PD&E) Study in Volusia County on Thursday, April 28, 2022, at 5:30 p.m. The purpose of this project is to evaluate and recommend potential truck and freight parking site alternatives along the I-4 corridor that are viable for private and public operator use. FDOT is offering multiple ways to participate in the live meeting. Virtual: Join from a computer, tablet, or mobile device for free and listen to the live presentation over the internet. Advance registration at <https://attendee.gotowebinar.com/register/2683019897236010765> is required. Participants will receive an email with information about joining the meeting online. Please note. Internet Explorer cannot be used to register or attend this webinar. If joining online, please provide adequate log-in time to view the presentation in its entirety. Phone (Listen Only): Join the meeting in listen-only mode by dialing 631-992-3221 and entering the passcode 218-033-636 when prompted.

In-Person Open House: Attend in person at the Volusia County Fairgrounds, Talton Exhibit Hall, 3150 E. New York Ave. DeLand, FL 32724 anytime between 5:30 p.m. and 7 p.m. to view a looping presentation and project exhibits. If attending in person, please remember to follow all safety and sanitation guidelines. If you are feeling unwell, please consider attending the meeting virtually or by phone. All meeting materials and the presentation will be available on the project website at <https://www.cfrroads.com/project/447724-1> before the meeting. Additional public meetings for prospective truck parking site alternatives along the I-4 corridor were held in April 2022 for Orange and Osceola Counties. A meeting was held in Seminole County in March 2022. Each public meeting for this project will include the same information and presentation on potential sites across all counties.

Persons with disabilities who require accommodations under the Americans with Disabilities Act (ADA), or persons who require translation services (free of charge), should contact Mark Trebitz, P.E. by phone at 386-943-5157, or via email at Mark.Trebitz@dot.state.fl.us at least seven (7) days prior to the meeting. If you are hearing or speech impaired, please contact us by using the Florida Relay Service, 1-800-955-8771 (TDD) or 1-800-955-8770 (Voice).

Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability, or family status. Persons wishing to express their concerns relative to FDOT compliance with Title VI may do so by contacting Jennifer Smith, FDOT District Five Title VI Coordinator at Jennifer.Smith2@dot.state.fl.us. The environmental review, consultation, and other actions required by applicable federal environmental laws for this project are being, or have been, carried on by FDOT pursuant to 23 U.S.C. §327 and a Memorandum of Understanding dated December 14, 2016, and executed by the Federal Highway Administration and FDOT.

For more information, please contact FDOT Project Manager Mark Trebitz, P.E. at 386-943-5157, email at Mark.Trebitz@dot.state.fl.us, or U.S. mail at Florida Department of Transportation, 719 S. Woodland Boulevard, DeLand, FL 32720.

Upcoming Public Meeting for Truck and Freight Site Analysis PD&E Study

Meeting will be offered in multiple platforms

VOLUSIA COUNTY, Fla. — The Florida Department of Transportation (FDOT) will hold a public meeting regarding project plans on the Truck and Freight Alternative Site Analysis Project Development and Environment (PD&E) Study on Thursday, April 28, 2022, at 5:30 p.m. The purpose of this project is to evaluate and recommend potential truck and freight parking site alternatives along the I-4 corridor that are viable for private and public operator use.

Additional public meetings for prospective truck parking site alternatives along the I-4 corridor are scheduled in April 2022 for Orange, and Osceola Counties. A public meeting was held in Seminole County in March 2022. Each public meeting for this project will include the same information and presentation on potential sites across all counties.

The Department is offering multiple ways for the community to participate in the meeting. All participants, regardless of platform they choose, will participate in the same live meeting.

Virtual Option: Interested persons may join the Virtual Public Meeting (VPM) from a computer, tablet, or mobile device. A VPM is a free live presentation or webinar over the internet. For this option, advance registration is required by visiting attendee.gotowebinar.com/register/2683019897236010765. Once registered, participants will receive a confirmation email containing information about joining the meeting online. Please note, Internet Explorer cannot be used to register or attend this webinar. If joining online, please provide adequate log-in time to view the presentation in its entirety.

Phone Option (Listen Only): Participants may join the meeting in listen-only mode by dialing 631-992-3221 and entering the passcode 218-033-636 when prompted.

In-Person Open House Option: Participants may attend in person by going to Volusia County Fairgrounds, Talton Exhibit Hall, 3150 E New York Ave., DeLand, FL 32724 anytime between 5:30 p.m. and 7 p.m. to view a looping presentation and project displays, speak with project team members, and submit comments or questions.

If attending in person, please remember to follow all safety and sanitation guidelines as well as adhere to any local ordinances. If you are feeling unwell, please consider attending the meeting virtually or by phone.

All meeting materials, including the presentation, will be available on the project website at www.cflroads.com/project/447724-1 prior to the meeting.

Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability, or family status. Persons wishing to express their concerns relative to

FDOT compliance with Title VI may do so by contacting Jennifer Smith, FDOT District Five Title VI Coordinator, at Jennifer.Smith2@dot.state.fl.us.

The environmental review, consultation, and other actions required by applicable federal environmental laws for this project are being, or have been, carried on by FDOT pursuant to 23 U.S.C. §327 and a Memorandum of Understanding dated December 14, 2016, and executed by the Federal Highway Administration and FDOT.

Persons who require accommodations under the Americans with Disabilities Act (ADA) or persons who require translation services (free of charge) should contact Mark Trebitz, P.E. at 386-943-5157 or Mark.Trebitz@dot.state.fl.us at least seven (7) days prior to the meeting. If you are hearing or speech impaired, please contact us by using the Florida Relay Service, 1-800-955-8771 (TDD) or 1-800-955-8770 (Voice).

Media inquiries should be directed to the FDOT District Five Communications Office at FDOT-D5Comm@dot.state.fl.us or by phone at 386-943-5593.

###

Improve Safety, Enhance Mobility, Inspire Innovation
www.fdot.gov | Twitter: @MyFDOT_CFL | Facebook: @MyFDOTCFL

The Florida Department of Transportation's mission is to provide a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity, and preserves the quality of the state's environment and communities. The department is committed to building a transportation system that not only fits the current needs of Florida's residents and visitors, but also enhances mobility throughout the state to accommodate its consistent and rapid growth. The unique nature of the Sunshine State and its year-round warm climate provides numerous opportunities to achieve the department's mission through multiple transportation modes including highways/streets, air, rail, sea, spaceports, transit, and the ever-expanding deployment of bicycle & pedestrian facilities.

PUBLIC INFORMATION MEETING SUMMARIES
(ROUND TWO)

DRAFT

Public Meeting Summary Report

Truck and Freight Site Analysis PD&E Study

Along the I-4 Corridor in District 5

Orange, Osceola, Volusia, and Seminole Counties

June 2022

DRAFT

Submitted to:

Florida Department of Transportation
District Five
719 South Woodland Boulevard
DeLand, Florida 32720

1.0 INTRODUCTION

This document summarizes the public involvement activities associated with the second Public Meeting hosted in Seminole County for the subject project. The purpose of this project is to evaluate and recommend potential truck and freight parking site alternatives along the I-4 corridor that are viable for private and public operator use.

The purpose of the second Public Meeting was to present the preferred site alternatives for each county and receive community feedback. Additional public meetings for prospective truck parking sites along the I-4 corridor are scheduled in June 2022 for Orange, Osceola, and Volusia Counties. Each public meeting for this project will include the same information and presentation across all counties.

Public Meeting Date and Location:

The public meeting was hosted by Florida Department of Transportation (FDOT), District Five on:

Thursday, May 19, 2022

5:30 p.m. Open House

Central Florida Zoo & Botanical Gardens – Safari Room and online via GoToWebinar

3755 W. Seminole Blvd.

Sanford, FL 32771

The meeting was conducted as a hybrid public meeting. This means attendees were given the option to attend in person or virtually using the GoToWebinar platform. This process followed and was consistent with the most current FDOT guidelines for Hybrid Public Meetings.

Project Team Attendees:

The project team representatives who attended the public meeting included:

Florida Department of Transportation

Mark Trebitz

Jason Pearson

Jeff Cicerello

Megan Owens

Jim Stroz

Steve Carlton

Tyler Burgett

Kellie Smith

Niccole Poppell

Matthew Richardson

Marquise McMiller

Jim Wood

Notable Guests

Gary Huttman, Metroplan Orlando

Jean Jreij, Seminole County

Amanetta Somerville, EPA (online)

2.0 PUBLIC NOTIFICATION

Invitations:

There were 243 invitations sent to property owners, government officials, and other interested parties. The invitations described the project and provided information about the location, date, and time of the public meeting including options to attend in person or via the GoToWebinar. Public meeting notices were e-mailed to elected officials, appointed officials, and agency and industry staff in the project area. Additionally, Invitational letters were mailed to property owners and other interested stakeholders. Copies of the letters are included in *Appendix A*. A breakdown of the recipient list is provided in *Table 1*. Complete mailing lists and the parcel selection map are provided in *Appendix B*.

Table 1 - Invitation Summary

Recipient	Number of Recipients	Date Invitation Sent
Elected Officials	26	April 25, 2022 via email
Appointed Officials	22	April 25, 2022 via email
Agency and Industry Staff	81	April 25, 2022 via email
Property Owners/Tenants/Other Interested Parties	114	April 25, 2022 via mail
Total	243	

Advertisements:

An advertisement was placed in the Orlando Sentinel on Sunday, May 8, 2022. In addition to the newspaper advertisement, the public meeting was also noticed in the *Florida Administrative Register* on Tuesday, May 10, 2022, in Volume 48/91. Copies of the advertisements are provided in *Appendix C*.

Press Release:

A press release was sent to the local media outlets for immediate release on Thursday, May 12, 2022. The press release can be found in *Appendix D*.

3.0 AT THE PUBLIC MEETING

Parking and Signage:

Parking was available to accommodate all public meeting attendees, including the disabled. Directional signs were placed in areas surrounding the venue which guided attendees to the meeting site.

Hybrid Meeting Format:

The public meeting was held as a hybrid meeting and began in an open house format at 5:30 p.m. In-person attendees were greeted upon arrival and asked to sign in. Comment forms, pens, and a copy of the project fact sheet were available at the welcome table and throughout the meeting space. Those attending virtually using GoToWebinar were able to log-in to the meeting starting at 5:30 p.m.

A total of 8 guests attended the public meeting in person. The sign-in sheets can be found in *Appendix E*. A total of 2 guests attended the public meeting virtually using GoToWebinar.

The public meeting began at 5:30 p.m. Introductory remarks were given by Mark Trebitz, P.E., the FDOT Project Manager, online followed by a narrated, PowerPoint presentation.

The public meeting concluded at 7 p.m. A copy of the recorded presentation and project displays are available on the project website: www.cflroads.com/project/447724-1. The presentation is included in *Appendix F*.

Displays:

Aerial display boards, schedule board, and study location board were provided for viewing at the in-person location and on the project website. In addition, a welcome board, Title VI board, and interpretive services poster were on display at the in-person location. Copies of the public meeting displays can be found in *Appendix G*.

4.0 SUMMARY OF COMMENTS RECEIVED

No in-person or online comments were received during the public meeting or within the 10-day comment period.

5.0 CONCLUSION

**Subject: Public Information Meeting
Truck and Freight Site Analysis PD&E Study**
Seminole County
Financial Project Identification (FPID) No.: 447724-1

Dear Elected Official:

The Florida Department of Transportation (FDOT) invites you to the second round of public meetings regarding project plans for the Truck and Freight Alternative Site Analysis Project Development and Environment (PD&E) Study in Seminole County on Thursday, May 19, 2022, at 5:30 p.m.

The purpose of this project is to evaluate and recommend potential truck and freight parking site alternatives along the I-4 corridor that are viable for private and public operator use. Additional details are available in the attached project handout. This public meeting is part of a series of meetings occurring for this project. Previous meetings were held in Osceola, Orange, Seminole, and Volusia Counties in the spring of 2022 to introduce the project and the proposed site locations being evaluated. The purpose of this round of public meetings is to present the preferred site alternatives for each county and receive community feedback.

Additional meetings will be held in Orange, Osceola, and Volusia Counties in June 2022. Each public meeting for this project will include the same information and presentation across all counties.

The Department is offering multiple ways for the community to participate in the meeting. All participants, regardless of which platform they choose, will participate in the same live meeting.

- **Virtual Option:** Interested persons may join the Virtual Public Meeting (VPM) from a computer, tablet or mobile device. A VPM is a free live presentation or webinar over the internet. For this option, advance registration is required by visiting <https://attendee.gotowebinar.com/register/1347564071637875727>. Once registered, participants will receive a confirmation email containing information about joining the meeting online. Please note, Internet Explorer cannot be used to register or attend this webinar. If joining online, please allow adequate time to log in to view the presentation in its entirety.
- **Phone Option (Listen Only):** Participants may join the meeting in listen-only mode by dialing 415-655-0060 and entering the passcode 823-278-671 when prompted.
- **In-Person Open House Option:** Participants may attend in person by going to Central Florida Zoo & Botanical Gardens – Safari Room, 3755 W. Seminole Blvd., Sanford, FL 32771 anytime between 5:30 p.m. and 7 p.m. to view a looping presentation and project displays, speak with project team members, and submit comments or questions. If attending in person, please remember to follow all safety and sanitation guidelines. If you are feeling unwell, please consider attending the meeting virtually or by phone.

All meeting materials, including the presentation, will be available on the project website at <https://www.cflroads.com/project/447724-1> prior to the meeting.

FDOT is sending notices to nearby property owners, business owners, interested persons, and organizations to provide the opportunity to offer comments and express their views regarding this project and the proposed improvements.

Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability, or family status. Persons wishing to express their concerns relative to FDOT compliance with Title VI may do so by contacting Jennifer Smith, FDOT District Five Title VI Coordinator, at Jennifer.Smith2@dot.state.fl.us.

The environmental review, consultation, and other actions required by applicable federal environmental laws for this project are being, or have been, carried on by FDOT pursuant to 23 U.S.C. §327 and a Memorandum of Understanding dated December 14, 2016, and executed by the Federal Highway Administration and FDOT.

Persons who require accommodations under the Americans with Disabilities Act (ADA) or persons who require translation services (free of charge) should contact Mark Trebitz, P.E. at 386-943-5157 or Mark.Trebitz@dot.state.fl.us at least seven (7) days prior to the meeting. If you are hearing or speech impaired, please contact us by using the Florida Relay Service, 1-800-955-8771 (TDD) or 1-800-955-8770 (Voice).

If you have any questions or comments about the project, please contact: FDOT Project Manager Mark Trebitz, P.E. by phone at 386-943-5157, by email at Mark.Trebitz@dot.state.fl.us, or U.S. mail at Florida Department of Transportation, 719 S. Woodland Boulevard, DeLand, FL 32720.

Sincerely,

C. Jack Adkins
District Five Director of Transportation Development

Truck and Freight Site Analysis PD&E Study**
Seminole County
Financial Project Identification (FPID) No.: 447724-1

Dear Government Official:

The Florida Department of Transportation (FDOT) invites you to the second round of public meetings regarding project plans for the Truck and Freight Alternative Site Analysis Project Development and Environment (PD&E) Study in Seminole County on Thursday, May 19, 2022, at 5:30 p.m.

The purpose of this project is to evaluate and recommend potential truck and freight parking site alternatives along the I-4 corridor that are viable for private and public operator use. Additional details are available in the attached project handout. This public meeting is part of a series of meetings occurring for this project. Previous meetings were held in Osceola, Orange, Seminole, and Volusia Counties in the spring of 2022 to introduce the project and the proposed site locations being evaluated. The purpose of this round of public meetings is to present the preferred site alternatives for each county and receive community feedback.

Additional meetings will be held in Orange, Osceola, and Volusia Counties in June 2022. Each public meeting for this project will include the same information and presentation across all counties.

The Department is offering multiple ways for the community to participate in the meeting. All participants, regardless of which platform they choose, will participate in the same live meeting.

- **Virtual Option:** Interested persons may join the Virtual Public Meeting (VPM) from a computer, tablet or mobile device. A VPM is a free live presentation or webinar over the internet. For this option, advance registration is required by visiting <https://attendee.gotowebinar.com/register/1347564071637875727>. Once registered, participants will receive a confirmation email containing information about joining the meeting online. Please note, Internet Explorer cannot be used to register or attend this webinar. If joining online, please allow adequate time to log in to view the presentation in its entirety.
- **Phone Option (Listen Only):** Participants may join the meeting in listen-only mode by dialing 415-655-0060 and entering the passcode 823-278-671 when prompted.
- **In-Person Open House Option:** Participants may attend in person by going to Central Florida Zoo & Botanical Gardens – Safari Room, 3755 W. Seminole Blvd., Sanford, FL 32771 anytime between 5:30 p.m. and 7 p.m. to view a looping presentation and project displays, speak with project team members, and submit comments or questions. If attending in person, please remember to follow all safety and sanitation guidelines. If you are feeling unwell, please consider attending the meeting virtually or by phone.

All meeting materials, including the presentation, will be available on the project website at <https://www.cflroads.com/project/447724-1> prior to the meeting.

FDOT is sending notices to nearby property owners, business owners, interested persons, and organizations to provide the opportunity to offer comments and express their views regarding this project and the proposed improvements.

Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability, or family status. Persons wishing to express their concerns relative to FDOT compliance with Title VI may do so by contacting Jennifer Smith, FDOT District Five Title VI Coordinator, at Jennifer.Smith2@dot.state.fl.us.

The environmental review, consultation, and other actions required by applicable federal environmental laws for this project are being, or have been, carried on by FDOT pursuant to 23 U.S.C. §327 and a Memorandum of Understanding dated December 14, 2016, and executed by the Federal Highway Administration and FDOT.

Persons who require accommodations under the Americans with Disabilities Act (ADA) or persons who require translation services (free of charge) should contact Mark Trebitz, P.E. at 386-943-5157 or Mark.Trebitz@dot.state.fl.us at least seven (7) days prior to the meeting. PUBLIC MEETING

When: Thursday, May 19, 2022, at 5:30 p.m.

Where:

- Virtually on GoToWebinar
- By phone at 415-655-0060 with passcode 823-278-671
- In person Central Florida Zoo & Botanic Gardens - Safari Room

Financial Project Identification (FPID) No. 447724-1

Truck and Freight Site Analysis PD&E Study, Seminole County

The Florida Department of Transportation (FDOT) will hold a public meeting regarding project plans for the Truck and Freight Alternative Site Analysis Project Development and Environment (PD&E) Study in Seminole County on Thursday, May 19, 2022, at 5:30 p.m. Previous meetings were held in Osceola, Orange, Seminole, and Volusia Counties in the spring of 2022 to introduce the project and the proposed site locations being evaluated. The purpose of this round of public meetings is to present the preferred site alternatives for each county and receive community feedback. FDOT is offering multiple ways to participate in the live meeting.

Virtual: Join from a computer, tablet, or mobile device for free and listen to the live presentation over the internet. Advance registration at <https://attendee.gotowebinar.com/register/134756407163787527> is required. Participants will receive an email with information about joining the meeting online. Please note, Internet Explorer cannot be used to register or attend this webinar. If joining online, please provide adequate log-in time to view the presentation in its entirety.

Phone (Listen Only): Join the meeting in listen-only mode by dialing 415-655-0060 and entering the passcode 823-278-671 when prompted.

In-Person Open House: Attend in person at the Central Florida Zoo & Botanic Gardens - Safari Room, 3755 W. Seminole Blvd., Sanford, FL 32771 anytime between 5:30 p.m. and 7:00 p.m. to view a looping presentation and project exhibits. If attending in person, please remember to follow all safety and sanitation guidelines. If you are feeling unwell, please consider attending the meeting virtually or by phone. All meeting materials and the presentation will be available on the project website at <https://www.cflroads.com/project/447724-1> before the meeting. Additional meetings will be held in Orange, Osceola, and Volusia Counties in June 2022. Each public meeting for this project will include the same information and presentation across all counties.

Persons with disabilities who require accommodations under the Americans with Disabilities Act (ADA), or persons who require translation services (free of charge), should contact Mark Trebitz, P.E. by phone at 386-943-5157, or via email at Mark.Trebitz@dot.state.fl.us at least seven (7) days prior to the meeting. If you are hearing or speech impaired, please contact us by using the Florida Relay Service, 1-800-955-8771 (TDD) or 1-800-955-8770 (Voice). Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability, or family status. Persons wishing to express their concerns relative to FDOT compliance with Title VI may do so by contacting Jennifer Smith, FDOT District Five Title VI Coordinator at Jennifer.Smith2@dot.state.fl.us. The environmental review, consultation, and other actions required by applicable federal environmental laws for this project are being, or have been, carried on by FDOT pursuant to 23 U.S.C. §327 and a Memorandum of Understanding dated December 14, 2016, and executed by the Federal Highway Administration and FDOT. For more information, please contact FDOT Project Manager Mark Trebitz, P.E. at 386-943-5157, by email at Mark.Trebitz@dot.state.fl.us, or U.S. mail at Florida Department of Transportation, 719 S. Woodland Boulevard, DeLand, FL 32720.

SEMINOLE COUNTY COMMUNITY SERVICES DEPARTMENT

Notice of Funding Availability (NOFA) American Rescue Plan Act Affordable Homeownership Development Projects (Countywide)

In an effort to address the pandemic's impact on affordable housing, Seminole County Community Services Department is issuing a Notice of Funding Availability (NOFA) with the intent to partner with qualified for-profit and non-profit developers/contractors with an organizational mission to develop affordable housing, and scalable "shovel-ready" projects, to develop homeownership units for first-time homebuyers. Applicant must have site control (own, or under purchase contract) of a parcel(s) suitable for development, architectural drawings inclusive of exterior elevations and floor plans, a project pro forma complete with all hard and soft costs, and a construction timeline showing completion and sale of all units prior to December 31, 2026. \$2 million of the American Recovery Plan funds have been allocated to fully fund approved homeownership development projects.

Housing Development Activities	Available ARP Funds
New Construction Homeownership Units – Countywide	\$2,000,000.00
Total	\$2,000,000.00

NOTE: Projects will be recommended for funding only up to the total amount published in the NOFA.

A virtual technical assistance information session will be held on **Wednesday, May 18, 2022, at 10 a.m.** to provide interested applicants an opportunity to gain additional information and ask questions regarding NOFA. You can access the meeting at <https://us06web.zoom.us/j/85428886169?pwd=RGS6RlRDZ2lUMFhkUGh2WW5icKpCQT09>, Meeting ID: 854 2888 6169, Passcode: 887494. To be considered for funding, all interested applicants **must have a representative present at of the workshop.**

Funding applications are available at the [website www.seminolecountyfl.gov/departments-services/community-services/](http://www.seminolecountyfl.gov/departments-services/community-services/) or can be picked up in person Monday – Friday, 8 am – 5 pm from the Community Services office. One (1) original, one (1) duplicated paper application, and one (1) electronic copy (PDF Format) saved on a USB flash drive is required. Applications are due to Seminole County Community Development Division no later than **Thursday, June 30, 2022 at 12:00 pm.** Applications should be delivered at the address below (**Faxed or email applications will not be accepted.**)

Seminole County Community Services Department
 520 West Lake Mary Boulevard, Suite 100
 Sanford, FL 32773

If you have questions or need additional information, contact Bonnye Deese at 407-665-2311 or bdeese@seminolecountyfl.gov.

PERSONS WITH DISABILITIES NEEDING ASSISTANCE SHOULD CONTACT THE HUMAN RESOURCES DEPARTMENT ADA COORDINATOR 48 HOURS IN ADVANCE OF THE CLOSE OF THE PUBLIC COMMENT PERIOD AT (407) 665-7941. FOR HEARING IMPAIRED INDIVIDUALS, THE FLORIDA RELAY NUMBER IS 1-800-955-8771.

INWOOD CONSULTING ENGINEERS, INC.

The Florida Department of Transportation (FDOT) announces a public meeting to which all persons are invited.

DATE AND TIME: Thursday, May 19, 2022, 5:30 p.m.

PLACE: Virtually on GoToWebinar; By phone at 415-655-0060 with passcode 823-278-671; In-Person at Central Florida Zoo & Botanical Gardens – Safari Room

GENERAL SUBJECT MATTER TO BE CONSIDERED: A public meeting will be held regarding project plans for the Truck and Freight Alternative Site Analysis Project Development and Environment (PD&E) Study for Seminole County. (FPID no. 447724-1)

The purpose of this project is to evaluate and recommend potential truck and freight parking site alternatives along the I-4 corridor that are viable for private and public operator use. This public meeting is part of a series of meetings occurring for this project. Previous meetings were held in Osceola, Orange, Seminole, and Volusia Counties in the spring of 2022 to introduce the project and the proposed site locations being evaluated. The purpose of this round of public meetings is to

present the preferred site alternatives for each county and receive community feedback.

Additional meetings will be held in Orange, Osceola, and Volusia Counties in June 2022. Each public meeting for this project will include the same information and presentation across all counties.

The Department is offering multiple ways for the community to participate in the meeting. All participants, regardless of which platform they choose, will receive the same information on the proposed project.

Virtual Option: Interested persons may join the Virtual Public Meeting (VPM) from a computer, tablet, or mobile device. A VPM is a free live presentation or webinar over the internet. For this option, advance registration is required by visiting <https://attendee.gotowebinar.com/register/1347564071637875727>. Once registered, participants will receive a confirmation email containing information about joining the meeting online. Please note, Internet Explorer cannot be used to register or attend this webinar. If joining online, please provide adequate log-in time to view the presentation in its entirety.

Phone Option (Listen Only): Participants may join the meeting in listen-only mode by dialing 415-655-0060 and entering the passcode 823-278-671 when prompted.

In-Person Open House Option: Participants may attend in person by going to Central Florida Zoo & Botanical Gardens – Safari Room, 3755 W. Seminole Blvd., Sanford, FL 32771 anytime between 5:30 p.m. and 7 p.m. to view a looping presentation and project displays, speak with project team members, and submit comments or questions. If attending in person, please remember to follow all safety and sanitation guidelines. If you are feeling unwell, please consider attending the meeting virtually or by phone.

All meeting materials, including the presentation, will be available on the project website at <https://www.cflroads.com/project/447724-1> prior to the meeting.

FDOT is sending notices to all property owners, business owners, interested persons and organizations to provide the opportunity to offer comments and express their views regarding this project and the proposed improvements.

Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability, or family status. Persons wishing to express their concerns relative to FDOT compliance with Title VI may do so by contacting Jennifer Smith, FDOT District Five Title VI Coordinator, at Jennifer.Smith2@dot.state.fl.us.

The environmental review, consultation, and other actions required by applicable federal environmental laws for this project are being, or have been, carried on by FDOT pursuant to 23 U.S.C. §327 and a Memorandum of Understanding dated

December 14, 2016, and executed by the Federal Highway Administration and FDOT.

A copy of the agenda may be obtained by contacting: Not applicable.

Pursuant to the provisions of the Americans with Disabilities Act, any person requiring special accommodations to participate in this workshop/meeting is asked to advise the agency at least seven (7) days before the workshop/meeting by contacting: Mark Trebitz, P.E. at 386-943-5157 or Mark.Trebitz@dot.state.fl.us. If you are hearing or speech impaired, please contact the agency using the Florida Relay Service, 1(800)955-8771 (TDD) or 1(800)955-8770 (Voice).

For more information, you may contact: If you have any questions or comments about the project, please contact: FDOT Project Manager Mark Trebitz, P.E. by phone at 386-943-5157, by email at Mark.Trebitz@dot.state.fl.us, or U.S. mail at Florida Department of Transportation, 719 S. Woodland Boulevard, DeLand, FL 32720.

Information about this project is also available online at www.cflroads.com. Simply type 447724-1 in the search box, click "go" and then select the project. We encourage you to participate in the Truck and Freight Alternative Site Analysis PD&E Study public meeting.

THE CORRADINO GROUP, INC.

The Florida Department of Transportation (FDOT) District Four announces a public meeting to which all persons are invited.

DATES AND TIMES: Wednesday, May 25, 2022 is the Virtual Public Meeting from 5:00 p.m. – 6:00 p.m.

Thursday, May 26, 2022 is the Drive-through Construction Open House from 5:00 p.m. – 7:00 p.m.

The Virtual Public Meeting is scheduled for Wednesday, May 25, 2022, from 5:00 p.m. – 6:00 p.m. Please use the following link to register: <https://bit.ly/GATLINRAMPS>, or dial (562) 247-8422, Access Code: 935-855-209. A brief presentation followed by questions and comments will be held from 5:00 p.m. to 5:30 p.m., and again from 5:30 p.m. to 6:00 p.m. Please note, questions and comments may be submitted via the online chat for the project team to address directly.

The Drive-through Construction Open House is scheduled for Thursday, May 26, 2022, from 5:00 p.m. – 7:00 p.m. at the St. Lucie County Tax Collector's Office located at 10264 SW Village Parkway, Port St. Lucie, FL 34987. Follow directional signs through the parking lot to the drive-up tent. This meeting will have an informal open house format, with project representatives available to answer questions and address comments at any time during the meeting. Attached is a copy of the Project Information Flyer.

PLACE: St. Lucie County Tax Collector's Office
10264 SW Village Parkway

Port St. Lucie, FL 39487

GENERAL SUBJECT MATTER TO BE CONSIDERED:
Financial Management No.: 439761-1-52-01

Project Description: State Road (SR) 9/I-95 Northbound and Southbound Off-Ramps at Gatlin Boulevard Roadway Improvements Project in St. Lucie County, FL

Project improvements include widening southbound I-95 to provide a 12-foot auxiliary lane and a 12-foot shoulder (10-feet paved); widening the I-95 southbound Gatlin Boulevard off-ramp for the addition of a right-turn lane and a left-turn lane; widening the inside of the I-95 northbound Gatlin Boulevard off-ramp to provide three (3) left-turn lanes; widening eastbound and westbound Gatlin Boulevard to provide three 15-foot left-turn lanes; modifying drainage to an open system with dry ponds; installing one cantilever sign structure at the southbound I-95 off-ramp; and adding new signing and pavement markings. Construction will occur in phases to minimize impacts to the public. Work may occur Monday through Sunday. Work will occur in one direction at a time on the eastbound and westbound approach of Gatlin Boulevard. Gatlin Boulevard lane closures are permitted as follows: single-lane closures are allowed at any time and double-lane closures, Sunday through Thursday night, 9:00 p.m. to 6:00 a.m. I-95 southbound single and double-lane closures allowed Sunday through Thursday night, from 9:00 p.m. to 6:00 a.m. Pedestrian access will be maintained; should sidewalk closures be required, detours will be clearly marked.

Construction will begin June 9, 2022 and is estimated to be completed in fall 2023. The estimated construction cost is \$4,627,785.77.

Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability, or family status. Persons who require translation services (free of charge) should contact Mr. Aaron Watt, P.E., FDOT Project Manager, at (772) 429-4938 or by email at aaron.watt@dot.state.fl.us.

A copy of the agenda may be obtained by contacting:

Pursuant to the provisions of the Americans with Disabilities Act, any person requiring special accommodations to participate in this workshop/meeting is asked to advise the agency at least 7 days before the workshop/meeting by contacting: Mr. Aaron Watt, FDOT Project Manager, at (772) 429-4938 or by email at aaron.watt@dot.state.fl.us. Upcoming Public Meeting for the Truck and Freight Site Analysis PD&E Study

Meeting will be offered in multiple platforms

Seminole County, Fla. — The Florida Department of Transportation (FDOT) will hold a public meeting regarding project plans for the Truck and Freight Alternative Site Analysis Project Development and Environment (PD&E) Study on Thursday, May 19, 2022, at 5:30 p.m. The purpose of this project is to evaluate and recommend potential truck and freight parking site alternatives along the I-4 corridor that are viable for private and public operator use.

This public meeting is part of a series of meetings occurring for this project. Previous meetings were held in Osceola, Orange, Seminole and Volusia Counties in the spring of 2022 to introduce the project and the proposed site locations being evaluated. The purpose of this round of public meetings is to present the preferred site alternatives for each county and receive community feedback. Each public meeting for this project will include the same information and presentation across all counties.

The Department is offering multiple ways for the community to participate in the meeting. All participants, regardless of which platform they choose, will participate in the same live meeting.

Virtual Option: Interested persons may join the Virtual Public Meeting (VPH) from a computer, tablet, or mobile device. A VPH is a free live presentation or webinar over the internet. For this option, advance registration is required by visiting <https://attendee.gotowebinar.com/register/1347564071637875727>. Once registered, participants will receive a confirmation email containing information about joining the meeting online. Please note, Internet Explorer cannot be used to register or attend this webinar. If joining online, please provide adequate log-in time to view the presentation in its entirety.

Phone Option (Listen Only): Participants may join the meeting in listen-only mode by dialing 415-655-0060 and entering the passcode 823-278-671 when prompted.

In-Person Open House Option: Participants may attend in person by going to Central Florida Zoo & Botanical Gardens – Safari Room, 3755 W. Seminole Blvd., Sanford, FL 32771 anytime between 5:30 p.m. and 7 p.m. to view a looping presentation and project displays, speak with project team members, and submit comments or questions.

Improve Safety, Enhance Mobility, Inspire Innovation

www.fdot.gov | Twitter: @MyFDOT_CFL | Facebook: @MyFDOTCFL

The Florida Department of Transportation's mission is to provide a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity, and preserves the quality of the state's environment and communities. The department is committed to building a transportation system that not only fits the current needs of Florida's residents and visitors, but also enhances mobility throughout the state to accommodate its consistent and rapid growth. The unique nature of the Sunshine State and its year-round warm climate provides numerous opportunities to achieve the department's mission through multiple transportation modes including highways/streets, air, rail, sea, spaceports, transit, and the ever-expanding deployment of bicycle & pedestrian facilities.

If attending in person, please remember to follow all safety and sanitation guidelines. If you are feeling unwell, please consider attending the meeting virtually or by phone.

All meeting materials, including the presentation, will be available on the project website at <https://www.cflroads.com/project/447724-1> prior to the meeting.

Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability, or family status. Persons wishing to express their concerns relative to FDOT compliance with Title VI may do so by contacting Jennifer Smith, FDOT District Five Title VI Coordinator, at Jennifer.Smith2@dot.state.fl.us.

The environmental review, consultation, and other actions required by applicable federal environmental laws for this project are being, or have been, carried on by FDOT pursuant to 23 U.S.C. §327 and a Memorandum of Understanding dated December 14, 2016, and executed by the Federal Highway Administration and FDOT.

Persons who require accommodations under the Americans with Disabilities Act (ADA) or persons who require translation services (free of charge) should contact Mark Trebitz, P.E. at 386-943-5157 or Mark.Trebitz@dot.state.fl.us at least seven (7) days prior to the meeting. If you are hearing or speech impaired, please contact us by using the Florida Relay Service, 1-800-955-8771 (TDD) or 1-800-955-8770 (Voice).

Media inquiries should be directed to the FDOT District Five Communications Office at FDOT-D5Comm@dot.state.fl.us or by phone at 386-943-5593.

Osceola County Site #1 – Osceola-Polk Line Road - Southside

Site Size: 43 Acres

**Approx. Truck
Parking Spaces:**
257

Why This Site?

Bordered by Poinciana Parkway Extension, Osceola-Polk Line Road Widening, and US 17/92, this site provides access to I-4 as well as other high freight connectors. This site may also be suitable for a Public Private Partnership

Osceola County Site #1 – Osceola-Polk Line Road - Southside

Connection to I-4:

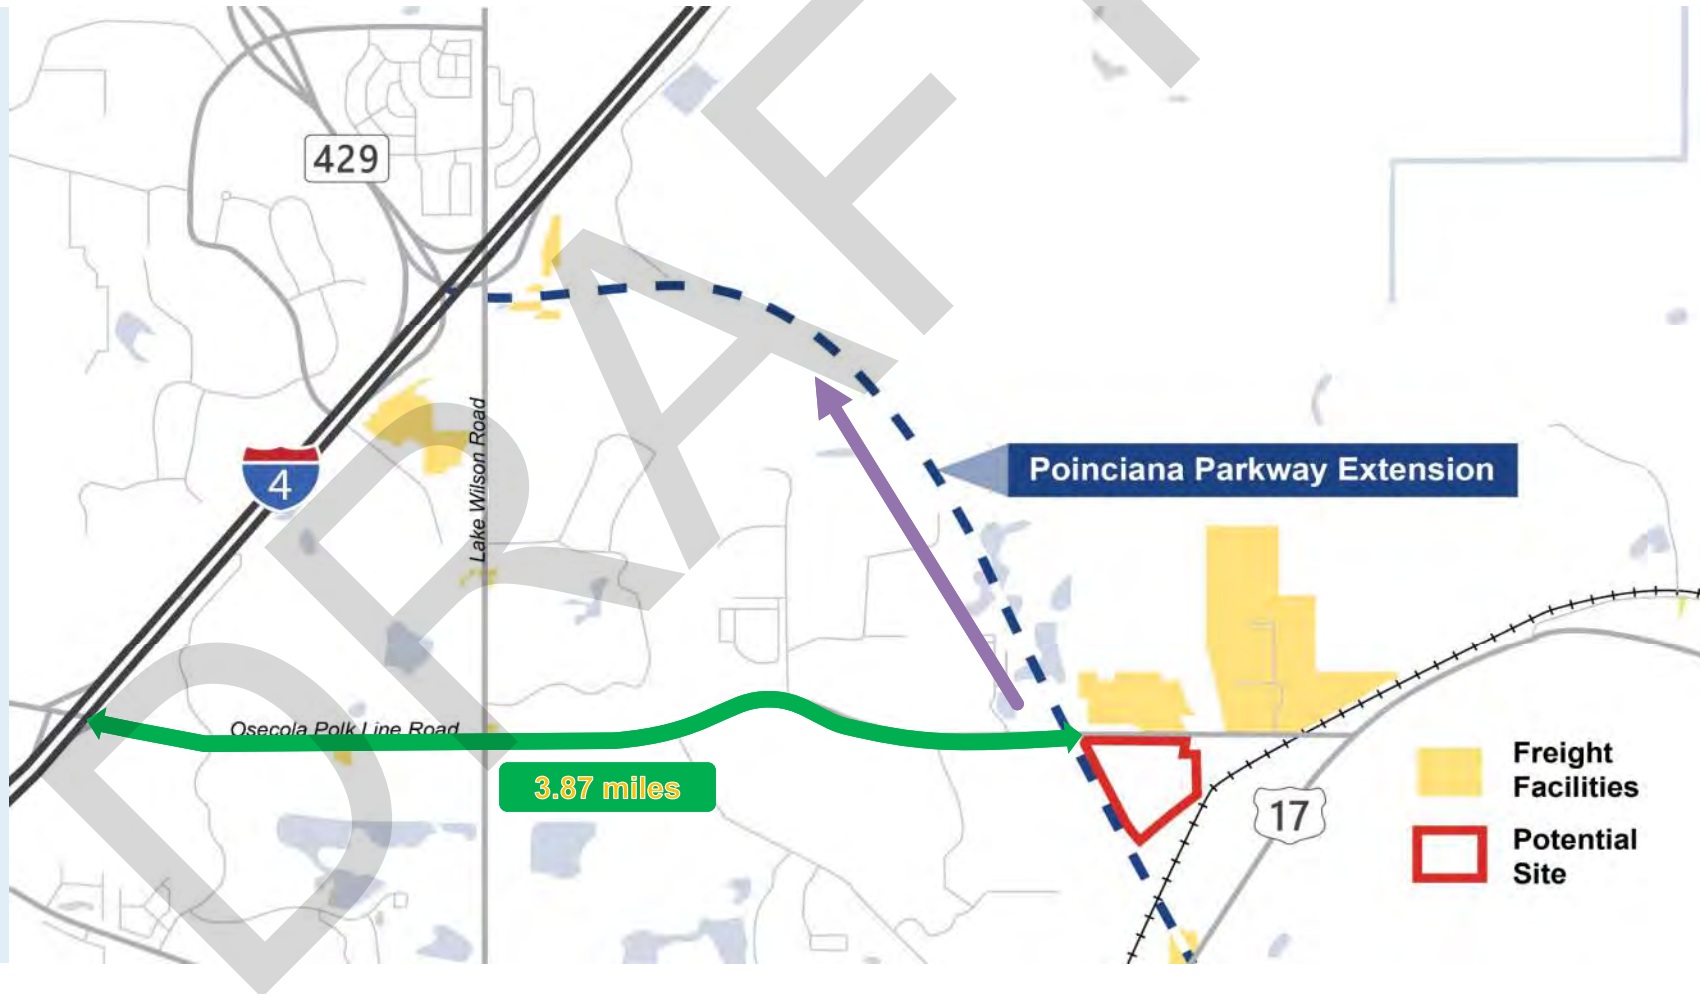

- 3.87 miles via Osceola-Polk Line Road

Regional Connectivity

- Future improvement will provide an additional route to I-4

Site Access: One full-access entrance to Osceola-Polk Line Road

Peak Hour Trips:
106

Osceola County Site #1 – Osceola-Polk Line Road - Southside

- No relocations
- No floodplain involvement

Further evaluation to:

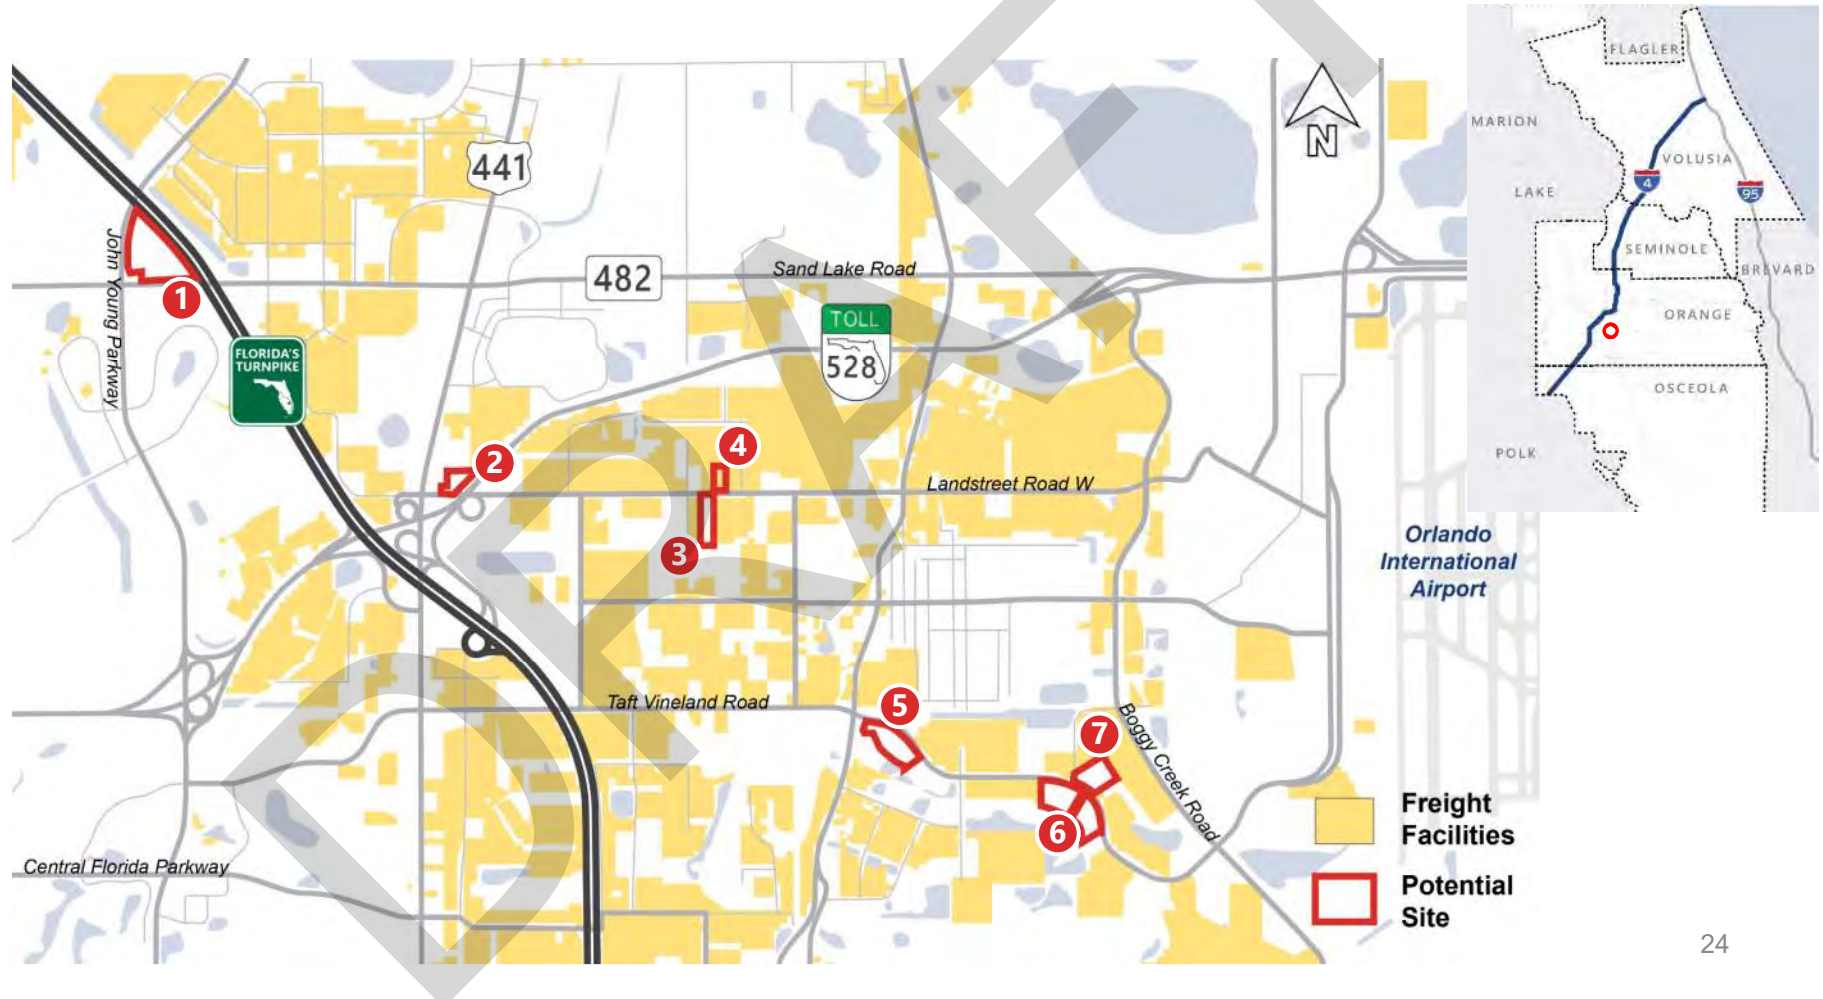

- Refine concept and provide more engineering detail
- Minimize wetland impacts
- Avoid/minimize wildlife species and habitat
- Avoid/minimize environmental effects and reduce costs

Orange County – Recommended Sites

Alternative Analysis

Key Evaluation Factors

- Site 1 – Property owned by Florida’s Turnpike Enterprise, eliminating need for R/W
- Site 2 – Ideal site for Public Private Partnership and within heavy industrialized area
- Site 4 – Viable site with high truck parking demand. Opportunity to support overflow from sites 1 and 2

Orange County Sites #1, 2 and 4 – Connectivity and Location

Connection to I-4: 2.90 miles via Sand Lake Rd

Regional Connectivity: FL Turnpike, SR 528, Heavy Freight and Industrial Land Use to the West

Heavy Industrial Cluster – Origin / Destination for truck traffic on surround facilities

Orange County Site #1 – Sand Lake Road at John Young Parkway

Site Size: 36.70
Acres

**Approx. Truck
Parking Spaces:** 109

Why This Site?

This site is at the location of Turnpike's planned off ramp to Sand Lake Road. The site will provide the opportunity for trucks on both I-4 and Turnpike to access the facility.

Orange County Site #1 – Sand Lake Road at John Young Parkway

- No ROW required
- Industrial area

Further evaluation to:

- Refine concept and provide more engineering detail
- Minimize wetland, floodplain and wildlife species and habitat involvement
- Avoid and minimize environmental effects and reduce costs

Orange County Site #2 – West Landstreet Road, Adjacent to State Road 528

Site Size: 6.8 Acres

**Approx. Truck
Parking Spaces:** 59

Why This Site?

This site is located within a heavy industrialized area and provides an opportunity for a public private partnership to operate the site.

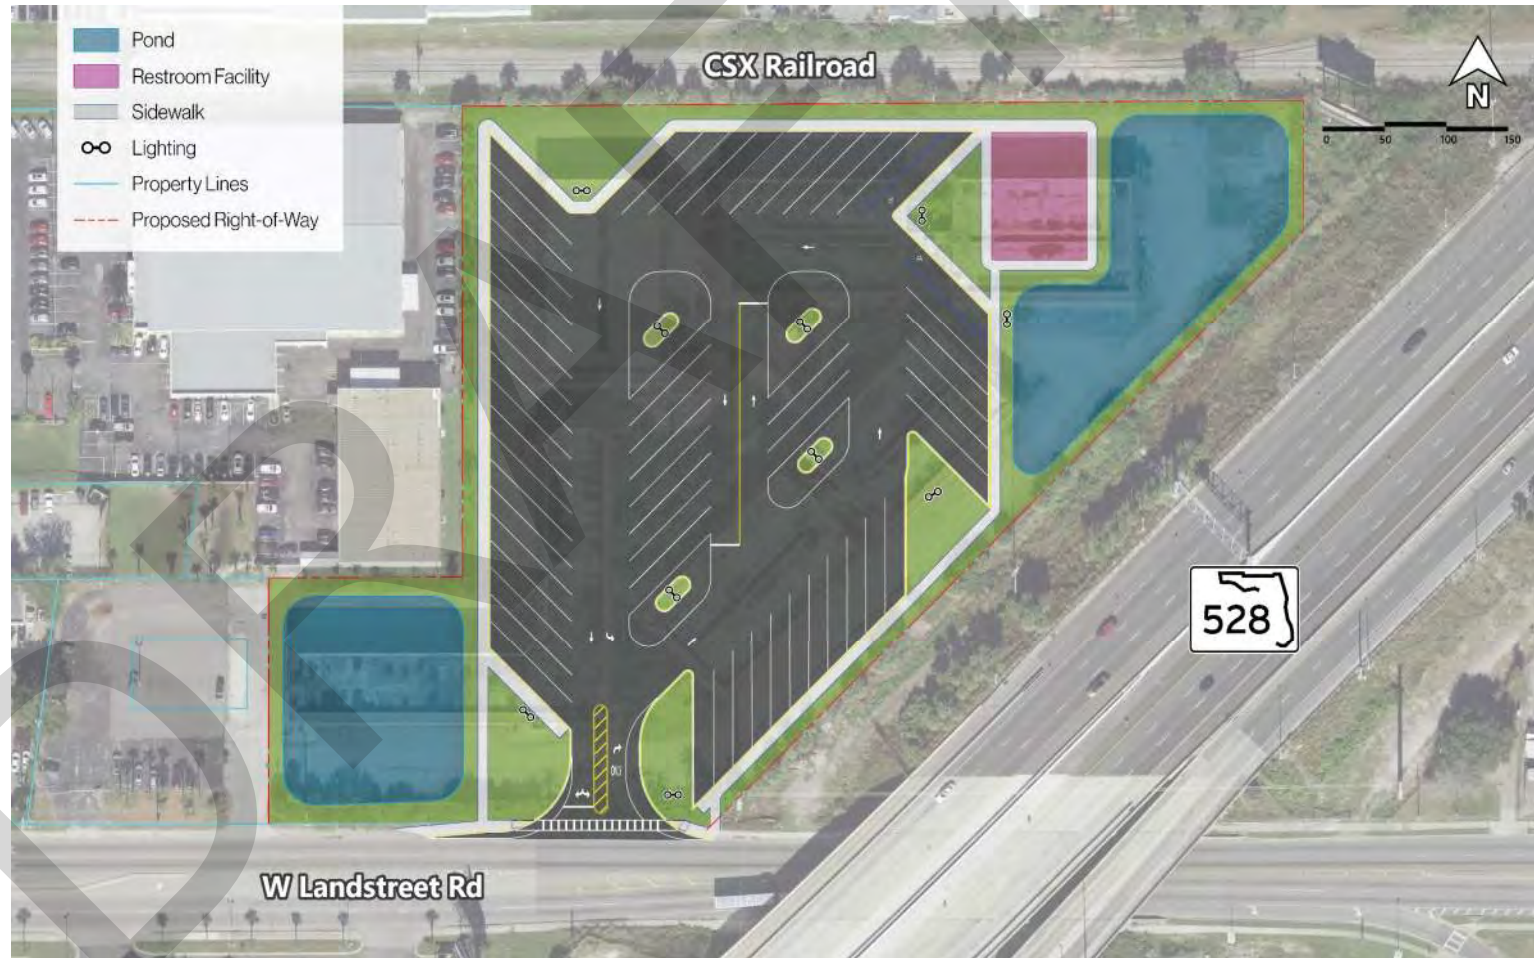

Orange County Site #2 – West Landstreet Road, Adjacent to State Road 528

- No relocations
- No wetland/floodplain involvement

Further evaluation to:

- Refine concept and provide more engineering detail
- Minimize wildlife species and habitat involvement
- Avoid and minimize environmental effects and reduce costs

Orange County Site #4 – West Landstreet Road, East of State Road 528

Site Size: 4.9 Acres

**Approx. Truck
Parking Spaces:** 48

Why This Site?

This site is located in an area where many local truck drivers store their vehicles when not in use. The opportunity to develop this site will help to address parking capacity issues in the area and provide a safe and secure location for short- and long-term parking.

Orange County Site #4 – West Landstreet Road, East of State Road 528

- No residential relocations
- No wetland involvement

Further evaluation to:

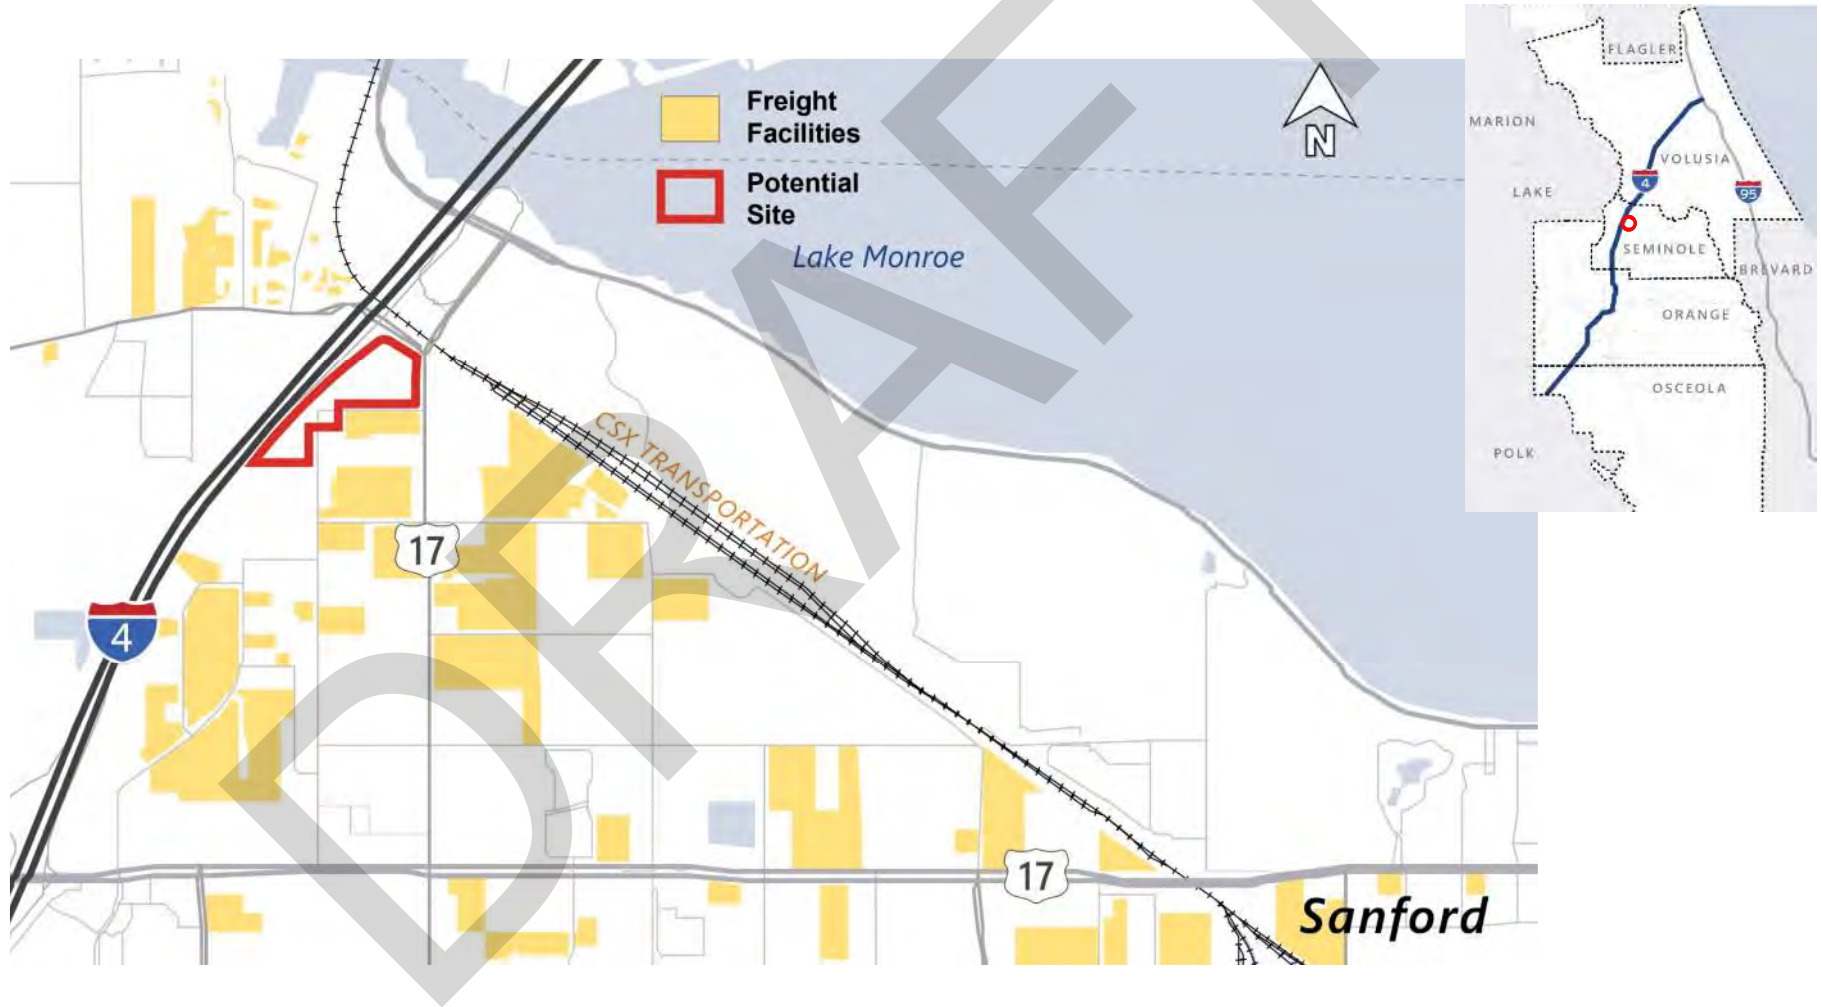

- Refine concept and provide more engineering detail
- Minimize floodplain and wildlife species and habitat involvement
- Avoid and minimize environmental effects and reduce costs

Seminole County

Seminole County – 1 Potential Site

Seminole County

Alternative Analysis

Seminole County Site 1B – I-4 at US 17/92

Site Size: 18.3 Acres

**Approx. Truck
Parking Spaces:** 157

Why This Site?

Located just west of the I-4 Beyond the Ultimate (BTU) improvement at US 17/92, this site will provide efficient access to I-4 through a reconfigured ramp adjacent to the site.

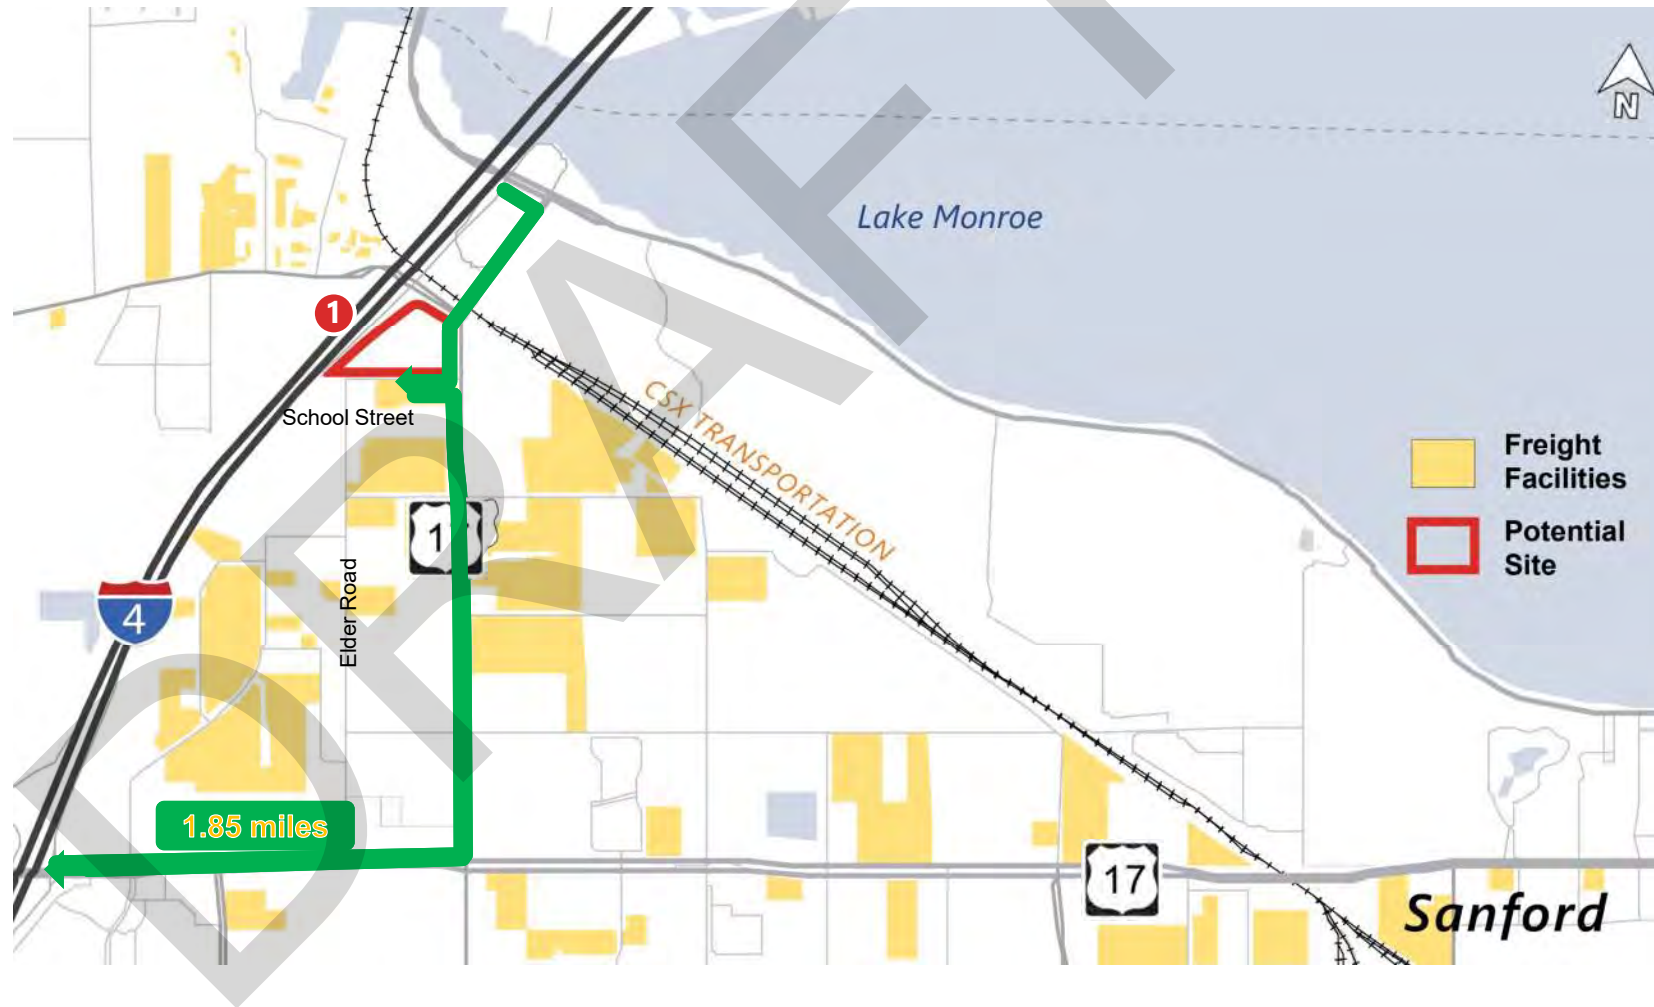

Seminole County Site 1B – I-4 at US 17/92

Connection to I-4:

- 0.45 miles to enter site from US 17/92
- 1.85 miles to leave the site at SR 46

Site Access: One controlled access to School Road. Exit will be signed to send trucks east to US 17/92

Peak Hour Trips: 70

Slide 38

DH17 clean up entrance arrow from SR 46 at the turn into the site so it doesnt show as two separte arrows.
Demond Hazley, 5/17/2022

DH18 I updated the script a bit to help with timing. Start the exit arrow at "to go east towards"
Demond Hazley, 5/17/2022

DRAFT

Seminole County Site 1B – I-4 at US 17/92

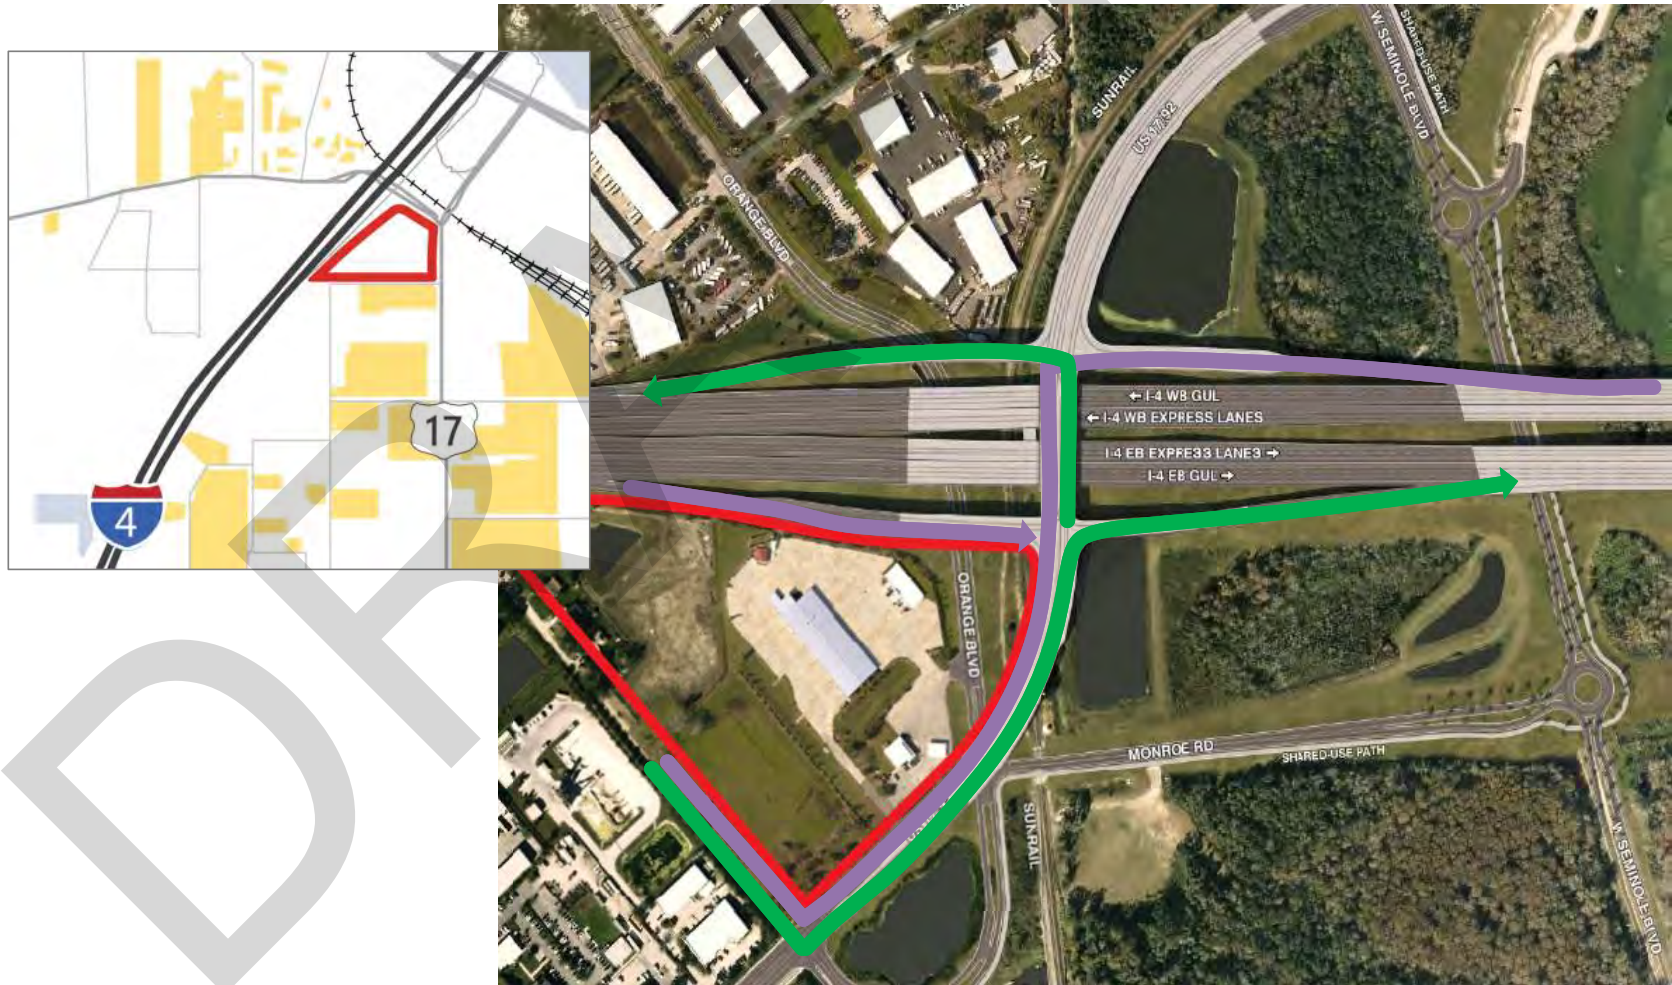

Connection to I-4

(After I-4 BTU):

- 0.25 miles to access site to/ from US 17/92

Site Access: One Controlled Access on School Road

- School Street will be signalized

Seminole County Site 1B – I-4 at US 17/92

- No floodplain involvement

Further evaluation to:

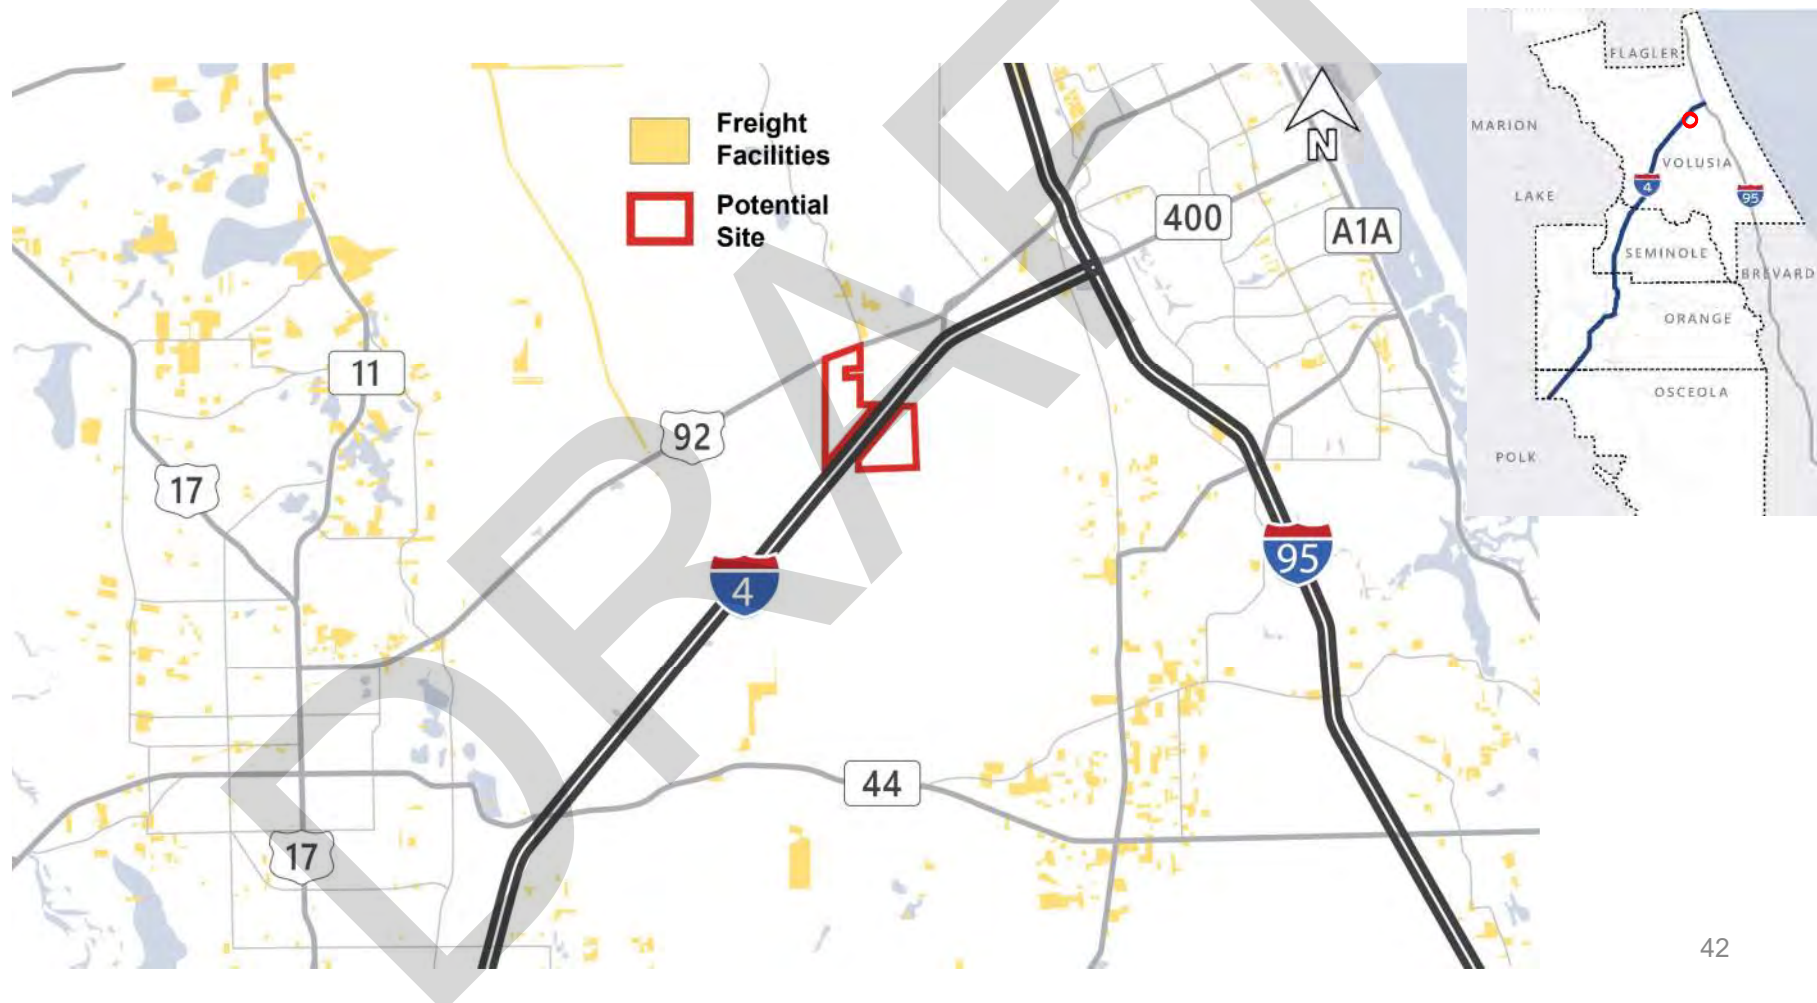

- Refine concept and provide more engineering detail
- Minimize wetland and wildlife species and habitat involvement
- Avoid and minimize environmental effects and reduce costs

Volusia County

Volusia County – 1 Potential Site

Volusia County

Alternative Analysis

Key Evaluation Factors

- Proximity to I-4 and acreage
- Land is currently publicly owned
 - City of Daytona Beach – Northside
 - City of Port Orange - Southside
- Potential for larger parking facility
- Direct Access on/off I-4 limits truck traffic on the local roadway network

Volusia County Site #1 – I-4 Eastbound

Site Size: 73.3 Acres

**Approx. Truck
Parking Spaces:**
275

Why This Site?

This site provides an opportunity to develop a larger truck parking facility, with a direct ramp on and off to I-4. The site is located at the previous Volusia County Rest area and will include several features to minimize impacts to the adjacent wildlife crossing.

Volusia County Site #1 – I-4 Westbound

Site Size: 116.8 Acres

**Approx. Truck
Parking Spaces:** 253

Why This Site?

This site provides an opportunity to develop a larger truck parking facility, with a direct ramp on and off to I-4. The site is located at the previous Volusia County rest area and will include several features to minimize impacts to the adjacent wildlife crossing.

Volusia County Site #1 – Access to EB and WB Sites

Connection to I-4:

Direct access on both eastbound and westbound I-4.

Peak Hour Traffic:

168 (eastbound)

156 (westbound)

Volusia County Site #1 – I-4 Eastbound

- No relocations
- Further evaluation to:
- Refine concept and provide more engineering detail
 - Minimize wetland, floodplain and wildlife species and habitat involvement
 - Avoid and minimize environmental effects and reduce costs

Volusia County Site #1 – I-4 Westbound

- No relocations
- Further evaluation to:
- Refine concept and provide more engineering detail
 - Minimize wetland, floodplain and wildlife species and habitat involvement
 - Avoid and minimize environmental effects and reduce costs

Site Features

Eco-Friendly and Safety Features

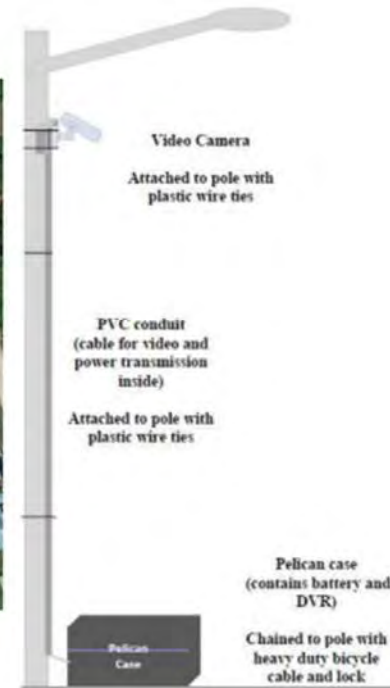

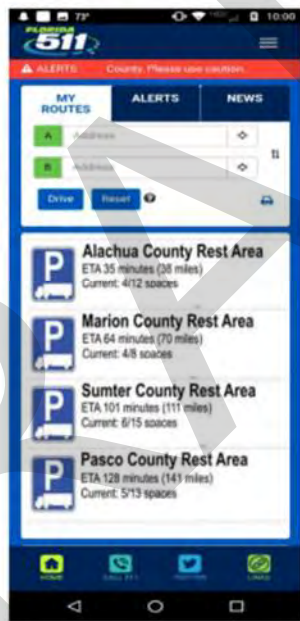

Sustainable truck parking facilities reduce emissions by leveraging electrification and solar technologies.

Safe truck parking facilities provide surveillance cameras and lighting.

Technology Features

FL511 Mobile App Truck Parking Facilities List View

Truck Parking Availability Sensors can detect and communicate available parking spots to truck drivers via apps or signage

Communicating available parking saves time, reduces emissions, and improves safety

2040 TRUCK PARKING DEMAND

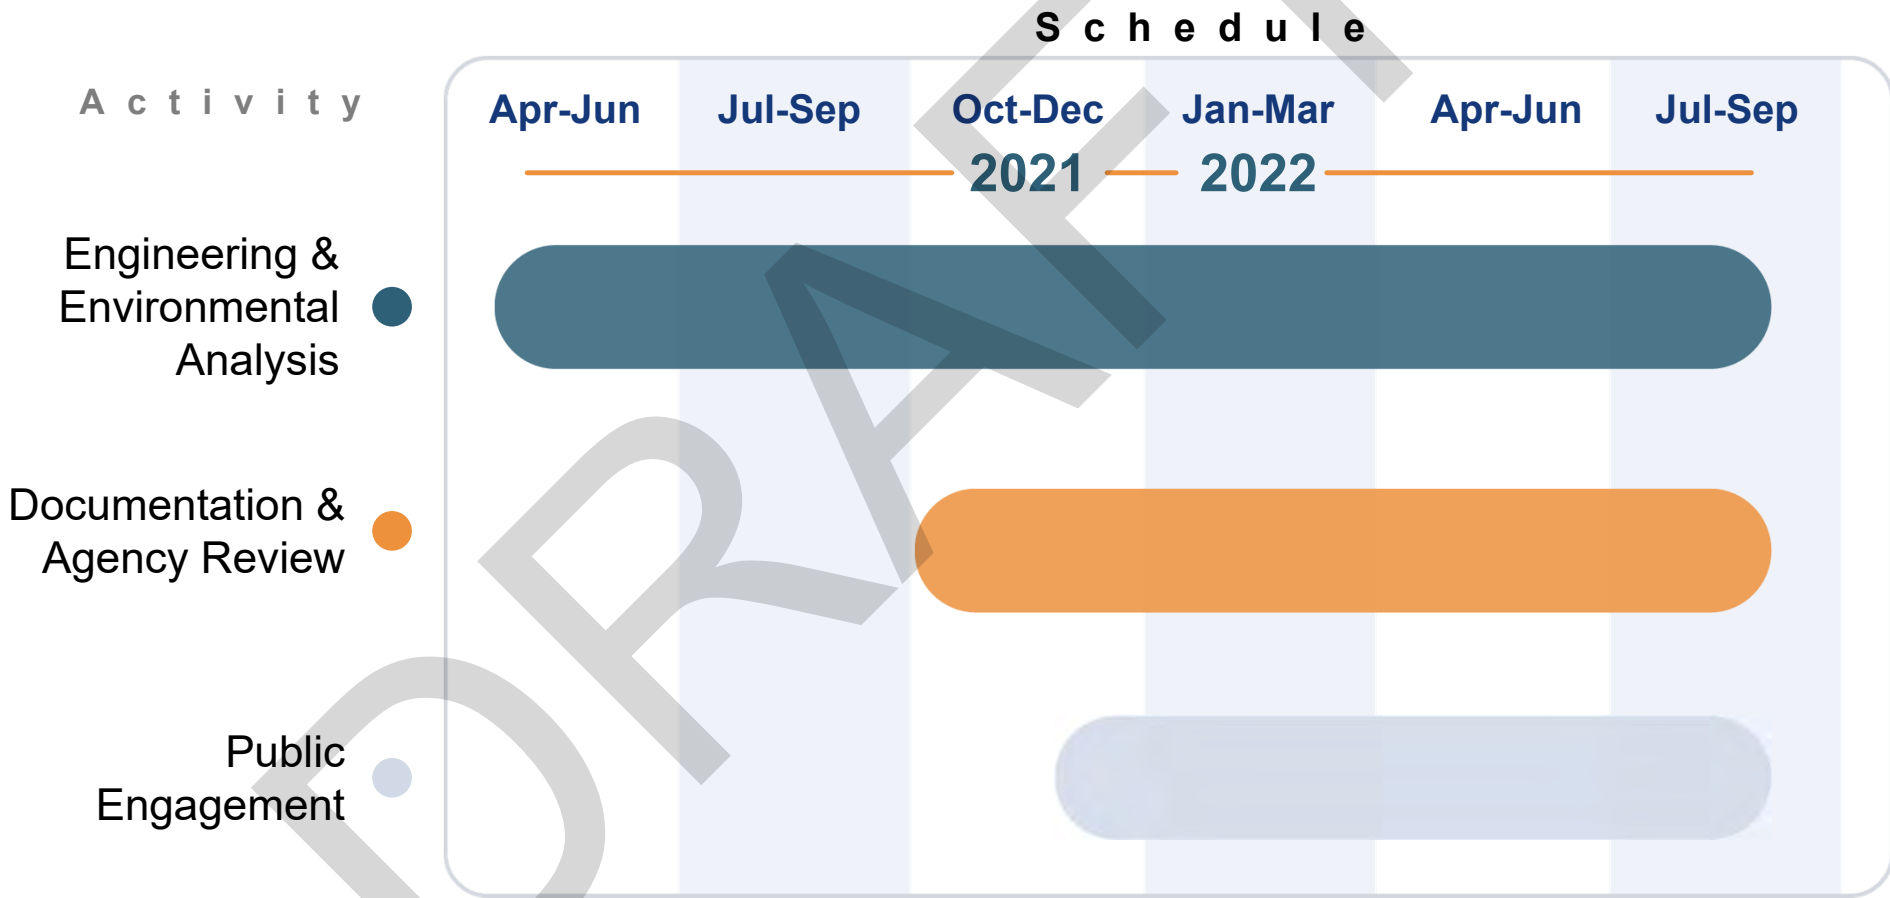

The purpose and need of the study was achieved by recommending viable candidate truck parking sites across the District 5 I-4 Corridor

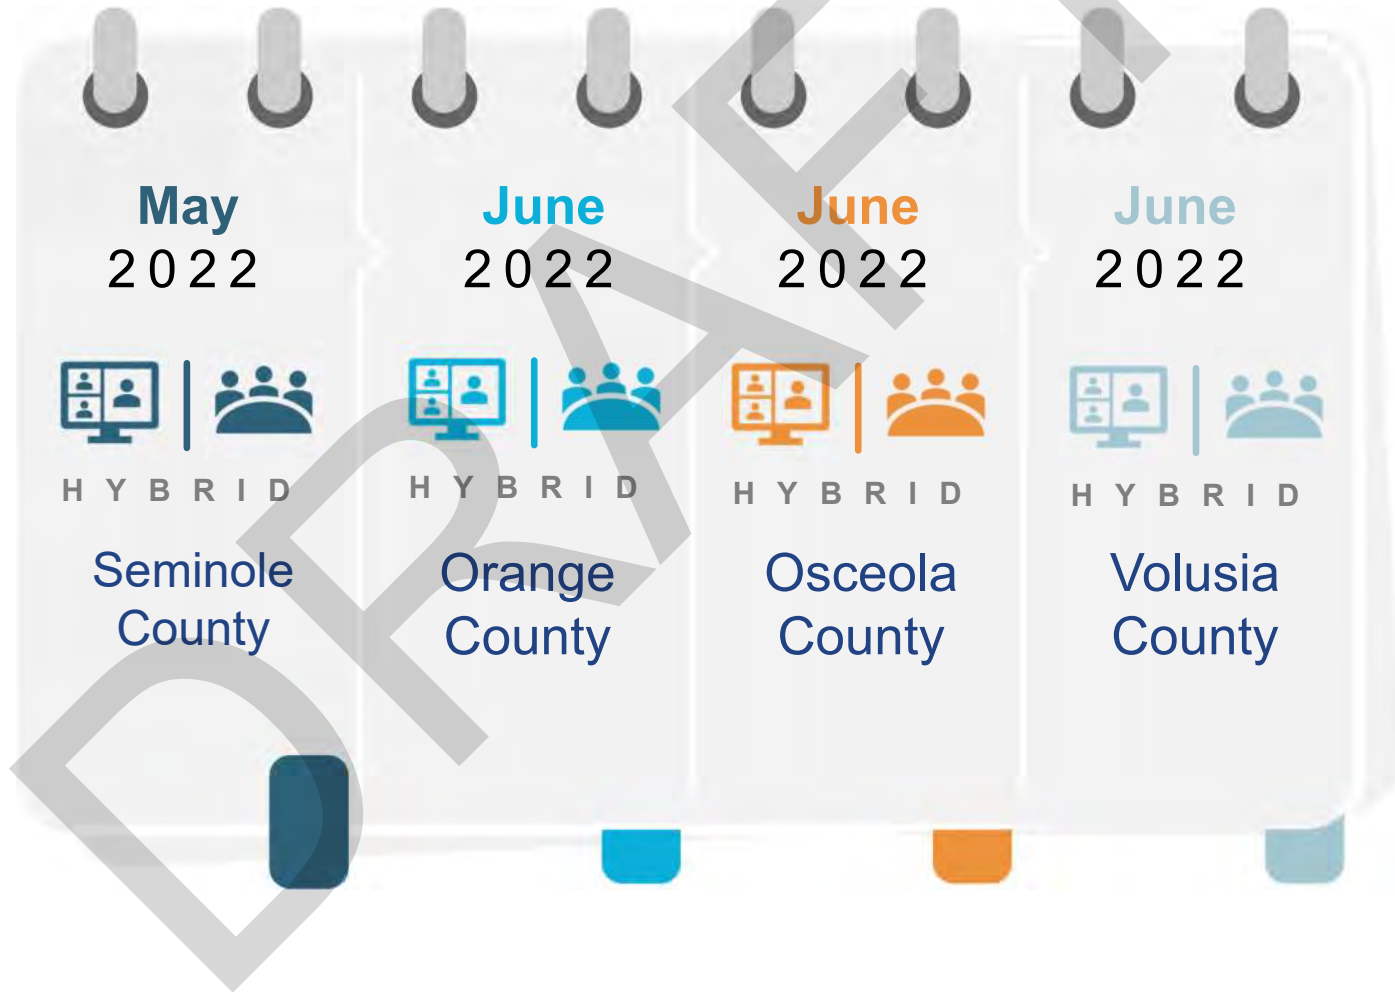

Next Steps

Project Schedule

Public Information Meetings

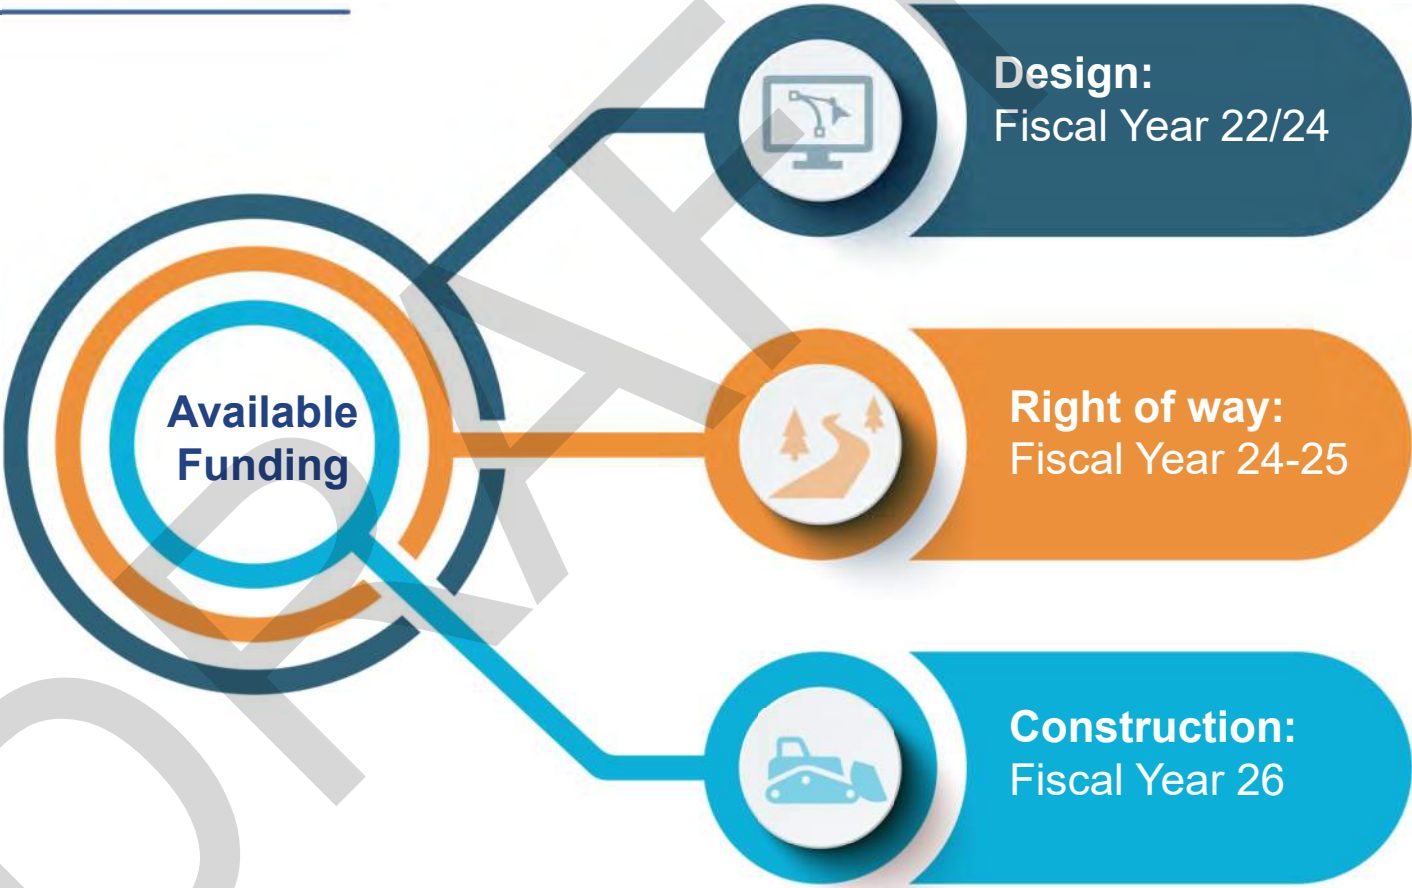

The graphic features four calendar pages with the following details:

Month	Year	Meeting Type	County
May	2022	Hybrid	Seminole County
June	2022	Hybrid	Orange County
June	2022	Hybrid	Osceola County
June	2022	Hybrid	Volusia County

Each calendar page includes an icon of a computer monitor and a group of people, with the word "HYBRID" printed below. The pages are color-coded: May (dark blue), June 1 (light blue), June 2 (orange), and June 3 (light blue). A large, faint watermark is visible across the center of the calendar pages.

Public Meeting Summary Report

Truck and Freight Site Analysis PD&E Study

Along the I-4 Corridor in District 5

Orange, Osceola, Volusia, and Seminole Counties

June 2022

DRAFT

Submitted to:

Florida Department of Transportation
District Five
719 South Woodland Boulevard
DeLand, Florida 32720

1.0 INTRODUCTION

This document summarizes the public involvement activities associated with the second Public Meeting hosted in Orange County for the subject project. The purpose of this project is to evaluate and recommend potential truck and freight parking site alternatives along the I-4 corridor that are viable for private and public operator use.

The purpose of the second Public Meeting was to present the preferred site alternatives for each county and receive community feedback. Additional public meetings for prospective truck parking sites along the I-4 corridor are scheduled in June 2022 for Osceola, and Volusia Counties. A meeting was held in May 2022 in Seminole County. Each public meeting for this project will include the same information and presentation across all counties.

Public Meeting Date and Location:

The public meeting was hosted by Florida Department of Transportation (FDOT), District Five on:

Tuesday, June 14, 2022

5:30 p.m. Open House

Ramada Plaza by Wyndham Orlando – Meeting Room and online via GoToWebinar

6500 International Drive, Orlando, FL 32819

Orlando, FL 32819

The meeting was conducted as a hybrid public meeting. This means attendees were given the option to attend in person or virtually using the GoToWebinar platform. This process followed and was consistent with the most current FDOT guidelines for Hybrid Public Meetings.

Project Team Attendees:

The project team representatives who attended the public meeting included:

Florida Department of Transportation

Mark Trebitz

VHB

Demond Hazley

Kevin Freeman

Michael Zoellner

Inwood Consulting Engineers

Anna Pindara

Maica Pham

Amanda Ashby (online)

HW LOCHNER

Jason Dahlvik

Notable Guests

Artena Greene, FL House Staffer (online)

Laurent Taylor, Metroplan Orlando (online)

2.0 PUBLIC NOTIFICATION

Invitations:

There were 298 invitations sent to property owners, government officials, and other interested parties. The invitations described the project and provided information about the location, date, and time of the public meeting including options to attend in person or via the GoToWebinar. Public meeting notices were e-mailed to elected officials, appointed officials, and agency and industry staff in the project area. Additionally, Invitational letters were mailed to property owners and other interested stakeholders. Copies of the letters are included in *Appendix A*. A breakdown of the recipient list is provided in *Table 1*. Complete mailing lists and the parcel selection map are provided in *Appendix B*.

Table 1 - Invitation Summary

Recipient	Number of Recipients	Date Invitation Sent
Elected Officials	45	May 18, 2022 via email
Appointed Officials	38	May 20, 2022 via email
Agency and Industry Staff	80	May 20, 2022 via email
Property Owners/Tenants/Other Interested Parties	135	May 20, 2022 via mail
Total	298	

Advertisements:

An advertisement was placed in the Orlando Sentinel on Thursday, June 2, 2022. In addition to the newspaper advertisement, the public meeting was also noticed in the *Florida Administrative Register* on Wednesday, June 6, 2022, in Volume 48/109. Copies of the advertisements are provided in *Appendix C*.

Press Release:

A press release was sent to the local media outlets for immediate release on Thursday, June 7, 2022. The press release can be found in *Appendix D*.

3.0 AT THE PUBLIC MEETING

Parking and Signage:

Parking was available to accommodate all public meeting attendees, including the disabled. Directional signs were placed in areas surrounding the venue which guided attendees to the meeting site.

Hybrid Meeting Format:

The public meeting was held as a hybrid meeting and began in an open house format at 5:30 p.m. In-person attendees were greeted upon arrival and asked to sign in. Comment forms, pens, and a copy of the project fact sheet were available at the welcome table and throughout the meeting space. Those attending virtually using GoToWebinar were able to log-in to the meeting starting at 5:30 p.m.

No guests attended the public meeting in person. The sign-in sheets can be found in *Appendix E*. A total of 3 guests attended the public meeting virtually using GoToWebinar.

The public meeting began at 5:30 p.m. Introductory remarks were given by Mark Trebitz, P.E., the FDOT Project Manager, online followed by a narrated, PowerPoint presentation.

The public meeting concluded at 7 p.m. A copy of the recorded presentation and project displays are available on the project website: www.cflroads.com/project/447724-1. The presentation is included in *Appendix F*.

Displays:

Aerial display boards, schedule board, and study location board were provided for viewing at the in-person location and on the project website. In addition, a welcome board, Title VI board, and interpretive services poster were on display at the in-person location. Copies of the public meeting displays can be found in *Appendix G*.

4.0 SUMMARY OF COMMENTS RECEIVED

No in-person or online comments were received during the public meeting or within the 10-day comment period.

5.0 CONCLUSION

For more information about the public meeting for the Truck and Freight Parking Site Analysis PD&E Study, please contact:

Mark Trebitz, P.E.

**Subject: Public Information Meeting
Truck and Freight Site Analysis PD&E Study
Orange County
Financial Project Identification (FPID) No.: 447724-1**

Dear Elected Official:

The Florida Department of Transportation (FDOT) invites you to the second round of public meetings regarding project plans for the Truck and Freight Alternative Site Analysis Project Development and Environment (PD&E) Study in Orange County on Tuesday, June 14, 2022, at 5:30 p.m.

The purpose of this project is to evaluate and recommend potential truck and freight parking site alternatives along the I-4 corridor that are viable for private and public operator use. Additional details are available in the attached project handout. This public meeting is part of a series of meetings occurring for this project. Previous meetings were held in Osceola, Orange, Seminole and Volusia Counties in the spring of 2022 to introduce the project and the proposed site locations being evaluated. The purpose of this round of public meetings is to present the preferred site alternatives for each county and receive community feedback.

Additional meetings will be held in Osceola and Volusia Counties in June 2022. A meeting was held in May 2022 in Seminole County. Each public meeting for this project will include the same information and presentation across all counties.

The Department is offering multiple ways for the community to participate in the meeting. All participants, regardless of which platform they choose, will participate in the same live meeting.

- **Virtual Option:** Interested persons may join the Virtual Public Meeting (VPM) from a computer, tablet or mobile device. A VPM is a free live presentation or webinar over the internet. For this option, advance registration is required by visiting <https://attendee.gotowebinar.com/register/2354994899122512655>. Once registered, participants will receive a confirmation email containing information about joining the meeting online. Please note, Internet Explorer cannot be used to register or attend this webinar. If joining online, please allow adequate time to log in to view the presentation in its entirety.
- **Phone Option (Listen Only):** Participants may join the meeting in listen-only mode by dialing 562-247-8321 and entering the passcode 628-687-199 when prompted.
- **In-Person Open House Option:** Participants may attend in person by going to the Ramada Plaza by Wyndham Orlando – Meeting Room, 6500 International Drive, Orlando, FL 32819 anytime between 5:30 p.m. and 7 p.m. to view a looping presentation and project displays, speak with project team members, and submit comments or questions. If attending in person, please remember to follow all safety and sanitation guidelines. If you are feeling unwell, please consider attending the meeting virtually or by phone.

All meeting materials, including the presentation, will be available on the project website at <https://www.cflroads.com/project/447724-1> prior to the meeting.

FDOT is sending notices to nearby property owners, business owners, interested persons, and organizations to provide the opportunity to offer comments and express their views regarding this project and the proposed improvements.

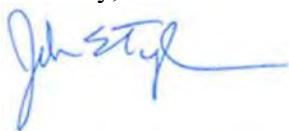

Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability, or family status. Persons wishing to express their concerns relative to FDOT compliance with Title VI may do so by contacting Jennifer Smith, FDOT District Five Title VI Coordinator, at Jennifer.Smith2@dot.state.fl.us.

The environmental review, consultation, and other actions required by applicable federal environmental laws for this project are being, or have been, carried on by FDOT pursuant to 23 U.S.C. §327 and a Memorandum of Understanding dated December 14, 2016, and executed by the Federal Highway Administration and FDOT.

Persons who require accommodations under the Americans with Disabilities Act (ADA) or persons who require translation services (free of charge) should contact Mark Trebitz, P.E. at 386-943-5157 or Mark.Trebitz@dot.state.fl.us at least seven (7) days prior to the meeting. If you are hearing or speech impaired, please contact us by using the Florida Relay Service, 1-800-955-8771 (TDD) or 1-800-955-8770 (Voice).

If you have any questions or comments about the project, please contact: FDOT Project Manager Mark Trebitz, P.E. by phone at 386-943-5157, by email at Mark.Trebitz@dot.state.fl.us, or U.S. mail at Florida Department of Transportation, 719 S. Woodland Boulevard, DeLand, FL 32720.

Sincerely,

John E. Tyler, P.E.

District Five Secretary

Truck and Freight Site Analysis PD&E Study
Orange County
Financial Project Identification (FPID) No.: 447724-1**

Dear Government Official:

The Florida Department of Transportation (FDOT) invites you to the second round of public meetings regarding project plans for the Truck and Freight Alternative Site Analysis Project Development and Environment (PD&E) Study in Orange County on Tuesday, June 14, 2022, at 5:30 p.m.

The purpose of this project is to evaluate and recommend potential truck and freight parking site alternatives along the I-4 corridor that are viable for private and public operator use. Additional details are available in the attached project handout. This public meeting is part of a series of meetings occurring for this project. Previous meetings were held in Osceola, Orange, Seminole and Volusia Counties in the spring of 2022 to introduce the project and the proposed site locations being evaluated. The purpose of this round of public meetings is to present the preferred site alternatives for each county and receive community feedback.

Additional meetings will be held in Osceola and Volusia Counties in June 2022. A meeting was held in May 2022 in Seminole County. Each public meeting for this project will include the same information and presentation across all counties.

The Department is offering multiple ways for the community to participate in the meeting. All participants, regardless of which platform they choose, will participate in the same live meeting.

- **Virtual Option:** Interested persons may join the Virtual Public Meeting (VPM) from a computer, tablet or mobile device. A VPM is a free live presentation or webinar over the internet. For this option, advance registration is required by visiting <https://attendee.gotowebinar.com/register/2354994899122512655>. Once registered, participants will receive a confirmation email containing information about joining the meeting online. Please note, Internet Explorer cannot be used to register or attend this webinar. If joining online, please allow adequate time to log in to view the presentation in its entirety.

- **Phone Option (Listen Only):** Participants may join the meeting in listen-only mode by dialing 562-247-8321 and entering the passcode 628-687-199 when prompted.
- **In-Person Open House Option:** Participants may attend in person by going to the Ramada Plaza by Wyndham Orlando – Meeting Room, 6500 International Drive, Orlando, FL 32819 anytime between 5:30 p.m. and 7 p.m. to view a looping presentation and project displays, speak with project team members, and submit comments or questions. If attending in person, please remember to follow all safety and sanitation guidelines. If you are feeling unwell, please consider attending the meeting virtually or by phone.

All meeting materials, including the presentation, will be available on the project website at <https://www.cflroads.com/project/447724-1> prior to the meeting.

FDOT is sending notices to nearby property owners, business owners, interested persons, and organizations to provide the opportunity to offer comments and express their views regarding this project and the proposed improvements.

Grand jury indicts accused gunman in Buffalo mass shooting

From news@orsentinel.com

BUFFALO, N.Y. — The white 18-year-old man accused of fatally shooting 10 Black people at a Buffalo supermarket was charged Wednesday by a grand jury with domestic terrorism motivated by hate and 10 counts of first-degree murder.

Payton Gendron, who has been in custody since the May 14 shooting, is scheduled to be arraigned Thursday in Erie County Court.

The 25-count indictment also contains charges of murder and attempted murder as a hate crime and weapons possession.

Gendron had previously been charged with a single count of first-degree murder in the shooting, which also injured three people. He has pleaded not guilty. Prosecutors told a judge May 20 the grand jury had voted to indict Gendron but did not disclose charges, saying proceedings were ongoing.

The domestic terrorism charge accuses Gendron of killing "because of the perceived race and/or color" of his victims.

Former Gov. Andrew Cuomo proposed the domestic terrorism hate crime law in August 2019, in the wake of a mass shooting targeting Mexicans at a Walmart store in El Paso, Texas. The measure, dubbed the "Josef Neumann Hate Crimes Domestic Terrorism Act" after an attack at a rabbi's home in Munsey, New York, was signed into law on April 3, 2020, and took effect Nov. 3, 2020.

The charge, Domestic Acts of Terrorism Motivated by Hate in the First Degree, is punishable with a sentence of life imprisonment without parole.

Murder charges were filed for each of the victims, who ranged in age from 32 to 86 and included eight

shoppers, the store security guard and a church deacon who drove shoppers to and from the store with their groceries.

Hurricane deaths: Hurricane Agatha left at least 11 people dead and 33 missing in the southern Mexico state of Oaxaca, where it set off flooding and landslides, Gov. Alejandro Murat said Wednesday.

More than 40,000 people in the state have been affected, primarily along the coast and in the mountains just beyond Murat said.

Agatha was the strongest hurricane since records have been kept to come ashore in May in the eastern Pacific. It made landfall Monday afternoon on a sparsely populated stretch of small beach fronted fishing villages as a strong Category 2 hurricane with maximum sustained winds of 105 mph.

Bill Cosby case: Bill Cosby again faced sex abuse allegations as attorneys gave opening statements Wednesday in a civil trial that's one of the last remaining legal claims against the comedian.

Lawyers for Judy Huth, 64, outlined evidence they say bolsters their argument against Cosby, who is accused of forcing Huth to perform a sex act at the Playboy Mansion in 1975 when she was 16. The case will hinge on the testimony of Huth, photos and other archival exhibits to place the incident in time.

Cosby's attorneys, who say no sexual abuse happened, are likely to emphasize that the burden of proving the nearly 50-year-old case lies with the plaintiffs. They have acknowledged that Cosby took Huth to the Playboy Mansion, as photos from the trial show, but say they believe she was not a minor when it happened.

South Korean election officials sort through and count ballots Wednesday at a gymnasium in Seoul. Voters went to the polls nationwide in races to elect mayors, governors, local council members and regional education chiefs. President Yoon Suk Yeol's governing party won 12 of the 17 races for big-city mayors and provincial governors in local elections. JUNG YEON-JE/GETTY IMAGES

The trial is one of the last cases Cosby, 65, faces after a Pennsylvania appeals court threw out his criminal sexual assault conviction and freed him from prison last year.

Several other lawsuits alleging sexual misconduct were settled by his insurer against his will.

U.S.-Taiwan talks: The Biden administration said Wednesday that it would pursue negotiations to strengthen trade and technology ties with Taiwan, a move that is aimed at countering China's influence in the Asia-Pacific region and one that is likely to rattle Beijing.

The announcement follows the administration's efforts to build an Asia-Pacific economic bloc, known as the Indo-Pacific Economic Framework, that includes 13 countries and excludes Taiwan.

China claims the island, a self-governing democracy that is critical to global technology supply chains, as

an incontestable part of its territory.

While Taiwan expressed interest in becoming a full member of the Indo-Pacific framework, that prospect was deemed too controversial by many participating countries.

The talks with Taiwan will cover many of the same issues as the framework, from digital trade to reducing red tape for importers and exporters.

U.S. officials said the talks, the first of which will be held in Washington at the end of June, would focus on a variety of issues, including opening up trade in agriculture and high-tech technological standards.

Meta move: Sheryl Sandberg, the No. 2 executive at Facebook owner Meta, is stepping down, according to a post Wednesday on her Facebook page. Sandberg has served as chief operating officer at the social media giant for 14 years. She joined from Google in 2005, four years before Facebook

went public.

"When I took this job in 2008, I hoped I would be in this role for five years. Fourteen years later, it is time for me to write the next chapter of my life," Sandberg wrote on her Facebook page.

Sandberg has led Facebook — now Meta's — advertising business and was responsible for nurturing it from its infancy into an over \$100 billion-a-year powerhouse.

Meta CEO Mark Zuckerberg said in his own Facebook post that he doesn't plan to replace Sandberg in the company's existing structure. Jennifer Gilman will serve as Meta's new COO.

Hunter Biden's ex-wife: Kathleen Bulle, the ex-wife of President Joe Biden's son Hunter, says she has "total control over my life now."

Five years after her divorce, as she opens up about her marriage in a new memoir, Bulle describes a life of her ex-husband's drug addiction, her response to his infidelity, including an affair

with her widowed sister-in-law, and her challenges integrating into the Biden family. Excerpts of "If We Break" were published Wednesday by People magazine.

In the book, Bulle describes the pain she felt watching Hunter spiral into addiction, even as he denied it, and how "it became my own addiction" to document it.

She writes that the couple separated not long after Beau Biden's 2015 death from brain cancer, when Bulle found a crack pipe in their ashtray.

Bulle said she found out about Hunter Biden's affair with Hallee Biden, Beau's widow, in Nov. 2016.

She says her daughters discovered the relationship when searching through texts on Hunter's phone.

While Hunter's finances are under investigation by the Justice Department, Bulle told People that "I couldn't be of any help" adding, "I kept my head so deeply buried in the sand on our finances."

FDOT PUBLIC MEETING

When: Tuesday, June 14, 2022, at 5:30 p.m.

Where:

- Virtually on Go To Webinar
- By phone at 562-247-8321 with passcode 628-687-199
- In person Ramada Plaza by Wyndham

Orlando-Meeting Room
Financial Project Identification (FPID) No. 447724-1

Truck and Freight Site Analysis PD&E Study, Orange County

The Florida Department of Transportation (FDOT) will hold a public meeting regarding project plans for the Truck and Freight Alternative Site Analysis Project Development and Environment (PD&E) Study in Orange County on Tuesday, June 14, 2022, at 5:30 p.m. Previous meetings were held in Decatur, Orange, Seminole, and Volusia Counties in the spring of 2022 to introduce the project and the proposed site locations being evaluated. The purpose of this round of public meetings is to present the preferred site alternatives for each county and receive community feedback. FDOT is offering multiple ways to participate in the live meeting.

Virtual: Join from a computer, tablet, or mobile device for free and listen to the live presentation on the internet. Advance registration at <https://webinar.fdotweb.com/register/22645648/91251265> is required. Participants will receive an email with information about joining the meeting online. Please note, Internet Explorer cannot be used to register or attend the webinar. If joining online, please provide adequate log-in time to view the presentation in its entirety.

Phone (Listen Only): Join the meeting in listen-only mode by dialing 562-247-8321 and entering the passcode 628-687-199 when prompted.

In-Person Open House: Attend in person at the Ramada Plaza by Wyndham Orlando-Meeting Room, 5500 International Drive, Orlando, FL 32819 anytime between 8:30 p.m. and 7:30 p.m. to view a briefing presentation and project exhibits. If attending in person, please remember to follow all safety and sanitation guidelines. If you are feeling unwell, please consider attending the meeting virtually or by phone. All meeting materials and the presentation will be available on the project website at <https://www.fdot.com/projects/44724-1> before the meeting. Additional public meetings for prospective truck parking site alternatives along the I-4 corridor are scheduled in June 2022 for Osceola and Volusia Counties. A public meeting took place in May for Seminole County. Each public meeting for the project will include the same information and presentation of potential sites across all counties.

Persons with disabilities who require accommodations under the Americans with Disabilities Act (ADA), or persons who require translation services (free of charge), should contact Mark Trubitz, P.E. by phone at 386-943-5157, or via email at Mark.Trubitz@dot.state.fl.us at least seven (7) days prior to the meeting. If you are hearing or speech impaired, please contact us by using the Florida Relay Service, 1-800-365-8771 (TDD) or 1-800-365-8773 (Voice). Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability, or family status. Persons wishing to express their concerns relative to FDOT compliance with Title VI may do so by contacting Jennifer Smith, FDOT District Five Title VI Coordinator at Jennifer.Smith@dot.state.fl.us. The environmental review, consultation, and other actions required by applicable federal environmental laws for this project are being or have been carried on by FDOT pursuant to 23 U.S.C. 325 and a Memorandum of Understanding dated December 14, 2016, and executed by the Federal Highway Administration and FDOT. For more information, please contact FDOT Project Manager Mark Trubitz, P.E. by email at Mark.Trubitz@dot.state.fl.us, or U.S. mail at Florida Department of Transportation, 719 S. Woodland Boulevard, Deland, FL 32720.

City of Tavares
SMART GROWTH
PUBLIC WORKSHOP

The City of Tavares will be hosting a Smart Growth Public Workshop on Monday, June 13, 2022 from 6:00 p.m. to 8:00 p.m. in the Tavares City Council Chambers in City Hall at 201 East Main St., Tavares, Florida. This Workshop will provide an opportunity for public participation in evaluating and discussing the challenges and opportunities that accompany population growth and development. Public participation is encouraged for recommendations regarding future growth management, improvement to City development regulations, and how the City of Tavares may continue being a distinctive, attractive, and economically strong community. All citizens and community stakeholders are invited to attend the Smart Growth Workshop. One or more City Council Members and one or more Lake County Board of County Commissioners may be in attendance and may comment during this public meeting.

For more information on this Public Workshop please contact Mike Fitzgerald, Community Development Director at 352.742.6408 or mfitzgerald@tavares.org.

Individuals with disabilities needing assistance to participate should contact the Tavares City Clerk at least two (2) working days in advance of the meeting date and time at 352.742.6209 or prosvet@tavares.org.

Pursuant to Florida law, the entire attorney-client session shall be recorded by a certified court reporter. No portion of the attorney-client session shall be off the record. A copy of the transcript will be made part of Florida Virtual School’s public record after the litigation has concluded.

Attorney-Client

Session: As requested by FLVS’s General Counsel at the May 31, 2022 public meeting of the Board of Trustees, the second litigation shade meeting/private attorney-client session conducted pursuant to section 286.011(8), Fla. Stat., is to obtain advice and discuss litigation strategy and expenditures regarding Florida Virtual School v. K12, Inc. and K12 Florida, LLC, currently pending before the United States District Court, Middle District of Florida (Orlando Division) and assigned Case No. 6:20-cv-02354-GAP-EJK.

It is anticipated that the approximate duration of this litigation shade meeting/private attorney-client session will be 30 minutes.

Those persons speaking at or otherwise in attendance at the litigation shade meeting/private attorney-client session shall be limited to those persons permitted under section 286.011(8), Fla. Stat. Accordingly, it is anticipated that the following persons will be in attendance:

Board of Trustees Member John Watret, Ph.D., Chair
 Board of Trustees Member Linda Reiter, Co-Chair
 Board of Trustees Member Rafael "Tony" Arza, Ph.D.
 Board of Trustees Member Kelly Garcia
 Board of Trustees Member Robert Kornahrens
 Board of Trustees Member Edward Pozzuoli
 President and Chief Executive Officer Dr. Louis J. Algaze
 General Counsel Dr. David J. D’Agata
 Senior Assistant General Counsel Luis R. Guzman
 FLVS outside counsel Stephen Luther, Luther Law PLLC
 FLVS outside counsel Suzanne Barto Hill, Rumberger, Kirk & Caldwell, PA
 Court Reporter

Pursuant to Florida law, the entire attorney-client session shall be recorded by a certified court reporter. No portion of the attorney-client session shall be off the record. A copy of the transcript will be made part of Florida Virtual School’s public record after the litigation has concluded.

Agenda: A copy of the meeting agenda may be obtained by contacting Mr. Bruce Moore, Board Clerk, at 2145 Metrocenter Blvd., Suite 100, Orlando, FL 32835; or at (407) 735-1191; or by email to bmoore@flvs.net. It may also be obtained via <https://go.boarddocs.com/fla/flvs/Board.nsf/vpublic?open>

Pursuant to the provisions of the Americans with Disabilities Act, any person requiring special accommodations to participate in this meeting is asked to advise the agency at least 48 hours before the meeting by contacting Mr. Bruce Moore, Board Clerk, at 2145 Metrocenter Blvd., Suite 100, Orlando, FL 32835; or at (407) 735-1191; or by email to bmoore@flvs.net. If you are hearing or speech impaired, please contact the agency using the Florida Relay Service, (800) 955-8771 (TDD) or (800) 955-8770 (Voice)

If any person decides to appeal any decision made by the Board with respect to any matter considered at this meeting, he/she will need to ensure that a verbatim record of the proceeding is made, which record includes the testimony and evidence from which the appeal is to be issued.

For more information, you may contact Mr. Bruce Moore, Board Clerk, at 2145 Metrocenter Blvd., Suite 100, Orlando, FL 32835; or at (407) 735-1191; or by email to bmoore@flvs.net.

INWOOD CONSULTING ENGINEERS, INC.

The Florida Department of Transportation (FDOT) announces a public meeting to which all persons are invited.

DATE AND TIME: Tuesday, June 14, 2022, 5:30 p.m.

PLACE: Virtually on GoToWebinar; By phone at 562-247-8321 with passcode 628-687-199; In-Person at Ramada by Wyndham Orlando – Meeting Room

GENERAL SUBJECT MATTER TO BE CONSIDERED: A public meeting will be held regarding project plans on the Truck and Freight Alternative Site Analysis Project Development and Environment (PD&E) Study for Orange County. (FPID no. 447724-1)

The purpose of this project is to evaluate and recommend potential truck and freight parking site alternatives along the I-4 corridor that are viable for private and public operator use. This public meeting is part of a series of meetings occurring for this project. Previous meetings were held in Osceola, Orange, Seminole, and Volusia Counties in the spring of 2022 to introduce the project and the proposed site locations being evaluated. The purpose of this round of public meetings is to present the preferred site alternatives for each county and receive community feedback.

Additional meetings will be held in Osceola and Volusia Counties in June 2022. A meeting was held in May 2022 in Seminole County. Each public meeting for this project will include the same information and presentation across all counties.

The Department is offering multiple ways for the community to participate in the meeting. All participants, regardless of which platform they choose, will participate in the same live meeting. Virtual Option: Interested persons may join the Virtual Public Meeting (VPM) from a computer, tablet, or mobile device. A VPM is a free live presentation or webinar over the internet. For this option, advance registration is required by visiting <https://attendee.gotowebinar.com/register/2354994899122512655>. Once registered, participants will receive a confirmation email containing information about joining the meeting online. Please note, Internet Explorer cannot be used to register or attend this webinar. If joining online, please allow adequate log-in time to view the presentation in its entirety.

Phone Option (Listen Only): Participants may join the meeting in listen-only mode by dialing 562-247-8321 and entering the passcode 628-687-199 when prompted.

In-Person Open House Option: Participants may attend in person by going to Ramada Plaza by Wyndham Orlando – Meeting Room, 6500 International Drive, Orlando, FL 32819 anytime between 5:30 p.m. and 7 p.m. to view a looping presentation and project displays, speak with project team members, and submit comments or questions. If attending in person, please remember to follow all safety and sanitation guidelines. If you are feeling unwell, please consider attending the meeting virtually or by phone.

All meeting materials, including the presentation, will be available on the project website at <https://www.cflroads.com/project/447724-1> prior to the meeting.

FDOT is sending notices to all property owners, business owners, interested persons and organizations to provide the opportunity to offer comments and express their views regarding this project and the proposed improvements.

Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability, or family status. Persons wishing to express their concerns relative to FDOT compliance with Title VI may do so by contacting Jennifer Smith, FDOT District Five Title VI Coordinator, at Jennifer.Smith2@dot.state.fl.us.

The environmental review, consultation, and other actions required by applicable federal environmental laws for this project are being, or have been, carried on by FDOT pursuant to 23 U.S.C. §327 and a Memorandum of Understanding dated December 14, 2016, and executed by the Federal Highway Administration and FDOT.

A copy of the agenda may be obtained by contacting: Not applicable.

Pursuant to the provisions of the Americans with Disabilities Act, any person requiring special accommodations to participate in this workshop/meeting is asked to advise the agency at least seven (7) days before the workshop/meeting by

contacting: Mark Trebitz, P.E. at 386-943-5157 or Mark.Trebitz@dot.state.fl.us. If you are hearing or speech impaired, please contact the agency using the Florida Relay Service, 1(800)955-8771 (TDD) or 1(800)955-8770 (Voice).

For more information, you may contact: FDOT Project Manager Mark Trebitz, P.E. by phone at 386-943-5157, by email at Mark.Trebitz@dot.state.fl.us, or U.S. mail at Florida Department of Transportation, 719 S. Woodland Boulevard, DeLand, FL 32720.

Information about this project is also available online at www.cflroads.com. Simply type 447724-1 in the search box, click “go” and then select the project. We encourage you to participate in the Truck and Freight Alternative Site Analysis PD&E Study public meeting.

QUEST CORPORATION OF AMERICA, INC.

The Florida Department of Transportation (FDOT) - District 7 announces a public meeting to which all persons are invited.

DATE AND TIME: Tuesday, June 14, 2022, 5:30 p.m.

PLACE: Virtually on GoTo Webinar or In-Person Drive-Thru at Trapnell Elementary School (parking lot)

GENERAL SUBJECT MATTER TO BE CONSIDERED: A Virtual Public Hearing/Meeting (VPHM) will be held regarding a proposed median modification on State Road (SR) 60 from Clarence Gordon Jr. Road to the Polk County Line (S. County Line Road) in Plant City, Florida, Financial Project Number (FPN): 441661-1-52-01. The VPHM is being held to present information and receive community feedback.

To allow for maximum participation, the public meeting will be held in two formats including virtually over the internet and at an in-person, drive-thru location. Information presented will be identical at both options.

The meeting will start at 5:30 p.m. and include a presentation. After the presentation has concluded, there will be an opportunity to ask questions and provide comments that will be included in the official public meeting record.

Virtual/Online: Presentation will begin at 5:30 p.m.

The presentation will be played at 5:30 p.m. After comments are received, the presentation will be replayed. Please follow this link to register and access the virtual meeting: <https://bit.ly/3Ey6f7h>

In-person drive-thru location:

Hours: Drive-thru will open at 5:30 p.m. and remain open until 6:30 p.m.

Trapnell Elementary School

1605 W. Trapnell Road

Plant City, FL 33566 (Parking Area)

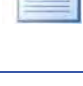

Drive-thru attendees will be directed into a clearly identified parking lot, receive project literature, and view the project presentation. Attendees will be asked to remain in their vehicle

Upcoming Public Meeting for the Truck and Freight Site Analysis PD&E Study

Meeting will be offered in multiple platforms

Orange County, Fla. — The Florida Department of Transportation (FDOT) will hold a public meeting regarding project plans for the Truck and Freight Alternative Site Analysis Project Development and Environment (PD&E) Study on Tuesday, June 14, 2022, at 5:30 p.m. The purpose of this project is to evaluate and recommend potential truck and freight parking site alternatives along the I-4 corridor that are viable for private and public operator use.

Additional public meetings for prospective truck parking site alternatives along the I-4 corridor are scheduled in June 2022 for Osceola and Volusia counties. A meeting was held in Seminole County in May 2022. Each public meeting for this project will include the same information and presentation on potential sites across all counties.

The Department is offering multiple ways for the community to participate in the meeting. All participants, regardless of platform they choose, will participate in the same live meeting.

Virtual Option: Interested persons may join the Virtual Public Meeting (VPH) from a computer, tablet, or mobile device. A VPH is a free live presentation or webinar over the internet. For this option, advance registration is required by visiting <https://attendee.gotowebinar.com/register/2354994899122512655>. Once registered, participants will receive a confirmation email containing information about joining the meeting online. Please note, Internet Explorer cannot be used to register or attend this webinar. If joining online, please allow adequate log-in time to view the presentation in its entirety.

Phone Option (Listen Only): Participants may join the meeting in listen-only mode by dialing 562-247-8321 and entering the passcode 628-687-199 when prompted.

In-Person Open House Option: Participants may attend in person by going to Ramada Plaza by Wyndham – Meeting Room, 6500 International Drive, Orlando, FL 34819 anytime between 5:30 p.m. and 7 p.m. to view a looping presentation and project displays, speak with project team members, and submit comments or questions.

Improve Safety, Enhance Mobility, Inspire Innovation
www.fdot.gov | Twitter: @MyFDOT_CFL | Facebook: @MyFDOTCFL

The Florida Department of Transportation's mission is to provide a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity, and preserves the quality of the state's environment and communities. The department is committed to building a transportation system that not only fits the current needs of Florida's residents and visitors, but also enhances mobility throughout the state to accommodate its consistent and rapid growth. The unique nature of the Sunshine State and its year-round warm climate provides numerous opportunities to achieve the department's mission through multiple transportation modes including highways/streets, air, rail, sea, spaceports, transit, and the ever-expanding deployment of bicycle & pedestrian facilities.

If attending in person, please remember to follow all safety and sanitation guidelines as well as adhere to any local ordinances. If you are feeling unwell, please consider attending the meeting virtually or by phone.

All meeting materials, including the presentation, will be available on the project website at <https://www.cflroads.com/project/447724-1> prior to the meeting.

Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability, or family status. Persons wishing to express their concerns relative to FDOT compliance with Title VI may do so by contacting Jennifer Smith, FDOT District Five Title VI Coordinator, at Jennifer.Smith2@dot.state.fl.us.

The environmental review, consultation, and other actions required by applicable federal environmental laws for this project are being, or have been, carried on by FDOT pursuant to 23 U.S.C. §327 and a Memorandum of Understanding dated December 14, 2016, and executed by the Federal Highway Administration and FDOT.

Persons who require accommodations under the Americans with Disabilities Act (ADA) or persons who require translation services (free of charge) should contact Mark Trebitz, P.E. at 386-943-5157 or Mark.Trebitz@dot.state.fl.us at least seven (7) days prior to the meeting. If you are hearing or speech impaired, please contact us by using the Florida Relay Service, 1-800-955-8771 (TDD) or 1-800-955-8770 (Voice).

Media inquiries should be directed to the FDOT District Five Communications Office at FDOT-D5Comm@dot.state.fl.us or by phone at 386-943-5593.

Osceola County Site #1 – Osceola-Polk Line Road - Southside

Site Size: 43 Acres

**Approx. Truck
Parking Spaces:**
257

Why This Site?

Bordered by Poinciana Parkway Extension, Osceola-Polk Line Road Widening, and US 17/92, this site provides access to I-4 as well as other high freight connectors. This site may also be suitable for a Public Private Partnership

Osceola County Site #1 – Osceola-Polk Line Road - Southside

Connection to I-4:

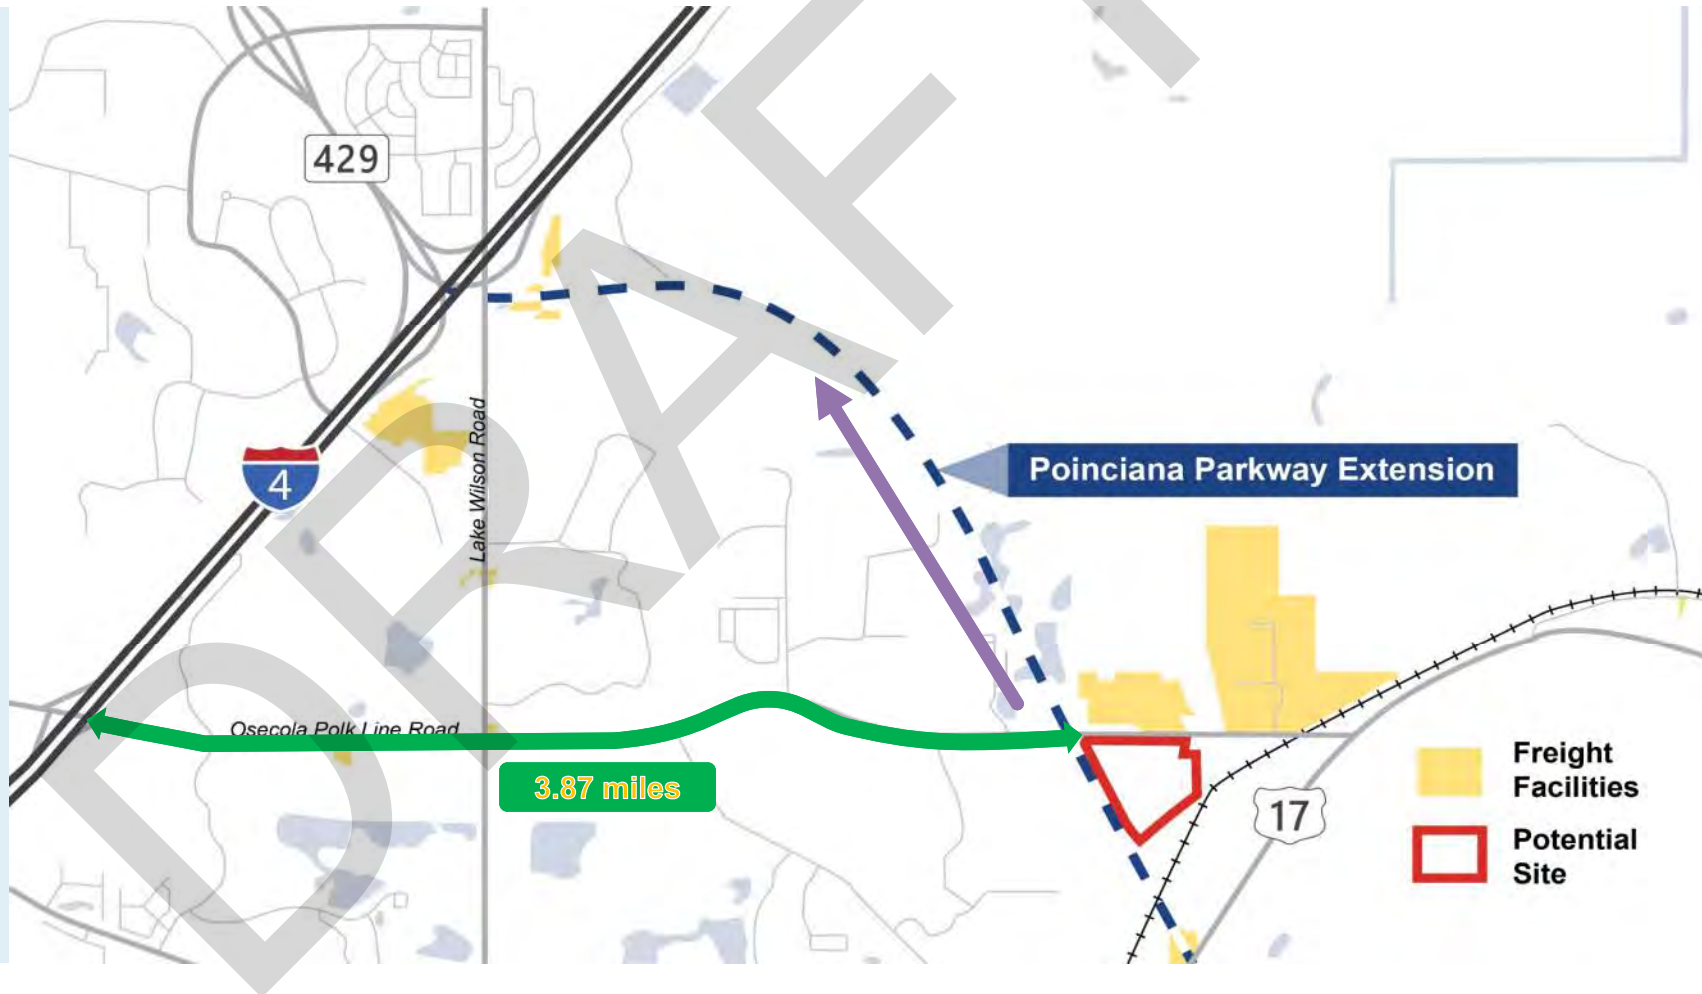

- 3.87 miles via Osceola-Polk Line Road

Regional Connectivity

- Future improvement will provide an additional route to I-4

Site Access: One full-access entrance to Osceola-Polk Line Road

Peak Hour Trips:
106

Osceola County Site #1 – Osceola-Polk Line Road - Southside

- No relocations
- No floodplain involvement

Further evaluation to:

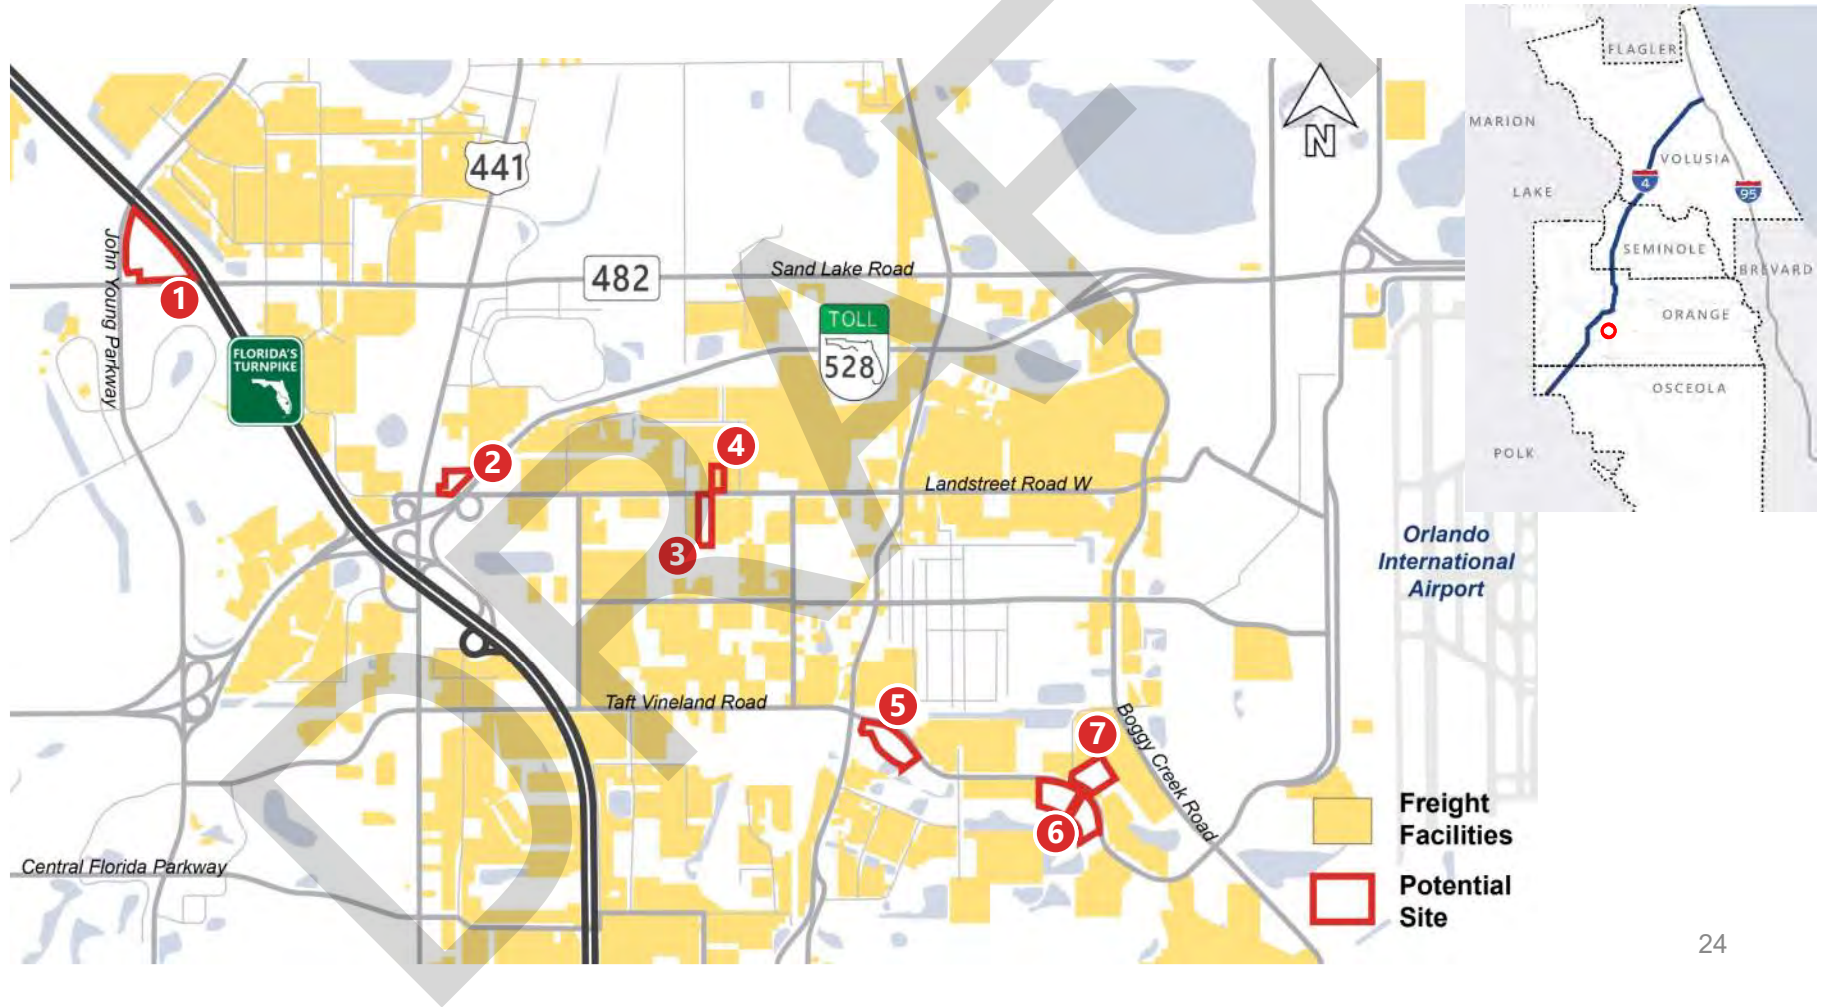

- Refine concept and provide more engineering detail
- Minimize wetland impacts
- Avoid/minimize wildlife species and habitat
- Avoid/minimize environmental effects and reduce costs

Orange County – Recommended Sites

Alternative Analysis

Key Evaluation Factors

- Site 1 – Property owned by Florida’s Turnpike Enterprise, eliminating need for R/W
- Site 2 – Ideal site for Public Private Partnership and within heavy industrialized area
- Site 4 – Viable site with high truck parking demand. Opportunity to support overflow from sites 1 and 2

Orange County Sites #1, 2 and 4 – Connectivity and Location

Connection to I-4: 2.90 miles via Sand Lake Rd

Regional Connectivity: FL Turnpike, SR 528, Heavy Freight and Industrial Land Use to the West

Heavy Industrial Cluster – Origin / Destination for truck traffic on surround facilities

Orange County Site #1 – Sand Lake Road at John Young Parkway

Site Size: 36.70
Acres

**Approx. Truck
Parking Spaces:** 109

Why This Site?

This site is at the location of Turnpike's planned off ramp to Sand Lake Road. The site will provide the opportunity for trucks on both I-4 and Turnpike to access the facility.

Orange County Site #1 – Sand Lake Road at John Young Parkway

- No ROW required
- Industrial area

Further evaluation to:

- Refine concept and provide more engineering detail
- Minimize wetland, floodplain and wildlife species and habitat involvement
- Avoid and minimize environmental effects and reduce costs

Orange County Site #2 – West Landstreet Road, Adjacent to State Road 528

Site Size: 6.8 Acres

**Approx. Truck
Parking Spaces:** 59

Why This Site?

This site is located within a heavy industrialized area and provides an opportunity for a public private partnership to operate the site.

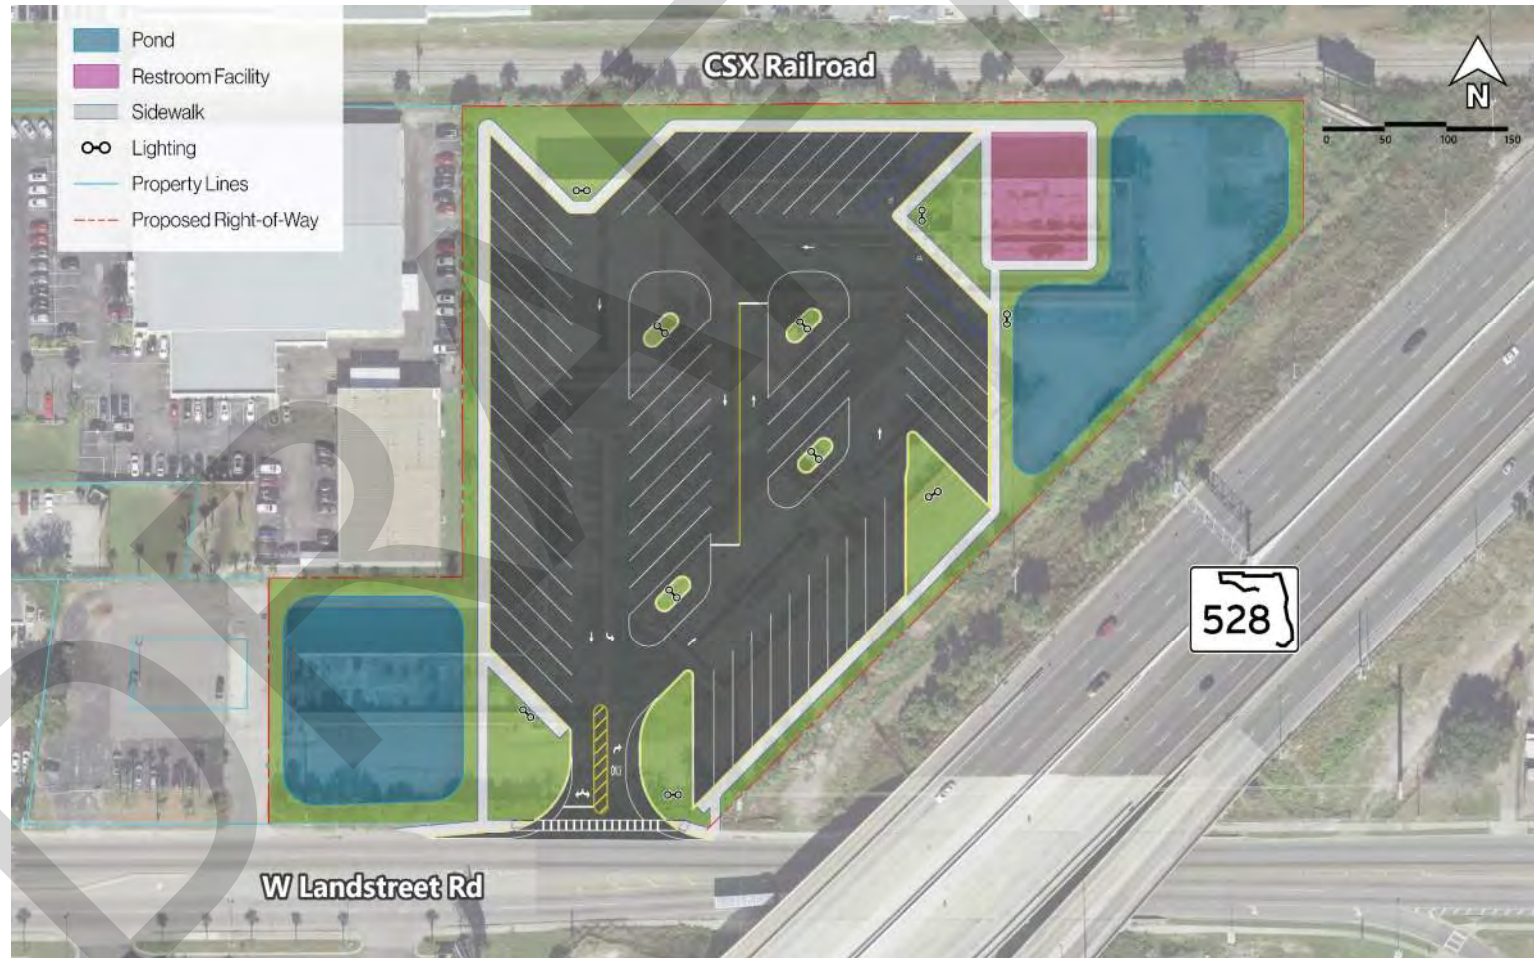

Orange County Site #2 – West Landstreet Road, Adjacent to State Road 528

- No relocations
- No wetland/floodplain involvement

Further evaluation to:

- Refine concept and provide more engineering detail
- Minimize wildlife species and habitat involvement
- Avoid and minimize environmental effects and reduce costs

Orange County Site #4 – West Landstreet Road, East of State Road 528

Site Size: 4.9 Acres

**Approx. Truck
Parking Spaces:** 48

Why This Site?

This site is located in an area where many local truck drivers store their vehicles when not in use. The opportunity to develop this site will help to address parking capacity issues in the area and provide a safe and secure location for short- and long-term parking.

Orange County Site #4 – West Landstreet Road, East of State Road 528

- No residential relocations
- No wetland involvement

Further evaluation to:

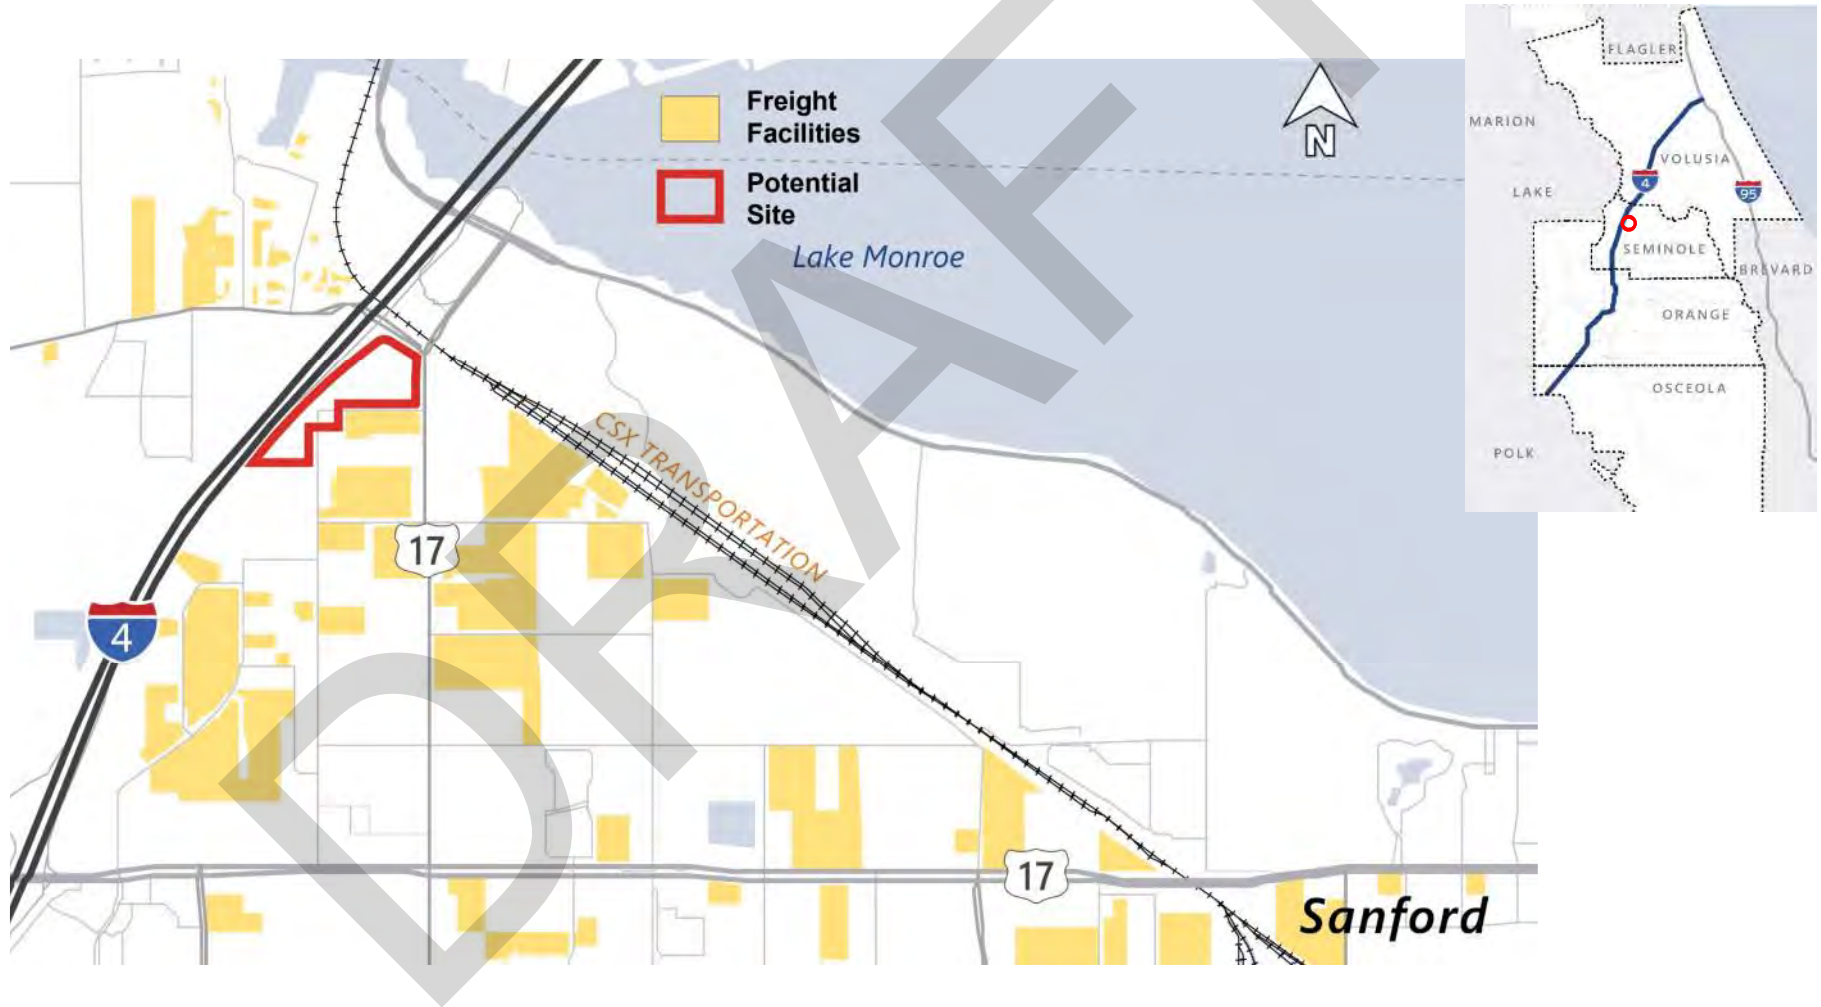

- Refine concept and provide more engineering detail
- Minimize floodplain and wildlife species and habitat involvement
- Avoid and minimize environmental effects and reduce costs

Seminole County

Seminole County – 1 Potential Site

Seminole County

Alternative Analysis

Key Evaluation Factors

- Relocations significantly less in smaller site layout
- Project costs of larger site did not justify the additional parking spaces

Seminole County Site 1B – I-4 at US 17/92

Site Size: 18.3 Acres

**Approx. Truck
Parking Spaces:** 157

Why This Site?

Located just west of the I-4 Beyond the Ultimate (BTU) improvement at US 17/92, this site will provide efficient access to I-4 through a reconfigured ramp adjacent to the site.

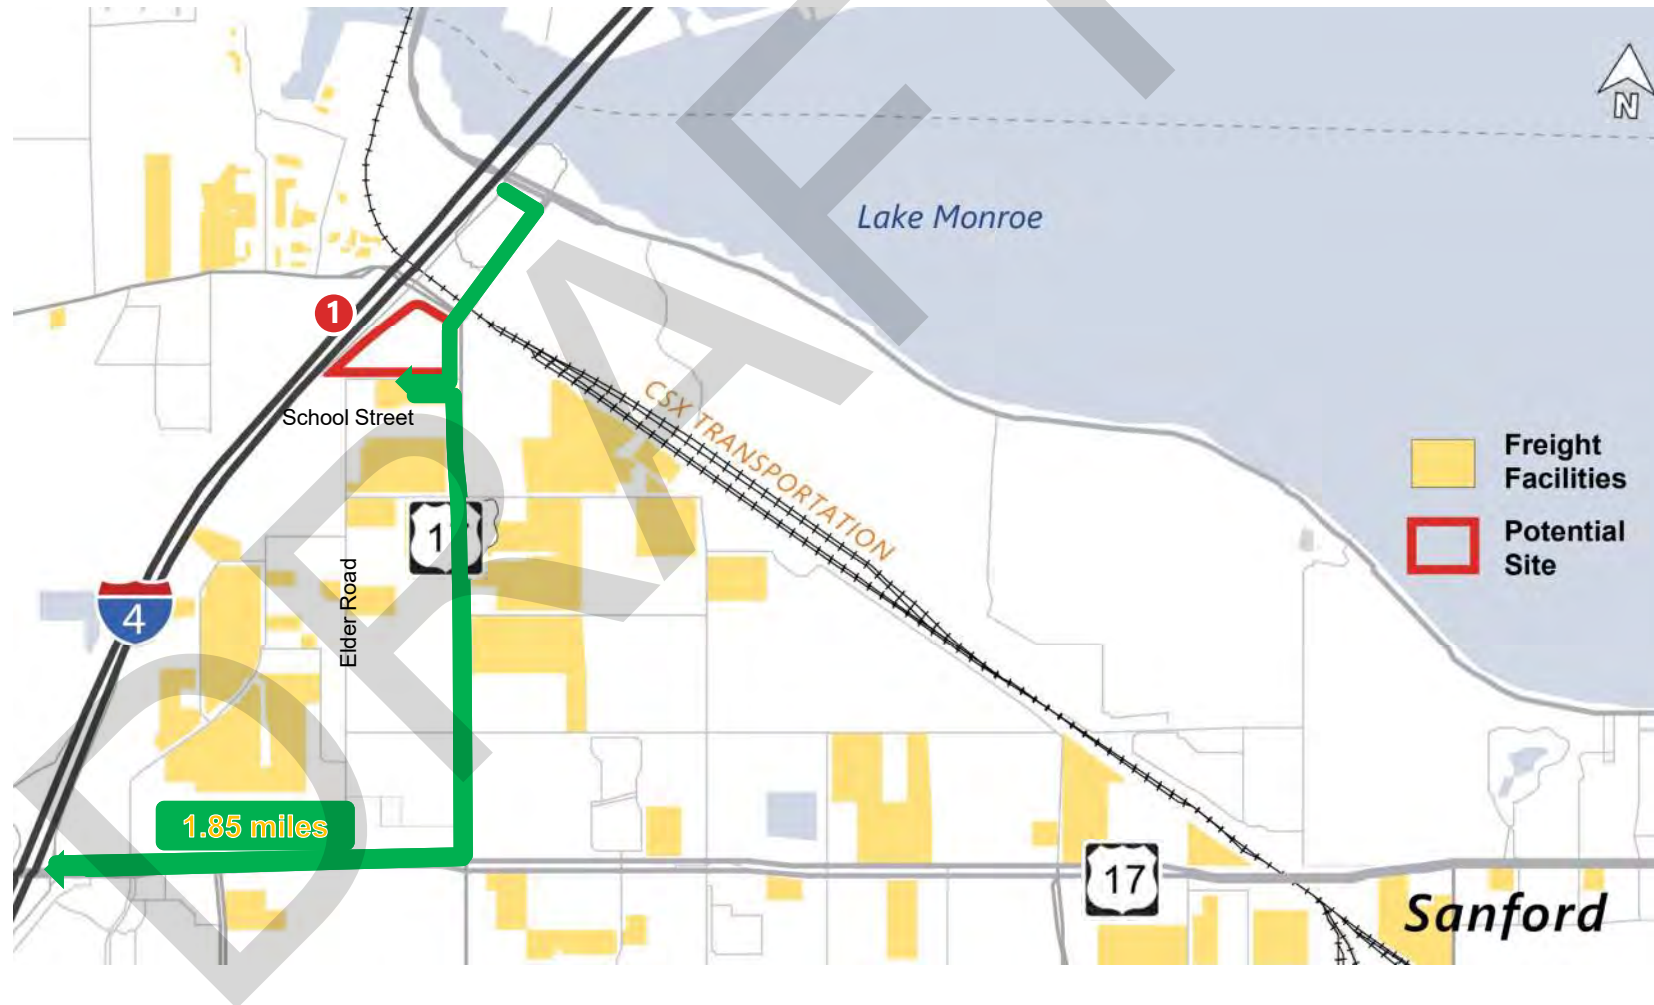

Seminole County Site 1B – I-4 at US 17/92

Connection to I-4:

- 0.45 miles to enter site from US 17/92
- 1.85 miles to leave the site at SR 46

Site Access: One controlled access to School Road. Exit will be signed to send trucks east to US 17/92

Peak Hour Trips: 70

Slide 38

DH17 clean up entrance arrow from SR 46 at the turn into the site so it doesnt show as two separte arrows.
Demond Hazley, 5/17/2022

Volusia County Site #1 – I-4 Eastbound

Site Size: 73.3 Acres

**Approx. Truck
Parking Spaces:**
275

Why This Site?

This site provides an opportunity to develop a larger truck parking facility, with a direct ramp on and off to I-4. The site is located at the previous Volusia County Rest area and will include several features to minimize impacts to the adjacent wildlife crossing.

Volusia County Site #1 – I-4 Westbound

Site Size: 116.8 Acres

**Approx. Truck
Parking Spaces:** 253

Why This Site?

This site provides an opportunity to develop a larger truck parking facility, with a direct ramp on and off to I-4. The site is located at the previous Volusia County rest area and will include several features to minimize impacts to the adjacent wildlife crossing.

Volusia County Site #1 – Access to EB and WB Sites

Connection to I-4:

Direct access on both eastbound and westbound I-4.

Peak Hour Traffic:

168 (eastbound)

156 (westbound)

Volusia County Site #1 – I-4 Eastbound

- No relocations
- Further evaluation to:
- Refine concept and provide more engineering detail
 - Minimize wetland, floodplain and wildlife species and habitat involvement
 - Avoid and minimize environmental effects and reduce costs

Volusia County Site #1 – I-4 Westbound

- No relocations
- Further evaluation to:
- Refine concept and provide more engineering detail
 - Minimize wetland, floodplain and wildlife species and habitat involvement
 - Avoid and minimize environmental effects and reduce costs

Site Features

Eco-Friendly and Safety Features

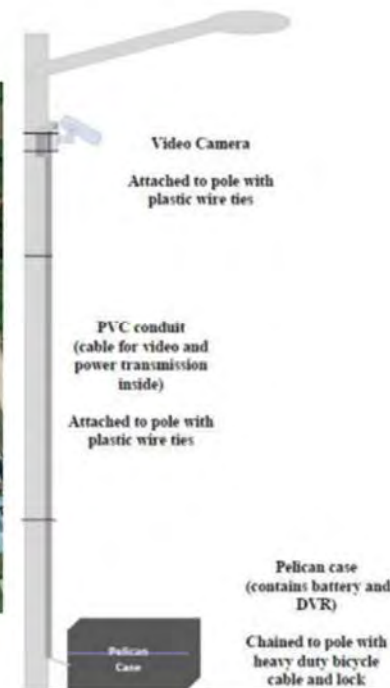

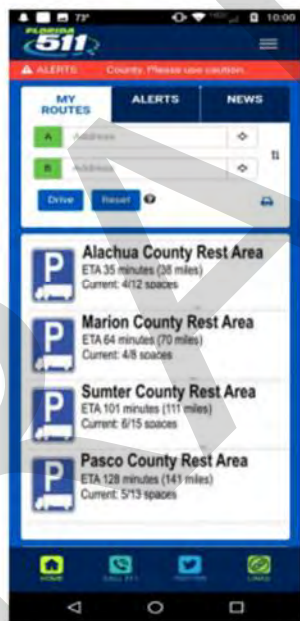

Sustainable truck parking facilities reduce emissions by leveraging electrification and solar technologies.

Safe truck parking facilities provide surveillance cameras and lighting.

Technology Features

Public Meeting Summary Report

Truck and Freight Site Analysis PD&E Study

Along the I-4 Corridor in District 5

Orange, Osceola, Volusia, and Seminole Counties

July 2022

DRAFT

Submitted to:

Florida Department of Transportation
District Five
719 South Woodland Boulevard
DeLand, Florida 32720

1.0 INTRODUCTION

This document summarizes the public involvement activities associated with the second Public Meeting hosted in Osceola County for the subject project. The purpose of this project is to evaluate and recommend potential truck and freight parking site alternatives along the I-4 corridor that are viable for private and public operator use.

The purpose of the second Public Meeting was to present the preferred site alternatives for each county and receive community feedback. Additional public meetings for prospective truck parking sites along the I-4 corridor are scheduled in June 2022 for Orange, and Volusia Counties. A meeting was held in May 2022 in Seminole County. Each public meeting for this project will include the same information and presentation across all counties.

Public Meeting Date and Location:

The public meeting was hosted by Florida Department of Transportation (FDOT), District Five on:

Thursday, June 23, 2022

5:30 p.m. Open House

Osceola County Welcome Center and History Museum – Buster Kenton Meeting Room and online via GoToWebinar

4155 W Vine St.

Kissimmee, FL 34741

The meeting was conducted as a hybrid public meeting. This means attendees were given the option to attend in person or virtually using the GoToWebinar platform. This process followed and was consistent with the most current FDOT guidelines for Hybrid Public Meetings.

Project Team Attendees:

The project team representatives who attended the public meeting included:

Florida Department of Transportation

Mark Trebitz

Steven Buck

VHB

Kevin Freeman

Michael Zoellner

Inwood Consulting Engineers

Anna Pindara

Maica Pham

Amanda Ashby (online)

2.0 PUBLIC NOTIFICATION

Invitations:

There were 205 invitations sent to property owners, government officials, and other interested parties. The invitations described the project and provided information about the location, date, and time of the public meeting including options to attend in person or via the GoToWebinar. Public meeting notices were e-mailed to elected officials, appointed officials, and agency and industry staff in the project area. Additionally, Invitational letters were mailed to property owners and other interested stakeholders. Copies of the letters are included in *Appendix A*. A breakdown of the recipient list is provided in *Table 1*. Complete mailing lists and the parcel selection map are provided in *Appendix B*.

Table 1 - Invitation Summary

Recipient	Number of Recipients	Date Invitation Sent
Elected Officials	22	May 27, 2022 via email
Appointed Officials	20	May 31, 2022 via email
Agency and Industry Staff	108	May 27, 2022 via email
Property Owners/Tenants/Other Interested Parties	55	May 29, 2022 via mail
Total	205	

Advertisements:

An advertisement was placed in the Orlando Sentinel on Thursday, June 9, 2022. In addition to the newspaper advertisement, the public meeting was also noticed in the *Florida Administrative Register* on Wednesday, June 15, 2022, in Volume 48/116. Copies of the advertisements are provided in *Appendix C*.

Press Release:

A press release was sent to the local media outlets for immediate release on Thursday, June 16, 2022. The press release can be found in *Appendix D*.

3.0 AT THE PUBLIC MEETING

Parking and Signage:

Parking was available to accommodate all public meeting attendees, including the disabled. Directional signs were placed in areas surrounding the venue which guided attendees to the meeting site.

Hybrid Meeting Format:

The public meeting was held as a hybrid meeting and began in an open house format at 5:30 p.m. In-person attendees were greeted upon arrival and asked to sign in. Comment forms, pens, and a copy of the project fact sheet were available at the welcome table and throughout the meeting space. Those attending virtually using GoToWebinar were able to log-in to the meeting starting at 5:30 p.m.

No guests attended the public meeting in person. The sign-in sheets can be found in *Appendix E*. A total of 2 guests attended the public meeting virtually using GoToWebinar.

The public meeting began at 5:30 p.m. Introductory remarks were given by Mark Trebitz, P.E., the FDOT Project Manager, online followed by a narrated, PowerPoint presentation.

The public meeting concluded at 7 p.m. A copy of the recorded presentation and project displays are available on the project website: www.cflroads.com/project/447724-1. The presentation is included in *Appendix F*.

Displays:

Aerial display boards, schedule board, and study location board were provided for viewing at the in-person location and on the project website. In addition, a welcome board, Title VI board, and interpretive services poster were on display at the in-person location. Copies of the public meeting displays can be found in *Appendix G*.

4.0 SUMMARY OF COMMENTS RECEIVED

No in-person or online comments were received during the public meeting or within the 10-day comment period.

5.0 CONCLUSION

For more information about the public meeting for the Truck and Freight Parking Site Analysis PD&E Study, please contact:

Osceola County
Financial Project Identification (FPID) No.: 447724-1

Dear Elected Official:

The Florida Department of Transportation (FDOT) invites you to the second round of public meetings regarding project plans for the Truck and Freight Alternative Site Analysis Project Development and Environment (PD&E) Study in Osceola County on Thursday, June 23, 2022, at 5:30 p.m.

The purpose of this project is to evaluate and recommend potential truck and freight parking site alternatives along the I-4 corridor that are viable for private and public operator use. Additional details are available in the attached project handout. This public meeting is part of a series of meetings occurring for this project. Previous meetings were held in Osceola, Orange, Seminole and Volusia Counties in the spring of 2022 to introduce the project and the proposed site locations being evaluated. The purpose of this round of public meetings is to present the preferred site alternatives for each county and receive community feedback.

Additional meetings will be held in Orange and Volusia Counties in June 2022. A meeting was held in May 2022 in Seminole County. Each public meeting for this project will include the same information and presentation across all counties.

The Department is offering multiple ways for the community to participate in the meeting. All participants, regardless of which platform they choose, will participate in the same live meeting.

- **Virtual Option:** Interested persons may join the Virtual Public Meeting (VPM) from a computer, tablet or mobile device. A VPM is a free live presentation or webinar over the internet. For this option, advance registration is required by visiting <https://attendee.gotowebinar.com/register/1863957404204274701>. Once registered, participants will receive a confirmation email containing information about joining the meeting online. Please note, Internet Explorer cannot be used to register or attend this webinar. If joining online, please allow adequate time to log in to view the presentation in its entirety.
- **Phone Option (Listen Only):** Participants may join the meeting in listen-only mode by dialing 631-992-3221 and entering the passcode 257-996-889 when prompted.
- **In-Person Open House Option:** Participants may attend in person by going to Osceola Welcome Center & History Museum – Buster Kenton Room, 4155 W. Vine St., Kissimmee, FL 34741 anytime between 5:30 p.m. and 7 p.m. to view a looping presentation and project displays, speak with project team members, and submit comments or questions. If attending in person, please remember to follow all safety and sanitation guidelines. If you are feeling unwell, please consider attending the meeting virtually or by phone.

All meeting materials, including the presentation, will be available on the project website at <https://www.cflroads.com/project/447724-1> prior to the meeting.

FDOT is sending notices to nearby property owners, business owners, interested persons, and organizations to provide the opportunity to offer comments and express their views regarding this project and the proposed improvements.

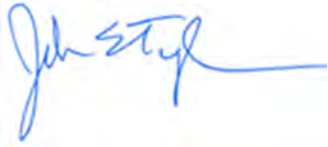

Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability, or family status. Persons wishing to express their concerns relative to FDOT compliance with Title VI may do so by contacting Jennifer Smith, FDOT District Five Title VI Coordinator, at Jennifer.Smith2@dot.state.fl.us.

The environmental review, consultation, and other actions required by applicable federal environmental laws for this project are being, or have been, carried on by FDOT pursuant to 23 U.S.C. §327 and a Memorandum of Understanding dated December 14, 2016, and executed by the Federal Highway Administration and FDOT.

Persons who require accommodations under the Americans with Disabilities Act (ADA) or persons who require translation services (free of charge) should contact Mark Trebitz, P.E. at 386-943-5157 or Mark.Trebitz@dot.state.fl.us at least seven (7) days prior to the meeting. If you are hearing or speech impaired, please contact us by using the Florida Relay Service, 1-800-955-8771 (TDD) or 1-800-955-8770 (Voice).

If you have any questions or comments about the project, please contact: FDOT Project Manager Mark Trebitz, P.E. by phone at 386-943-5157, by email at Mark.Trebitz@dot.state.fl.us, or U.S. mail at Florida Department of Transportation, 719 S. Woodland Boulevard, DeLand, FL 32720.

Sincerely,

John E. Tyler, P.E.
District Five Secretary

- **In-Person Open House Option:** Participants may attend in person by going to Osceola Welcome Center & History Museum – Buster Kenton Room, 4155 W. Vine St., Kissimmee, FL 34741

anytime between 5:30 p.m. and 7 p.m. to view a looping presentation and project displays, speak with project team members, and submit comments or questions. If attending in person, please remember to follow all safety and sanitation guidelines. If you are feeling unwell, please consider attending the meeting virtually or by phone.

All meeting materials, including the presentation, will be available on the project website at <https://www.cflroads.com/project/447724-1> prior to the meeting.

FDOT is sending notices to nearby property owners, business owners, interested persons, and organizations to provide the opportunity to offer comments and express their views regarding this project and the proposed improvements.

Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability, or family status. Persons wishing to express their concerns relative to FDOT compliance with Title VI may do so by contacting Jennifer Smith, FDOT District Five Title VI Coordinator, at Jennifer.Smith2@dot.state.fl.us.

The environmental review, consultation, and other actions required by applicable federal environmental laws for this project are being, or have been, carried on by FDOT pursuant to 23 U.S.C. §327 and a Memorandum of Understanding dated December 14, 2016, and executed by the Federal Highway Administration and FDOT.

Persons who require accommodations under the Americans with Disabilities Act (ADA) or persons who require translation services (free of charge) should contact Mark Trebitz, P.E. at 386-943-5157 or Mark.Trebitz@dot.state.fl.us at least seven (7) days prior to the meeting. If you are hearing or speech impaired, please contact us by using the Florida Relay Service, 1-800-955-8771 (TDD) or 1-800-955-8770 (Voice).

If you have any questions or comments about the project, please contact me by phone at 386-943-5157, by email at Mark.Trebitz@dot.state.fl.us, or U.S. mail at Florida Department of Transportation, 719 S. Woodland Boulevard, DeLand, FL 32720.

Sincerely,

Mark Trebitz, P.E.
FDOT Project Manager

OHS Air Force JROTC finishes year soaring high

By Terry Lloyd
For the News-Gazette

Osceola High School's Air Force Junior Reserve Officers' Training Corps (AFJROTC) cadets finished a strong 2021-22 school year after racking up an armload of awards and honors — and helping their community.

The high school's formation, designated (Florida) FL-921, excelled in regional and state drill competitions, achieving three overall firsts, and earning 14 1st place, eight 2nd place, and seven 3rd place team and individual awards.

Retired Air Force Lt. Col. David LaTour, Senior Aerospace Science Instructor, leads the cadet corps with the help of fellow Air Force retiree and instructor, Chief Master Sergeant Larry Schneck, and cadet leaders such as Cadet Co. Giselle Rivera.

In addition to the high-intensity drill competitions and ceremonies, the true calling of the cadets is to serve their student community and the community at large. Rivera collaborated with the leaders of various OHS student clubs to expand the cadets' recurring campus cleanup details.

"We paired a school club member with a cadet, and together the combined groups have gathered over half of a ton of refuse and recyclables this past year," Rivera said of the effort dubbed Operation Keep OHS Clean and Green. It is expected to continue next year and become a campus tradition.

As recently as April of this year, the cadets also picked up trash along the

route of their 14-mile hike in honor of the World War II Bataan Death March. The hike started at the prominent Kissimmee Lakefront Park memorial to that dark episode for American and Filipino troops.

"We teach remembrance and honor in past events of our Nation's history. We held special flag details where we gave homage in honoring the anniversary of the attack on September 11th, 2001, and the attack on Pearl Harbor on December 7th, 1941," said LaTour, who noted there are also plans being developed for the cadets to help revitalize and maintain the memorial, to a higher standard than provided through normal park upkeep. It has the largest statues of any Bataan Corregidor memorial in the U.S.

In addition to military drill and community projects, another highlight of this year is the introduction of no-cost, college-level aviation courses provided by Daytona Beach's Embry-Riddle Aeronautical University. Students can complete courses in Aeronautical Science and Unmanned Aircraft Systems (UAS) for a total of six college credit hours. Completion of the UAS course includes an aviation industry certification and is great preparation for the Federal Aviation Administration "drone pilot" license test. These courses represent thousands of dollars of value in tuition costs.

This year's group of cadets also excelled at setting personal physical

Leaders of the Osceola High AFROTC Cadet drill team display the fruits of victory.

fitness goals. Over 65 cadets achieved either bronze or silver fitness status, and Cadet Senior Master Sgt. Joseph Fernandez was the first in FL-921 history to achieve the gold fitness level.

And the awards continue to roll in. FL-921 learned on May 26, the last day of school, that it had achieved the Distinguished Unit Award with Merit for the second time in its 33-history.

This week, the Department of Air Force Air Education and Training Command announced LaTour was named as a regional-level Outstanding Instructor award winner.

"Through this award, we honor their exemplary contributions and impact on their cadets, school and community," an announcement from the Command said.

Poinciana

Summer meals available for students at schools

By Lisa Concepcion
Poinciana Correspondent

The Summer BreakSpot Program provides free summer meals for Florida kids under 18, while school is out during the summer months.

No application is necessary, just show up to one of the sites in the area. The sites in or around Poinciana are:

- KOA Elementary, 5000 KOA St., 407-518-1161;
- Bellalago Charter Academy, 3651 Pleasant Hill Rd., 407-933-1690;
- Pleasant Hill Elementary,

1801 Jack Calhoun Dr., 407-953-3700;

Central Point Academy, 3540 Pleasant Hill Rd., 407-615-0334;

Poinciana Elementary, 4201 Rhododendron Ave., 407-343-4500;

Discovery Intermediate, 5350 San Miguel Rd., 407-847-0402;

Deerwood Elementary, 3701 Marigold Ave., 407-520-8512;

Chestnut Elementary School, 4300 Chestnut St., 407-255-6189;

Individual Education Plan Academy of Poinciana, 4942 Old Pleasant Hill Rd.,

FDOT
PUBLIC MEETING

When: Thursday, June 23, 2022, at 5:30 p.m.

Where:

- Virtually on GoToWebinar
- By phone at 631-992-3221 with passcode 257-996-889
- In person at Osceola Welcome Center & History Museum – Buster Kenton Room

Financial Project Identification (FPID) No. 447724-1

Truck and Freight Site Analysis PD&E Study, Osceola County

The Florida Department of Transportation (FDOT) will hold a public meeting regarding project plans for the Truck and Freight Alternative Site Analysis Project Development and Environment (PD&E) Study in Osceola County on Thursday, June 23, 2022, at 5:30 p.m. Previous meetings were held in Osceola, Orange, Seminole, and Volusia Counties in the spring of 2022 to introduce the project and the proposed site locations being evaluated. The purpose of this round of public meetings is to present the preferred site alternatives for each county and receive community feedback. FDOT is offering multiple ways to participate in the live meeting.

Virtual: Join from a computer, tablet, or mobile device for free and listen to the live presentation over the internet. Advance registration at <https://attendee.gotowebinar.com/register/1863957404204274701> is required. Participants will receive an email with information about joining the meeting online. Please note, Internet Explorer cannot be used to register or attend this webinar. If joining online, please provide adequate log-in time to view the presentation in its entirety.

Phone (Listen Only): Join the meeting in listen-only mode by dialing 631-992-3221 and entering the passcode 257-996-889 when prompted.

In-Person Open House: Attend in person at the Osceola Welcome Center & History Museum – Buster Kenton Meeting Room, 4155 W. Vine St., Kissimmee, FL 34741 anytime between 5:30 p.m. and 7:00 p.m. to view a looping presentation and project exhibits. If attending in person, please remember to follow all safety and sanitation guidelines. If you are feeling unwell, please consider attending the meeting virtually or by phone. All meeting materials and the presentation will be available on the project website at <https://www.cfrroads.com/project/447724-1> before the meeting. Additional public meetings for prospective truck parking site alternatives along the I-4 corridor are scheduled in June 2022 for Orange and Volusia Counties. A meeting took place in Seminole County in May 2022. Each public meeting for this project will include the same information and presentation on potential sites across all counties.

Persons with disabilities who require accommodations under the Americans with Disabilities Act (ADA), or persons who require translation services (free of charge), should contact Mark Trebitz, P.E. by phone at 386-943-5157, or via email at Mark.Trebitz@dot.state.fl.us at least seven (7) days prior to the meeting. If you are hearing or speech impaired, please contact us by using the Florida Relay Service, 1-800-955-8771 (TDD) or 1-800-955-8770 (Voice).

Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability, or family status. Persons wishing to express their concerns relative to FDOT compliance with Title VI may do so by contacting Jennifer Smith, FDOT District Five Title VI Coordinator at Jennifer.Smith2@dot.state.fl.us. The environmental review, consultation, and other actions required by applicable federal environmental laws for this project are being, or have been, carried on by FDOT pursuant to 23 U.S.C. §327 and a Memorandum of Understanding dated December 14, 2016, and executed by the Federal Highway Administration and FDOT.

For more information, please contact FDOT Project Manager Mark Trebitz, P.E. at 386-943-5157, by email at Mark.Trebitz@dot.state.fl.us, or U.S. mail at Florida Department of Transportation, 719 S. Woodland Boulevard, DeLand, FL 32720.

A copy of the agenda may be obtained by contacting: The Corporate Website at <https://www.citizensfla.com> or Barbara Walker, 850-513-3744, 2101 Maryland Circle, Tallahassee, FL 32303.

Pursuant to the provisions of the Americans with Disabilities Act, any person requiring special accommodations to participate in this workshop/meeting is asked to advise the agency at least 5 days before the workshop/meeting by contacting: Barbara Walker, 850-513-3744, 2101 Maryland Circle, Tallahassee, FL 32303. If you are hearing or speech impaired, please contact the agency using the Florida Relay Service, 1(800)955-8771 (TDD) or 1(800)955-8770 (Voice).

CONCRETE MASONRY EDUCATION COUNCIL

The Florida Concrete Masonry Education Council announces a public meeting to which all persons are invited.

DATE AND TIME: June 23, 2022, 11:15 a.m.

PLACE: Online: Microsoft Teams

In Person: 1 South County Road, Palm Beach, Florida

GENERAL SUBJECT MATTER TO BE CONSIDERED:
General Business

A copy of the agenda may be obtained by contacting: Jim Painter, Executive Director, at: jim@floridamasonrycouncil.org or via the Council's website: <https://www.floridamasonrycouncil.org/meeting-notices-agendas-minutes.html>

Pursuant to the provisions of the Americans with Disabilities Act, any person requiring special accommodations to participate in this workshop/meeting is asked to advise the agency at least 48 hours before the workshop/meeting by contacting: Jim Painter, Executive Director, at: jim@floridamasonrycouncil.org. If you are hearing or speech impaired, please contact the agency using the Florida Relay Service, 1(800)955-8771 (TDD) or 1(800)955-8770 (Voice).

For more information, you may contact: Jim Painter, Executive Director, at: jim@floridamasonrycouncil.org

INWOOD CONSULTING ENGINEERS, INC.

The Florida Department of Transportation (FDOT) announces a public meeting to which all persons are invited.

DATE AND TIME: Thursday, June 23, 2022, 5:30 p.m.

PLACE: Virtually on GoToWebinar; By phone at 631-992-3221 with passcode 257-996-889; In-Person at Osceola Welcome Center & History Museum – Buster Kenton Room

GENERAL SUBJECT MATTER TO BE CONSIDERED: A public meeting will be held regarding project plans on Truck and Freight Alternative Site Analysis Project Development and Environment (PD&E) Study for Osceola County. (FPID no. 447724-1)

The purpose of this project is to evaluate and recommend potential truck and freight parking site alternatives along the I-4 corridor that are viable for private and public operator use. This public meeting is part of a series of meetings occurring for this project. Previous meetings were held in Osceola, Orange, Seminole and Volusia Counties in the spring of 2022 to introduce the project and the proposed site locations being evaluated. The purpose of this round of public meetings is to present the preferred site alternatives for each county and receive community feedback.

Additional meetings will be held in Osceola and Volusia Counties in June 2022. A meeting was held in May 2022 in Seminole County. Each public meeting for this project will include the same information and presentation across all counties.

The Department is offering multiple ways for the community to participate in the meeting. All participants, regardless of platform they choose, will receive the same information on the proposed project.

Virtual Option: Interested persons may join the Virtual Public Meeting (VPM) from a computer, tablet, or mobile device. A VPM is a free live presentation or webinar over the internet. For this option, advance registration is required by visiting <https://attendee.gotowebinar.com/register/1863957404204274701>. Once registered, participants will receive a confirmation email containing information about joining the meeting online. Please note, Internet Explorer cannot be used to register or attend this webinar. If joining online, please allow adequate log-in time to view the presentation in its entirety.

Phone Option (Listen Only): Participants may join the meeting in listen-only mode by dialing 631-992-3221 and entering the passcode 257-996-889 when prompted.

In-Person Open House Option: Participants may attend in person by going to Osceola Welcome Center & History Museum – Buster Kenton Room, 4155 W. Vine St., Kissimmee, FL 34741 anytime between 5:30 p.m. and 7 p.m. to view a looping presentation and project displays, speak with project team members, and submit comments or questions. If attending in person, please remember to follow all safety and sanitation guidelines. If you are feeling unwell, please consider attending the meeting virtually or by phone.

All meeting materials, including the presentation, will be available on the project website at <https://www.cflroads.com/project/447724-1> prior to the meeting.

FDOT is sending notices to all property owners, business owners, interested persons and organizations to provide the opportunity to offer comments and express their views regarding this project and the proposed improvements.

Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability, or family status. Persons wishing to express their concerns relative to FDOT compliance with Title VI may do so by contacting Jennifer Smith, FDOT District Five Title VI Coordinator, at Jennifer.Smith2@dot.state.fl.us.

The environmental review, consultation, and other actions required by applicable federal environmental laws for this project are being, or have been, carried on by FDOT pursuant to 23 U.S.C. §327 and a Memorandum of Understanding dated December 14, 2016, and executed by the Federal Highway Administration and FDOT.

A copy of the agenda may be obtained by contacting: Not applicable.

Pursuant to the provisions of the Americans with Disabilities Act, any person requiring special accommodations to participate in this workshop/meeting is asked to advise the agency at least seven (7) days before the workshop/meeting by contacting: Mark Trebitz, P.E. at 386-943-5157 or Mark.Trebitz@dot.state.fl.us. If you are hearing or speech impaired, please contact the agency using the Florida Relay Service, 1(800)955-8771 (TDD) or 1(800)955-8770 (Voice).

For more information, you may contact: If you have any questions or comments about the project, please contact: FDOT Project Manager Mark Trebitz, P.E. by phone at 386-943-5157, by email at Mark.Trebitz@dot.state.fl.us, or U.S. mail at Florida Department of Transportation, 719 S. Woodland Boulevard, DeLand, FL 32720.

Information about this project is also available online at www.cflroads.com. Simply type 447724-1 in the search box, click "go" and then select the project. We encourage you to participate in the Truck and Freight Alternative Site Analysis PD&E Study public meeting.

KEEP FLORIDA BEAUTIFUL INC.

The Keep Florida Beautiful announces a public meeting to which all persons are invited.

DATE AND TIME: June 23, 2022, 9:00 a.m.

PLACE: Waste Management, 3518 E 4th Ave Tampa, FL 33605

GENERAL SUBJECT MATTER TO BE CONSIDERED: Board of Directors meeting to conduct routine business.

A copy of the agenda may be obtained by contacting: schristy@keepfloridabeautiful.org

Pursuant to the provisions of the Americans with Disabilities Act, any person requiring special accommodations to participate in this workshop/meeting is asked to advise the agency at least 5 days before the workshop/meeting by contacting: . If you are hearing or speech impaired, please contact the agency using the Florida Relay Service, 1(800)955-8771 (TDD) or 1(800)955-8770 (Voice).

If any person decides to appeal any decision made by the Board with respect to any matter considered at this meeting or hearing, he/she will need to ensure that a verbatim record of the proceeding is made, which record includes the testimony and evidence from which the appeal is to be issued.

For more information, you may contact: schristy@keepfloridabeautiful.org

Section VII Notice of Petitions and Dispositions Regarding Declaratory Statements

DEPARTMENT OF BUSINESS AND PROFESSIONAL
REGULATION

Florida Building Commission

RULE NO.: RULE TITLE:

61G20-1.001 Florida Building Code Adopted

NOTICE IS HEREBY GIVEN that the Florida Building Commission has received the petition for declaratory statement from the City of Coral Gables. The petition seeks the agency's opinion as to the applicability of section R311.3.1, Florida Building Code, Residential, 7th Edition (2020), as it applies to the petitioner.

Petitioner seeks clarification about whether a proposed 6 inch step at the main egress door of a planned residence would comply with the requirements of the Florida Building Code.

A copy of the Petition for Declaratory Statement may be obtained by contacting: the Agency Clerk's Office, Department of Business and Professional Regulation, 2601 Blair Stone Road, Tallahassee, Florida 32399, (850)921-0342, AGC.Filing@myfloridalicense.com.

Please refer all comments to: Mo Madani, Building Codes and Standards Office, Department of Business and Professional Regulation, 2601 Blair Stone Road, Tallahassee, Florida 32399, (850)487-1824, mo.madani@myfloridalicense.com or W. Justin Vogel, Office of the General Counsel, Department of Business and Professional Regulation, 2601 Blair Stone Road, Tallahassee, Florida 32399, (850)717-1795, wjustin.vogel@myfloridalicense.com.

RESPONSES, MOTIONS TO INTERVENE, OR REQUESTS FOR A HEARING MUST BE FILED WITHIN 21 DAYS OF THIS NOTICE.

Section VIII Notice of Petitions and Dispositions Regarding the Validity of Rules

Notice of Petition for Administrative Determination has been filed with the Division of Administrative Hearings on the following rules:

Upcoming Public Meeting for the Truck and Freight Site Analysis PD&E Study

Meeting will be offered in multiple platforms

Osceola County, Fla. — The Florida Department of Transportation (FDOT) will hold a public meeting regarding project plans for the Truck and Freight Alternative Site Analysis Project Development and Environment (PD&E) Study on Thursday, June 23, 2022, at 5:30 p.m. The purpose of this project is to evaluate and recommend potential truck and freight parking site alternatives along the I-4 corridor that are viable for private and public operator use.

Additional public meetings for prospective truck parking site alternatives along the I-4 corridor are scheduled in June 2022 for Osceola and Volusia counties. A meeting was held in Seminole County in May 2022. Each public meeting for this project will include the same information and presentation on potential sites across all counties.

The Department is offering multiple ways for the community to participate in the meeting. All participants, regardless of platform they choose, will participate in the same live meeting.

Virtual Option: Interested persons may join the Virtual Public Meeting (VPH) from a computer, tablet, or mobile device. A VPH is a free live presentation or webinar over the internet. For this option, advance registration is required by visiting <https://attendee.gotowebinar.com/register/1863957404204274701>. Once registered, participants will receive a confirmation email containing information about joining the meeting online. Please note, Internet Explorer cannot be used to register or attend this webinar. If joining online, please provide adequate log-in time to view the presentation in its entirety.

Phone Option (Listen Only): Participants may join the meeting in listen-only mode by dialing 631-992-3221 and entering the passcode 257-996-889 when prompted.

In-Person Open House Option: Participants may attend in person by going to Osceola Welcome Center & History Museum – Buster Kenton Room, 4155 W. Vine St., Kissimmee, FL 34741 anytime between 5:30 p.m. and 7 p.m. to view a looping presentation and project displays, speak with project team members, and submit comments or questions.

Improve Safety, Enhance Mobility, Inspire Innovation
www.fdot.gov | Twitter: @MyFDOT_CFL | Facebook: @MyFDOTCFL

The Florida Department of Transportation's mission is to provide a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity, and preserves the quality of the state's environment and communities. The department is committed to building a transportation system that not only fits the current needs of Florida's residents and visitors, but also enhances mobility throughout the state to accommodate its consistent and rapid growth. The unique nature of the Sunshine State and its year-round warm climate provides numerous opportunities to achieve the department's mission through multiple transportation modes including highways/streets, air, rail, sea, spaceports, transit, and the ever-expanding deployment of bicycle & pedestrian facilities.

If attending in person, please remember to follow all safety and sanitation guidelines as well as adhere to any local ordinances. If you are feeling unwell, please consider attending the meeting virtually or by phone.

All meeting materials, including the presentation, will be available on the project website at <https://www.cflroads.com/project/447724-1> prior to the meeting.

Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability, or family status. Persons wishing to express their concerns relative to FDOT compliance with Title VI may do so by contacting Jennifer Smith, FDOT District Five Title VI Coordinator, at Jennifer.Smith2@dot.state.fl.us.

The environmental review, consultation, and other actions required by applicable federal environmental laws for this project are being, or have been, carried on by FDOT pursuant to 23 U.S.C. §327 and a Memorandum of Understanding dated December 14, 2016, and executed by the Federal Highway Administration and FDOT.

Persons who require accommodations under the Americans with Disabilities Act (ADA) or persons who require translation services (free of charge) should contact Mark Trebitz, P.E. at 386-943-5157 or Mark.Trebitz@dot.state.fl.us at least seven (7) days prior to the meeting. If you are hearing or speech impaired, please contact us by using the Florida Relay Service, 1-800-955-8771 (TDD) or 1-800-955-8770 (Voice).

Media inquiries should be directed to the FDOT District Five Communications Office at FDOT-D5Comm@dot.state.fl.us or by phone at 386-943-5593.

Osceola County Site #1 – Osceola-Polk Line Road - Southside

Site Size: 43 Acres

**Approx. Truck
Parking Spaces:**
257

Why This Site?

Bordered by Poinciana Parkway Extension, Osceola-Polk Line Road Widening, and US 17/92, this site provides access to I-4 as well as other high freight connectors. This site may also be suitable for a Public Private Partnership

Osceola County Site #1 – Osceola-Polk Line Road - Southside

Connection to I-4:

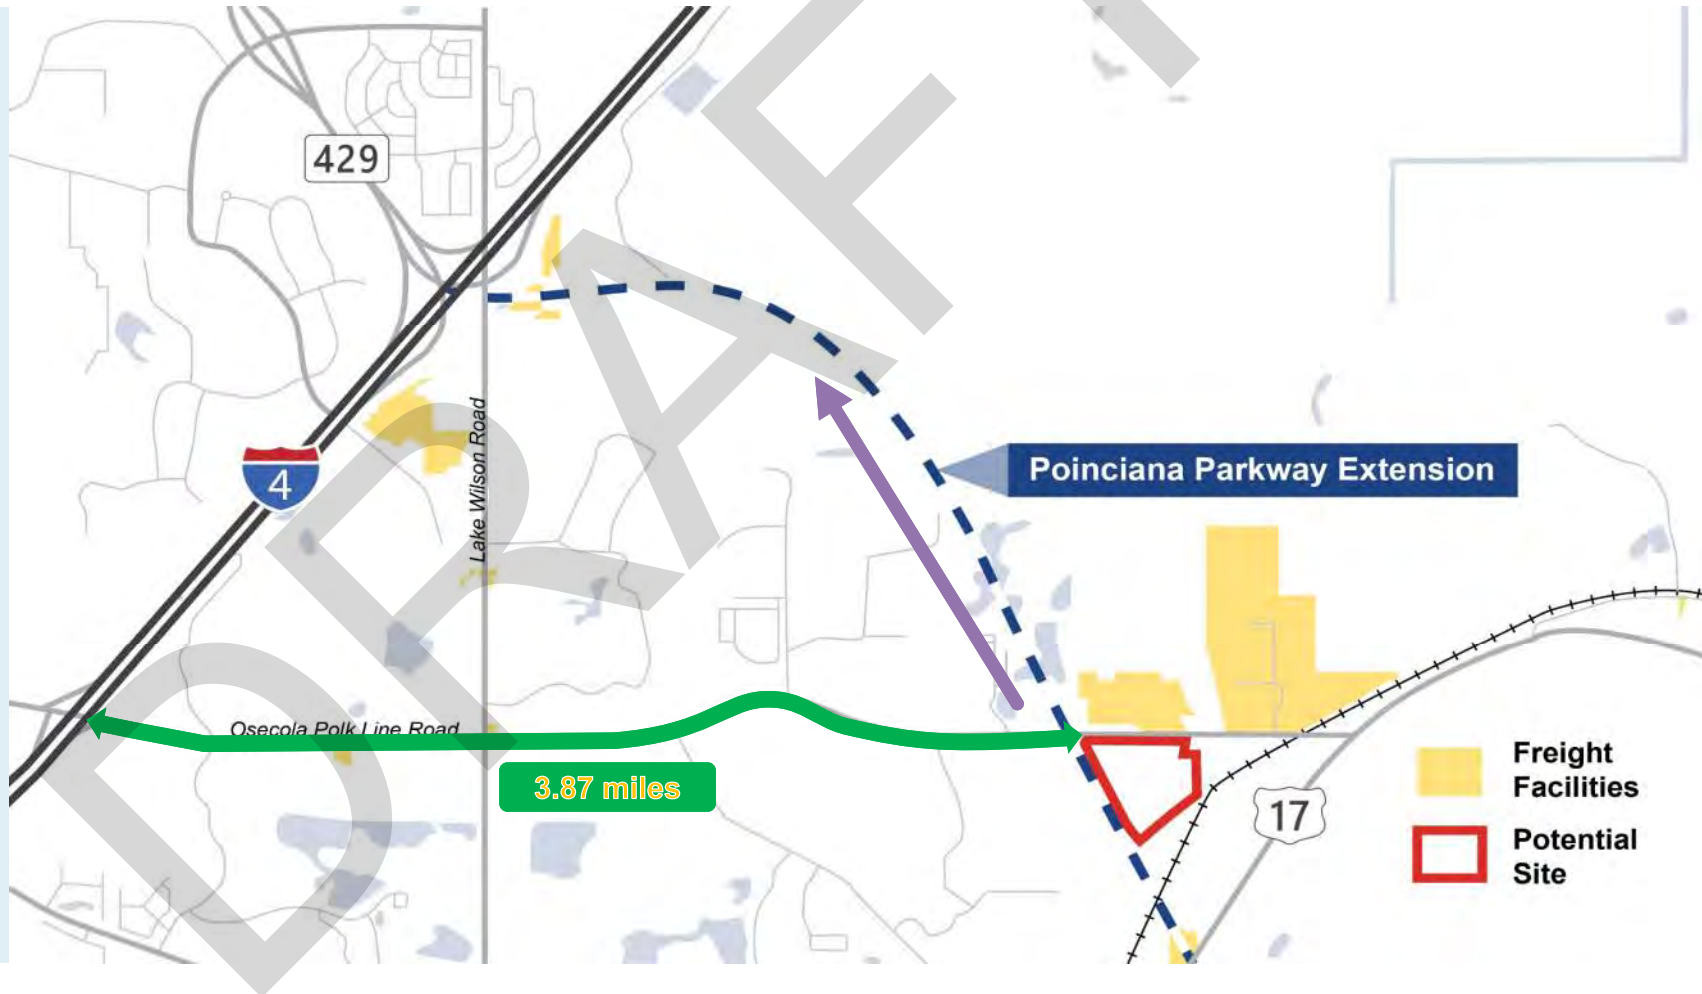

- 3.87 miles via Osceola-Polk Line Road

Regional Connectivity

- Future improvement will provide an additional route to I-4

Site Access: One full-access entrance to Osceola-Polk Line Road

Peak Hour Trips:
106

Osceola County Site #1 – Osceola-Polk Line Road - Southside

- No relocations
- No floodplain involvement

Further evaluation to:

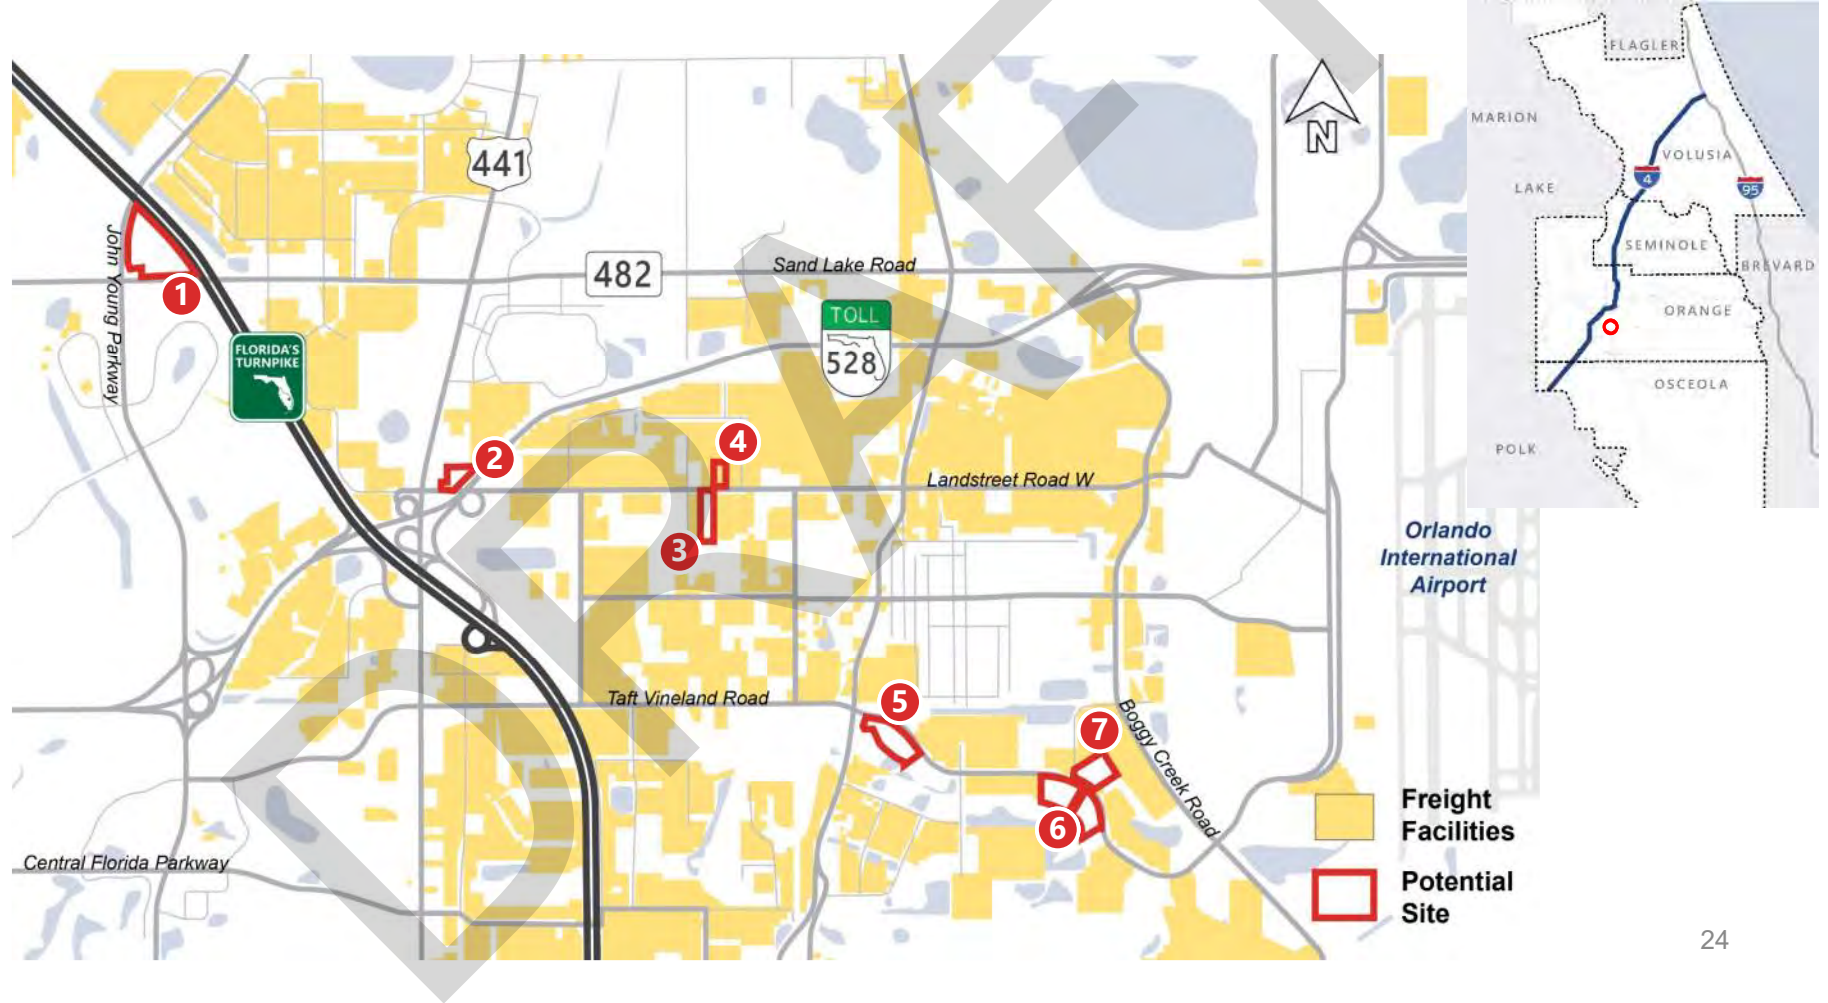

- Refine concept and provide more engineering detail
- Minimize wetland impacts
- Avoid/minimize wildlife species and habitat
- Avoid/minimize environmental effects and reduce costs

Orange County – Recommended Sites

Alternative Analysis

Key Evaluation Factors

- Site 1 – Property owned by Florida’s Turnpike Enterprise, eliminating need for R/W
- Site 2 – Ideal site for Public Private Partnership and within heavy industrialized area
- Site 4 – Viable site with high truck parking demand. Opportunity to support overflow from sites 1 and 2

*Cost includes Design, Right of Way, and Construction

Orange County Sites #1, 2 and 4 – Connectivity and Location

Connection to I-4: 2.90 miles via Sand Lake Rd

Regional Connectivity: FL Turnpike, SR 528, Heavy Freight and Industrial Land Use to the West

Heavy Industrial Cluster – Origin / Destination for truck traffic on surround facilities

Orange County Site #1 – Sand Lake Road at John Young Parkway

Site Size: 36.70
Acres

**Approx. Truck
Parking Spaces:** 109

Why This Site?

This site is at the location of Turnpike's planned off ramp to Sand Lake Road. The site will provide the opportunity for trucks on both I-4 and Turnpike to access the facility.

Orange County Site #1 – Sand Lake Road at John Young Parkway

- No ROW required
- Industrial area

Further evaluation to:

- Refine concept and provide more engineering detail
- Minimize wetland, floodplain and wildlife species and habitat involvement
- Avoid and minimize environmental effects and reduce costs

Orange County Site #2 – West Landstreet Road, Adjacent to State Road 528

Site Size: 6.8 Acres

**Approx. Truck
Parking Spaces:** 59

Why This Site?

This site is located within a heavy industrialized area and provides an opportunity for a public private partnership to operate the site.

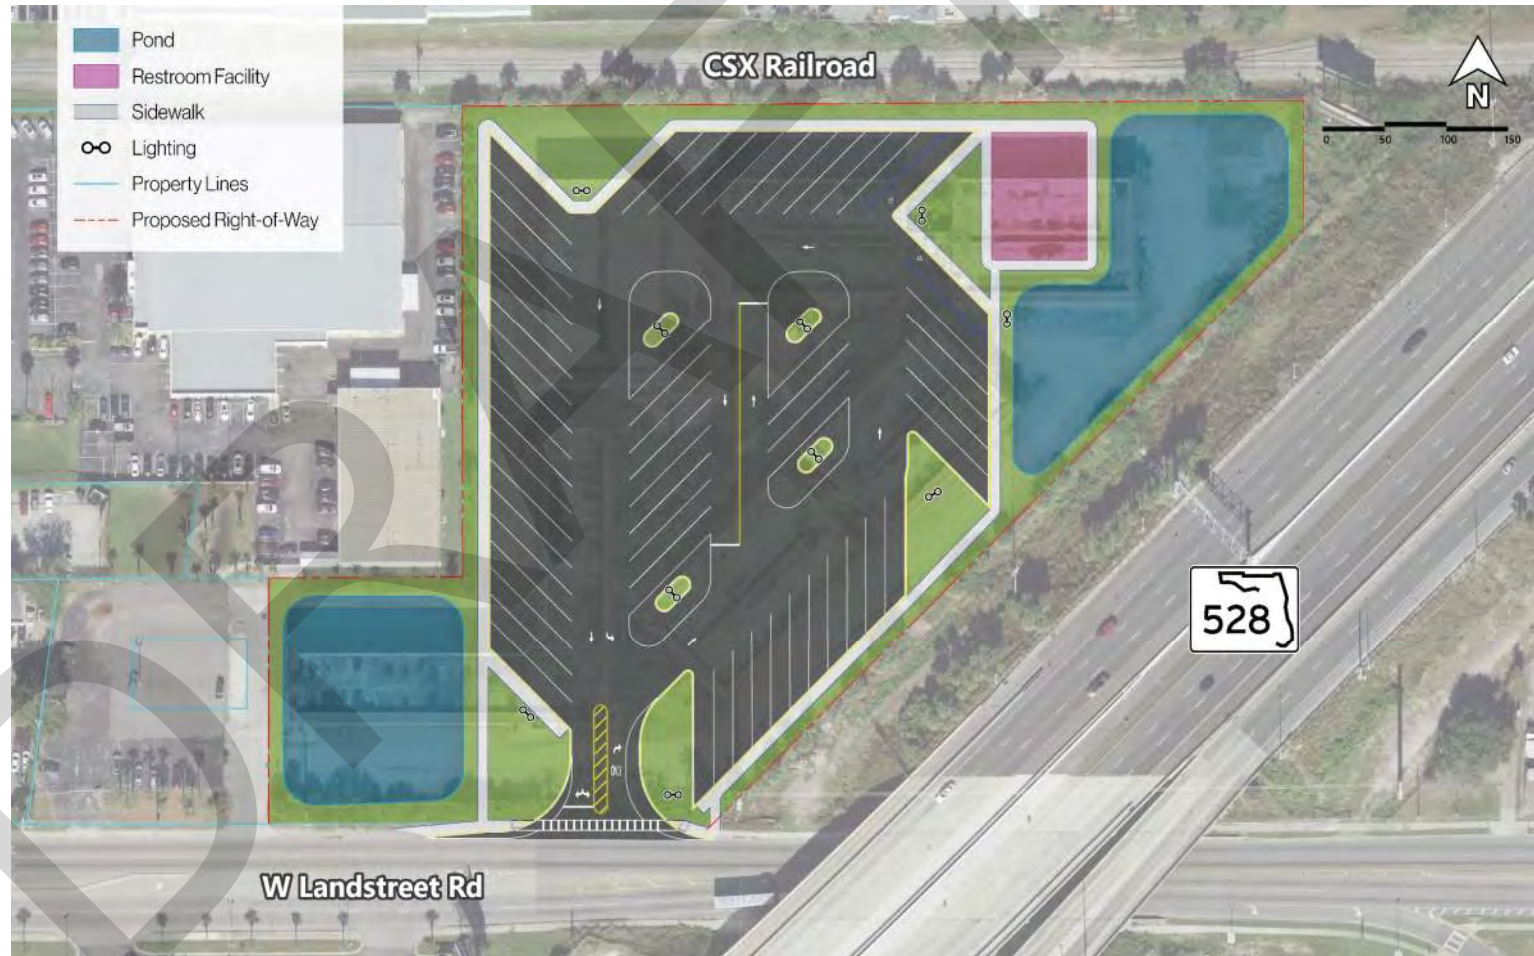

Orange County Site #2 – West Landstreet Road, Adjacent to State Road 528

- No relocations
- No wetland/floodplain involvement

Further evaluation to:

- Refine concept and provide more engineering detail
- Minimize wildlife species and habitat involvement
- Avoid and minimize environmental effects and reduce costs

Orange County Site #4 – West Landstreet Road, East of State Road 528

Site Size: 4.9 Acres

**Approx. Truck
Parking Spaces:** 48

Why This Site?

This site is located in an area where many local truck drivers store their vehicles when not in use. The opportunity to develop this site will help to address parking capacity issues in the area and provide a safe and secure location for short- and long-term parking.

Orange County Site #4 – West Landstreet Road, East of State Road 528

- No residential relocations
- No wetland involvement

Further evaluation to:

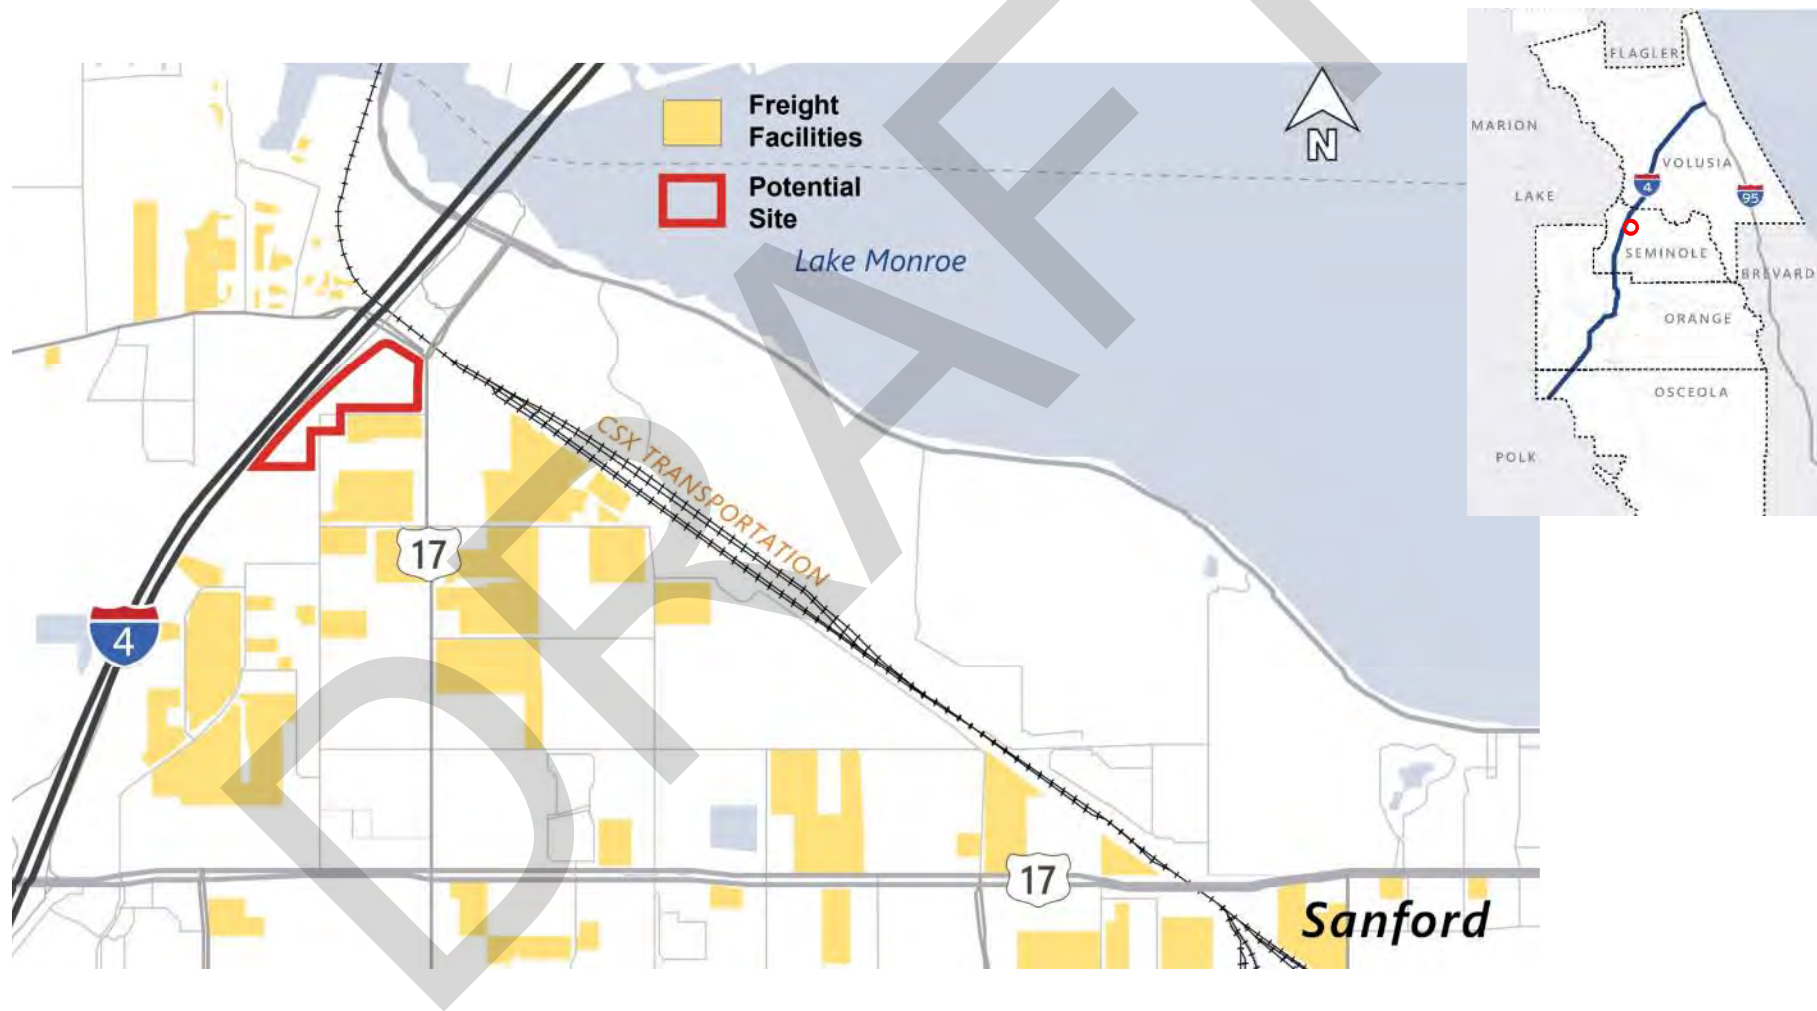

- Refine concept and provide more engineering detail
- Minimize floodplain and wildlife species and habitat involvement
- Avoid and minimize environmental effects and reduce costs

Seminole County

Seminole County – 1 Potential Site

Seminole County

Alternative Analysis

Key Evaluation Factors

- Relocations significantly less in smaller site layout
- Project costs of larger site did not justify the additional parking spaces

Seminole County Site 1B – I-4 at US 17/92

Site Size: 18.3 Acres

**Approx. Truck
Parking Spaces:** 157

Why This Site?

Located just west of the I-4 Beyond the Ultimate (BTU) improvement at US 17/92, this site will provide efficient access to I-4 through a reconfigured ramp adjacent to the site.

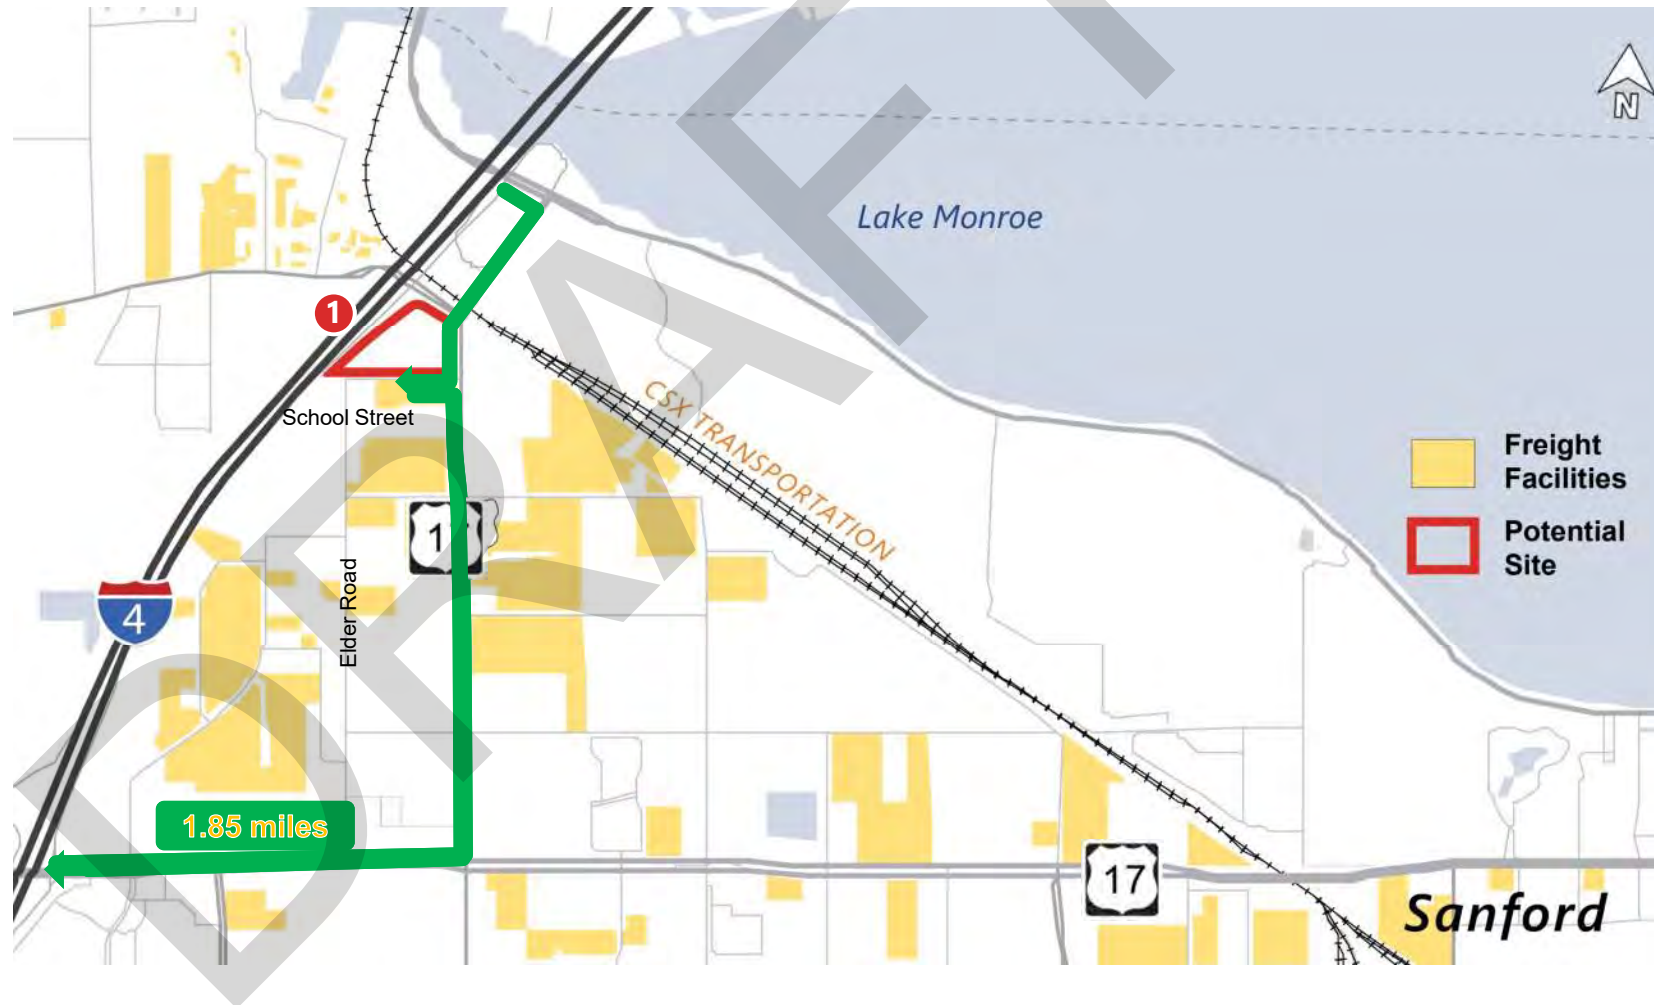

Seminole County Site 1B – I-4 at US 17/92

Connection to I-4:

- 0.45 miles to enter site from US 17/92
- 1.85 miles to leave the site at SR 46

Site Access: One controlled access to School Road. Exit will be signed to send trucks east to US 17/92

Peak Hour Trips: 70

Slide 38

DH17 clean up entrance arrow from SR 46 at the turn into the site so it doesnt show as two separte arrows.
Demond Hazley, 5/17/2022

Seminole County Site 1B – I-4 at US 17/92

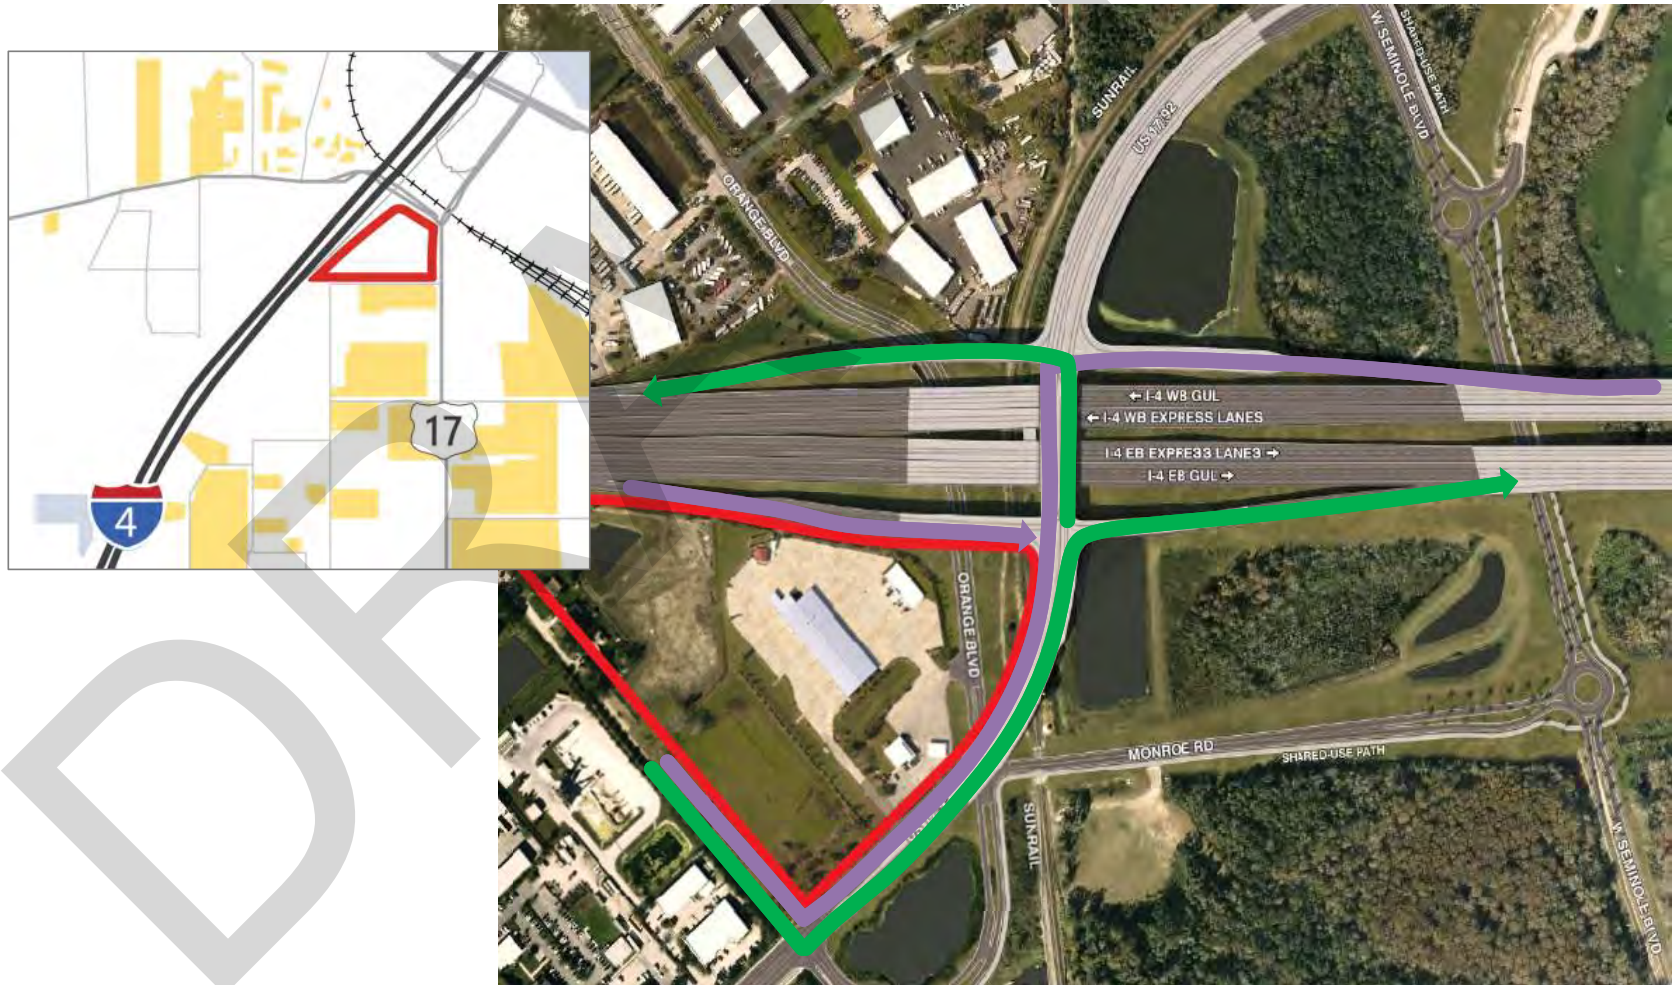

Connection to I-4

(After I-4 BTU):

- 0.25 miles to access site to/ from US 17/92

Site Access: One Controlled Access on School Road

- School Street will be signalized

Seminole County Site 1B – I-4 at US 17/92

- No floodplain involvement

Further evaluation to:

- Refine concept and provide more engineering detail
- Minimize wetland and wildlife species and habitat involvement
- Avoid and minimize environmental effects and reduce costs

Volusia County

Volusia County – 1 Potential Site

Volusia County

Alternative Analysis

Key Evaluation Factors

- Proximity to I-4 and acreage
- Land is currently publicly owned
 - City of Daytona Beach – Northside
 - City of Port Orange - Southside
- Potential for larger parking facility
- Direct Access on/off I-4 limits truck traffic on the local roadway network

Volusia County Alternatives Evaluation Matrix

Volusia County Site #1 – I-4 Eastbound

Site Size: 73.3 Acres

**Approx. Truck
Parking Spaces:**
275

Why This Site?

This site provides an opportunity to develop a larger truck parking facility, with a direct ramp on and off to I-4. The site is located at the previous Volusia County Rest area and will include several features to minimize impacts to the adjacent wildlife crossing.

Volusia County Site #1 – I-4 Westbound

Site Size: 116.8 Acres

**Approx. Truck
Parking Spaces:** 253

Why This Site?

This site provides an opportunity to develop a larger truck parking facility, with a direct ramp on and off to I-4. The site is located at the previous Volusia County rest area and will include several features to minimize impacts to the adjacent wildlife crossing.

Volusia County Site #1 – Access to EB and WB Sites

Connection to I-4:

Direct access on both eastbound and westbound I-4.

Peak Hour Traffic:

168 (eastbound)

156 (westbound)

Volusia County Site #1 – I-4 Eastbound

- No relocations
- Further evaluation to:
- Refine concept and provide more engineering detail
 - Minimize wetland, floodplain and wildlife species and habitat involvement
 - Avoid and minimize environmental effects and reduce costs

Volusia County Site #1 – I-4 Westbound

- No relocations
- Further evaluation to:
- Refine concept and provide more engineering detail
 - Minimize wetland, floodplain and wildlife species and habitat involvement
 - Avoid and minimize environmental effects and reduce costs

Project Schedule

Public Information Meetings

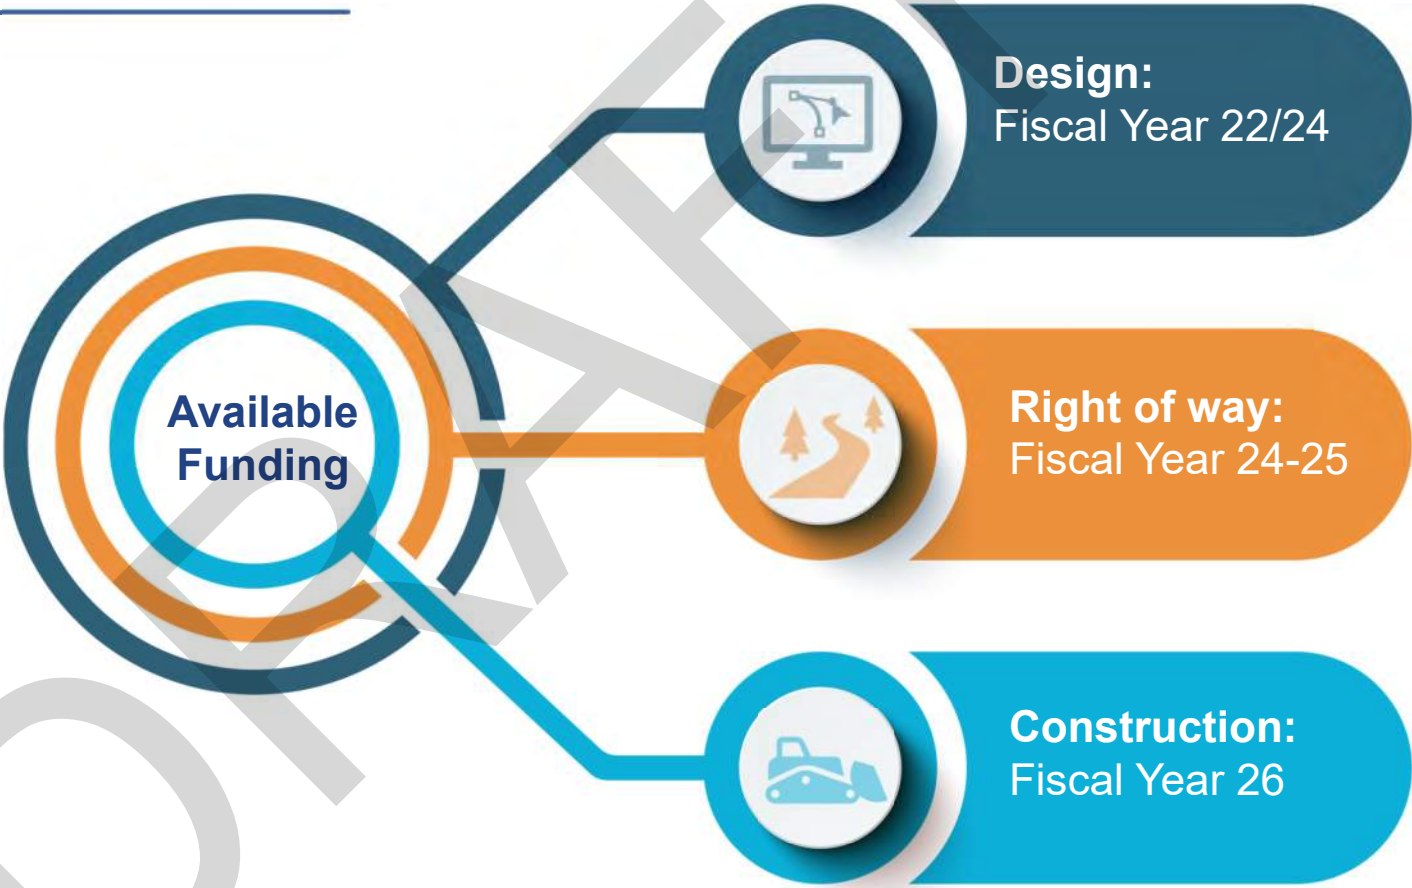

The graphic features four calendar pages with the following details:

Month	Year	Meeting Type	County
May	2022	Hybrid	Seminole County
June	2022	Hybrid	Orange County
June	2022	Hybrid	Osceola County
June	2022	Hybrid	Volusia County

Each calendar page includes an icon of a computer monitor and a group of people, with the word "HYBRID" printed below. The pages are color-coded: Seminole County (dark blue), Orange County (light blue), Osceola County (orange), and Volusia County (medium blue). A large, faint watermark is visible across the center of the calendar pages.

Public Meeting Summary Report

Truck and Freight Site Analysis PD&E Study

Along the I-4 Corridor in District 5

Orange, Osceola, Volusia, and Seminole Counties

July 2022

DRAFT

Submitted to:

Florida Department of Transportation
District Five
719 South Woodland Boulevard
DeLand, Florida 32720

1.0 INTRODUCTION

This document summarizes the public involvement activities associated with the second Public Meeting hosted in Volusia County for the subject project. The purpose of this project is to evaluate and recommend potential truck and freight parking site alternatives along the I-4 corridor that are viable for private and public operator use.

The purpose of the second Public Meeting was to present the preferred site alternatives for each county and receive community feedback. Additional public meetings for prospective truck parking sites along the I-4 corridor are scheduled in June 2022 for Orange and Osceola Counties. A meeting was held in May 2022 in Seminole County. Each public meeting for this project will include the same information and presentation across all counties.

Public Meeting Date and Location:

The public meeting was hosted by Florida Department of Transportation (FDOT), District Five on:

Thursday, June 30, 2022
5:30 p.m. Open House
Volusia County Fairgrounds – Talton Exhibit Hall and online via GoToWebinar
3150 E New York Ave
Deland, FL 32724

The meeting was conducted as a hybrid public meeting. This means attendees were given the option to attend in person or virtually using the GoToWebinar platform. This process followed and was consistent with the most current FDOT guidelines for Hybrid Public Meetings.

Project Team Attendees:

The project team representatives who attended the public meeting included:

Florida Department of Transportation

Mark Trebitz
Steven Buck
Catherine Owen
Brian Stranger

VHB

Kevin Freeman
Michael Zoellner

Inwood Consulting Engineers

Anna Pindara
Maica Pham
Amanda Ashby (online)

HW LOCHNER

Jason Dahlvik

Ghyabi Consultanting and Management

Bo Brewer

Notable Guests

Tim Burman, Community Development Director, Port Orange (online)
Andrew Holmes, Public Works Director, City of Daytona Beach (online)
Jim Nelson, City Engineers, City of Daytona Beach (online)
Rick Werbiskis, Community Development Director, Deland (online)
Jon Cheney, Volusia Co. Traffic Engineer
Al Everson, The Beacon (Press)

2.0 PUBLIC NOTIFICATION

Invitations:

There were 232 invitations sent to property owners, government officials, and other interested parties. The invitations described the project and provided information about the location, date, and time of the public meeting including options to attend in person or via the GoToWebinar. Public meeting notices were e-mailed to elected officials, appointed officials, and agency and industry staff in the project area. Additionally, Invitational letters were mailed to property owners and other interested stakeholders. Copies of the letters are included in *Appendix A*. A breakdown of the recipient list is provided in *Table 1*. Complete mailing lists and the parcel selection map are provided in *Appendix B*.

Table 1 - Invitation Summary

Recipient	Number of Recipients	Date Invitation Sent
Elected Officials	38	June 3, 2022 via email
Appointed Officials	37	June 6, 2022 via email
Agency and Industry Staff	121	June 6, 2022 via email
Property Owners/Tenants/Other Interested Parties	36	June 5, 2022 via mail
Total	232	

Advertisements:

An advertisement was placed in the News-Journal on Sunday, June 19, 2022. In addition to the newspaper advertisement, the public meeting was also noticed in the *Florida Administrative Register* on Sunday, June 22, 2022, in Volume 48/121. Copies of the advertisements are provided in *Appendix C*.

Press Release:

A press release was sent to the local media outlets for immediate release on Thursday, June 23, 2022. The press release can be found in *Appendix D*.

3.0 AT THE PUBLIC MEETING

Parking and Signage:

Parking was available to accommodate all public meeting attendees, including the disabled. Directional signs were placed in areas surrounding the venue which guided attendees to the meeting site.

Hybrid Meeting Format:

The public meeting was held as a hybrid meeting and began in an open house format at 5:30 p.m. In-person attendees were greeted upon arrival and asked to sign in. Comment forms, pens, and a copy of the project fact sheet were available at the welcome table and throughout the meeting space. Those attending virtually using GoToWebinar were able to log-in to the meeting starting at 5:30 p.m.

10 guests attended the public meeting in person. The sign-in sheets can be found in *Appendix E*. A total of 8 guests attended the public meeting virtually using GoToWebinar.

The public meeting began at 5:30 p.m. Introductory remarks were given by Mark Trebitz, P.E., the FDOT Project Manager, online followed by a narrated, PowerPoint presentation.

The public meeting concluded at 7 p.m. A copy of the recorded presentation and project displays are available on the project website: www.cflroads.com/project/447724-1. The presentation is included in *Appendix F*.

Displays:

An aerial display board was provided for viewing at the in-person location and on the project website. In addition, a welcome board, Title VI board, and interpretive services poster were on display at the in-person location. Copies of the public meeting displays can be found in *Appendix G*.

4.0 SUMMARY OF COMMENTS RECEIVED

No in-person or online comments were received during the public meeting or within the 10-day comment period.

5.0 CONCLUSION

For more information about the public meeting for the Truck and Freight Parking Site Analysis PD&E Study, please contact:

Truck and Freight Site Analysis PD&E Study
Volusia County
Financial Project Identification (FPID) No.: 447724-1

Dear Elected Official:

The Florida Department of Transportation (FDOT) invites you to the second round of public meetings regarding project plans for the Truck and Freight Alternative Site Analysis Project Development and Environment (PD&E) Study in Volusia County on Thursday, June 30, 2022, at 5:30 p.m.

The purpose of this project is to evaluate and recommend potential truck and freight parking site alternatives along the I-4 corridor that are viable for private and public operator use. Additional details are available in the attached project handout. This public meeting is part of a series of meetings occurring for this project. Previous meetings were held in Osceola, Orange, Seminole and Volusia Counties in the spring of 2022 to introduce the project and the proposed site

locations being evaluated. The purpose of this round of public meetings is to present the preferred site alternatives for each county and receive community feedback.

Additional meetings will be held in Osceola and Orange Counties in June 2022. A meeting was held in May 2022 in Seminole County. Each public meeting for this project will include the same information and presentation across all counties.

The Department is offering multiple ways for the community to participate in the meeting. All participants, regardless of which platform they choose, will participate in the same live meeting.

- **Virtual Option:** Interested persons may join the Virtual Public Meeting (VPM) from a computer, tablet or mobile device. A VPM is a free live presentation or webinar over the internet. For this option, advance registration is required by visiting <https://attendee.gotowebinar.com/register/4190237036043447309>. Once registered, participants will receive a confirmation email containing information about joining the meeting online. Please note, Internet Explorer cannot be used to register or attend this webinar. If joining online, please allow adequate time to log in to view the presentation in its entirety.
- **Phone Option (Listen Only):** Participants may join the meeting in listen-only mode by dialing 562-247-8422 and entering the passcode 738-194-223 when prompted.
- **In-Person Open House Option:** Participants may attend in person by going to Volusia County Fairgrounds, Talton Exhibit Hall, 3150 E New York Ave, DeLand, FL 32724 anytime between 5:30 p.m. and 7 p.m. to view a looping presentation and project displays, speak with project team members, and submit comments or questions. If attending in person, please remember to follow all safety and sanitation guidelines. If you are feeling unwell, please consider attending the meeting virtually or by phone.

All meeting materials, including the presentation, will be available on the project website at <https://www.cflroads.com/project/447724-1> prior to the meeting.

FDOT is sending notices to nearby property owners, business owners, interested persons, and organizations to provide the opportunity to offer comments and express their views regarding this project and the proposed improvements.

Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability, or family status. Persons wishing to express their concerns relative to FDOT compliance with Title VI may do so by contacting Jennifer Smith, FDOT District Five Title VI Coordinator, at Jennifer.Smith2@dot.state.fl.us.

The environmental review, consultation, and other actions required by applicable federal environmental laws for this project are being, or have been, carried on by FDOT pursuant to 23 U.S.C. §327 and a Memorandum of Understanding dated December 14, 2016, and executed by the Federal Highway Administration and FDOT.

Persons who require accommodations under the Americans with Disabilities Act (ADA) or persons who require translation services (free of charge) should contact Mark Trebitz, P.E. at 386-943-5157 or Mark.Trebitz@dot.state.fl.us at least seven (7) days prior to the meeting. If you are hearing or speech impaired, please contact us by using the Florida Relay Service, 1-800-955-8771 (TDD) or 1-800-955-8770 (Voice).

If you have any questions or comments about the project, please contact: FDOT Project Manager Mark Trebitz, P.E. by phone at 386-943-5157, by email at Mark.Trebitz@dot.state.fl.us, or U.S. mail at Florida Department of Transportation, 719 S. Woodland Boulevard, DeLand, FL 32720.

Sincerely,

John E. Tyler, P.E.
District Five Secretary

For this option, advance registration is required by visiting <https://attendee.gotowebinar.com/register/4190237036043447309>. Once registered, participants will receive a confirmation email containing information about joining the meeting online. Please note, Internet Explorer cannot be used to register or attend this webinar. If joining online, please allow adequate time to log in to view the presentation in its entirety.
- **Phone Option (Listen Only):** Participants may join the meeting in listen-only mode by dialing 562-247-8422 and entering the passcode 738-194-223 when prompted.
- **In-Person Open House Option:** Participants may attend in person by going to Volusia County Fairgrounds, Talton Exhibit Hall, 3150 E New York Ave, DeLand, FL 32724 anytime between

5:30 p.m. and 7 p.m. to view a looping presentation and project displays, speak with project team members, and submit comments or questions. If attending in person, please remember to follow all safety and sanitation guidelines. If you are feeling unwell, please consider attending the meeting virtually or by phone.

All meeting materials, including the presentation, will be available on the project website at <https://www.cflroads.com/project/447724-1> prior to the meeting.

FDOT is sending notices to nearby property owners, business owners, interested persons, and organizations to provide the opportunity to offer comments and express their views regarding this project and the proposed improvements.

Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability, or family status. Persons wishing to express their concerns relative to FDOT compliance with Title VI may do so by contacting Jennifer Smith, FDOT District Five Title VI Coordinator, at Jennifer.Smith2@dot.state.fl.us.

The environmental review, consultation, and other actions required by applicable federal environmental laws for this project are being, or have been, carried on by FDOT pursuant to 23 U.S.C. §327 and a Memorandum of Understanding dated December 14, 2016, and executed by the Federal Highway Administration and FDOT.

Persons who require accommodations under the Americans with Disabilities Act (ADA) or persons who require translation services (free of charge) should contact Mark Trebitz, P.E. at 386-943-5157 or Mark.Trebitz@dot.state.fl.us at least seven (7) days prior to the meeting. If you are hearing or speech impaired, please contact us by using the Florida Relay Service, 1-800-955-8771 (TDD) or 1-800-955-8770 (Voice).

If you have any questions or comments about the project, please contact me by phone at 386-943-5157, by email at Mark.Trebitz@dot.state.fl.us, or U.S. mail at Florida Department of Transportation, 719 S. Woodland Boulevard, DeLand, FL 32720.

Sincerely,

Mark Trebitz, P.E.
FDOT Project Manager

PUBLIC MEETING

When: Thursday, June 30, 2022,
at 5:30 p.m.

Where:

- **Virtually on GoTo Webinar**
- **By phone at 562-247-8422 with passcode 738-194-223**
- **In person at Volusia County Fairgrounds, Talton Exhibit Hall**

Financial Project Identification (FPID) No. 447724-1

Truck and Freight Site Analysis PD&E Study, Volusia County

The Florida Department of Transportation (FDOT) will hold a public meeting regarding project plans on the Truck and Freight Alternative Site Analysis Project Development and Environment (PD&E) Study in Volusia County on Thursday, June 30, 2022, at 5:30 p.m. Previous meetings were held in Osceola, Orange, Seminole, and Volusia Counties in the spring of 2022 to introduce the project and the proposed site locations being evaluated. The purpose of this round of public meetings is to present the preferred site alternatives for each county and receive community feedback. FDOT is offering multiple ways to participate in the live meeting.

Virtual: Join from a computer, tablet, or mobile device for free and listen to the live presentation over the internet. Advance registration at <https://attendee.gotowebinar.com/register/4190237036043447309> is required. Participants will receive an email with information about joining the meeting online. Please note, Internet Explorer cannot be used to register or attend this webinar. If joining online, please allow adequate log-in time to view the presentation in its entirety.

Phone (Listen Only): Join the meeting in listen-only mode by dialing 562-247-8422 and entering the passcode 738-194-223 when prompted.

In-Person Open House: Attend in person at the Volusia County Fairgrounds, Talton Exhibit Hall, 3150 E. New York Ave, DeLand, FL 32724 anytime between 5:30 p.m. and 7 p.m. to view a looping presentation and project exhibits. If attending in person, please remember to follow all safety and sanitation guidelines. If you are feeling unwell, please consider attending the meeting virtually or by phone. All meeting materials and the presentation will be available on the project website at

<https://www.cflroads.com/project/447724-1> before the meeting. Additional public meetings for prospective truck parking site alternatives along the I-4 corridor are scheduled in June 2022 for Osceola and Volusia Counties. A public meeting took place in May for Seminole County. Each public meeting for this project will include the same information and presentation on potential sites across all counties.

Persons with disabilities who require accommodations under the Americans with Disabilities Act (ADA), or persons who require translation services (free of charge), should contact Mark Trebitz, P.E. by phone at 386-943-5157, or via email at Mark.Trebitz@dot.state.fl.us at least seven (7) days prior to the meeting. If you are hearing or speech impaired, please contact us by using the Florida Relay Service, 1-800-955-8771 (TDD) or 1-800-955-8770 (Voice).

Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability, or family status. Persons wishing to express their concerns relative to FDOT compliance with Title VI may do so by contacting Jennifer Smith, FDOT District Five Title VI Coordinator at Jennifer.Smith2@dot.state.fl.us.

The environmental review, consultation, and other actions required by applicable federal environmental laws for this project are being, or have been, carried on by FDOT pursuant to 23 U.S.C. §327 and a Memorandum of Understanding dated December 14, 2016, and executed by the Federal Highway Administration and FDOT.

For more information, please contact FDOT Project Manager Mark Trebitz, P.E. at 386-943-5157, by email at Mark.Trebitz@dot.state.fl.us, or U.S. mail at Florida Department of Transportation, 719 S. Woodland Boulevard, DeLand, FL 32720.

New college grads make most of a hot job market

Paul Davidson
USA TODAY

Brianna Perez, who graduated from Fairfield University in Connecticut last month with a marketing degree, could have gone the tried-and-true route by taking an entry-level job in her field.

Instead, she'll rotate among several departments – including marketing, finance, human resources and operations – for a fast-growing health care company before choosing a long-term position in whichever area she fancies. The experience could set the stage for an eventual career as a top executive, perhaps even CEO.

"It's like a spider's web with so many paths I can go to," Perez says.

This year's college graduates are entering the most favorable job market in decades. Employers fall over themselves to snare the newly minted workers with sweetened offers as firms grapple with widespread labor shortages.

Many graduates join the workforce at higher job levels and pay, or they are placed on accelerated career tracks. They've been wooed with signing bonuses, flexible hours, vacation stipends, pet insurance and vows to wipe away their student debt.

"It's a bit of a feeding frenzy," says Julia Pollak, chief economist at ZipRecruiter, a job site. College grads "kind of seem like a pot of gold."

In April, there were 11.4 million job openings, not far below the prior month's record high, and roughly two vacancies for each unemployed person. Although many Americans streamed back into a sizzling job market as the pandemic eases, others are sidelined by COVID-19 fears or child care responsibilities or cushioned by cash reserves

built up during the health crisis.

A couple of million baby boomers retired early in the crisis, and most of them aren't coming back despite soaring inflation and a plunging stock market. Those retirees are joined by about 10,000 retiring boomers each day.

The abundance of job openings prompts a near-record 4.4 million Americans to quit jobs each month, typically for better-paying positions, further widening the chasm in the labor market.

Normally, companies recruit college grads each year to refresh their talent pipelines and develop future executives. That's still the case, but their needs have become more basic.

"Employers are choosing college

graduates to fill the gap," says Jim Kwapick, district director of Robert Half staffing. "They just don't have the workers they need."

Getting an early boost

The trend gives grads a big leg up at the outset of their careers. Many college students who graduate during downturns, such as the Great Recession of 2007-09, suffer earnings losses and downshifted career trajectories. The opposite is the case for those who enter booming job markets.

Promotions and raises are often tethered to a graduate's starting point. Financial well-being, retirement savings and the ability to buy a home hinge on a

worker's earnings history.

"The benefits of graduating into a red hot labor market could compound," according to a ZipRecruiter report.

"Those kind of changes affect people's lives forever," Pollak says.

Employers planned to hire 31.6% more college graduates in 2022 than last year, according to a survey in March by the National Association of Colleges and Employers. Eighty-one percent of college grads are confident they'll get a job offer that matches their career goals, a survey by job board Monster shows. By contrast, 73% of grads took a job out of desperation last year.

At Wake Forest University, full-time job postings over the past school year doubled from the prior year to 91,400, according to Andy Chan, the school's vice president of innovation and career development. More than half of seniors accepted offers before graduating.

"This is the hottest job market most of us have seen," Chan says.

Employers poach college students

At Michigan State University, job postings doubled to 200,000 the past year, says Jeff Beavers, executive director of the school's Career Services Network. Employers are so aggressive that some troll social media to learn of the jobs seniors land, then lure them away with a better package. He says 2% to 3% of this year's grads reneged on acceptances. "It's fiercely competitive," Beavers says.

New college grads' salaries are up 8% to 11% since 2020, in line with overall pay increases, according to staffing firm Manpower. Pay for many graduates in professional fields is up 20% to 30% this year, Kwapick estimates.

Jobs

Continued from Page 1A

sition at Security First Insurance in Ormond Beach, where she began as a business development relationship coordinator on June 6. It helped, she said, that she interned with the company the previous two summers.

"It made that so much easier, a lot less stressful, knowing that I had this opportunity," she said.

Melissa Burt DeVriese, chief administrative officer and general counsel for Security First, said, "The job market for recent college grads is probably better than it's been in years."

Local employment numbers back to pre-COVID levels

In April, Volusia County had 1,643 more employed workers than it did in March and 12,719 more than it had a year ago, according to the Florida Department of Economic Opportunity. The increased hiring has lowered Volusia County's unemployment rate to 2.5%, down from its COVID-19 pandemic peak of 14.2% in April 2020. Just two months earlier, prior to the pandemic's onset locally, unemployment stood at a near record-low 2.5% for the county.

In neighboring Flagler County to the north, the number of employed workers in April increased by 296 compared with March, and was up 2,380 year-over-year. Flagler County's unemployment rate in April fell to 2.6%, down from its pandemic peak of 14.2% recorded exactly two years earlier.

In St. Johns County, Flagler's immediate neighbor to the north, the number of employed workers in April rose by 621 compared with March and was up 8,937 compared with a year ago. The jobless rate in the St. Augustine/St. Johns County area improved to 1.7% in April, second-lowest in the state behind only Monroe County, which includes the Florida Keys, where the unemployment rate now stands at 1.5%.

Unemployment in St. Johns County

Melissa Burt DeVriese, standing, left, and Sherri Martyn, the chief administrative officer and human relations director respectively at Security First Insurance, are seen here in a conference room with two of the Ormond Beach insurer's recent hires as well as a new summer intern on June 7. Pictured, seated left to right: new hires Ally Murdock and Danielle Russ and summer intern Laurel Whitehead.

NIGEL COOK/NEWS-JOURNAL

peaked at an all-time high of 10.4% in April 2020, when much of the Florida economy was in lockdown mode because of the pandemic.

Statewide, the unemployment rate for Florida improved to 3.0% in April, down from 5.1% a year ago.

Unemployment peaked during the early months of the pandemic at 13.9% in May 2020, up from 2.7% just three months earlier.

The state-mandated shutdowns aimed at slowing the spread of the COVID-19 coronavirus in March and April 2020 resulted in the sudden layoffs and/or temporary furloughs of tens of thousands of workers in Volusia, Flagler and St. Johns counties.

As of this April, the number of unemployed workers was down to 6,562 in Volusia County, 2,525 in St. Johns County and just 1,278 in the much smaller Flagler County.

"If you look at the employment numbers today versus the employment numbers pre-COVID, we're actually higher today than we were," Volusia County Economic Development Director Helga van Eckert told a cheering gathering of area businesspeople and elected officials at Daytona Beach International Airport on May 23.

Greg Blose, president and CEO of the Palm Coast-Flagler Regional Chamber of Commerce, noted in a news release that "Flagler County finally has more jobs today than February 2020 (the last month before the pandemic-driven lockdowns began in Florida). This means Flagler has recovered the jobs lost due to the global pandemic."

Blose added, "Now that we're finally 'even,' the (Palm Coast-Flagler Regional) Chamber is doubling down on helping employers grow jobs and strengthen their business."

'Great Resignation' or 'Great Reflection'?

Today, the chief impediments to the local economy, in addition to rising inflation, is the national labor shortage that is making it more challenging than ever for Volusia-Flagler area employers to fill jobs.

John and Rene Dame, the franchise owners of the Ritter's Frozen Yogurt

Truck and Freight Site Analysis PD&E Study, Volusia County

The Florida Department of Transportation (FDOT) will hold a public meeting regarding project plans on the Truck and Freight Alternative Site Analysis Project Development and Environment (PD&E) Study in Volusia County on Thursday, June 30, 2022, at 5:30 p.m. Previous meetings were held in Osceola, Orange, Seminole, and Volusia Counties in the spring of 2022 to introduce the project and the proposed site locations being evaluated. The purpose of this round of public meetings is to present the preferred site alternatives for each county and receive community feedback. FDOT is offering multiple ways to participate in the live meeting.

Virtual: Join from a computer, tablet, or mobile device for free and listen to the live presentation over the internet. Advance registration at <https://attendee.gotowebinar.com/register/4190237036043447309> is required. Participants will receive an email with information about joining the meeting online. Please note, Internet Explorer cannot be used to register or attend this webinar. If joining online, please allow adequate log-in time to view the presentation in its entirety.

Phone (Listen Only): Join the meeting in listen-only mode by dialing 562-247-8422 and entering the passcode 738-194-223 when prompted.

In-Person Open House: Attend in person at the Volusia County Fairgrounds, Talton Exhibit Hall, 3150 E. New York Ave, DeLand, FL 32724 anytime between 5:30 p.m. and 7 p.m. to view a looping presentation and project exhibits. If attending in person, please remember to follow all safety and sanitation guidelines. If you are feeling unwell, please consider attending the meeting virtually or by phone. All meeting materials and the presentation will be available on the project website at <https://www.cflroads.com/project/447724-1> before the meeting. Additional public meetings for prospective truck parking site alternatives along the I-4 corridor are scheduled in June 2022 for Osceola and Volusia Counties. A public meeting took place in May for Seminole County. Each public meeting for this project will include the same information and presentation on potential sites across all counties. Persons with disabilities who require accommodations under the Americans with Disabilities Act (ADA), or persons who require translation services (free of charge), should contact Mark Trebitz, P.E. by phone at 386-943-5157, or via email at Mark.Trebitz@dot.state.fl.us at least seven (7) days prior to the meeting. If you are hearing or speech impaired, please contact us by using the Florida Relay Service, 1-800-955-8771 (TDD) or 1-800-955-8770 (Voice).

Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability, or family status. Persons wishing to express their concerns relative to FDOT compliance with Title VI may do so by contacting Jennifer Smith, FDOT District Five Title VI Coordinator at Jennifer.Smith2@dot.state.fl.us.

The environmental review, consultation, and other actions required by applicable federal environmental laws for this project are being, or have been, carried on by FDOT pursuant to 23 U.S.C. §327 and a Memorandum of Understanding dated December 14, 2016, and executed by the Federal Highway Administration and FDOT.

For more information, please contact FDOT Project Manager Mark Trebitz, P.E. at 386-943-5157, by email at Mark.Trebitz@dot.state.fl.us, or U.S. mail at Florida Department of Transportation, 719 S. Woodland Boulevard, DeLand, FL 32720.

PUBLIC MEETING

When: Thursday, June 30, 2022, at 5:30 p.m.

Where:

- Virtually on GoTo Webinar
- By phone at 562-247-8422 with passcode 738-194-223
- In person at Volusia County Fairgrounds, Talton Exhibit Hall

Financial Project Identification (FPID) No. 447724-1

INWOOD CONSULTING ENGINEERS, INC.

The Florida Department of Transportation (FDOT) announces a public meeting to which all persons are invited.

DATE AND TIME: Thursday, June 30, 2022, 5:30 p.m.

PLACE: Virtually on GoTo Webinar; By phone at 562-247-8422 with passcode 738-194-223; In-Person at Volusia County Fairgrounds, Talton Exhibit Hall

GENERAL SUBJECT MATTER TO BE CONSIDERED: A public meeting will be held regarding project plans on the Truck and Freight Alternative Site Analysis PD&E Study for Volusia County. (FPID no. 447724-1)

The purpose of this project is to evaluate and recommend potential truck and freight parking site alternatives along the I-4 corridor that are viable for private and public operator use.

This public meeting is part of a series of meetings occurring for this project. Previous meetings were held in Osceola, Orange, Seminole, and Volusia Counties in the spring of 2022 to introduce the project and the proposed site locations being evaluated. The purpose of this round of public meetings is to present the preferred site alternatives for each county and receive community feedback.

Additional meetings will be held in Osceola and Orange Counties in June 2022. A meeting was held in May 2022 in Seminole County. Each public meeting for this project will include the same information and presentation across all counties.

The Department is offering multiple ways for the community to participate in the meeting. All participants, regardless of platform they choose, will receive the same information on the proposed project.

Virtual Option: Interested persons may join the Virtual Public Meeting (VPM) from a computer, tablet, or mobile device. A VPM is a free live presentation or webinar over the internet. For this option, advance registration is required by visiting <https://attendee.gotowebinar.com/register/4190237036043447309>. Once registered, participants will receive a confirmation email containing information about joining the meeting online.

Please note, Internet Explorer cannot be used to register or attend this webinar. If joining online, please allow adequate log-in time to view the presentation in its entirety.

Phone Option (Listen Only): Participants may join the meeting in listen-only mode by dialing 562-247-8422 and entering the passcode 738-194-223 when prompted.

In-Person Open House Option: Participants may attend in person by going to Volusia County Fairgrounds, Talton Exhibit Hall, 3150 E New York Ave, DeLand, FL 32724 anytime between 5:30 p.m. and 7 p.m. to view a looping presentation and project displays, speak with project team members, and submit comments or questions. If attending in person, please remember to follow all safety and sanitation guidelines. If you are feeling unwell, please consider attending the meeting virtually or by phone.

All meeting materials, including the presentation, will be available on the project website at <https://www.cflroads.com/project/447724-1> prior to the meeting.

FDOT is sending notices to all property owners, business owners, interested persons and organizations to provide the opportunity to offer comments and express their views regarding this project and the proposed improvements.

Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability, or family status. Persons wishing to express their concerns relative to FDOT compliance with Title VI may do so by contacting Jennifer Smith, FDOT District Five Title VI Coordinator, at Jennifer.Smith2@dot.state.fl.us.

The environmental review, consultation, and other actions required by applicable federal environmental laws for this project are being, or have been, carried on by FDOT pursuant to 23 U.S.C. §327 and a Memorandum of Understanding dated December 14, 2016, and executed by the Federal Highway Administration and FDOT.

A copy of the agenda may be obtained by contacting: Not applicable.

Pursuant to the provisions of the Americans with Disabilities Act, any person requiring special accommodations to participate in this workshop/meeting is asked to advise the agency at least seven (7) days before the workshop/meeting by contacting: Mark Trebitz, P.E. at 386-943-5157 or Mark.Trebitz@dot.state.fl.us. If you are hearing or speech impaired, please contact the agency using the Florida Relay Service, 1(800)955-8771 (TDD) or 1(800)955-8770 (Voice).

For more information, you may contact: FDOT Project Manager Mark Trebitz, P.E. by phone at 386-943-5157, by email at Mark.Trebitz@dot.state.fl.us, or U.S. mail at Florida Department of Transportation, 719 S. Woodland Boulevard, DeLand, FL 32720.

Information about this project is also available online at www.cflroads.com. Simply type 447724-1 in the search box, click “go” and then select the project. We encourage you to participate in the Truck and Freight Alternative Site Analysis PD&E Study public meeting.

SCALAR CONSULTING GROUP INC.

The Florida Department of Transportation (FDOT), District Four announces a public meeting to which all persons are invited.

DATES AND TIMES: Wednesday, June 29, 2022 (online) from 5:00 p.m. – 6:00 p.m. and Wednesday, June 29, 2022 (in-person) from 6:00 p.m. – 7:00 p.m.

PLACE: Osborne Community Center located at 1699 Wingfield St., Lake Worth, FL 33460

GENERAL SUBJECT MATTER TO BE CONSIDERED: Proposed Resurfacing, Restoration, and Rehabilitation (RRR) project along Lake Avenue and Lucerne Avenue from east of A Street to east of Golfview Road. The project will also include:

- Replacing or upgrading signing and pavement markings.
- Lighting retrofits and pedestrian signal upgrades (Lucerne Ave. at J. St.; Lucerne Ave. at Federal Highway; Lake Ave. at K St.; Lake Ave. at Federal Highway.
- Update existing ramps and detectable warnings to meet current ADA Standards.

Upcoming Public Meeting for Truck and Freight Site Analysis PD&E Study

Meeting will be offered in multiple platforms

Volusia County, Fla. — The Florida Department of Transportation (FDOT) will hold a public meeting regarding project plans on the Truck and Freight Alternative Site Analysis Project Development and Environment (PD&E) Study on Thursday, June 30, 2022, at 5:30 p.m. The purpose of this project is to evaluate and recommend potential truck and freight parking site alternatives along the I-4 corridor that are viable for private and public operator use.

Additional public meetings for prospective truck parking site alternatives along the I-4 corridor are scheduled in June 2022 for Osceola and Volusia counties. A meeting was held in Seminole County in May 2022. Each public meeting for this project will include the same information and presentation on potential sites across all counties.

The Department is offering multiple ways for the community to participate in the meeting. All participants, regardless of platform they choose, will participate in the same live meeting.

Virtual Option: Interested persons may join the Virtual Public Meeting (VPM) from a computer, tablet, or mobile device. A VPM is a free live presentation or webinar over the internet. For this option, advance registration is required by visiting <https://attendee.gotowebinar.com/register/4190237036043447309>. Once registered, participants will receive a confirmation email containing information about joining the meeting online. Please note, Internet Explorer cannot be used to register or attend this webinar. If joining online, please allow adequate log-in time to view the presentation in its entirety.

Phone Option (Listen Only): Participants may join the meeting in listen-only mode by dialing 562-247-8422 and entering the passcode 738-194-223 when prompted.

In-Person Open House Option: Participants may attend in person by going to Volusia County Fairgrounds, Talton Exhibit Hall, 3150 E New York Ave, DeLand, FL 32724 anytime between 5:30 p.m. and 7:00 p.m. to view a looping presentation and project displays, speak with project team members, and submit comments or questions.

Improve Safety, Enhance Mobility, Inspire Innovation
www.fdot.gov | Twitter: @MyFDOT_CFL | Facebook: @MyFDOTCFL

The Florida Department of Transportation's mission is to provide a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity, and preserves the quality of the state's environment and communities. The department is committed to building a transportation system that not only fits the current needs of Florida's residents and visitors, but also enhances mobility throughout the state to accommodate its consistent and rapid growth. The unique nature of the Sunshine State and its year-round warm climate provides numerous opportunities to achieve the department's mission through multiple transportation modes including highways/streets, air, rail, sea, spaceports, transit, and the ever-expanding deployment of bicycle & pedestrian facilities.

If attending in person, please remember to follow all safety and sanitation guidelines as well as adhere to any local ordinances. If you are feeling unwell, please consider attending the meeting virtually or by phone.

All meeting materials, including the presentation, will be available on the project website at <https://www.cflroads.com/project/447724-1> prior to the meeting.

Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability, or family status. Persons wishing to express their concerns relative to FDOT compliance with Title VI may do so by contacting Jennifer Smith, FDOT District Five Title VI Coordinator, at Jennifer.Smith2@dot.state.fl.us.

The environmental review, consultation, and other actions required by applicable federal environmental laws for this project are being, or have been, carried on by FDOT pursuant to 23 U.S.C. §327 and a Memorandum of Understanding dated December 14, 2016, and executed by the Federal Highway Administration and FDOT.

Persons who require accommodations under the Americans with Disabilities Act (ADA) or persons who require translation services (free of charge) should contact Mark Trebitz, P.E. at 386-943-5157 or Mark.Trebitz@dot.state.fl.us at least seven (7) days prior to the meeting. If you are hearing or speech impaired, please contact us by using the Florida Relay Service, 1-800-955-8771 (TDD) or 1-800-955-8770 (Voice).

Media inquiries should be directed to the FDOT District Five Communications Office at FDOT-D5Comm@dot.state.fl.us or by phone at 386-943-5593.

Meeting Summaries
Appendix F: Presentation

DRAFT

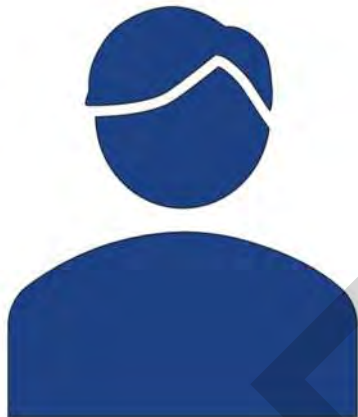

WELCOME

**TRUCK AND FREIGHT SITE ANALYSIS PROJECT
DEVELOPMENT AND ENVIRONMENT (PD&E) STUDY**

**PUBLIC INFORMATION MEETING
THE PUBLIC MEETING PRESENTATION
WILL BEGIN AT 5:40 P.M.**

Welcome

Mark Trebitz, P.E.

FDOT Project Manager

719 S. Woodland Blvd.,

DeLand, FL 32720

Mark.Trebitz@dot.state.fl.us

386-943-5157

Title VI of the Civil Rights Act of 1964

Title VI Compliance

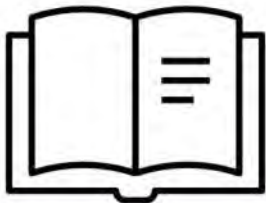

Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability, or family status. Persons wishing to express concerns relative to FDOT compliance with Title VI may do so by contacting:

Jennifer Smith
District Five Title VI Coordinator
719 S. Woodland Blvd.
DeLand, FL 32720
386-943-5367
Jennifer.Smith2@dot.state.fl.us

Jacqueline Paramore
State Title VI Coordinator
605 Suwannee St., MS 65
Tallahassee, FL 32399-0450
850-414-4753
Jacqueline.Paramore@dot.state.fl.us

All inquiries or concerns will be handled according to FDOT procedure and in a prompt and courteous manner.

NEPA Assignment

The environmental review, consultation, and other actions required by applicable federal documents for this project are being, or have been, carried out by FDOT pursuant to 23 United States Code Section 327 and a Memorandum of Understanding dated December 14, 2016, and executed by the Federal Highway Administration and FDOT.

What is a PD&E Study?

A Project Development and Environment (PD&E) study determines the **location and conceptual design** of the **preferred improvements** and the associated social, economic, and environmental **effects** of the improvement.

*Cost includes Design, Right of Way, and Construction

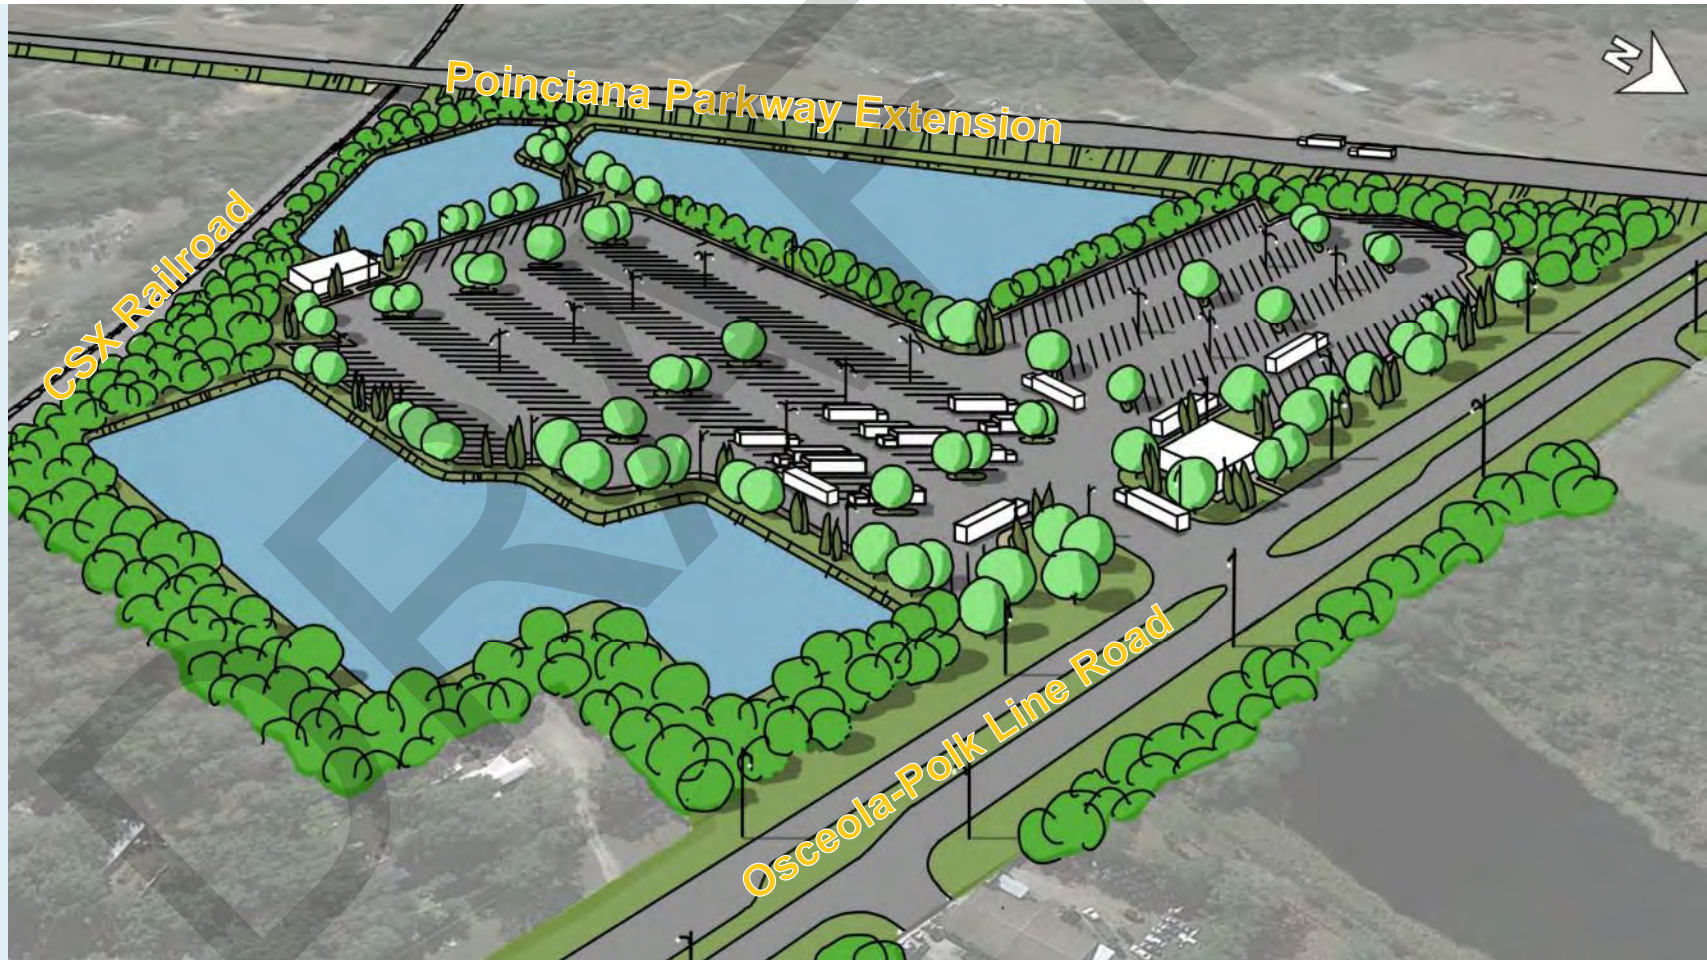

Osceola County Site #1 – Osceola-Polk Line Road - Southside

Site Size: 43 Acres

**Approx. Truck
Parking Spaces:**
257

Why This Site?

Bordered by Poinciana Parkway Extension, Osceola-Polk Line Road Widening, and US 17/92, this site provides access to I-4 as well as other high freight connectors. This site may also be suitable for a Public Private Partnership

Osceola County Site #1 – Osceola-Polk Line Road - Southside

Connection to I-4:

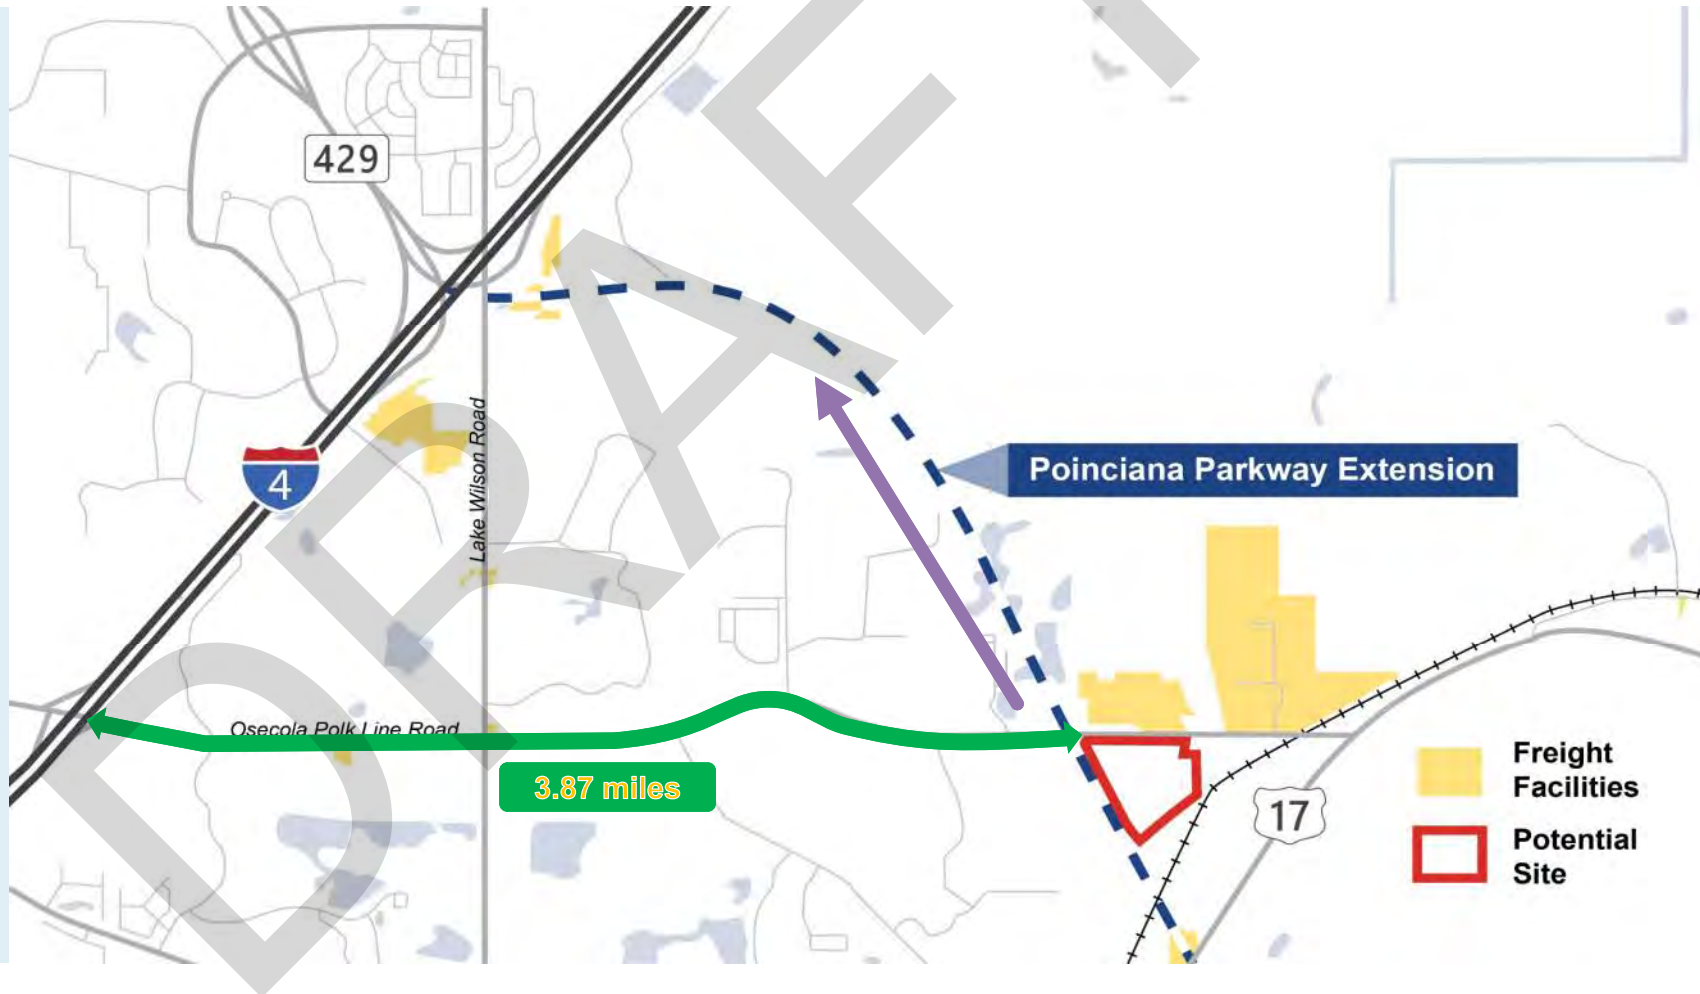

- 3.87 miles via Osceola-Polk Line Road

Regional Connectivity

- Future improvement will provide an additional route to I-4

Site Access: One full-access entrance to Osceola-Polk Line Road

Peak Hour Trips:
106

Osceola County Site #1 – Osceola-Polk Line Road - Southside

- No relocations
- No floodplain involvement

Further evaluation to:

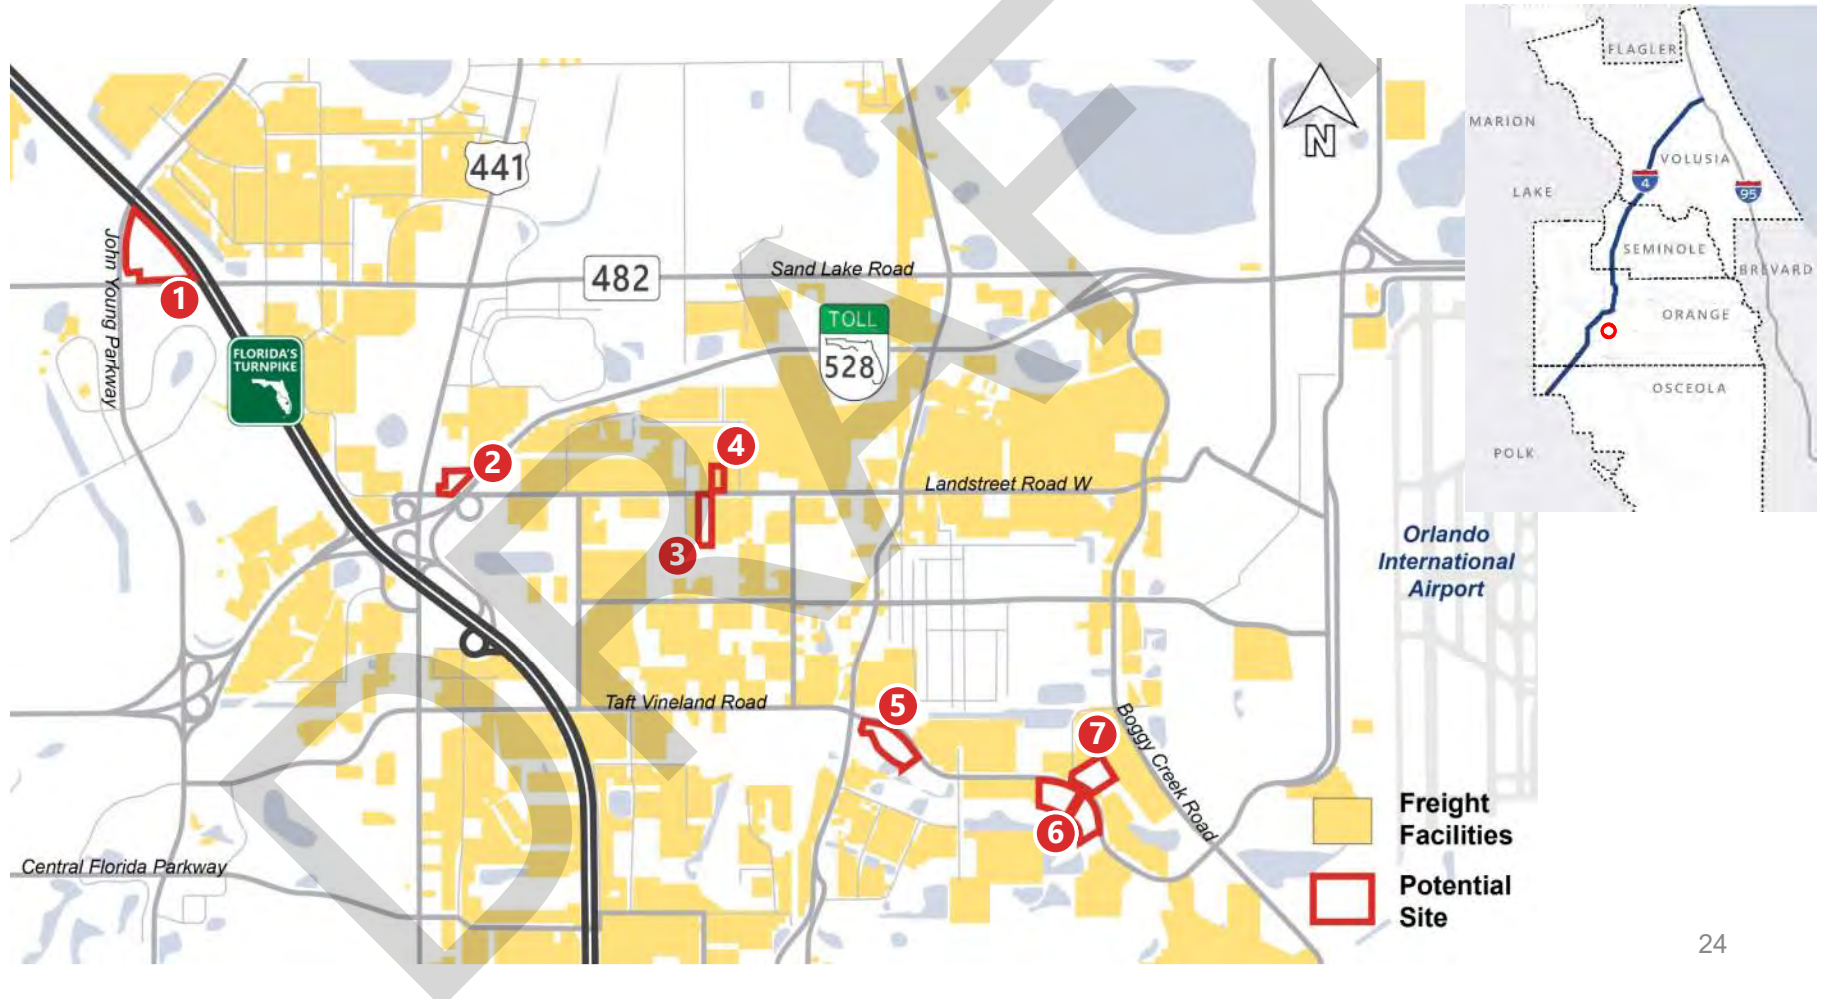

- Refine concept and provide more engineering detail
- Minimize wetland impacts
- Avoid/minimize wildlife species and habitat
- Avoid/minimize environmental effects and reduce costs

*Cost includes Design, Right of Way, and Construction

Orange County – Recommended Sites

Alternative Analysis

Key Evaluation Factors

- Site 1 – Property owned by Florida’s Turnpike Enterprise, eliminating need for R/W
- Site 2 – Ideal site for Public Private Partnership and within heavy industrialized area
- Site 4 – Viable site with high truck parking demand. Opportunity to support overflow from sites 1 and 2

Orange County Recommended Alternatives Evaluation Matrix

	NO BUILD	SITE 1	SITE 2	SITE 4

*Cost includes Design, Right of Way, and Construction

Orange County Sites #1, 2 and 4 – Connectivity and Location

Connection to I-4: 2.90 miles via Sand Lake Rd

Regional Connectivity: FL Turnpike, SR 528, Heavy Freight and Industrial Land Use to the West

Heavy Industrial Cluster – Origin / Destination for truck traffic on surround facilities

Orange County Site #1 – Sand Lake Road at John Young Parkway

Site Size: 36.70
Acres

**Approx. Truck
Parking Spaces:** 109

Why This Site?

This site is at the location of Turnpike's planned off ramp to Sand Lake Road. The site will provide the opportunity for trucks on both I-4 and Turnpike to access the facility.

Orange County Site #1 – Sand Lake Road at John Young Parkway

- No ROW required
- Industrial area

Further evaluation to:

- Refine concept and provide more engineering detail
- Minimize wetland, floodplain and wildlife species and habitat involvement
- Avoid and minimize environmental effects and reduce costs

Orange County Site #2 – West Landstreet Road, Adjacent to State Road 528

Site Size: 6.8 Acres

**Approx. Truck
Parking Spaces:** 59

Why This Site?

This site is located within a heavy industrialized area and provides an opportunity for a public private partnership to operate the site.

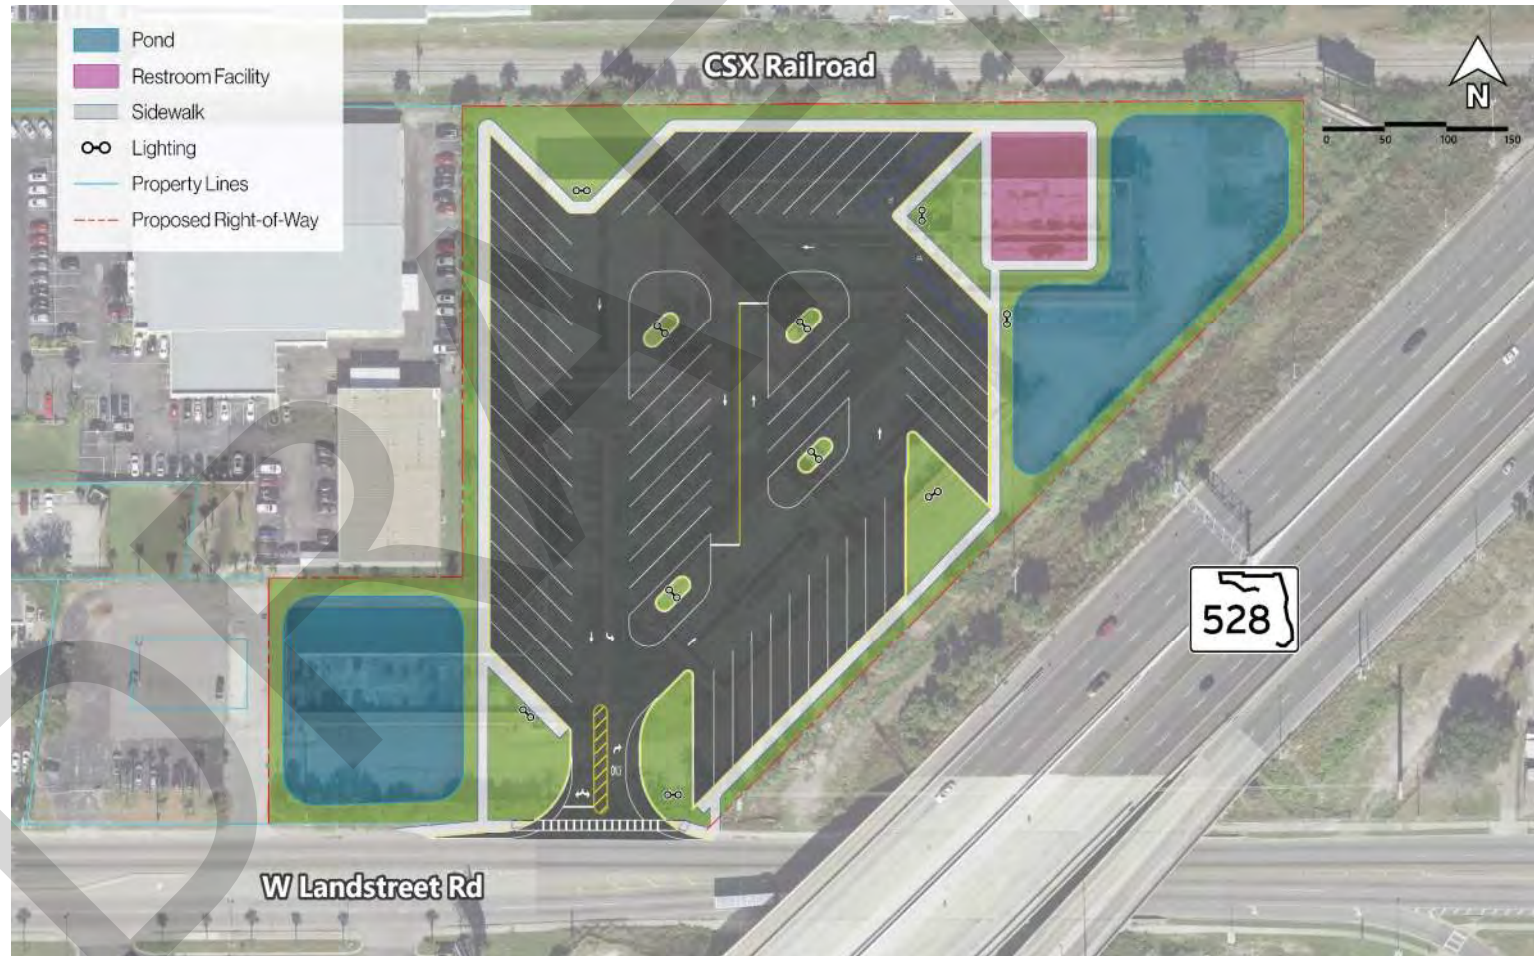

Orange County Site #2 – West Landstreet Road, Adjacent to State Road 528

- No relocations
- No wetland/floodplain involvement

Further evaluation to:

- Refine concept and provide more engineering detail
- Minimize wildlife species and habitat involvement
- Avoid and minimize environmental effects and reduce costs

Orange County Site #4 – West Landstreet Road, East of State Road 528

Site Size: 4.9 Acres

**Approx. Truck
Parking Spaces:** 48

Why This Site?

This site is located in an area where many local truck drivers store their vehicles when not in use. The opportunity to develop this site will help to address parking capacity issues in the area and provide a safe and secure location for short- and long-term parking.

Orange County Site #4 – West Landstreet Road, East of State Road 528

- No residential relocations
- No wetland involvement

Further evaluation to:

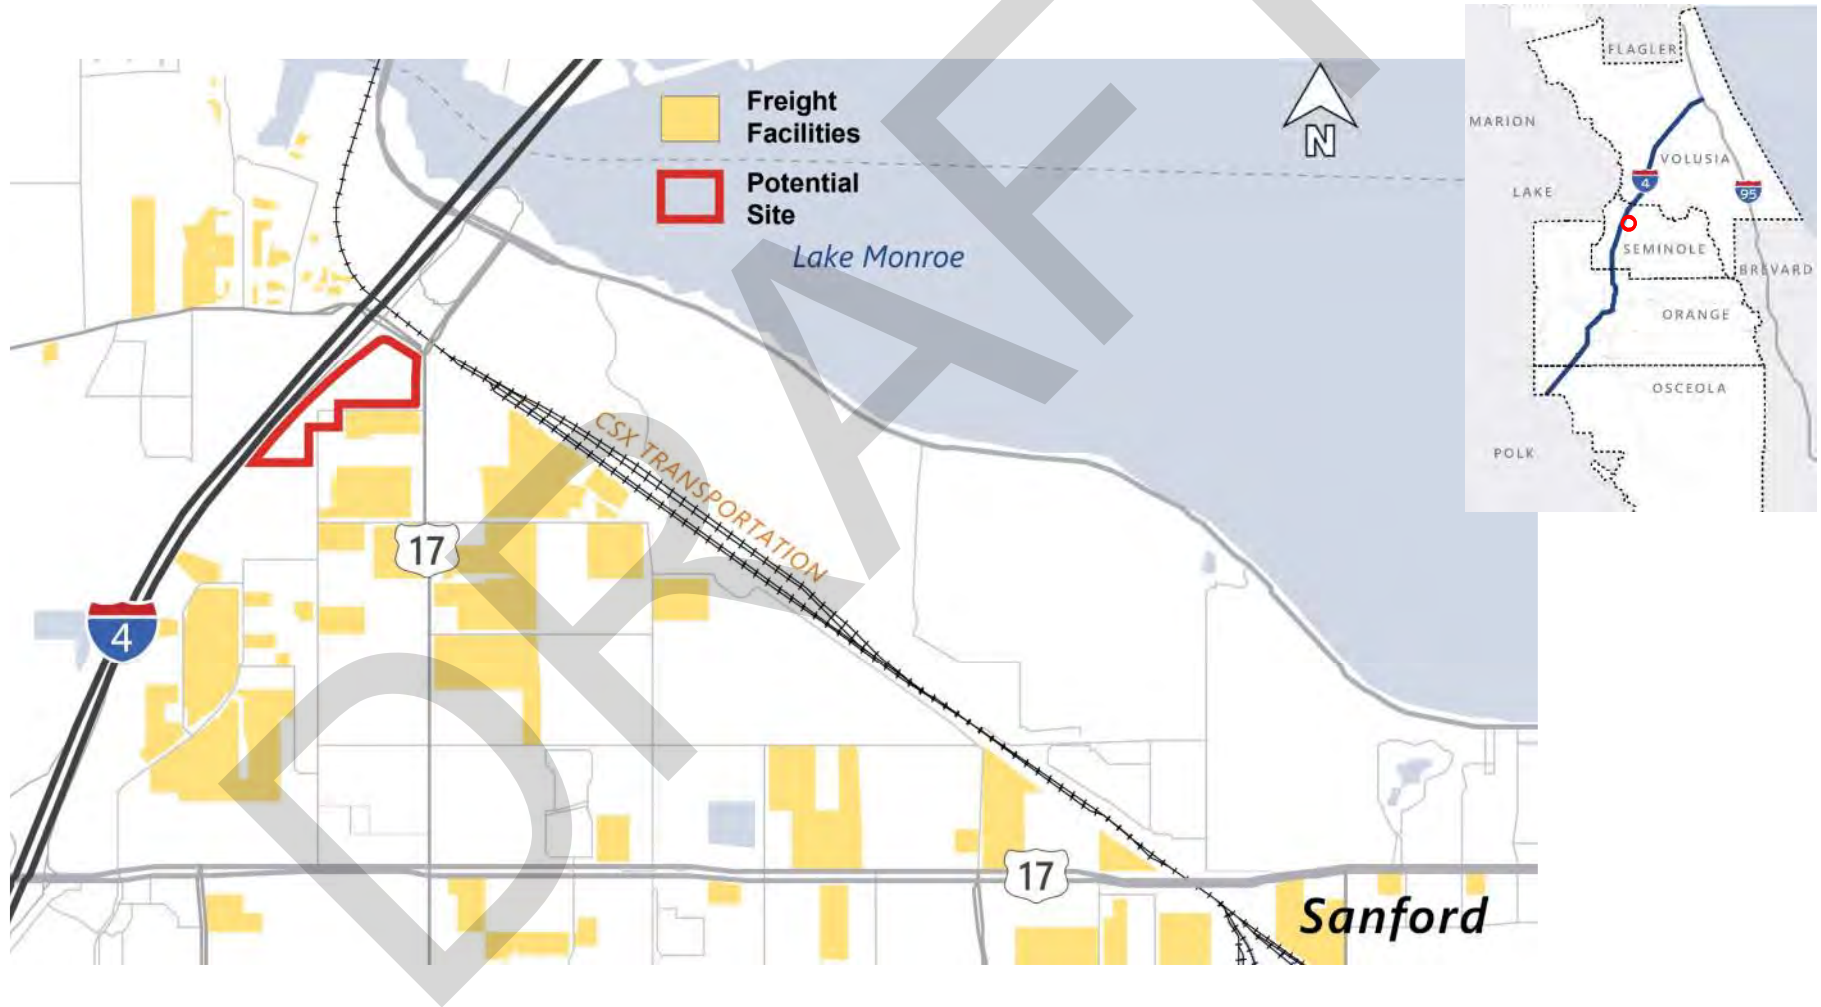

- Refine concept and provide more engineering detail
- Minimize floodplain and wildlife species and habitat involvement
- Avoid and minimize environmental effects and reduce costs

Seminole County

Seminole County – 1 Potential Site

Seminole County

Alternative Analysis

Key Evaluation Factors

- Relocations significantly less in smaller site layout
- Project costs of larger site did not justify the additional parking spaces

Seminole County Alternatives Evaluation Matrix

*Cost includes Design, Right of Way, and Construction

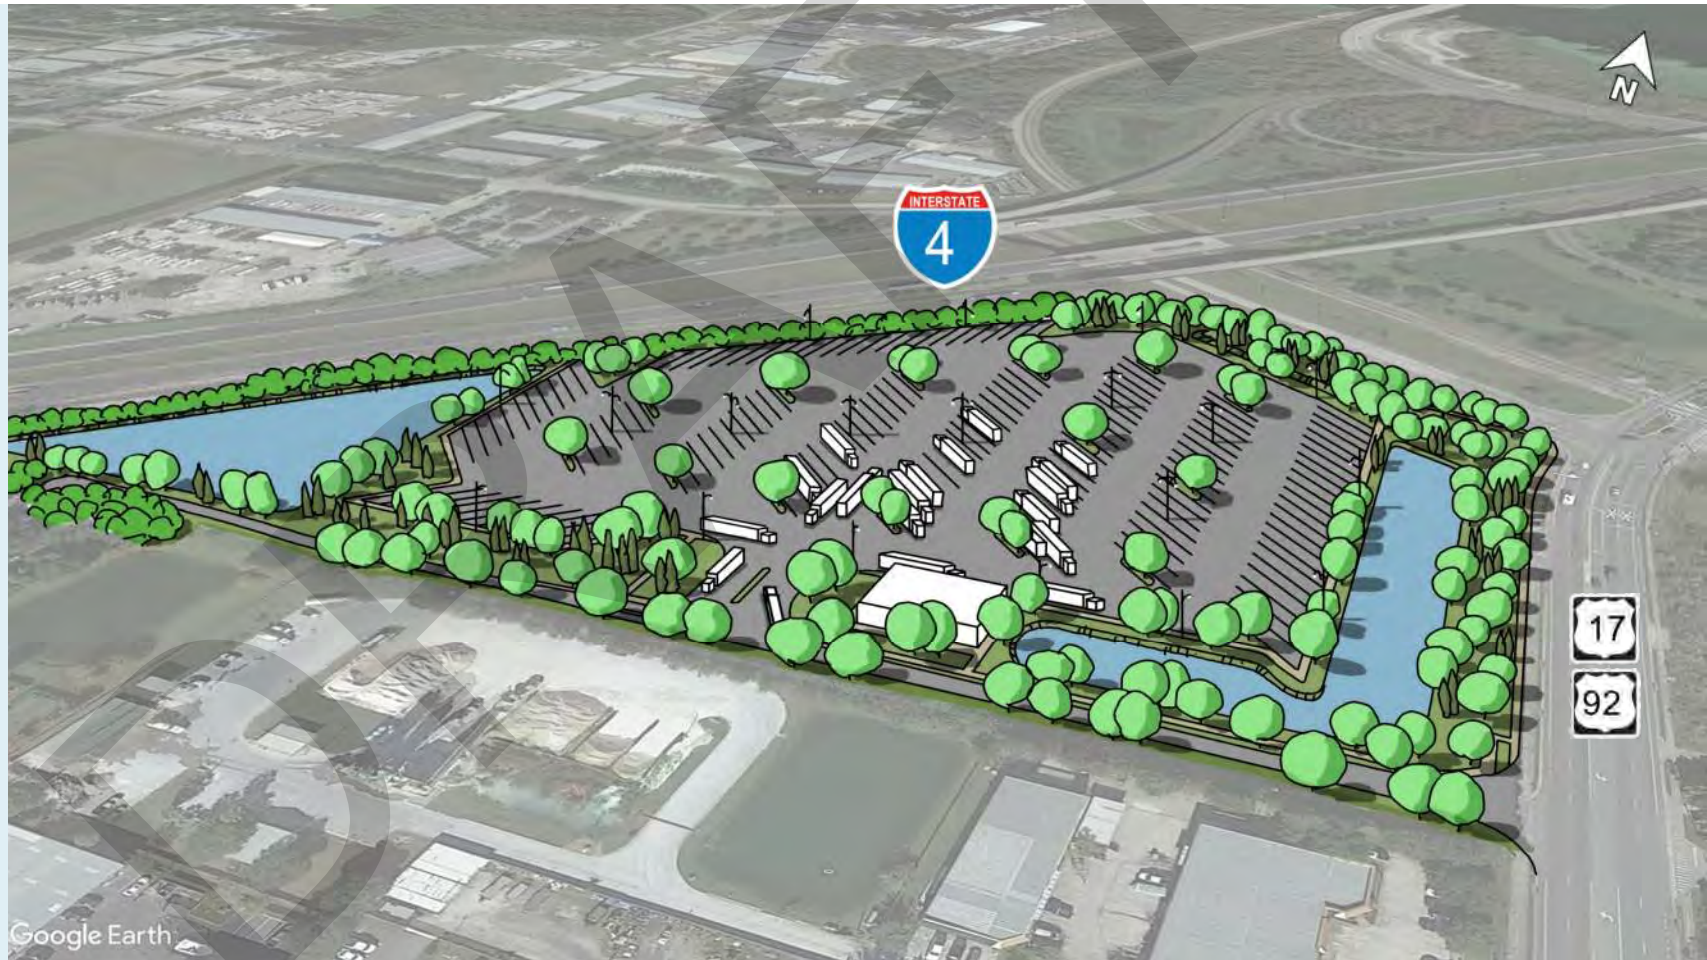

Seminole County Site 1B – I-4 at US 17/92

Site Size: 18.3 Acres

**Approx. Truck
Parking Spaces:** 157

Why This Site?

Located just west of the I-4 Beyond the Ultimate (BTU) improvement at US 17/92, this site will provide efficient access to I-4 through a reconfigured ramp adjacent to the site.

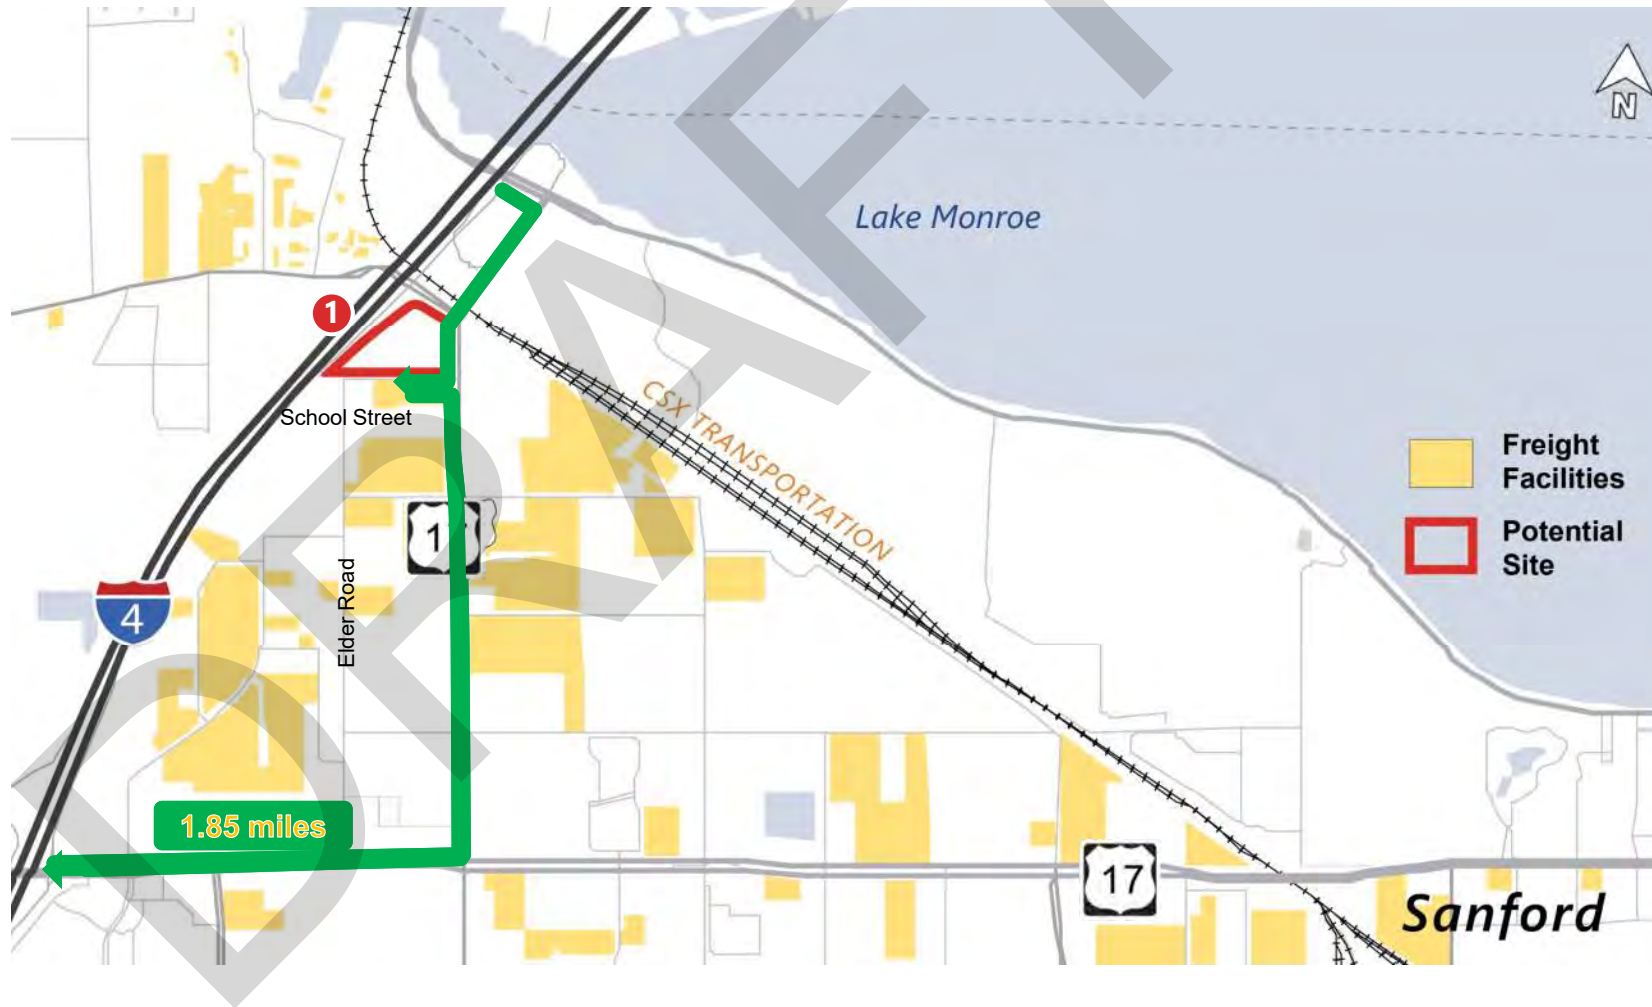

Seminole County Site 1B – I-4 at US 17/92

Connection to I-4:

- 0.45 miles to enter site from US 17/92
- 1.85 miles to leave the site at SR 46

Site Access: One controlled access to School Road. Exit will be signed to send trucks east to US 17/92

Peak Hour Trips: 70

Slide 38

DH17 clean up entrance arrow from SR 46 at the turn into the site so it doesnt show as two separte arrows.
Demond Hazley, 5/17/2022

DH18 I updated the script a bit to help with timing. Start the exit arrow at "to go east towards"
Demond Hazley, 5/17/2022

DRAFT

Seminole County Site 1B – I-4 at US 17/92

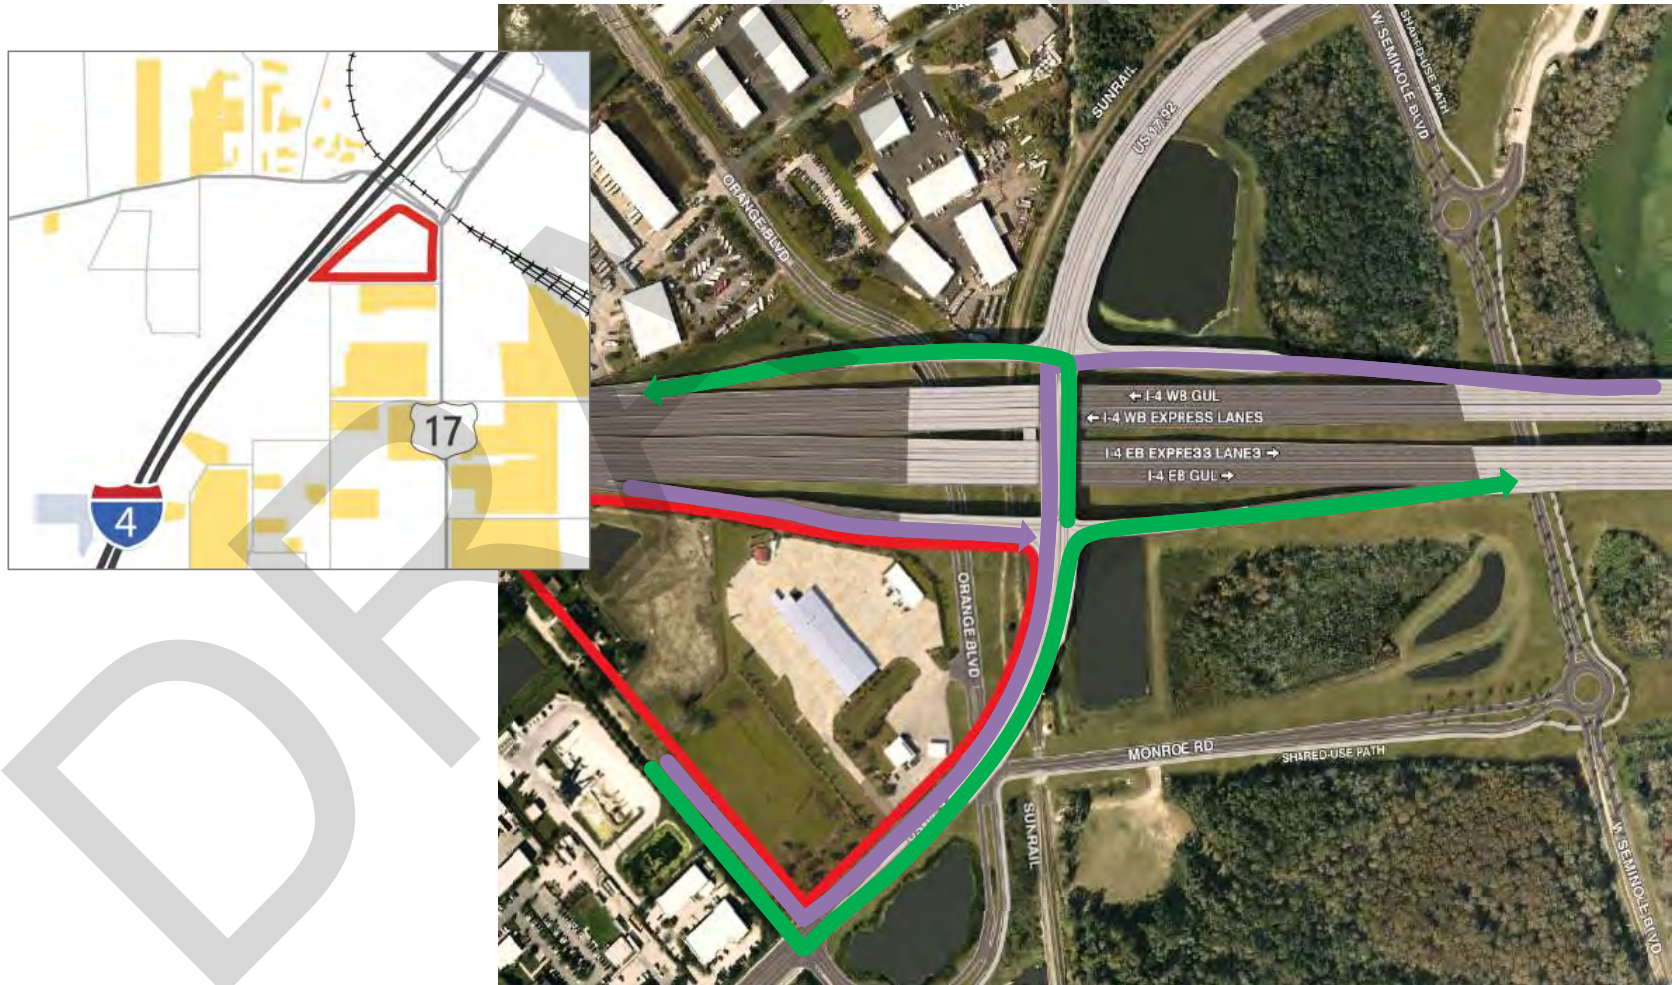

Connection to I-4

(After I-4 BTU):

- 0.25 miles to access site to/ from US 17/92

Site Access: One Controlled Access on School Road

- School Street will be signalized

Seminole County Site 1B – I-4 at US 17/92

- No floodplain involvement

Further evaluation to:

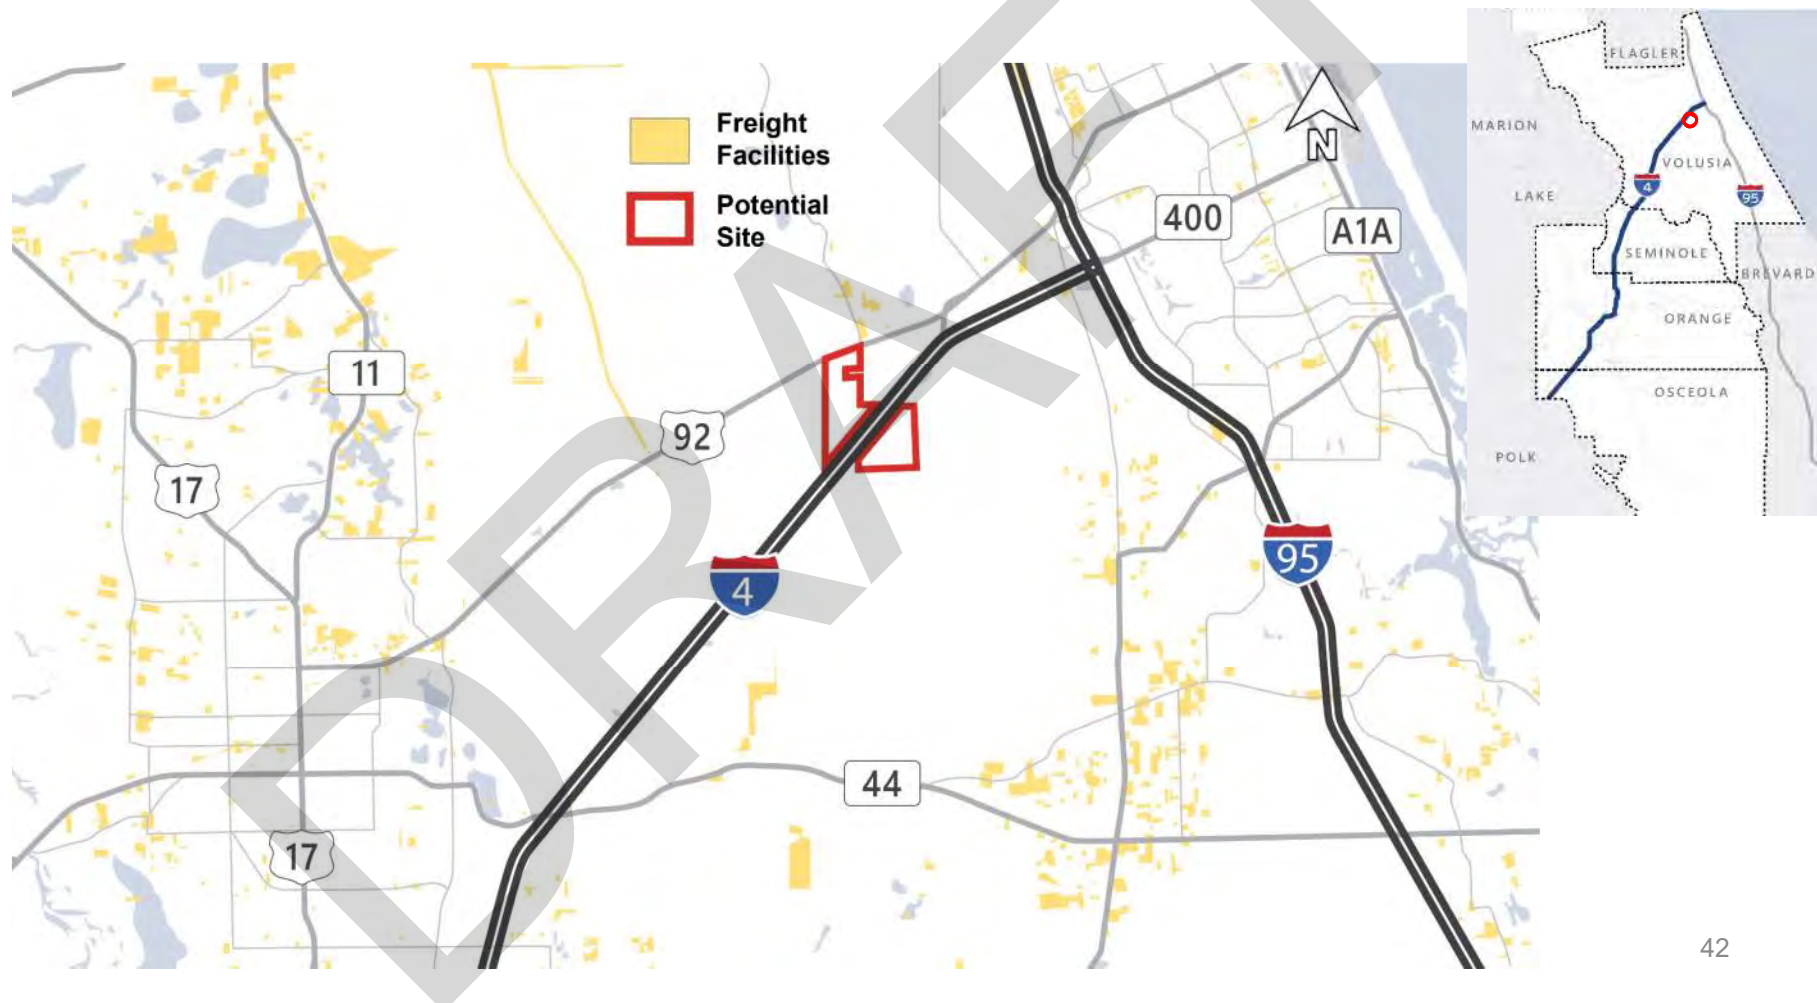

- Refine concept and provide more engineering detail
- Minimize wetland and wildlife species and habitat involvement
- Avoid and minimize environmental effects and reduce costs

Volusia County

Volusia County – 1 Potential Site

Volusia County

Alternative Analysis

Key Evaluation Factors

- Proximity to I-4 and acreage
- Land is currently publicly owned
 - City of Daytona Beach – Northside
 - City of Port Orange - Southside
- Potential for larger parking facility
- Direct Access on/off I-4 limits truck traffic on the local roadway network

Volusia County Alternatives Evaluation Matrix

Volusia County Site #1 – I-4 Eastbound

Site Size: 73.3 Acres

**Approx. Truck
Parking Spaces:**
275

Why This Site?

This site provides an opportunity to develop a larger truck parking facility, with a direct ramp on and off to I-4. The site is located at the previous Volusia County Rest area and will include several features to minimize impacts to the adjacent wildlife crossing.

Volusia County Site #1 – I-4 Westbound

Site Size: 116.8 Acres

**Approx. Truck
Parking Spaces:** 253

Why This Site?

This site provides an opportunity to develop a larger truck parking facility, with a direct ramp on and off to I-4. The site is located at the previous Volusia County rest area and will include several features to minimize impacts to the adjacent wildlife crossing.

Volusia County Site #1 – Access to EB and WB Sites

Connection to I-4:

Direct access on both eastbound and westbound I-4.

Peak Hour Traffic:

168 (eastbound)

156 (westbound)

Volusia County Site #1 – I-4 Eastbound

- No relocations
- Further evaluation to:
- Refine concept and provide more engineering detail

Subject: [External] RE: 447724-1 Truck and Freight Alternative Sites

Good morning,

Thank you for your interest in the Truck and Freight Alternative Site Analysis PD&E (447724-1). Please see below for status of the sites. Funded years are subject to change and occur quicker as funding sources become available, I would highly anticipate the construction years to move in closer.

- Seminole County – design funded (ongoing) / ROW partially funded (FY24) / Construction partially funded (FY26)
- Volusia EB County – design funded (started recently FY24) / ROW funded (FY27/28) / Construction partially funded (FY 29)
- Volusia WB County – design funded (started recently FY24) / ROW funded (FY28/30) / Construction partially funded (FY 31)
- Orange County – design unfunded / ROW already owned by FDOT / Construction unfunded at this time
- Osceola County – design funded (FY25) / ROW partially funded (FY25) / Construction partially funded (FY 32)

Thanks,

Mark Trebitz, P.E.

Subject: RE: Question About Project 447724-1 Osceola truck stop

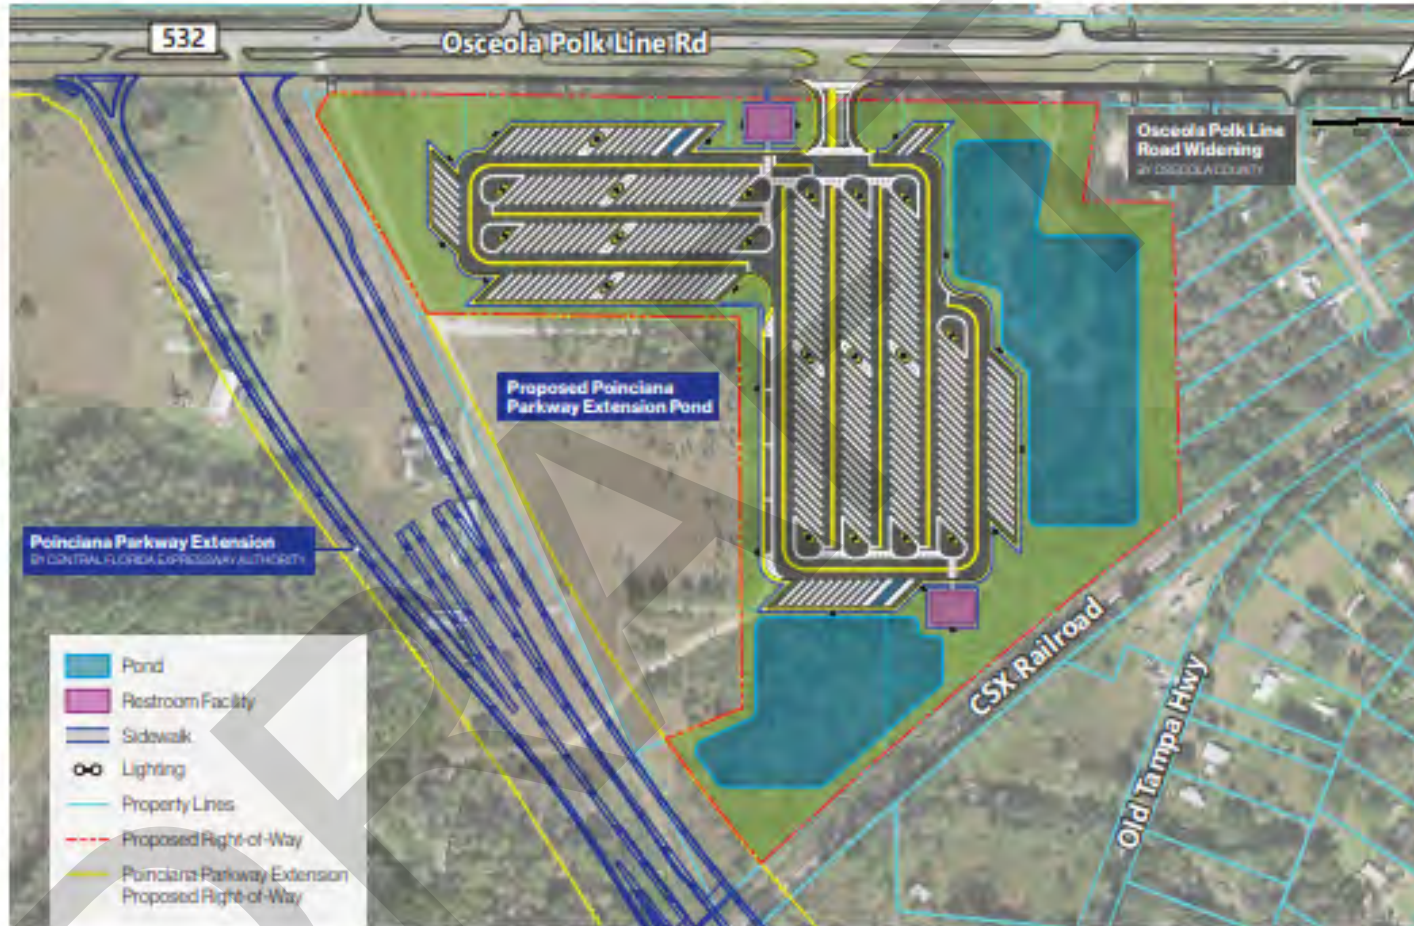

Hello,

Good morning. Thank you for reaching out on the FDOT Truck and Freight Alternative Site Analysis PD&E Study (447724-1). The preferred Osceola County site in that vicinity is located south of the Osceola Polk Line Rd and is the only Osceola County site in consideration at this time. In the beginning stages of the project there was a potential site north of the Osceola Polk Line Rd near Duke Energy that was being considered but is no longer being pursued at this time. The PD&E Study is still ongoing and is anticipated to be finalized mid-2024 (project end date not finalized at this time). I also included the project website below for more project related information and documents. Please let me know if you have any further questions and I would be happy to assist. Thanks.

<https://www.cflroads.com/project/447724-1>

TRUCK AND FREIGHT ALTERNATIVE SITE ANALYSIS PROJECT DEVELOPMENT AND ENVIRONMENT (PD&E) STUDY

Orange, Osceola, Seminole & Volusia County, Florida

Osceola County Site #1 – Osceola-Polk Line Road - Southside

Connection to I-4:

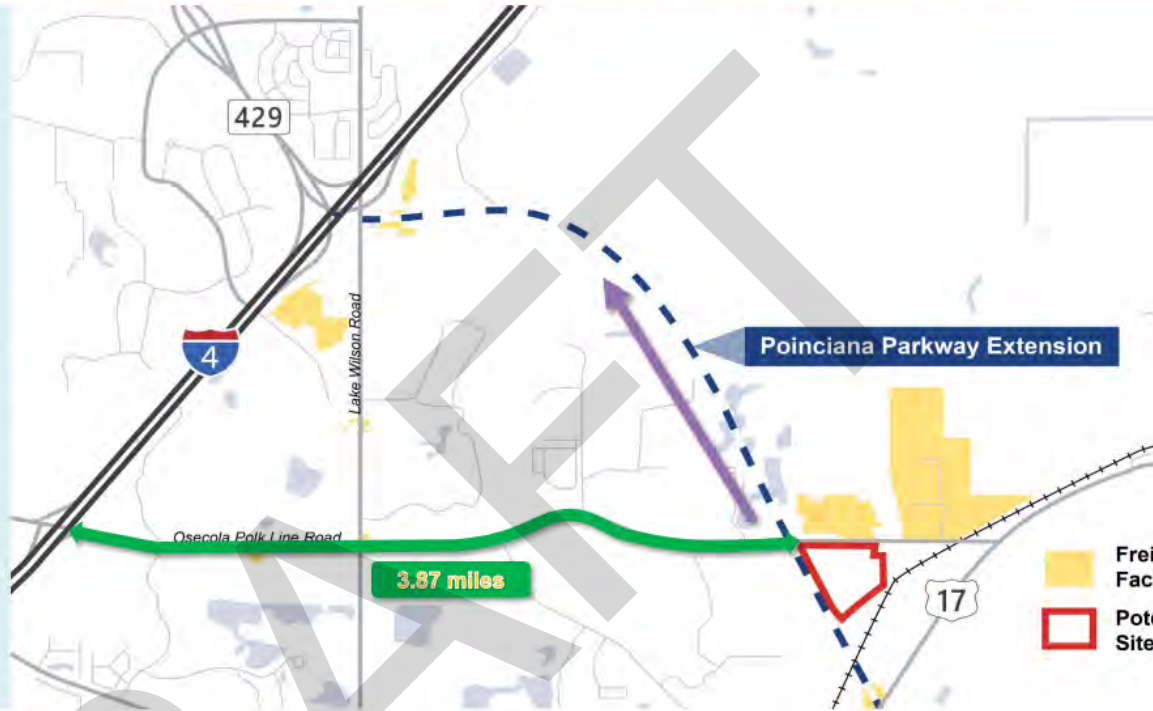

- 3.87 miles via Osceola-Polk Line Road

Regional Connectivity

- Future improvement will provide an additional route to I-4

Site Access: One full-access entrance to Osceola-Polk Line Road

Peak Hour Trips: 106

Thanks,

Subject: Question About Project 447724-1 Osceola truck stop

EXTERNAL SENDER: Use caution with links and attachments.

Good morning,

I am working with a property owner who has vacant land north of Osceola Polk line Road in the vicinity of the Duke Energy substation and the Sabal palm gas facility.

My client keeps receiving letters from various attorneys indicating that the FDOT is interested in acquiring his property. He has not received any such a notification from FDOT.

Could you kindly provide a map of the final decision as to where to locate the truckstop. If it has not been finalized, when will it be finalized and please provide maps of those locations that are still being considered.

Many thanks,

Subject: RE: FDOT Parking Project in Orlando County

Hello,

Good morning. Thank you for your interest in the Freight and Truck Parking PD&E (447724-1). The PD&E phase for the 5 sites is still ongoing into early/mid 2024 overlapping the next phase, the design phase, of the first several projects to roll out. The design phase has already begun for the Seminole site and the Volusia sites will begin design this year. Funding is summarized below as requested.

Site Funding:

- Seminole County – all phases funded
- Volusia EB County – design funded / ROW funded / Construction unfunded at this time
- Volusia WB County – design funded / ROW partially funded / Construction unfunded at this time
- Orange County – design unfunded / ROW already owned by FDOT / Construction unfunded at this time
- Osceola County – design funded / ROW partially funded / Construction unfunded at this time

Thanks,

Mark Trebitz, P.E.

Hello,

Good afternoon. My name is Mark Trebitz and I am the project manager for the FDOT for the "Truck and Freight Alternative Site Analysis PD&E." The PD&E (Project Development and Engineering) project is currently in the phase of evaluating potential sites for truck parking along the I-4 corridor in Osceola, Orange, Seminole and Volusia counties. A resource for you to find information on this project is cflroads.com where all project documents, meeting announcements, and other important information will be uploaded as it becomes available ([447724-1 Truck and Freight Alternative Site Analysis \(cflroads.com\)](#)). I also attached the project information handout. There will be a public information meeting in each county with the first one starting in Seminole County this week Thursday, March 3, 2022. More information on the public meetings is on the website provided and the presentation will be posted there later this week if you are curious on more details of potential sites. For the area you are asking there are three potential sites still being evaluated along Landstreet Rd as well as several more in each of the counties.

Please let me know if there are any additional questions and I would be happy to assist.

Thanks,

Mark Trebitz, P.E.

Subject: RE: [EXTERNAL]Truck parking

Hi Amber,

Good morning. Thank you for your interest in the [Freight and Truck Parking PD&E Study \(447724-1\)](#). I am the project manager of the PD&E and would be glad to provide any additional information that isn't provided in this email or at the project website ([447724-1 Truck and Freight Alternative Site Analysis \(cflroads.com\)](#)). From the first phase of the PD&E, which mainly focused on the site location vetting and narrowing down as well as stakeholder engagement, we have 5 sites we are moving forward with to achieve the needed 883 truck parking spaces by 2040 (currently District 5 has only 36 truck parking spaces). A site was selected in each of the D5 counties to achieve the large number of spaces needed and to distribute access along the I-4 corridor in D5 – Osceola, Orange, Seminole, and Volusia (Volusia site was split into eastbound and westbound side for project funding purposes but is still has was shown at the public meetings in 2022).

The Volusia County site is split into an eastbound and westbound site creating two separate

projects. The Volusia EB and WB sites will start design in fiscal year 24 this upcoming year. The right of way for the Volusia EB site is fully funded and the right of way for Volusia WB is partially funded at this time. I provided some clips of information for the Volusia site below. In coordination with environmental and wildlife stakeholders we have added the below features for the benefit of the nearby existing wildlife crossing. We had a meeting last year with Meredith Budd on the Volusia site as an FYI.

- Wildlife sensitivity screened/directional lighting of the site
- Wildlife fencing around the site to prevent wildlife from entering
- A larger amount of additional right of way will be acquired, and the location of the site within the right of way to provide buffers to the wildlife corridor from the existing wildlife crossing (to maintain the functionality and accessibility of the crossing).
- The eastern portion of the WB Site is proposed to be conservation land, preserving the wildlife corridor from the crossing to the Tiger Bay Forrest to the west
 - Buy acquiring and conserving this land it protects it from any future development from the current parcel owner as it is not currently conserved land
- A portion of the site's parking spaces are to be equipped with shore power so trucks can plug in their generator overnight and not need to idol overnight (noise/air)
- Site ramp from I-4 will tie into I-4 such that the bridge for the crossing is not affected

I hope this answers any questions you have. Thanks.

Volusia County Site 1A (Eastbound)

Volusia County Site 1B (Westbound)

Volusia County Site 1A (EB) – Site Description

Facility Type:
Designated Truck Parking

Existing Connectivity:
Adjacent to existing I-4 limited-access facility

Subject: [EXTERNAL]Truck parking

Please see the attached PDF detailing up to the most recent conversation I've had with District 5 regarding this truck parking issue. I suggested an alternative site, but it was not an option for the reasons provided by Mr. Trebitz. I am continuing to engage with District 5 to see what other alternate sites may be an option since the preferred site they've chosen would certainly diminish (if not eliminate) the

functionality of the adjacent wildlife crossing. I'm happy to keep you in the loop.

Hello,

Good morning. The Project Development and Environment Study for the Truck and Freight Alternative Site Analysis project (447724-1) currently being performed has gone through two phases of public meetings to inform the public and get feedback on the potential sites for truck parking and is now currently in the engineering and environmental documentation phase. The potential site list was narrowed down to a list of 6 preferred sites which the department will be moving forward with all of those 6 sites at this time. The ones shown on the website and in the referenced PowerPoint below are the 6 preferred sites. The determination of the order of sites is currently being evaluated based on site readiness and should be known in the next few months. There have been no new FPIDs for this project yet as currently there is only the one site project (446445-1) started for construction in 2026 (which site that is is still being determined). More information on the project can be found at the below website where all project documents and presentations are posted. If you have any other questions please feel free to reach out to me, I am the Project Manager. Thanks.

EXTERNAL SENDER: Use caution with links and attachments.

Hello,

Can you tell me the current status for these projects (4477241 and 4464451, Truck and Freight Alternative Site Analysis) please, and which sites have been selected to move forward and which have been eliminated, and if any additional FPID numbers have been assigned to the projects? I saw on the [447724-1 Public Meeting #2 Exhibits - All Counties](#) handout that there were 6 sites outlined, but I wasn't sure if this meant that these sites are all moving forward.

Thanks,
Kat Carlisle

Subject: RE: Question About Project 447724-1

Hello,

Good morning. The Project Development and Environment Study for the Truck and Freight Alternative Site Analysis project (447724-1) currently being performed has gone through two phases of public meetings to inform the public and get feedback on the potential sites for truck parking and is now currently in the engineering and environmental documentation phase. The potential site list was narrowed down to a list of 6 preferred sites one of them being the Seminole County Site located at the NW Quadrant of US 17/92 and School Street, shown below. The Seminole site is one of the sites the Department will be moving forward with. In terms of timeline for the Design, Right of Way Acquisition and Construction is still being determined as to the order the 6 preferred sites will proceed. The determination of the order of sites is currently being evaluated based on site readiness and should be known in the next few months. More information on the project and the Seminole County site can be found at the below website where all project documents and presentations are posted. If you have any other questions please feel free to reach out to me, I am the Project Manager. Thanks.

EXTERNAL SENDER: Use caution with links and attachments.

Mark,

Has there been any decision made regarding the site in Seminole county?

My property is in the proposed area but I have been away and not up to date with recent developments.

Your assistance would be appreciated. Or direct me to any public information about this because I have not been able to find any.

Thank you,

Regan Bloss.
Manager,
I-4 Lake Monroe LLC.

About

The Florida Department of Transportation (FDOT) is conducting a truck and freight parking Project Development and Environment (PD&E) Study along the I-4 corridor in Osceola, Orange, Seminole, and Volusia counties. The purpose of this project is to provide needed truck parking facilities to serve regional freight parking demand within or near the I-4 corridor to address safety and mobility. The PD&E Study is being conducted to identify, evaluate, and recommend viable truck and freight parking sites along or near the 75-mile I-4 corridor across these four counties. The PD&E Study involves engineering analysis, environmental evaluations, and public engagement to evaluate the potential effects of the proposed improvements and to identify the location and conceptual design of the Preferred Alternative for further refinement in the Design phase.

Public meetings were held in each county in the spring of 2022 to introduce the project and receive input on the site locations being evaluated. Additional public meetings were held in each county in the summer of 2022 to receive input on the alternatives considered and present the preferred site alternatives. During this PD&E Study, five recommended truck parking sites have been identified for advancement, including one recommended site in Osceola, Orange, and Seminole Counties and two recommended sites in Volusia County (one eastbound, one westbound).

The PD&E Study is ongoing to document the environmental and engineering analysis for the proposed improvements. The PD&E Study is anticipated to be complete in Spring 2024. The Seminole County site is also in a concurrent Design phase (FPID: 448445-1) and the other four sites are programmed for Design.

Please check this website regularly for updates. Project documents, meeting announcements, and all other important information are uploaded as they become available.
